

OIL INDIA LIMITED
(A GOVT. OF INDIA ENTERPRISE)
P.O. DULIAJAN-786602

Date: 07.12.2016

CONTRACTS DEPARTMENT

(CIVIL TENDER: ONLY FOR OIL REGISTERED VENDOR)

SEALED Bids are invited from OIL Registered Contractors on “one Firm/Contractor one bid” basis for the following works:

Sl. No.	IFB No.	Description of work	Location	Time of completion	OIL Class	Bid document cost.
1	DCC3123L17	Replacing old CGI sheet with Pre-coated Galvanized Iron Profile sheets, providing & fixing tiles at the administrative wing of office of the Head-Moran and fixing Paver Blocks in the approach way including supply of all materials except cement.	Office of Head-Moran Inside Industrial area, Moran	16 (Sixteen) Weeks	D	Free

2. All the tender documents are available at OIL’s website www.oil-india.com. The bidders will have to download the Proforma-1, duly fill it up and sign it, and submit the same in SEALED ENVELOPES (Only Proforma -1 is to be submitted. No other document is required to be submitted by the bidders.).

3. Sealed envelopes containing duly filled up and duly signed Proforma-I shall be marked at top with the above IFB Number and description of work and addressed to the DGM-Contracts (HoD), Oil India Limited, P.O. Duliajan, Dist. Dibrugarh, Assam.

4. Bids will be received upto 12.45 P.M. (IST) on **12/01/2017** at the office of the DGM-Contracts (HoD), Duliajan and opened on the same day at 1.00 P.M.(IST) at his office. For tender related to Moran only, Bidders may also deposit their bids in tender box placed at the office of civil engineering department, Moran upto 12.45 P.M. (IST) on **10/01/2017**.

5. However, if the above mentioned closing/opening day of the tender happens to be non-working day due to Bandh/Strike or any other reason, the bids will be received and opened on the following working day at the same time except on Saturday.

6.(i)The bidder should not quote their rates for individual items. They should offer their overall rate only as a percentage of Company’s internally estimated cost within the limit of at Par to +10% on the Company’s internal estimated contract cost. However the bids with overall rates quoted below at par and above (+10%) of Company’s internal estimate will be rejected outright. In case of identical lowest offered rate by more than 1 (one) bidder, the selection will be made by draw of lots amongst the parties offering the same lowest price for priority -1 and priority-2 bidder. The Tender shall be awarded to priority-1 bidder only but if priority-1 bidder fails to accept the LOI/found non eligible/ fails to execute the jobs, then Company reserves the right to award the same to priority-2 bidder, if approved by Company’s management.

(ii) Estimated contract cost is inclusive of all overheads, Taxes, duties, levies etc. except PF & Service Tax.

(iii) If the rate (percentage) is quoted in figures as well as in words, the percentage rate quoted in words shall be considered to be correct in case of discrepancy. No overwriting shall be allowed. However, in case of any correction, same should be initialed.

7. All corrigenda, addenda, amendments, time extension, clarifications etc. to the tender will be hosted on the OIL’s website only and no separate notification shall be issued in the press. Prospective bidders are requested to regularly visit the website to keep themselves updated..

WORKS CONTRACT

DCC3123L17

DESCRIPTION OF WORK/ SERVICE:-

Replacing old CGI sheet with Pre-coated Galvanized Iron Profile sheets, providing & fixing tiles at the administrative wing of office of the Head-Moran and fixing Paver Blocks in the approach way including supply of all materials except cement.

GENERAL CONDITIONS OF CONTRACT (GCC)

MEMORANDUM OF AGREEMENT made this _____ day of _____
Between OIL INDIA LIMITED a Company incorporated under the Companies Act 1956 and having its Registered Office at Duliajan in the District of Dibrugarh, Assam (hereinafter called Company) of the one part and Shri/Smti _____ and Shri/Smti _____ carrying on business as partners/proprietor under the firm name and style of M/s. _____ with the main Office at _____ in the District of _____ aforesaid (hereinafter called 'Contractor') on the other part.

