Unless this Letter is presented, the representative will not be allowed to attend the opening of tenders. The Bidders' representatives who are allowed to attend the bid opening shall sign in a register evidencing their attendance. Only one representative against each bid will be allowed to attend.

16.2 Bid(s) (if any) for which an acceptable notice(s) of withdrawal has/have been received pursuant to Para 15.0 shall not be opened. On opening the remaining bids Company will examine them to determine whether the same are complete, documents have been properly signed and the bids are generally in order.

16.3 At bid opening, Company will announce the Bidders' names, written notifications of bid modifications or withdrawal, if any, and such other details as the Company may consider appropriate.

16.4 Company shall prepare, for its own records, minutes of bid opening including the information disclosed to those present in accordance with the sub-para 16.3.

16.5 To facilitate examination, evaluation and comparison of bids the Company may, at its discretion, ask the Bidder for clarifications of its bid. The request for clarification and the response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.

16.6 Prior to detailed evaluation, the Company will determine the substantial responsiveness of each bid to the Bidding Documents. For purpose of these paragraphs, a substantially responsive bid is one which conforms to all the terms and conditions of the Bidding Document without material

deviations. The Company's determination of bid's responsiveness is to be based on the contents of the Bid itself without recourse to extrinsic evidence.

16.7 A Bid determined as not substantially responsive will be rejected by the Company and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

16.8 The Company may waive minor informality or nonconformity or irregularity on a bid that does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.

16.9 The Company will examine the Price Schedules to determine whether they are complete, any computational errors have been made, the documents have been properly signed, and the bids are generally in order.

16.10 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price (that is obtained by multiplying the unit price and quantity) the unit price shall prevail and the total price shall be corrected accordingly. If any Bidder does not accept the correction of the errors, his bid will be rejected. If there is a discrepancy between words, and figures, the amount in words will prevail.

17.0 EVALUATION AND COMPARISON OF BIDS:

17.1 The bids will be evaluated based on the rates quoted for all the services as mentioned in the terms of reference vide section IV of this tender document and comparison will be made based on the total estimated cost quoted in the bid.

17.2 In case Bidder takes exception to any clause of bidding document, then the Company has the discretion to load or reject the offer on account of such exception, if the Bidder does not withdraw/modify the deviation when/as advised by Company. The loading so done by the company will be final and binding on the Bidders.

18.0 CONTACTING THE COMPANY:

18.1 Except as otherwise provided in Para 16.0 above, no Bidder shall contact Company on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded except as required by Company vide Para 16.5.

18.2 An effort by a Bidder to influence the Company in the Company's bid evaluation, bid comparison or Contract award decisions may result in the rejection of their bid.

D. AWARD OF CONTRACT:

19.0 AWARD CRITERIA: The Company will award the Contract to the successful bidder whose bid has been determined to be substantially

responsive and has been determined as the lowest evaluated bid for the services as mentioned in the terms of reference vide section-IV of this tender document, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.

20.0 COMPANY'S RIGHT TO ACCEPT OR REJECT ANY BID:

Company reserves the right to accept any bid and reject any or all bids.

21.0 NOTIFICATION OF AWARD:

21.1 Prior to the expiry of the period of bid validity or extended validity, the Company will notify the successful Bidder in writing by registered letter or by cable or telex or fax (to be confirmed in writing by registered/courier letter) that his bid has been accepted.

21.2 The notification of award will constitute the formation of the Contract.

22.0 SIGNING OF CONTRACT:

22.1 At the same time as the Company notifies the successful Bidder that his Bid has been accepted, the Company will either invite the successful bidder for signing of the agreement or send the Contract Form provided in the bidding documents. The form will be accompanied by the General Conditions of Contract, Terms of Reference/Technical specifications, Schedules of rates and all other relevant documents.

22.2 Within 2(two) weeks from the date of Letter of Award, the successful Bidder shall sign and date the contract.

23.0 SECURITY DEPOSIT:

11.2 Upon occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing within Seventy Two (72) hours of the alleged beginning and ending thereof, giving full particulars and satisfactory evidence in support of its claim.

11.3 Should 'Force Majeure' condition as stated above occurs and should the same be notified within seventy two (72) hours after its occurrence, both the parties shall have no obligation. Either party will have the right to terminate the contract if such 'force majeure' condition continues beyond ten (10) days with prior written notice. Should either party decide not to terminate the contract even under such condition, no payment would apply unless otherwise agreed to.

12.0 TERMINATION:

12.1 This contract shall terminate:

- (a) Upon completion of the job required to be done by the Contractor with full satisfaction of Company.
- OR
- (b) For Force Majeure reasons as per clause 11.0 and its sub-clauses above.

