EXPRESSION OF INTEREST (EOI) NO. OIL/GABON/EOI-02

Supply of Integrated services for Rigs and related activities to OIL to execute its plan to drill initially two (2) exploratory wells with a provision of drill one (1) more exploratory well in Shakthi block, Gabon, including supply of all materials required for completion of the Drilling for the Project.

A Consortium of M/s. OIL INDIA LIMITED (OIL), M/s. INDIAN OIL CORPORATION LIMITED (IOCL), both Government of India Company under the administrative control of Ministry of Petroleum and Natural Gas and M/s. Marvis Pte Ltd., where OIL is the operator, plan to drill initially two exploratory wells with provision to drill one (1) more exploratory well in the on-land exploration Shakthi block, located adjacent to continental basement margin within interior sub-basin Gabon, under administrative guidelines of Gabon's Direction Generale des Hydrocarbures [DGH].

Oil India Limited (OIL) along with its partner invites Expression of Interest (EOI) from interested and competent contractors for its exploratory drilling campaign to drill two (2) exploratory wells with a provision to drill one (1) more well as stated above in Shakthi Block (area of 3761.25 sq. km), which is situated in Interior- Basin, Gabon with respect to supply of Integrated services for Rigs and related activities including supply of all materials required for completion of the Drilling.

The purpose of this EOI is to gather knowledge on availability of various Drilling Services in an Integrated Package. The tentative list of such services is attached vide **Annexure-I**. The objective is to find out about the parties/consortium/group of parties capable of providing all or most of the services under one contract.

Accordingly, the parties/consortium/group of parties may form a consortium or group to club **all or most** of the services together and then respond to this EOI. It may be noted that the list of services outlined in Annexure-I is tentative only and a few services may be added or deleted to/from the same.

1.0 Pre-Qualifying Criteria (PQC):

1.1 Experiences of having successfully completed similar works during last 7 years ending on 30.11.2011. "Similar work" mentioned above means the following :

Supply of Rig Package and/or Drilling related services (Listed in Annexure-I) to the clients, preferably operating in Africa.

1.2 The minimum value of any of the above work satisfactorily executed during the last 7 (Seven) years ending on 30.11.2011 should be either of the following:

- i. One single contract of value not less than US\$ 21,200,000.00
- ii. Two contracts, each one of value not less than US\$ 13,250,000.00
- iii. Three contracts, each one of value not less than US\$ 10,600,000.00

Documentary evidences of job experience as stated above should be in the form of photocopies of Letter of Intent/Letter of Allotment / Work-order along with satisfactory Completion Certificate(s).

1.3 Average Annual financial turnover during the last 3 (Three) calendar years, ending 31Dec. 2010, should be at least US\$ 7,950,000.00. The proof of Annual Turnover should be either in the form of Audited Balance Sheet/Audited Annual Reports or Certificate from Chartered Accountant Firm indicating their Membership / code number along with Profit & Loss Account.

1.4 Documentary evidence in support of sound financial standing and Bank Account details.

1.5 All the certificates and documentary evidences, required to be submitted in support of Para 1.0 (1.1 to 1.4) above should be clearly legible. Illegible and incomplete certificates or documents will not be considered for evaluation.

1.6 Party(ies) shall confirm start of mobilization of Rig and other accessories within 15 days from the date of issue of Letter of Award of the contract and to complete the mobilization (all equipment at site) within 90 days (max) thereafter.

1.7 Parties must agree to abide by the Law of Gabon for all purposes.

2.0 Other Information :

2.1 It is envisaged that the Rig capacity will be 1400 HP (min) - 1500 HP (max) to carry out drilling up to a depth of 3000 meters (appx).

2.2 The Parties may suggest combination of various services which can be combined for OIL's drilling campaign.

2.3 OIL may hold a pre-bid conference at Libreville (Gabon) or any other location at discretion of OIL to formulate the tender document including Bid Evaluation & Rejection Criteria (BEC/BRC).

2.4 The final tender documents will be issued to the parties who are eligible after subjecting to the Pre-Qualification Criteria.

2.5 The party who is registered in Gabon should provide NIF and TVA nos.

2.6 The Firm having Joint Ventures /Consortium / Tie-up will be qualified subject to the following :

- (i) Each one of the members/partners must be having experience of similar works as defined in 1.1 above.
- (ii) They have proper and valid MOU clearly indicating the role and responsibility matrix of each member.
- (iii) Any of the partners of Joint Ventures/Consortium/Tie-up must meet the qualifying criteria as indicated in para 1.0 above.
- (iv) The bidder must confirm unconditional acceptance of full responsibility of executing the contract.

3.0 The bidder may send the details under a forwarding letter as shown in annexure II. Bidder must forward PROFORMA EXCEPTION / DEVIATION as attached vide Annexure III.

Service requirement for Drilling Campaign :

- Rig Services including manpower
- Services for supply of well consumables like Rock-bits, Casings, Wellheads, production items etc.
- Mud Logging Services
- Mud Services (Supply of chemicals, mud preparation & conditioning etc.)
- Cementing Services incl. Cement, Additives, Retainers, Plugs (Call Out Basis)
- Casing Running-in services (incl. Float & Stop Collars/Shoes, Dopes, Centralizers etc), may be on call out basis
- Coring Services with equipment and personnel (Call out Basis)
- Core Analysis Services (Rate Contract may be preferred)
- Wire line Services for open hole & cased hole logs, sampling, bridge plug setting, perforation, string shot etc (Call Out Basis)
- Production Testing Services (On Call Out Basis) [NCT, Boiler etc.]
- H2S Services
- Liner Hangers Services – On Call Out Basis
- Services for Deviation Drilling – On Call Out basis [side-tracking etc]
- Services for supply of down hole tools (Jars etc) – On Call Out Basis
- Services for supply of Tubular on rental basis
- Satellite Phone and internet connectivity at drill site
- Transport Services for personnel
- Logistics Services for Customs Clearance, Storage, supply and pick up to/from Location
- Waste disposal on call out basis
- Well-site security services
- Well-site medical services
- Well-site camp management and catering services
- Evacuation Services for Personnel due to Medical Emergency and any unforeseen event [call out basis]
- Well-site fire fighting arrangement
