- 1) The tender is invited under SINGLE STAGE-COMPOSITE BID SYSTEM. The bidder has to submit both the "TECHNO-COMMERCIAL" and "PRICE" bids through electronic form in the OIL's e-Tender portal within the Bid Closing Date and Time stipulated in the e-Tender. The Techno-commercial Bid is to be submitted as per Scope of Work & Technical Specification of the tender and price bid as per the Online Price Bid format.
- 2) The techno-commercial bid should be submitted in "Technical Rfx", while the prices are to be quoted in the online price format under "Conditions" tab.
- 3) Performance Security @10% of order value, is applicable against this tender. Please refer clause 10.0 of Section A of General Terms and conditions for Global Tender (MM/GLOBAL/E-01/2005-July2012). Successful bidder will be required to furnish a Performance Bank Guarantee @ 10% of the order value which must be valid for one year from the date of shipment/despatch. Bidder must confirm the same in their technical Bid.
- 4) The original bid security (Amount is mentioned above and also in Basic Data of the tender in OIL's e-portal) should reach us before bid closing date and time of technical bid. Bid without original bid security will be rejected. The bidders who are exempted from submitting of Bid Bond should attach documentary evidence in the Collaboration folder as per clause 9.8 of Section A General Terms and conditions for Global Tender (MM/GLOBAL/E-01/2005-July2012). The bid security shall be valid up to **09.10.2016**.
- 5) OIL reserves the right to allow Small Scale Sectors registered with NSIC purchase preference facility as admissible as per existing Government Policy. The bidders are requested to check the latest position on the subject on their own and OIL does not accept any liability whatsoever, on this account.
- 6) Bid validity shall be **minimum 120 days**. Bids with lesser validity shall be rejected.

#### **BID REJECTION CRITERIA ( BRC)**

In addition to BRC criteria vide section - D of General Terms & Conditions for Global tenders (MM/GLOBAL/E-01/2005-JULY 2012), the following clauses will be applicable against the tender failing which offer will be rejected.

1. The party should be preferably a Manufacturer of the product. In case the bidder is not a manufacturer, he should be an authorised representative / dealer / supplier of the product of manufacturer. The authorised representative / dealer / supplier should produce authority letter in original from its manufacturer authorising them to submit the bid along with the bid. Such authority letter should be valid for the entire period of execution of the order.
2. In case the bidder is not in a position to submit Authority letter from the manufacturer then bidder must submit Quality Assurance certificate mentioning that the offered product will be of same or higher quality / standard of the tender sample submitted along with the bid in the event of bulk supply against order.
3. The bidder should have at least 3 years of manufacturing / supply experience of tendered item with supply record of minimum one order of 30% tender quantity of tendered material to various E&P/Mud Engineering companies. For this purpose the period reckoned shall be the period prior to the bid closing date of the tender. However, bidders whose materials have been successfully field tried extensively in OIL's operational area are exempted from meeting this criteria. Documentary evidence in support of above supply should be submitted along with the technical bid. OIL reserves the right to verify the same.

Note: To develop any new source, field trial followed by extensive field trial of the product are

**Tender No. & Date : SSG8706P16/05 28.09.2015**

conducted. In case of field trial, order is placed for a quantity which is sufficient for 2 / 3 wells use. This gives the idea how this product performs in our field. Once this field trial is over, to assess the quality assurance and supplier's capability another order is placed with larger quantity for 5 / 6 wells use. Based on timely delivery as well as consistency in quality of the product, the vendor is developed. The second trial for a good number of wells is termed extensive field trial.

4. The bidder should submit tender sample of the product in triplicate (i.e. 3 samples) along with the bid. The bid should also accompany test report in original of their latest manufactured product. Further, the bidder should confirm that bulk supply will be same as the tender sample supplied for along with the tender.

5. The tender sample should be strictly as per OIL's specification.

6. The following points are deemed as "non-negotiable" and offer shall be rejected straightaway without seeking clarification in case of the following :

- i) Validity of bid shorter than validity indicated in the tender.
- ii) Original Bid Security not received within the stipulated date and time mentioned in the tender.
- iii) Bid security with (a) Validity shorter than the validity indicated in tender and/or (b) Bid security amount lesser than the amount indicated in the tender.

**DD. Special Note:**

i) Bidders must submit 3 (three) tender samples of ½ litre each of the offered product in 3 (three) separate air tight sealed containers free of cost for technical evaluation.

ii) The tender sample will be evaluated in OIL's laboratory as per OIL's tender specification for acceptance.

iii) Bidder shall submit a copy of Material Safety Data Sheet of the quoted product along with the bid.

iv) The material should be supplied in the original packing of the manufacturer with markings as specified in the tender.

v) Bidder shall confirm shelf life as per NIT requirement, wherever asked for. Any supply without shelf life or shelf life less than the NIT requirement shall be rejected.

vi) Considering the nature of the item, if the product offered by the lowest acceptable bidder is not field proven in OIL, purchaser at its discretion may place a trial order to the extent of 25% (maximum) only for field trial and vendor development and balance quantity will be procured from other competitive bidders whose product has been field proven in OIL.

vii) The supplied material against orders will be accepted after passing the specification test in the OIL's laboratory at Duliajan. The supplied product must meet the order specification and perform at par with the corresponding tender sample submitted by the bidder against this tender during the quality assessment test in the laboratory.