OR

- (c) Upon declaration of the Contractor that they are unable to continue further operation on technical reasons, acceptable to the Company.

OR

- (d) Under any circumstances considered to be not suitable by Company to continue the operations of the Contract.

12.2 In the event of termination of contract under clause 12.1(d) above, Company will issue 15 days prior written Notice of termination of the contract with date or event after which the contract will be terminated. The contract shall then stand terminated and the Contractor shall demobilize their personnel & materials. Contractor shall be entitled for payment for services actually rendered in conformity with the contract upto the date of its termination.

13.0 APPLICABLE LAW:

13.1 The Contract shall be deemed to be a Contract made under, governed by and construed in accordance with the laws of India for the time being in force and shall be subject to the exclusive jurisdiction of Courts situated in Dibrugarh/ Guwahati.

13.2 The Contractor shall ensure full compliance of various Indian Laws and Statutory Regulations, in force from time to time and obtain necessary permits/licenses etc. from appropriate authorities for conducting operations under the Contract.

23.0 WAIVERS AND AMENDMENTS: It is fully understood and agreed that none of the terms and conditions of the Contract shall be deemed waived or amended by either party unless such waiver or amendment is executed in writing by the duly authorized agents or representatives of such party. The failure of either party to execute any right of termination shall not act as a waiver or amendment of any right of such party provided hereunder.

24.0 PAYMENT & INVOICING PROCEDURE:

24.1 Company shall pay to Contractor, during the term of the Contract, the amount due from time to time calculated according to the rates of payment set and in accordance with other provisions hereof. No other payments shall be due from Company unless specifically provided for in this Contract.

24.2 Payments due by Company to Contractor shall be made at Contractor's designated Bank. All Bank charges will be to Contractor's account.

24.3 Payment of any invoices shall not prejudice the right of Company to question the validity of any charges therein, provided Company within one year after the date of payment shall make and deliver to Contractor written notice of objection to any item or items the validity of which Company questions.

24.4 Contractor shall submit six sets of all invoices to Company for processing of payment.

24.5 Contractor shall raise invoices as per the payment schedule given in SECTION-V for the job done, which is certified by the Company's representatives.

24.6 The Company shall within 30 days of receipt of the invoice notify Contractor of any item under dispute, specifying the reasons thereof, in which event, payment of the disputed amount may be withheld until settlement of the dispute, but payment shall be made of any undisputed portion within 30 days. This will not prejudice the Company's right to question the validity of the payment at a later date as envisaged in Para 24.3 above.

24.7 The acceptance by Contractor of part payment on any billing not paid on or before the due date shall not be deemed a waiver of Contractor's rights in

respect of any other billing, the payment of which may then or thereafter be due.

24.8 Contractor shall maintain complete and correct records of all information on which Contractor's invoices are based up to two (2) years from the date of last invoice. Such records shall be required for making appropriate adjustments or payments by either party in case of subsequent audit query /objection.

24.9 Any audit conducted by Company of Contractor's records, as provided herein, shall be limited to Company's verification (i) of the accuracy of all charges made by Contractor to Company and (ii) that Contractor is otherwise in compliance with the terms and conditions of this Agreement.

25.0 RATE OF PAYMENT: Company shall make payment to the Contractor as per the agreed rates referred to in **SECTION V**. These rates include all taxes, duties and other levies payable by Contractor under the Contract.

26.0 WITH-HOLDING:

26.1 Company may with-hold or nullify the whole or any part of the amount due to Contractor on account of subsequently discovered evidence in order to protect Company from loss on account of: -

- (a) For non-completion of assigned jobs to the satisfaction of Company.
- (b) Contractor's indebtedness arising out of execution of the Contract.
- (c) Sub-standard work not remedied by Contractor.
- (d) Claims by sub-contractor of Contractor or others filed or on the basis of reasonable evidence indicating probable filing of such claims against Contractor.
- (e) Failure of Contractor to pay or provide for the payment of salaries/wages, contributions, unemployment compensation, and taxes or enforced savings withheld from wages etc.
- (f) Damage to another contractor of Company.
- (g) All claims against Contractor for damages & injuries, and/or for non-payment of bills etc.
- (h) Any failure by Contractor to fully reimburse Company under any of the indemnification provisions of this Contract. If, during the progress of the work Contractor shall allow any indebtedness to accrue for which Company, under any circumstances in the opinion of Company may be primarily or contingently liable or ultimately responsible and Contractor shall, within five days after demand is made by Company, fail to pay and discharge such indebtedness, then Company may during the period for which such indebtedness shall remain unpaid, with-hold from the amounts due to Contractor, a sum equal to the amount of such unpaid indebtedness.