WITNESSETH:

1. a) The contractor hereby agrees to carry out the work set down in the Schedule of work which forms part-II of this Contract in accordance with the 1968 General Conditions of Contract of Oil India Limited and General Specifications read in conjunction with any drawings and Particular Specifications & instructions which forms Part-III of the contract utilizing any materials/services as offered by the Company as per Part-IV of the contract at _____ .

b) In this Contract all words and expressions shall have the same meaning as are respectively assigned to them in the 1968 General Conditions of Contract of Oil India Limited which the Contractor has perused and is fully conversant with before entering into this Contract.

c) The clauses of this contract and of the specifications set out hereunder shall be paramount and in the event of anything herein contained being inconsistent with any term or terms of the 1968 General Conditions of Contract of Oil India Limited, the said term or terms of the 1968 General conditions of Contract to the extent of such inconsistency, and no further, shall not be binding on the parties hereto.

2. i) The contractor shall provide all labour, supervision and transport and such specified materials described in part-II of the Contract including tools and plants as necessary for the work and shall be responsible for all royalties and other levies and his rates shall include for these. The work executed and materials supplied shall be to the satisfaction of the Company's Engineer and Contractor's rates shall include for all incidental and contingent work which although not specifically mentioned in this contract are necessary for its completion in a sound and workman like manner.

ii) Contractor shall have to produce necessary cash memos towards forest produce used against the contract to DGM (Civil) used against this contract from the authorities prior to processing of final payment. In absence of cash memos, the final bill shall not be processed.

3. The Company's Engineer shall have power to:

a) Reduce the rates at which payments shall be made if the quality of work although acceptable is not upto the required standard set forth in the OIL Standard Specifications which have been perused and fully understood by the Contractor.

b) Order the Contractor to remove any inferior material from the site and to demolish or rectify any work

Demolished or rectified by any other means at the Contractor's expenses. arrange for any such work to be

c) Order the Contractor to remove or replace any workman who he (The Engineer) considers incompetent or unsuitable; the Engineer's opinion as to the competence and suitability of any workman engaged by the Contractor shall be final and binding on the Contractor.

d) Issue to the Contractor from time to time during the progress of the work such further drawings and instructions as shall be necessary for the purpose of proper and adequate execution and maintenance of the works and the Contractor shall carry out and be bound by the same.

e) Order deviations in Part II and III of this Contract. All such deviation orders shall be in writing and shall show the financial effect, if any, of such deviation and whether any extra time is to be allowed. The rates to be applied for such Deviation Order shall be the same for those appearing in Company's Schedule of Rate in force on the date of issue of such Deviation Order, to which the contractor has no objection.

4. The Contractor shall have no claim against the company in respect of any work which may be withdrawn but only for work actually completed under this contract. During the actual execution of the contract, if any, additional items (deviated items) are required, which are not covered in the tender, payments of such items shall be made at the current OIL schedule of rates. In case of positive variation in quantity of any item from the quantity mentioned in the schedule of work during the actual execution of work, the Contractor will have to carry out the positive varied quantity at the contract rate, or Internally estimated rate, whichever is lower.

5. The Company reserves the right to cancel this Contract at any time upon full payment of work done and the value of the materials collected by the contractor for permanent incorporation in the work under this contract particularly for execution of this contract upto the date of cancellation of the Contract. The valuation of the work done and the materials collected shall be estimated by the company's Engineer in presence of the contractor. The Contractor shall have no claim to any further payment whatsoever. The valuation would be carried out exparte if Contractor fails to turn up despite reasonable notice which will be binding on the Contractor

6. The Contractor hereby undertakes to indemnify the Company against all claims which may arise under the under noted Acts :-

- i) The Mines Act.
- ii) The Minimum Wages Act, 1948.
- iii) The Workman's Compensation Act, 1923.
- iv) The Payment of wages Act, 1963.
- v) The Payment of Bonus Act, 1965.
- vi) The Contract Labour (Regulation & Abolition) Act, 1970 and the rules framed there under.
- vii) Employees Pension Scheme, 1995.
- viii) Inter-State Migrant (Regulation of Employment and Condition of Service) Act. 1979.
- ix) The Employees Provident Fund and Miscellaneous Provisions Act, 1952.
- x) VAT Act.
- xi) Service Tax Act, if applicable.

or any other Acts or Statute not here in above specifically mentioned having bearing over engagement of workers directly or indirectly for execution of work. The Contractor shall not make the Company liable to reimburse the Contractor for the statutory increase in the wage rates of the Contract Labour appointed by the Contractor. Such Statutory increase in the wage rates of Contract Labour shall be borne by the contractor

7. The Contractor shall clear away all rubbish and surplus material from the site on completion of work and shall leave the site clean and tidy.

