8.1 These are as per BEC/BRC

9.0 PERIOD OF VALIDITY OF BIDS:

9.1 Bids shall remain valid for 180 days from the date of bid opening.

9.2 In exceptional circumstances, the OIL may solicit the Bidder's consent to an extension of the period of validity. The request and the response thereto shall be made in writing (or by Fax). A Bidder may refuse the request without forfeiting its Bid Security. A Bidder granting the request will neither be required nor permitted to modify their bid.

10.0 FORMAT AND SIGNING OF BID:

10.1 The original and all copies of the bid shall be typed or written in indelible inks and shall be signed(digitally) by the Bidder or a person or persons duly authorized to bind the Bidder to the contract.

11.0 SUBMISSION OF BIDS.

11.1 Bids are to be submitted online through OIL's E-procurement portal with digital signature. The bid and all attached documents should be digitally signed by the bidder using "Class 3" digital certificates [e commerce application (Certificate with personal verification and Organisation Name)] as per Indian IT Act 2000 obtained from the licensed Certifying Authorities operating under the Root Certifying Authority of India(RCAI), Controller of Certifying Authorities(CCA) of India before bid is uploaded.

The bid including all uploaded documents shall be digitally signed by duly authorized representative of the bidder to bind the Bidder to the contract. The authenticity of above digital signature shall be verified through authorized CA after bid opening and in case the digital signature is not of "Class-3" with organization name, the bid will be rejected.

Bidder is responsible for ensuring the validity of digital signature and it's proper usage by their employees.

11.2 Any person signing the Bid or any other document in respect of this Bid Document or other relevant documents on behalf of the Bidder without disclosing his authority to do so shall be deemed to have the authority to bind the Bidder. If it is discovered at any time that the person so signing has no authority to do so, the Company(OIL) may, without prejudice to any other right or remedy, cancel his Bid or Contract and hold the Bidder liable to the Company(OIL) for all costs and damages arising from the cancellation of the Bid or Contract including any loss which the Company(OIL) may sustain on account thereof.

11.2 Timely submission of the bids is the responsibility of the Bidder should be submitted before the bid closing date and time. Company shall not be responsible for any delay.

11.3 E-mail/ Fax/ Telex/Telegraphic/Telephonic offers will not be accepted.

11.4 Bidder shall submit the Bid, duly completed in terms of the Bid Document.

12.0 DEADLINE FOR SUBMISSION OF BIDS:

12.1 Bids should be submitted on-line up to 11.00 AM(IST)(Server Time) on the Bid Closing date mentioned in the Forwarding Letter. Bidders will be permitted by System to make any changes in their bid after the bid has been uploaded by the bidder prior to the date and time as mentioned in the bid. But no changes would be allowed by the system once the due date and for submission of bids has been reached and bids are opened.

12.2 No bid can be submitted after the submission date line is reached. The system time displayed on the e-procurement web page shall decide the submission dead line.

12.3 The documents in physical form must be received by Company at the address specified in the "Forwarding Letter" on or before the Bid Closing Date & Time mentioned in the "Forwarding Letter". Timely delivery of the same at the address mentioned in the Forwarding Letter is the responsibility of the Bidders.

13.0 LATE BIDS:

13.1 Bidders are advised in their own interest to ensure that their bids are uploaded in system before the closing date and time of the bid. Any Bid received by the Company after the Bid Closing Date & Time stipulated by the Company shall be rejected.

14.0 MODIFICATION AND WITHDRAWAL OF BIDS:

14.1 Bidders will be permitted by System to make any changes in their bid after the bid has been uploaded by the bidder prior to the date and time as mentioned in the bid. But no changes would be allowed by the system once the due date and for submission of bids has been reached and bids are opened.

14.2 No bid can be modified / withdrawn subsequent to the deadline for submission of bids.

14.4 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiry of the period of bid validity specified by

the Bidder on the Bid Form. Withdrawal of a bid during this interval shall result in the Bidder's forfeiture of its Bid Security.

15.0 EXTENSION OF BID SUBMISSION DATE :

15.1 Normally no request for extension of Bid Closing Date & Time will be entertained. However, OIL at its discretion, may extend the Bid Closing Date and/or Time due to any reasons. In case of receipt of only one Bid on the Bid Closing Date and Time, OIL may extend the Bid Closing /Opening Date by 2(two) weeks. However, the bidder whose bid has been received within the bid closing date and time, will not be allowed to revise their Bid/prices. Withdrawal of such Bid also will not be permitted by the system.

16.0 BID OPENING AND EVALUATION:

16.1 OIL shall open the Bids, in the presence of Bidder's representatives who choose to attend at the date, time and place mentioned in the Covering Letter. However, an authorization letter (as per Performa-I) from the bidder must be produced by the Bidder's representative at the time of bid opening. Unless this Letter is presented, the representative will not be allowed to attend the bid opening. The Bidder's representatives who are allowed to attend the bid opening shall sign a register evidencing their attendance. Only one representative against each bid will be allowed to attend. **In technical bid opening date, only Technical RFx will be allowed to open by the system.** Bidders therefore should ensure that techno-Commercial bid is uploaded under the **Technical RFx** Tab Page only and no price should be mentioned anywhere under the **Technical RFx**.