Withholding will also be effected on account of the following: -

TERMS OF REFERENCE / TECHNICAL SPECIFICATION

PRE-DRILLING ENVIRONMENTAL IMPACT ASSESSMENT (EIA) AND ENVIRONMENTAL MANAGEMENT PLAN (EMP) REPORTS FOR OBTAINING ENVIRONMENTAL CLEARANCE FOR EXPLORATORY DRILLING AND TESTING OF HYDROCARBONS IN NELP-VI BLOCK: MZ-ONN-2004/1 IN MIZORAM.

1.0 **INTRODUCTION:** This section establishes the scope and schedule for the work to be performed by the contractor and describes references to the specifications, instructions, standards and other documents including specifications for any materials, tools or equipment which the contractor shall satisfy or adhere to in the performance of the work.

2.0 **BASIC INFORMATION OF THE AREA AND LOGISTICS:**

MIZORAM BLOCK:AA-ONN-2004/1:

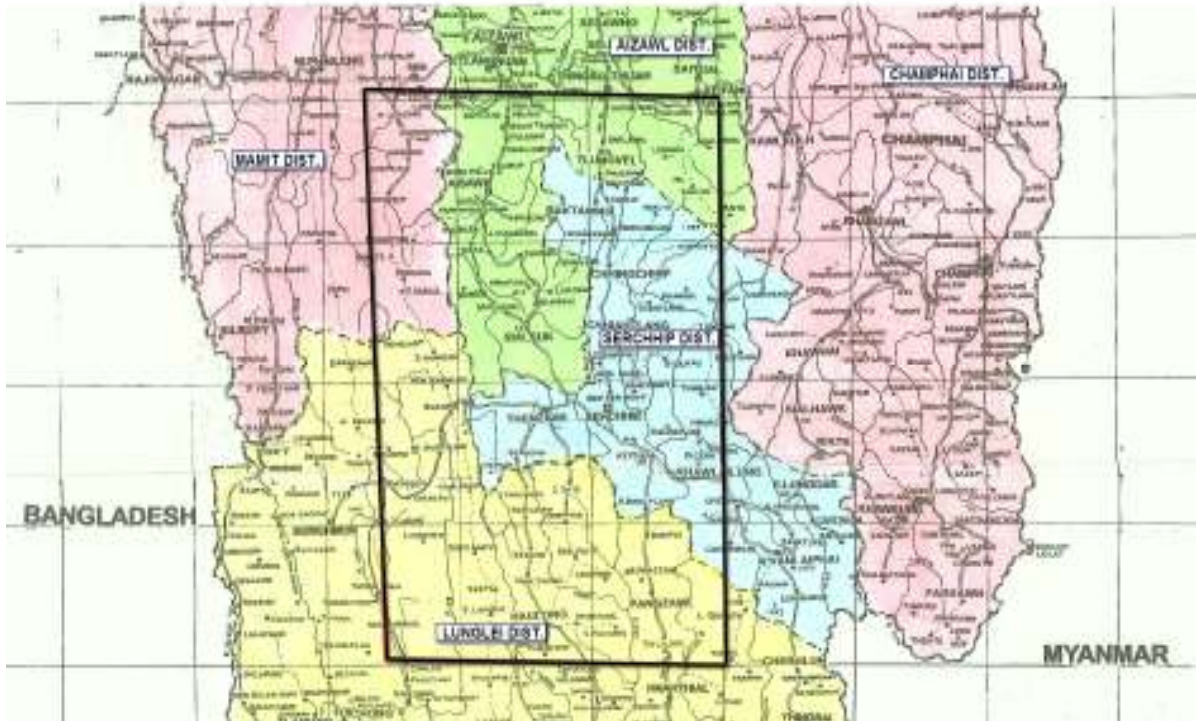

The salient points about the area to be surveyed are given below:

- i. The block: MZ-ONN-2004/1 is situated in the Mizoram state and covers an area of 3213 sq km. Aizawl is the Capital town of Mizoram and is connected to the other places by motorable roads and highways. The nearest railhead is at Bhairabi close to the border with Cachar district of Assam. Aizawl is linked by air to the rest of India, the nearest international airport being located at Kolkata in west Bengal. The proposed area of the EIA study lies within the following broad coordinates:

Coordinates of Block MZ-ONN-2004/1

Points	Latitude (N)			Longitude (E)		
	Deg.	Min.	Sec.	Deg.	Min.	Sec.
A	23	40	00	92	32	54.85
B	23	00	00	92	35	58
C	23	00	00	93	00	00
D	23	40	00	93	00	00
A	23	40	00	92	32	54.85

A map showing the Mizoram block is enclosed.