8. The Contractor must complete the work within 16 weeks of the written order to commence work. During the currency of the job, the work progress must be commensurate with the time elapsed. In the event of any delay on the contractor's part, he/she will be liable to pay to the company liquidated damages at the rate of 1/2% (Half percentage) per week of the contract price of the item(s) delayed in completion and the maximum value of the liquidated damage will be 7.5% of the contract price of the item(s) delayed provided the item(s) delayed are not critical for commissioning and final utilization of the work. If, however, the item(s) delayed in

completion are critical for commissioning and final utilization of the work then the contractor will be liable to pay liquidated damages by way of penalty at the rate of 1/2% (Half percent) per week of delay of the total contract cost subject to a maximum of 7.5% of total contract cost.

The DGM (Civil)'s certificate as to the criticality or otherwise of an item shall be final.

The payment of liquidated damages/penalty may be reduced or waived at the sole discretion of the Company whose decision in this regard will be final.

In the event of there being undue delay in execution of the Contract, the Company reserves the right to cancel the Contract and / or levy such additional damages as it deems fit based on the actual loss suffered by the company attributable to such delay. The company's decision in this regard shall be final.

9. In order to promote, safeguard and facilitate the general operational economic in the interest of the Company during the continuance of this contract the Contractor hereby agrees and undertakes not to take any direct or indirect interest and or support, assist, maintain or help any person or persons engaged in antisocial activities, demonstration, riots , or in any agitation prejudicial to the Company's interest and any such event taking shape or form at any place of the Company's works or and its neighborhood.

10. The tendered all-inclusive Price (i.e. the Contract price) is Rs. _____
(Rupees _____ only.) but the Company shall pay the Contractor only for actual work done at the all inclusive rates set down in the Schedule of work part II of this Contract.

On account payment may be made, not oftener than monthly, upto the amount of 92.5% of the value of work done. Final payment will be made only after satisfactory completion of the work. Such final payment shall be based on the work actually done allowing for deviations and any deductions and the measurement shall be checked and certified correct by the Company's Engineer before any such final payment is made.

11. The contractor employing 20 (twenty) or more workmen on any day preceding 12 months shall be required to obtain requisite license at his cost from the appropriate Licensing Officer before undertaking any Contract work. The Contractor shall also observe the rules & regulations framed under the Contract Labour (Regulation & Abolition) Act.

12. Wages shall be paid by the Contractor to the workmen directly without any intervention of any Jamadars or Thekadars and that the Contractor shall ensure that no amount by way of commission or otherwise be deducted/ recovered by the Jamadar from the wages of the workmen.

13. The Company for any reason whatsoever and of which the company shall be sole judge may terminate this Contract with a 24 hours notice in writing to the Contractor and in the event of Company's so doing the clause 5 here of shall prevail and the accounts between the parties will be in accordance therewith finalized.

14. The Contractor will not be allowed to construct any structure (for storage / housing purpose) with thatch, bamboo or any other inflammable materials within any company's fenced area.

15. The Contractor shall ensure that all men engaged by him/her are provided with appropriate protective clothing and safety wear in accordance with regulation 89(a) and 89(b) in the Oil mines Regulations 1984. The Company's representative shall not allow/accept those men who are not provided with the same.

16. All Statutory taxes levied by the Central and State Government or any other competent authority from time to time will be borne by Contractor and the amount of the contract specified in the contract is inclusive of all tax liabilities. However, any subsequent increase in such statutory taxes after bid opening day will be borne by the Company. Similarly if there is any decrease in such statutory taxes after bid opening, the Company shall recover the decreased amount of such taxes from the contractor.

17. The Contractor shall deploy local persons in all works.

18. The Contractor shall not engage minor labour below 18 (eighteen) years of age under any circumstances.

19. The Contractor and his/her workmen shall strictly observe the rules and regulations as per Mines Act. (latest editions).

