### MEETING CONTENTS

Item no.	Description
1	CGM- Electrical (HOD) of OIL welcomed all the participants to the Pre-bidConference for the 3 x10 MW GEG Power Plant in Duliajan, Assam.
2	DCPL gave a presentation covering salient features of the project and the NIT, and responses to a few salient queries raised by the Bidders.
3.	Queries from the bidders on various major technical and commercial issues were discussed in details and OIL/DCPL responses were indicated to the Bidders.
4.	Regarding any technical deviations to the specification (Excluding BEC) indicated by the Bidders the same shall be clearly spelt out in the Bidder's proposal and duly validated by the OEM with sufficient supporting documents along with proper technical justification. All such deviations shall be listed in the Deviation Form only.
5.	<p>With regard to Bidder's queries on price basis, it was clarified that the quoted rates shall be landed cost inclusive of all taxes and duties (with detailed breakup as per format)</p> <p>Bidder to indicate the applicable rates of the taxes (GST, Customs duty etc.) in the SOR.</p> <p>The SOR format shall be modified in this regard, as required.</p>
6	Any request for changes with regard to BEC may be formally communicated to OIL
6.	<p>Bidders requested that, considering this is a large EPC project with detailed NIT covering technical and commercial requirements, they may be allowed some more time to review and come up with further clarification/deviation points, if required.</p> <p>OIL/DCPL noted and strongly advised the Bidders to visit site and collect all the information that may be required by them to finalize the proposal.</p>
