		engaged by Oil India Limited) for transportation of Petroleum Products/Hazardous chemicals/ Chemical Salt Solution for a continuous period of minimum 02 (Two) years (i.e., 24 months).	experience of providing attached tankers / bowsers to the contractor(s) engaged by Oil India Limited) for transportation of Petroleum Products/ Hazardous chemicals/ Chemical Salt Solution for a continuous period of minimum 02 (Two) years (i.e., 24 months).
2.0	<b>Clause No. 1.0 of SOQ and 15.0 of SCC.</b>	Duration of Contract: The duration of the contract shall be for a period of <b>03 (three) years</b> and <b>45 (Forty-Five) days</b> which is inclusive of mobilization period from the date of issue of LOA. In case of early/delay in mobilization from the scheduled mobilization completion date, then the duration of the contract shall be considered for <b>03 (three) years</b> from the date of completion of actual mobilization of first Bowser/Tanker under the Contract.	Duration of Contract: The duration of the contract shall be for a period of <b>03 (three) years</b> and <b>45 (Forty-Five) days</b> which is inclusive of mobilization period from the date of issue of LOA with a provision for extension of contract duration by another 01(one) year at same terms & condition of the contract, if required by the company. In case of early/delay in mobilization from the scheduled mobilization completion date, then the duration of the contract shall be considered for <b>03 (three) years</b> from the date of completion of actual mobilization of first oil Bowser/Tanker under the Contract.
3.0	<b>Clause No. 1.31 (i) of SCC:</b>	Monthly maintenance for each bowser is permitted for a duration of up to 02 (two) days, counted from the beginning of the month and duly certified by the contractor that the shutdown is necessary for the bowser maintenance. This facility of having service break for bowser maintenance is limited to a maximum of 2 (Two) days or two instances (01 Day + 01 Day) with a cumulative maximum of 02(two) days per bowser within a calendar month. Any shut down exceeding 02(two) days or more than 2 (Two) instances of maintenance shall be considered as default and penalty	For maintenance up to 48(Forty-Eight) hours per bowser/ tanker per month, counted from the beginning of the month and duly certified by the company engineer that the shutdown was due to maintenance of the tanker(s)/ bowser(s). This facility will be limited to maximum of 4(Four) instances per tanker/ bowser in a calendar month. Any excess shut down over 48 hours for maintenance shall be treated as default and penalty will be imposed as per Clause No. 13 of SCC.

		<p>will be imposed as per clause No. 13 of the SCC.</p> <p>In case a bowser/tanker is placed after the 15th day of calendar month at the start of the contract (i.e., at the time of initial placement of the bowser/tanker), the allowable maintenance period will be limited to a maximum of 01(one) day only. This facility will be limited to maximum of 01(One) instance (Day) per tanker/ bowser within the calendar month. Any excess shut down over 01(One) for maintenance shall be treated as default and penalty will be imposed as per clause No. 13.0 of SCC.</p>	<p>In case a bowser/tanker is placed after the 15th day of calendar month at the start of the contract (i.e., at the time of initial placement of the bowser/tanker), the allowable maintenance period will be limited to a maximum of 24 Hrs only. This facility will be limited to maximum of 2(Two) instances per tanker/ bowser. Any excess shut down over 24 hours for maintenance shall be treated as default and penalty will be imposed as per Clause No 13.0 of SCC.</p>
4.0	<p><b>Clause No. 5.16 (viii) of SCC:</b></p>	<p>The contractor must provide regular Bowser Drivers and Helpers against the offered Bowsers awarded to him /her. Additionally, Contractor shall arrange reliever Drivers and Helpers in such a way that all the regular Drivers / Helpers get opportunity to avail 32 (Thirty-Two) days of leave per year and a weekly rest day as per MoS. In case the contractor fails to provide reliever crew to his / her regular crew on the weekly rest day, and the bowser is required to be operated by the regular crew under emergent/urgent circumstances, the payment to regular crew shall be as per the M.O.S. dated 22.07.2022.</p> <p>In such circumstances, the amount so payable to the crew(s) will be recovered from the contractor through SES of the subsequent invoice.</p>	<p>The contractor must provide regular Bowser Drivers and Helpers against the offered Bowsers awarded to him /her.