Map indicating Four Nos. of tentative drilling locations

A Satellite Map showing the tentative drilling location

The block MZ-ONN-2004/1 is typified by a succession of sub-parallel hill ranges and long valleys. The hill ranges reach a height of 200 to 500m in eastern Tripura and Cachar and around 1800m in Mizoram with most of these between 900-1200m. Thus, the general elevation increases towards east up to the Myanmar border.

Major river systems follow the north-south longitudinal valleys. The important rivers, Barak and Langai, flowing through Cachar originate in the hills of Manipur. Other rivers are Rukni, Dhaleshwari and Singla. Regional drainage, in general, is oriented in a north – south direction.

North-eastern India experiences a sub-tropical to tropical climate with a rainfall of 300 to 400cm per annum. Summer is hot and humid and maximum temperatures range from 30°C to 38°C during April to June, Monsoon sets in rather early during the season. From May onwards, pre-monsoon showers are frequent. Winter season from November to January is milder when temperatures are between 12° to 25°C.

Six **(06) exploratory wells** are proposed to be drilled within 3213 sq. km. of the block area as per MWP. A 2000 hp Diesel Electrical Drilling Rig package is likely to be deployed for drilling these wells with target depths of 4000 m (TVD) approximately. Map indicating the position of four drilling locations is enclosed. Co-ordinates of the drilling wells shall be provided at the time of issuing LOI.

At each drilling site nearly **03 hectares** area will have to be cleared for drilling and associated activities.

3.0 OBJECTIVE: Oil India would like to prepare Environmental Impact Assessment (EIA) report to examine the environmental issues that may arise due to the field work related to Drilling and testing of exploratory wells in the block and their likely impact. Further, to reduce the potentially significant adverse impact to acceptable level, suggest feasible and cost effective measures and also define them in an Environmental Management Plan (EMP). The necessary field study will have to be conducted as per the latest guidelines laid down by Ministry of Environment and Forests in order to conform to the Terms Of Reference (TOR), environmental, ecological and social considerations etc.

4.0 PRESENT EXPLORATION ACTIVITIES: Although the PEL area is located in a logistically difficult and geologically complex terrain yet as a part of OIL's accelerated exploration efforts in logistically difficult & geologically complex frontier areas, OIL has already completed 2D API and prospect generation of the area and three locations are in the process of being released. The co-ordinates of these locations shall be intimated at the time of awarding the LOA. In addition to the above locations three more wells are likely to be drilled but the locations are yet to be identified since the geoscientific studies are still in progress.

5.0 LOGISTICS: Aizawl is connected to Silchar by national highway (NH54), which touches the southern end of Mizoram state at Lunglei. Highway No. NH44 connects Silchar to Guwahati. In addition to National Highway, there are State Highways and fair weather motorable roads criss-crossing the territory.

The nearest International Airport is at Kolkata in West Bengal. Airports at Guwahati, and Aizawl receive regular domestic air traffic. Broad gauge railway line connects Kolkata to Guwahati and Upper Assam. Meter gauge railway line from Dimapur (Nagaland) to Guwahati (Upper Assam) passes through Bhairabi in Mizoram, Silchar in Cachar and Jiriban in Manipur.

6.0 **SCOPE OF WORK:**

a) To visit the NELP block area and proposed drilling locations in Mizoram, conduct necessary field studies and collect data/information etc to comply with the TORs (Scan copy enclosed) and latest guidelines of Ministry of Environment & Forests (MOE&F). Further, the study area shall consist of an area of about 20 km radius covering all the drilling locations.

To verify, prepare and certify the existing draft EIA/EMP report (including Executive Summary) and prepare the same for submitting to SPCB, Mizoram for Public Hearing(s) . The reports should be as per the generic structure given in EIA Notification, 2006, approved TORs and latest guidelines/ amendments issued by Ministry of Environment and Forests, Govt. of India from time to time .

b) To be present during Public Hearing process in Mizoram and to address all the environmental concerns based on the feedback of Public Hearing /Public consultations and to incorporate the issues emerged during the Public hearing in the Final EIA/EMP report.

c) Prepare the final EIA/EMP/RISK ASSESSMENT reports etc. after review by OIL. Further, if any studies are required to be repeated or modified as per advice of MOE&F, New Delhi or SPCB, Mizoram for obtaining the EC/any other statutory clearance(s) then the same shall have to be carried out by the contractor at no extra cost to OIL.

d) To assist company in fulfilling all the formalities for obtaining Environmental Clearance (EC) in accordance with the procedure laid down in the EIA Notification, 2006.

e) To be present and make presentation to Expert Appraisal Committee (EAC) of MoE&F, New Delhi and officials of State Pollution Control Board, Mizoram as and when required to clarify any issues that may be raised by them for obtaining the EC.

f) Henceforth, all the reports , documents etc shall have to be certified in the name of the consultant organisation to whom this contract is awarded.

g) It may be noted that EC is required for six drilling locations but only four locations have been identified and Public Hearing for the same is to be conducted.

