

## NOTIFICATION

This is for information that Tender number **G286005 L21** was generated for the job "*Necessary repair and renovation work at Chell, Ghish, Leesh, Mahananda-1 and RS-13 NVF Camps under PS-8, Sonapur*".

But later on due to some inadvertent typographical error, the same above mentioned tender number was written against the job "*Necessary repair and renovation of boundary wall along with concertina coil with redecoration and remaking of both side entrance gate at RS-14, Kishanganj*" in the tender notice. The corrected tender number for this job should be **G286006L21**.

The corrected tender notice has already been sent via mail.