20. Special Conditions:-

a) The amount of retention money shall be released after 6(six) months from the date of issue of completion certificate from concerned department.

b) The contractor will be required to allow OIL Officials to inspect the work site and documents in respect of the workers' payment.

c) Contractor(s) whosoever is liable to be covered under the P.F. Act and contract cost is inclusive of P.F., must ensure strict compliance of provisions of Provident Fund and Miscellaneous Provisions Act, 1952 in addition to the various Acts mentioned elsewhere in this contract. Any contractor found violating these provisions will render themselves disqualified from any future tendering. As per terms of the contract, if applicable, the Contractor must deposit Provident Fund Contribution (covering Employee's & Employer's share) with the competent authority monthly under their direct code. The Contractor shall be required to submit documentary evidence of deposit of P.F. Contribution to the Company. In case of failure to provide such documentary evidence, the Company reserves the right to withhold the amount equivalent to 12% P.F. Contribution on wage component.

d) In case P.F. is not included in the contract cost and later on required to be deposited by the Contractor, the same will be reimbursed on production of documentary evidence of depositing the same to the authority concerned. 12% P.F. will be applicable on the wage component of the contract cost.

Based on contractor's declaration regarding P.F. & Wage component in last page of part-II, the same will be incorporated in the contract.

e) All safety precautions to be maintained by the Contractor at his own cost as per safety rules and regulations.

f) The Contractor shall use pump if needed for dewatering of pit while excavation for which no extra payment will be made.

g) The Contractor shall have to work during rainy seasons also.

h) Watch and ward, loss or damage to Company's property, theft and other incidental charges shall be Contractor's responsibility.

i) Efficient workmen to be engaged by the Contractor.

j) The Contractor's representative should report to Engineer-in-charge on all working day's at 7.00 A.M. and 3.00 P.M. for instructions.

k) Materials if rejected should be removed from site within 48(forty- eight) hours of rejection, failing which the Company reserves the right to get the rejected materials removed at the risk and cost of the Contractor.

l) The Company reserves the right to get the part or whole work complete at the risk and cost of the Contractor if he fails to complete the work within the stipulated time without any valid reason. The Company's decision shall be final and binding on the Contractor.

m) The Contractor shall obtain labour clearance within 7(seven) days of signing the Contract.

n) Water that may accumulate on the site during progress of the works or in trenches and excavations from other than accepted risks shall be removed from the site to entire satisfaction of the Engineer-in-charge and at the Contractor's expense.

o) The Contractor shall be in a position to execute 2(two) locations simultaneously.

p) If required, the Contractor shall have to work in two shifts for which no extra payment will be admissible to him/them.

q) If needed water and electricity will have to be arranged by the Contractor at his own cost.

r) The Contractor and his workmen are to be strictly observed the safety precautionary rules as per Mines Act (Latest edition) while executing the work.

s) The Contractor shall have to provide temporary latrine facilities in all the entire work site for use of their workmen during progress of work.

t) The contractor himself (the signatory of the contract) must visit the site at least twice in a week as fixed for taking necessary instruction from the Engineer-in charge.

u) The program of works to be submitted in the form of Bar Chart within 3 days of receipt of work order work twice in a week for necessary technical guidance and advices from Engineer- in-charge or site-in-charge.

WORKS CONTRACT

Special Conditions of Contract(SCC)

Tender No.: DCC3123L17

1.0 SCOPE OF WORK :

Brief specifications are given here under for general guidance purpose of the tenderers. The job scope includes replacement of existing CGI sheets with Precoated Galvanized Iron Profile Sheet PPGL Sheet, providing & fixing tiles, providing & fixing paver blocks in office of Head-Moran as per instruction of site engineer. It shall clearly be noted that the bidders are required to give their rates taking into consideration all aspects as per site requirements and specifications enclosed along with this tender document. Quoted offers shall be inclusive of all materials, labour and other taxes & lavies. Water and Power shall have to be arranged by the contractor for execution of the tendered work. The contractor shall be responsible to complete the entire work in all respects and also any other works necessary to complete the job though especially not covered in the scope of work.

1.1 Structural steel work riveted, bolted or welded in built up sections, trusses and framed work, including providing all materials, cutting, hoisting, fixing in position and applying a priming coat of approved steel primer all complete.