7.0 Optional Services: If the Pollution Control Board of Mizoram decides to conduct more than one public hearing then the contractor has to be present during the subsequent Public Hearing processes also in Mizoram and address all the environmental concerns based on the feedback of Public Hearing

/Public consultations and to incorporate the issues emerged during the Public hearing in the Final EIA/EMP report.

7.1 **Any other studies:** Any other studies that may be necessary to meet the statutory requirements of the MOE&F, SPCB and other government guidelines shall have to be carried out by the contractor.

8.0 TIME FRAME FOR MIZORAM BLOCK: The Contractor shall complete the activities of **Phase-I and Phase II** as detailed below and shall associate with Company for obtaining the **Environmental Clearance (EC)**. The detailed time frame for the execution of the Contract will be as follows:

Sir,

The above proposal was considered by the Expert Appraisal Committee(I) in its 75th meeting held on 30th November 2007 to prescribe TORs for undertaking detailed EIA study. The committee prescribed the following TORs:

1. Project Description and Project Benefits
2. Site details including satellite imagery for 10 km area. Details of forest land involved if any. Confirmation that there is no National Park/ Wild life Sanctuary/ Eco sensitive area.
3. Land use along with maps & cropping pattern, vegetation Ecology, Flora & Fauna
4. Details of compensation for the land outsees
5. Demography & Socio-economics of the area.
6. Process details for survey and drilling.
7. Baseline data collection for air, water and soil for 5 weeks leaving the monsoon season in an area of 10 Km radius with centre of Oil Field as its centre covering the area of all four proposed drilling wells.
 - Ambient Air Quality monitoring at 8 locations for SPM, RPM, SO2, NOx
 - Background levels of hydrocarbons (HC) and VOCs (5 samples)
 - Soil sample analysis at 10 locations
 - Base line underground and surface water quality in the vicinity of 10 km area.
 - Climatology & Meteorology including wind speed, wind direction, temperature, rainfall etc.
 - Measurement of Noise levels at 10 locations in the block

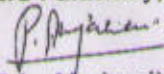

8. Detailed water balance, waste water generation and discharge.
9. Treatment and utilization of produced water.
10. Detailed solid waste generation, collection, segregations, its recycling and reuse, treatment and disposal
11. Estimation and computation of air emissions resulting out of drilling operations
12. Assessment of impact on air, water, soil, solid/hazardous waste and noise levels
13. Evaluation of the adequacy of the proposed pollution control measures to meet the air quality emission standards, water discharge norms, solid/hazardous waste generation and disposal
14. Estimation of Noise level due to operation of drilling, its associated equipments and vehicular movement & prediction and evaluation of impacts due to increase in noise levels arising out of the proposed activities on the surrounding environment. Proposed mitigation measures for noise pollution
15. Storage of chemicals at the site, proposed preventive measures for spillage and accident.
16. Environmental Management Plan
17. Risk Assessment & Disaster Management Plan

- Identification of hazards
- Consequence Analysis
- Risk Presentation & proposed measures for Risk Reduction
- Disaster Management Plan (DMP)
- Oil Spill Contingency Plan and Emergency Response Plan

18. Details of drilling rigs to be used and measures for decommissioning of the rigs and projects
18. Post project closure and monitoring programme for minimum 10 years
19. Documentary proofs for Memberships of common disposal facilities, if any.
20. Details of proposed occupational Health Surveillance program for the employees and other labour.
21. Environmental Monitoring program while survey and drilling is undertaken

3.0 After preparing the draft EIA/EMP/RA report covering the above mentioned TORs, the Draft report shall be submitted to the Mizoram State Pollution Control Board for conducting public hearing. The issues emerged during the public consultation/public hearing shall be incorporated in the report and final report submitted to the Ministry along with the requisite documents for obtaining environmental clearance in accordance with the procedure laid down in the EIA Notification, 2006.

Yours Faithfully,

(Dr. P.L. Ahujarai)
