Statistics about Oil India Hospital:

Total attendance in OPD during 2014-2015	: 179600
Attendance during emergency hours during 2014-2015	: 25042
Total indoor admission during 2014-2015	: 7243

Present status:

At present Oil India Hospital is using in-house developed "Hospital Information System", which was developed in 2004 but currently the software is not able to meet all the new requirements of the Hospital due to older technology.

Desired features in the new software:

- i) To cover all the activities of Oil India Hospital
- ii) Able to interface with lab instruments
- iii) PACS facility for Radiology and interface with X-Ray, CT scan, USG, etc.
- iv) SAP ERP integration
- v) Data migration from existing system

Party's experience:

The party should have experience of successful implementation of Hospital Information system with the above mentioned features covering all the activities of at least one major hospital in last five year.

Budgetary proposal required:

- ❖ Turnkey solution including all the hardware and software
- ❖ Budgetary quote along with price break-up for the following:
 - Supply & implementation of the complete solution (hardware & software)
 - Integration with SAP, lab systems etc.
 - Data migration
 - Training to end users, administrators etc.
 - Comprehensive Annual Maintenance Contract with onsite engineers for 5 years.
