

Interactive Session with Supply Partners of Crude Oil Specific Oilfield Production Chemicals

Oil India Limited (OIL) is a fully integrated Exploration & Production company in the upstream sector, with origin dating back to the glorious year (1889) of oil discovery in India. A Maharatna Company, OIL is a state-owned enterprise of the Government of India, under the administrative control of the Ministry of Petroleum and Natural Gas and is the second largest national oil and gas company in India engaged in exploration and production of Hydrocarbons such as Crude Oil, Natural gas etc.

In order to carry out its operations, OIL procures various types of Goods & Services from Vendors across the globe aligning with Government Policies and procedures in vogue to support its Operational requirements of diversified nature. OIL's annual procurement including all goods and services is around Rs. 7000 Crore.

As OIL is engaged in the business of production of Crude oil, a major chunk of requirement is of **Crude Oil Specific Oil Field Production Chemicals like Oil soluble demulsifiers, Liquid Flow Improvers etc.**. The Procurement of such Oil Field Chemicals (OFCs) is done through OIL's field proven vendors / products. For OFCs, field proven status is granted through Vendor Development Process. OIL's commitment is to continuously develop more Field proven Vendors / Products.

In order to explore the possibility of developing new vendors / products related to such OFCs, Oil India limited is organising **an Interactive Session at Guwahati on 08.08.2024** where all our interested **Indigenous vendors** who are engaged specifically in the business of such OFCs are invited.

Oil India Limited will be delighted to receive your participation request for the session as per attached Registration Form. **Please mail the filled-in form to email ID: indeg@oilindia.in on or before 31.07.2023.** Formal invitation letter will be sent from us based on your registration .

Maximum two participants will be allowed to attend from one company.