1.2 Providing and fixing precoated galvanised iron profile sheets (size, shape and pitch of corrugation as approved by Engineer-in-charge) 0.50 mm (+ 0.05 %), total coated thickness with zinc coating 120 grams per sqm as per IS: 277, in 240 mpa steel grade, 5-7 microns epoxy primer on both side of the sheet and polyestertop coat 15-18 microns. Sheet should have protective guard film of 25 microns minimum to avoid scratches during transportation and should be supplied insingle length upto 12 metre or as desired by Engineer-in-charge. The sheet shallbe fixed using self drilling /self tapping screws of size (5.5x 55 mm) with EPDM seal, complete upto any pitch in Horizontal/ vertical or curved surfaces, excluding the cost of purlins, rafters and trusses and including cutting to size and shape wherever required.

1.3. Providing and fixing precoated galvanised steel sheet roofing accessories 0.50 mm (+ 0.05 %) total coated thickness, Zinc coating 120 grams per sqm as per IS: mm (+ 0.05 %) total coated thickness, Zinc coating 120 grams per sqm as per IS: 277, in 240 mpa steel grade, 5-7 microns epoxy primer on both side of the sheet and polyester top coat 15-18 microns using self drilling/ self tapping screws .complete Ridges plain (500 - 600 mm).

1.4 Providing and fixing 1st quality ceramic glazed wall tiles conforming to IS: 15622 (thickness to be specified by the manufacturer), of approved make, in all colours, shades except burgundy, bottle green, black of any size as approved by Engineer-in-Charge, in skirting, risers of steps and dados, over 12 mm thick bed of cement mortar 1:3 (1 cement : 3 coarse sand) and jointing with grey cement slurry @ 3.3 kg per sqm, including pointing in white cement mixed with pigment of matching shade complete.

1.5 Providing and laying vitrified floor tiles in different sizes (thickness to be specified by the manufacturer) with water absorption less than 0.08% and conforming to IS : 15622, of approved make, in all colours and shades, laid on 20 mm thick cement mortar 1:4 (1 cement : 4 coarse sand), including grouting the joints with white cement and matching pigments etc., complete.

1.6 CEMENT CONCRETE(C.C.):

(a) Cement concrete work in 1:3:6 shall be done with broken stone of 20 mm nominal size.

1.7 PLASTERING

(i) 12 mm thick cement plaster (1:4) on all surface. Surface to be plastered shall be scrubbed clean with wire brush to remove efflorescence etc. and shall be kept wet for minimum 6 hrs. before application of plaster. After completion of the work curing shall be done for a minimum of 7 days.

1.8 CURING

Concrete & plaster surface shall be carefully protected during first stage of hardening from harmful effects or excessive heat, drying winds, rain or running water and shock. It shall be covered with a layer of sacking, sand, canvas, hessian or similar absorbent materials and kept constantly wet for ten days from the date of placing of concrete and plastering . Alternatively, the concrete being thoroughly wetted and covered by layer of approved waterproof material which should be kept in contact with it for seven days.

1.9 WATER

Water for mixing cement mortar or concrete shall not be salty or blackish and shall be clean, reasonably clear and free from objectionable quantity of silt and traces of oil, acid, injurious alkali, salts, organic matter and other deleterious materials which will either weaken the mortar or concrete or causes efflorescence or attack the steel in reinforced cement concrete. Water shall be obtained from sources approved by the Site Engineer. Potable water is generally considered satisfactory for mixing and curing concrete mortar masonry etc. Where water other than from main source is used this shall be tested in an approved testing laboratory to establish its suitability. All charges connected there with shall be borne by the contractors.

1.10 STORAGE

Cement in bags shall be stored on wooden platforms minimum 200 MM above the floor level and minimum 600 MM above the ground level whichever is higher, in perfectly dry and watertight sheds. The cement shall be stacked not more than eight bags high and in a manner to facilitate their removal and use in the order in which they are received. Cement bags shall be stacked at least 450 MM clear off the walls and the space between the consecutive two rows shall not be less than 600 MM.

Storage of cement at the work site shall be at the Contractor's cost and risk. Any damage occurring to the cement due to faulty storage or negligence on his/her/their part shall not be used in the work and shall have to inform immediately the engineer-in-charge in writing. The cost will be at the charge of the contractor concerned.

The contractor shall keep proper records on site in respect of daily consumption of company materials in binded book.