16.2 In case of any unscheduled holiday or Bandh on the Bid Opening Date, the Bids will be opened on the next full working day. Accordingly, Bid Closing Date / time will get extended up to the next working day and time.

16.3 Bid for which an acceptable notice of withdrawal has been received pursuant to clause 14.0 shall not be opened. OIL shall examine bids to determine whether they are complete, whether requisite Bid Securities have been furnished, whether documents have been properly signed and whether the bids are generally in order.

16.4 Bid opening shall be done as detailed in clauses 16.1 and 16.2 above

16.5 OIL shall prepare, for its own records, minutes of bid opening including the information disclosed to those present in accordance with the sub-clause 16.3

16.6 To assist in the examination, evaluation and comparison of bids, normally no clarifications shall be sought from the Bidders. However, for assisting in the evaluation of the bids especially on the issues where the Bidder confirms compliance in the evaluation and contradiction exists on the same issues due to lack of required supporting documents in the Bid(i.e. document is deficient or missing), or due to some statement at other place of the Bid(i.e. reconfirmation of confirmation) or vice versa, clarifications may be sought by OIL at its discretion. The request for clarification and the response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.

16.7 Prior to the detailed evaluation, OIL will determine the substantial responsiveness of each bid to the requirement of the Bidding Documents. For purpose of these paragraphs, a substantially responsive bid is one, which conforms to all the terms and conditions of the Bidding Document without material deviations or reservation. A material deviation or reservation is one which affects in any way substantial way the scope, quality, or performance of work, or which limits in any substantial way, in-consistent way with the bidding documents, the Company's right or the bidder's obligations under the contract, and the rectification of which deviation or reservation would affect unfairly the competitive position of other bidders presenting substantial responsive bids. OIL's determination of bid's responsiveness is to be based on the contents of the Bid itself without recourse to extrinsic evidence.

16.8 A Bid determined as not substantially responsive will be rejected by the Company and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

16.9 The Company may waive minor informality or nonconformity or irregularity in a bid, which does not constitute a material deviation, provided such waiver, does not prejudice or affect the relative ranking of any Bidder.

17.0 EVALUATION AND COMPARISON OF BIDS:

17.1 The OIL will evaluate and compare the bids as per Priced Bid Format of the bidding documents.

17.2 DISCOUNTS / REBATES: Unconditional discounts/rebates, if any, given in the bid or along with the bid will be considered for evaluation.

17.3 Post bid or conditional discounts/rebates offered by any bidder shall not be considered for evaluation of bids. However, if the lowest bidder happens to be the final acceptable bidder for award of contract, and if they have offered any discounts/rebates, the contract shall be awarded after taking into account such discounts/rebates.

18.0 CONTACTING THE COMPANY:

18.1 Except as otherwise provided in Clause 14.0 above, no Bidder shall contact OIL on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded except as required by OIL vide sub-clause 16.6.

18.2 An effort by a Bidder to influence OIL in the bid evaluation, bid comparison or Contract award decisions may result in the rejection of their bid.

19.0 AWARD CRITERIA:

19.1 OIL will award the Contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined as the lowest evaluated bid, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.

20.0 OIL' S RIGHT TO ACCEPT OR REJECT ANY BID:

20.1 OIL reserves the right to accept or reject any or all bids and to annul the bidding process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder, or bidders or any obligation to inform the affected bidder of the grounds for OIL's action.

21.0 NOTIFICATION OF AWARD:

21.1 Prior to the expiry of the period of bid validity or extended validity, OIL will notify the successful Bidder in writing by registered letter or by cable or telex or fax or e-mail (to be confirmed in writing by registered / couriered letter) that its bid has been accepted.

21.2 The notification of award will constitute the formation of the Contract.

22.0 SIGNING OF CONTRACT:

10.0 **CHANGES:**

- 10.1 During the performance of the work, Company may make a change in the work within the general scope of this Contract including, but not limited to, changes in methodology, and minor additions to or deletions from the work to be performed. Contractor shall perform the work as changed. Changes of this nature will be affected by written order (Change Order) by the Company.
- 10.2 If any change result in an increase in compensation due to Contractor or in a credit due to Company, Contractor shall submit to Company an estimate of the amount of such compensation or credit in a form prescribed by Company. Such estimates shall be based on the rates shown in the Schedule of Rates (Section IV). Upon review of Contractor's estimate, Contractor shall establish and set forth in the Change Order the amount of the compensation or credit for the change or a basis for determining a reasonable compensation or credit for the change. If Contractor disagrees with compensation or credit set forth in the Change Order, Contractor shall nevertheless perform the work as changed, and the parties will resolve the dispute in accordance with Clause 13 hereunder. Contractor's performance of the work as changed will not prejudice Contractor's request for additional compensation for work performed under the Change Order.

