ANNEXURE-I

Tender No. : SDG4260L15/06
Tender Date : 19.07.2014

- Special Notes :**
1. The items shall be brand new, unused & of prime quality. Bidder shall warrant (in the event of an order) that the product supplied will be free from all defects & fault in material, workmanship & manufacture and shall be in full conformity with ordered specifications. This clause shall be valid for 18 months from date of despatch/shipment or 12 months from date of receipt of the items at site which ever is earlier. The defective materials, if any, rejected by us shall be replaced by the supplier at their own expense in F.O.R. destination basis. Bidders must confirm the same while quoting.
 2. The minimum FOB/FCA charges in case of partial order for reduced quantity/ items shall have to be indicated by the bidder. In case this is not indicated specifically, the charges quoted would be prorata calculated and the same will be binding on the bidder.
 3. Bidders other than OEM (Original Equipment Manufacturer) must submit proper valid authorisation certificate alongwith the warranty back-up from OEM failing which offer shall be liable for rejection.
 4. Validity of the offers should be 120 days from the date of bid opening. Bids with lesser validity shall be rejected.
 5. The items covered by this tender shall be used by Oil India Limited in the PEL/ML areas which are issued/renewed after 01/04/99 and hence Nil Customs Duty during import will be applicable. Indigenous bidder shall be eligible for Deemed Export Benefit against this purchase. Details of Deemed Export are furnished vide Addendum to MM/GLOBAL/01/2005 enclosed.

General Note for the Bidders:

1. Rotary substitutes manufactured from AISI 4145 H modified alloy steel fully heat-treated to 285-341 Brinell hardness and 52 Joules minimum impact strength conforming to the requirement of API Spec 7-1. All connections are to be machined and finished to API standards. Thread roots are to be cold rolled are phosphatised, coated with lubricant and equipped with pressed steel thread protectors installed at both ends. A copy of valid API Spec 7-1 certificate must be forwarded along with the quotation.
2. All the substitutes shall be marked with the manufacturer's name or identification mark, API monogram, the inside diameter, the size & style of connection at each end and degree of Bend. The marking shall be die stamped on a marking recess located on the outside diameter of the substitute.
3. All rotary substitutes shall have API bore back box and / or API stress relief groove on pin ends (wherever applicable) as per API Spec 7-1.
4. Mill test report, ultrasonic test certificate etc. shall be furnished to OIL along with the supply in the event of an order. Bidders are to confirm the same in their quotation.
5. The quotation must be accompanied with relevant catalogue, literature, drawing, etc. failing which the offer will be liable for rejection. Drawing indicating length, OD, ID, Size & style of connection should be forwarded for each item.
6. Bidders are to clearly mention the name of the manufacturer & country of origin in their quotations.
7. Bidders should indicate their best possible delivery schedule. -
