PIPELINE HQ, Guwahati
PO-Udayan Vihar-781171, Assam,India
Website: www.oil-india.com

OIL INDIA LIMITED (OIL) is a Government of India **NAVARANTA** company, engaged in Exploration, Production and Transportation of Crude oil & Natural gas and Production of LPG in India with participating interest in E&P sector in various overseas projects.

The **PIPELINE** sphere of **OIL** with HQ at Noonmati, Guwahati, Assam, engaged in Transportation of Crude Oil and Refinery Products, intends to procure one (01) number of Crude Oil Fired 1 MW Generating set for its Pipeline HQ at Guwahati.

The broad specifications/requirements of the Generating set shall be as under:

- 1.0 Engine driven Electric Power generating set with crude oil as burning fuel
- 2.0 Engine RPM: low (preferably 750 to 1000 rpm)
- 3.0 Output power : 1MW(50 Cycle) continuous operation
- 4.0 It is Water cooled and four stroke cycle engine with in line or 'V' form
- 5.0 The set should comply all the latest prevailing emission norms
- 6.0 The set should consist of all the accessories required for a power plant with remote controlling facilities and can be synchronized with existing system and any other grid system.
- 7.0 The generator should be 1250 KVA, 400V, 3 Phase 50Hz with power factor 0.8 Lagging.
- 8.0 This synchronous Generator shall comply all latest applicable standards.

Interested parties must have the following qualifying criteria for participating in the EOI.

- The party must have experience of supplying, installation & commissioning of similar type Generating Set in India or abroad (in any Government, Semi-Government, PSU or Public Limited Company) within the last 7 years as on date of publishing of this EOI. The party has to submit necessary documentary evidence in support of their claim.
- The annual financial turnover of the party must not be less than ten crores per year. In support of annual financial turnover, balance sheet of the last three years certified by CA to be submitted.
- The party should either be an OEM of Generating Set or their authorized dealers / assemblers. Generator should be manufactured in accordance of the relevant National / International code. A certificate in this regard must be submitted along with the offer.

- A party representing any OEM must submit the authorization letter obtained from the respective OEM.
- The party should ensure supply of spare parts for at least 10 years from the date of purchase.
- The party should be able to provide AMC for at least 4 years from the date of purchase.

Please note that this is not a request for proposals. After review of the EOI, parties will be short listed and those short listed parties will be invited to give presentation and also to submit their technical terms of reference.

OIL reserves the right to (a) accept or reject any/all EOIs submitted by parties (b) cancel the process at any time without any liability and assigning any reason thereof.

The interested parties shall submit their response along with all the details in writing within **30th November,2011** / **'within 10 days of publishing the EOI in newspaper'** to:
