## SWACHHTA PLEDGE

Mahatma Gandhi dreamt of a country not only with political independence, but imagined a clean and developed country.

Mahatma Gandhi set Mother India free by breaking chain of slavery.

Now our duty is to clean dirt and serve Mother India.

I take pledge to be aware of cleanliness and devote time for it.

To fulfill this cleanliness pledge I will work 100 hours a year, that is, 2 hours a week.

I myself will not spread dirt and will not allow others to do so.

At the first step I will start cleaning from myself, from my family, from my locality, from my village and from my work place.

I believe that in the clean countries of the world, the citizens don't spread dirt and don't allow others to make it dirty.

With this aim, I will give publicity of Swachh Bharat Mission in lanes and villages.

I will make 100 people take this pledge which I am taking today.

I will see into it that they also give 100 hours for cleanliness.

I understand that my one move towards cleanliness will help in making whole India clean.