2.0 SPECIAL INSTRUCTION TO THE CONTRACTOR

2.1 Watch and ward, loss or damage to Company's property's theft and other incidental charges shall be Contractor's responsibility.

2.2 Efficient workmen to be engaged by the Contractor.

2.3 The Contractor's representative should report to Engineer-in charge on all working day's at 7.30 AM for day to day instruction.

2.4 Materials if rejected should be removed from site within 48(forty eight) hours of rejection, failing which the company reserves the right to get the rejected materials removed at the risk and cost of the contractor.

2.5 The Company reserves the right to get the part or whole work completed through other agency at the risk and cost of the contractor if he fails to complete the work within the stipulated time without any valid reasons. The Company's decision shall be final and binding on the Contractor.

2.6 The Contractor shall obtain labour clearance within seven(07) day's of signing the contract.

2.7 The Contractor and his workmen have to strictly observe the safety precautionary rules as per Mines Act.(Latest edition) while executing the work.

2.8 The Contractor will be required to work expeditiously at the site and must visit the site before tendering.

2.9 Signatory of the contract agreement must attend at site of work at least once in a week along with the Engineer-in-charge for necessary instruction/advice.

2.10 Hot and Cold permit, Gas leakage testing certificate issued by the Concerned Department to be submitted by the contractor to Engineer-in-charge.

2.11 The contractor should submit the work program in form of a bar chart within 3 days of receipt of work order.

2.12 The security of materials issued to the contractor in connection with the work is the responsibility of the contractor, for which no extra payment will be made.

2.13 All materials supply by the contractor must be approved by Engineer-in-charge and necessary test certificate from a competent authority for Steel to be used at the Foundation jobs will have to be produced by the Contractor.

2.14 Company's internal estimate is excluding of PF component.

2.15 The contractor has to work during Rainy seasons also.

3.0 Equipments Required:

(i) Welding Set = 1 No.

4.0 HSE POINTS TO BE INCORPORATED IN THE CONTRACT

(i) It will be solely the Contractors responsibility to fulfill all the legal formalities with respect to the Health ,Safety and Environmental aspects of the entire job (namely, the person employed by him, the equipment, the environment etc.) under the jurisdiction of the district of that state where it is operating. The Contractor have to Ensure that all persons hired by him should comply with the same requirement as the contractor himself and shall be liable for ensuring compliance.

(ii) Every person deployed by the contractor in a mine must wear safety gadgets to be provided by the contractor. The Contractor shall provide proper Personnel Protective Equipment as per the hazard identified and risk assessed for the job and conforming to statutory requirement and company PPE schedule. Safety appliances like protective footwear, Safety Helmet and Full Body harness has to be DGMS approved. Necessary supportive document shall have to be submitted as proof. If the Contractor fails to provide the safety items as mentioned above to the working personnel, the Contractor may apply to the Company (OIL) for providing the same. OIL will provide the safety items, if available. But in turn, OIL will recover the actual cost of the items by deducting from Contractor's Bill. However, it will be the Contractors sole responsibility to ensure that the persons engaged by him in the mines use the proper PPE while at work.

(iii) All the safety gears mentioned above are to be provided to the working personnel before commencement of the work.

(iv) The Contractor shall prepare written Safe Operating Procedure (SOP) for the work to be carried out, including an assessment of risk, wherever possible and safe methods to deal with it/them. The SOP should clearly state the risk arising to person concern, machineries & material from the mining operation /operations to be done by the contractor and how it is to be managed.

