

OIL INDIA LIMITED

DULIAJAN

EXPRESSION OF INTEREST (EOI)

NO. EOI/PSS/P&D/EOI/HF/2025/01 dated 01.03.2025.

Subject: Expression of Interest (EOI) for “Procurement of Complete Fleet of Hydraulic Fracturing Equipment with accessories & consumables” for carrying out Hydraulic Fracturing in Oil & Gas wells of Oil India Limited.

1.0 PREAMBLE:

OIL INDIA LIMITED (OIL), is a Maharatna Central Public Sector Enterprise under the Ministry of Petroleum and Natural Gas and is the premier up-stream E&P Company engaged in the business of Exploration, Production & Transportation of Crude Oil & Natural Gas as well as production of LPG, having its Headquarter at Duliajan, Assam in India. Its operations are largely based in the north-eastern parts of India particularly in Assam and Arunachal Pradesh but have also extended its activities in different parts of India and abroad. In connection with its ongoing exploration & production activities in the State of Assam, OIL invites Expression of Interest (EOI) from reputed and established E&P Equipment & Service supplier/ vendor as mentioned below for **Supply, service, operation & maintenance of Complete Fleet of Hydraulic Fracturing Equipment with accessories & consumables.**

2.0 OBJECTIVE:

- OIL intends to procure Hydraulic Fracturing Fleet consisting of Frac pumps, Blenders, Sand carrier/ dumpers, hydration units, CAS, data van/ trucks etc. and related accessories along with consumables & any ancillary infrastructure for engaging the said equipment/ infrastructure for carrying out Hydraulic Fracturing in OIL's wells for enhancing productivity through these acquired resources & capacity building.
- OIL is looking for globally reputed oilfield Equipment & Service supplier/ vendor having technical expertise & experience in manufacturing, supply, operation & service experience of oilfield & well services equipment catering to such requirements.
- The vendor should have a sound financial capability and resources/inventories' etc. to execute and complete the delivery process within the specified delivery time frame and resources for providing human resources for operation & maintenance for a minimum of 03 (Three) years (Tentative).
- During the periodicity of operation there would be knowledge transfer in terms of Job Design, Operation & Maintenance.
- Interested Equipment & Service supplier/ vendor shall have demonstrated their capabilities of delivering such critical equipment to other E&P Operator/ Service providers.

- To understand the prospective Equipment & Service supplier/ vendor's experience, technical knowhow, and financial capability.
- To have inputs from the prospective Equipment & Service supplier/ vendor to firm up the detailed scope of deliveries and other conditions.

The EOI is expected to provide information of prospective Equipment & Service supplier/ vendor along with their suggestions thereby aiding in formulation of proposed tender that may be floated for **Supply, service, operation & maintenance of Complete Fleet of Hydraulic Fracturing Equipment with accessories & consumables.**

3.0 SCOPE OF WORK:

OIL intends to develop & build its in-house Hydraulic Fracturing capabilities through acquiring Brand-New Hydraulic Fracturing Fleet complete with accessories & consumables while simultaneously developing in-house Human Capital for Design, Operation & Maintenance of HF equipment.

4.0 SAFETY AND OTHER COMPLIANCES:

Equipment & Service supplier/ vendor is expected to have established health, safety, security and environment management system and shall have to comply with all applicable local regulations with respect to Safety, Pollutions, Labour laws/ rules & Amendments taxes & levies as and where applicable and any other applicable statutory regulations as per the law of the land.

5.0 Equipment & Service supplier/ vendor may be an Original Equipment Manufacturer (OEM) i.e., Designer & Manufacturer of Hydraulic Fracturing Equipment or its distributor/ sole selling agent/ service company having distributorship rights & supply experience, having adequate experience of supplying all components of equipment required to perform a successful hydraulic fracture equipment and should demonstrate their experience and capability against this EOI.

6.0 Equipment & Service supplier/ vendor may provide the following Information:

- Details of Equipment & Service supplier/ vendor's Company Incorporation along with Date and Place of Incorporation.
- Number of employees in the Company.
- Countries of operations (number and provide list of countries)
- Details of R&D/ Technology centers set up globally and in India (if any).
