130 09574366	Size : 25 mm (1")	800	NO

Special Notes : 1. Item must be brand new, unused, free from all defects and in ready to use condition. Bidder must confirm this in their offer.

2. Threads shall be inspected by original NPT / BSTPT (Master Gauge) for L.P. fittings and same should be categorically confirmed in the offer, failing which your offer may be ignored.

3. "Materials shall be inspected and certified by any one of the OIL authorized third party inspection agencies viz. M/s. BV / IRS / LRIS / RITES / DNV or by our inspection engineer based at Kolkata prior to despatch. Bidders must quote the inspection charges separately in % (percentage) in the offer for evaluation of offer, failing which it shall be construed that the quoted rates are inclusive of 3rd party inspection charges."(OIL reserves the right to decide inspection by 3rd party inspection agency or by OIL inspection Engineer based at Kolkata at the time of ordering.)

When a bidder mentions third party inspection charges as extra without specifying the amount, the offer will be loaded with maximum value towards third party inspection charges quoted against the tender for comparison purposes. If the bidder emerges as lowest bidder after such loading and in the event of order on that bidder, third party inspection charges mentioned by OIL on the Purchase Order will be binding on the bidder. Please also quote minimum TPI charges in case of part order or the same will be calculated on pro-rata basis.

4. Scope of inspection will be as per Annexure A & C enclosed.
5. All fittings must be thoroughly cleaned, dried and properly greased prior to despatch.
6. OIL's P.O. Number, size of material packed and bag/ crate number should be clearly written on the gunny bag / crate with a marker pen and a card containing details of the content viz. OIL's P.O. No., item No., quantity, size of material, challan reference etc. must be tagged to the bag / crate securely. A copy of the tag should also be kept inside the bag / crate to enable the receiving personnel at Duliajan to properly account for the goods. Weight of each bag / crate shall not exceed 40 kg.
7. In case of order for more than one item, each item must be packed individually as above. In case consignment of mixed items is booked, the segregation shall be done at receiving point at supplier's cost. The amount decided by OIL for the same shall be final and binding on the supplier.
8. Guarantee / Warranty certificate for one year will be required along with the supply.
9. Deviation if any must be clearly spelt out in the offer.
10. Validity of offer: 75 days from the date of tender opening. Offer with validity less than 75 days will be rejected.

ENQUIRY / ORDER NO : KIS0398216/05

दिनांक :

DATE : 29/2/16

SUB : Scope of Inspection for Low Pressure (150 CLASS) Pipe Fittings & High Pressure (300 CLASS & ABOVE) Straight Nipples Except Flanges & MCI Fittings.

1. Original Mill Test Certificates for raw material i. e. rolled bar / billet / pipe to be shown to Inspector for verification of certificate and co-relation with heat numbers/batch numbers of material. Certified copies of the certificates must be forwarded to us for record.
2. Heat Treatment (where specified material is ASTM A- 234).
Materials are to be heat treated properly before machining. Necessary heat treatment graph chart and certificate to be produced at the time of inspection.
3. One/ two piece(s) against each lot and size after formation and after heat treatment (if heat treated) of the product will be selected and stamped by Inspector for physical and chemical testing. For Bend below 2", Butt Weld Elbow & Tee below 4", Swadge Nipple and Butt Weld Reducer, physical testing (only hardness) and chemical testing will be carried out. Physical testing of the materials at Govt. approved Laboratories / OIL approved Laboratories will be witnessed and certified by Inspector.
4. For galvanized fittings galvanising should be made by hot dip galvanizing method properly before making the thread.
5. Dimensional check (min 15% of the offered quantity) will be done as per the relevant standard / code / specification/ OIL approved drawings by Inspector and it must be certified by them.
6. All the threads must be gauged and checked as per relevant original master gauges and certified by Inspector.
7. **Hydraulic Test :** Finished materials (min. 10% of the offered quantity) will be tested hydraulically at 1.5 times of working pressure or specified test pressure as per specification in presence of Inspector. Inspector must write the number of pieces tested and test pressure in the Inspection Certificate (Not applicable for Butt Weld fittings).
8. Each and every piece must bear Identification mark of manufacturer, size, class, pr. rating, heat No. etc.
9. All the certificates (original + 2 certified copies) should be checked, verified and signed by Inspector under official seal and must be submitted along with despatch documents.