- (v) The contractor shall provide a copy of the SOP to the person designated by the mine owner who shall be supervising the contractor's work.
- (vi) Contractor has to ensure that all work is carried out in accordance with the Statute and SOP and for the purpose he may deploy adequate qualified and competent personnel for the purpose of carrying out the job in a safe manner. For work of a specified scope/nature, he should develop and provide to the mine owner a site specific code of practice in line .
- (vii) It will be entirely the responsibility of the Contractor/his Supervisor/representative to ensure strict adherence to all HSE measures and statutory rules during operation in OILs installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Installation Manager / Safety Officer / Engineer / Official / Supervisor/Junior Engineer for safe operation.
- (viii) Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.
- (ix) Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor only.
- (x) The contractor shall have to report all incidents including near miss to Installation Manager / departmental representative of the concerned department of OIL.
- (xi) The contractor has to keep a register of the persons employed by him/her. The contractor's supervisor shall take and maintain attendance of his men every day for the work, punctually.
- (xii) If the company arranges any safety class / training for the working personnel at site (company employee, contractor worker, etc) the contractor will not have any objection to any such training.
- (xiii) To arrange daily tool box meeting and regular site safety meetings and maintain records.
- (xiv) Records of daily attendance, accident report etc. are to be maintained in Form B, E, J (as per Mines Rules 1955) by the contractor .
- (xv) A contractor employee must, while at work, take reasonable care for the health and safety of people who are at the employees place of work and who may be affected by the employees act or omissions at work.
- (xvi) A contractor employee must, while at work, cooperate with his or her employer or other persons so far as is necessary to enable compliance with any requirement under the act or the regulations that is imposed in the interest of health, safety and welfare of the employee or any other person.
- (xvii) Contractors arrangements for health and safety management shall be consistent with those for the mine owner.
- (xviii) In case Contractor is found non-compliant of HSE laws as required company will have the right for directing the contractor to take action to comply with the requirements, and for further non-compliance, the contractor will be penalized prevailing relevant Acts/Rules/Regulations.
- (xix) When there is a significant risk to health ,environment or safety of a person or place arising because of a non-compliance of HSE measures company will have the right to direct the contractor to cease work until the non-compliance is corrected.
- (xx) The contractor should prevent the frequent change of his contractual employees as far as practicable.
- (xxi)The contractor should frame a mutually agreed bridging document between OIL & the contractor with roles and responsibilities clearly defined.

(xxii) For any HSE matters not specified in the contract document, the contractor will abide by the relevant and prevailing Acts/rules/regulations/pertaining to Health, Safety and Environment.

5.0 Company's Internal Estimate is inclusive of all overheads, taxes, duties, levies etc. except PF & Service Tax.

6.0 Defect Liability Period is 6 months beyond completion of complete works as certified by Engineer-in-charge.

7.0 Company reserves the right to debar the bidder / contractor during processing of tender and / or during continuation of the contract on commission or omission on the part of the bidder / contractor as under:

- a) Has indulged in malpractices, bribery, fraud, pilferage.
- b) Is bankrupt or is being dissolved or resolved to be wound up or proceedings for winding up or dissolution have been instituted.
- c) Has furnished false information / statement / declaration and / or forged document / certificate.
- d) Has substituted materials in lieu of materials supplied by OIL or has not returned or has short returned or has unauthorized disposed-off materials / documents / drawings / tools or plants or equipment supplied by OIL.
- e) Has obtained official Company information or copies of documents in relation to the tender / contract by dubious methods / means.
- f) Has deliberately violated and circumvented the provisions of labour laws / regulations / rules, safety norms or other statutory requirements.
- g) Has indulged in construction and erection of defective works or supply of defective materials/services and not made good of the defects within reasonable time in spite of follow-up by Company.
- h) Has not cleared OIL's previous dues.
- i) Has committed Breach of Contract or has failed to perform a contract or has abandoned the contract.
- j) Has refused to accept LOA / LOI / Purchase Order / Signing of the Contract after accepting LOA / Work Order after the same is issued by OIL within the period of Bid validity and as per agreed terms & conditions.
- k) After bid opening, withdraws / revises its bid within the period of bid validity for no valid reasons. However, reduction of quoted rate(s) / Bid price by L1 Bidder after the bid opening date shall not constitute ground for banning.
- l) Has parted with, leaked or provided confidential / proprietary information of OIL given to the party only for its use (in discharging its obligations against an order / contract) to any third party without prior consent of OIL.
- m) Use intimidation / threatening or brings undue outside pressure on the Company or its Official(s) for acceptance of its bid or acceptance of materials supplied or performance of the job under the contract / purchase order.
- n) If the Director / Owner / Proprietor / Partner of a party is convicted by a court of law for offences involving moral turpitude in relation to its business dealings during last five years.
- o) Poor performance of the supplier / contractor / service provider in one or several contracts / supplies affecting Company's operations.
- p) Any other ground for which, in the opinion of the Company makes it undesirable to deal with the party.