11.0 **FORCE MAJEURE:**

- 11.1 In the event of either party being rendered unable by 'Force Majeure' to perform any obligation required to be performed by them under the contract, the relative obligation of the party affected by such 'Force

Majeure' will stand suspended as provided herein. The word 'Force Majeure' as employed herein shall mean acts of God, war, revolt, agitation, strikes, riot, fire, flood, sabotage, civil commotion, road barricade (but not due to interference of employment problem of the Contractor) and any other cause, whether of kind herein enumerated or otherwise which are not within the control of the party to the contract and which renders performance of the contract by the said party impossible.

11.2 Upon occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing within Seventy Two (72) hours of the alleged beginning and ending thereof, giving full particulars and satisfactory evidence in support of its claim.

11.3 Should 'force majeure' condition as stated above occurs and should the same be notified within seventy two (72) hours after its occurrence the 'force majeure rate' shall apply for the first fifteen days. Either party will have the right to terminate the contract if such 'force majeure' condition continues beyond fifteen (15) days with prior written notice. Should either party decide not to terminate the contract even under such condition, no payment would apply after expiry of fifteen (15) days period unless otherwise agreed to. Time for performance of the relative obligation suspended by the 'Force Majeure' shall then stand extended by the period for which such cause lasts.

12.0 **TERMINATION:**

12.1 **TERMINATION ON EXPIRY OF THE TERMS (DURATION):** This contract shall be deemed to have been automatically terminated on the expiry of duration of the contract or extension, if any.

12.3 **TERMINATION ON ACCOUNT OF INSOLVENCY:** In the event that the Contractor at any time during the term of this Contract, becomes insolvent or makes a voluntary assignment of its assets for the benefit of creditors or is adjudged bankrupt, then the Company shall, by a notice in writing have the right to terminate this Contract and all the Contractor's rights and privileges hereunder, shall stand terminated forthwith.

12.4 **TERMINATION FOR UNSATISFACTORY PERFORMANCE:** If the Company considers that, the performance of the Contractor is unsatisfactory, or not up to the expected standard, the Company shall notify the Contractor in writing and specify in details the cause of the dissatisfaction. The Company shall have the option to terminate this

Contract by giving 15 days notice in writing to the Contractor, if Contractor fails to comply with the requisitions contained in the said written notice issued by the Company,

- 12.5 **TERMINATION DUE TO CHANGE OF OWNERSHIP & ASSIGNMENT:**
In case the Contractor's rights and /or obligations under this Contract and/or the Contractor's rights, title and interest to the equipment/material, are transferred or assigned without the Company's consent, the Company may at its absolute discretion, terminate this Contract.
- 12.6 If at any time during the term of this Contract, breakdown of Contractor's equipment results in Contractors being unable to perform their obligations hereunder for a period of 15 successive days, Company at its option, may terminate this Contract in its entirety without any further right or obligation on the part of the Company, except for the payment of money then due. No notice shall be served by the Company under the condition stated above.
- 12.7 Notwithstanding any provisions herein to the contrary, the Contract may be terminated at any time by the company on giving 15 (fifteen) days written notice to the Contractor due to any other reason not covered under the above clause from 12.1 to 12.6 and in the event of such termination the Company shall not be liable to pay any cost or damage to the Contractor except for payment of services as per the Contract upto the date of termination.
- 12.8 **CONSEQUENCES OF TERMINATION:** In all cases of termination herein set forth, the relative obligations of the parties to the Contract shall be limited to the period up to the date of termination. Notwithstanding the termination of this Contract, the parties shall continue to be bound by the provisions of this Contract that reasonably require some action or forbearance after such termination.
- 12.9 Upon termination of this Contract, Contractor shall return to Company all of Company's items, which are at the time in Contractor's possession.
- 12.10 In the event of termination of contract, Company will issue Notice of termination of the contract with date or event after which the contract will be terminated. The contract shall then stand terminated and the Contractor shall demobilize their personnel & materials.
- 13.0 **SETTLEMENT OF DISPUTES AND ARBITRATION:**
- 13.1 All disputes or differences whatsoever arising between the parties out of or relating to the construction, meaning and operation or effect of this contract or the breach thereof shall be settled by arbitration in accordance with the Rules of Indian Arbitration and Conciliation Act, 1996. The venue of arbitration will be Duliajan, Assam. The award made in pursuance thereof shall be binding on the parties.

Special terms and conditions

SCOPE OF WORK

Name of Work:

Handling of oily sludge (Lifting, loading, transportation unloading, processing & disposal) from various production installations in the Naharkatia, Greater Tengakhat Area (GTA), Moran and Eastern Producing Area (EPA) fields of Oil India Limited (OIL) on lump sum turnkey basis.

Carry out de-oiling of 5000 M3 oily sludge available at various production installations in the Naharkatia, Moran and Eastern Producing Area (EPA) fields of Oil India Limited (OIL) using mechanized /chemical /combination processing system on turnkey basis. The work handling of oily sludge includes Lifting, Loading, Transporting and Unloading of oily sludge from pits/lagoons and its processing thereafter. Processing includes separation of debris, sediments/solids, water and maximum recovery of hydrocarbon for recycling.

The processing units/equipment should be brought and re-assembled near the Work Site Feeding of the sludge to the vendor's processing units is to be done by the vendor from the Pit/Lagoon using an appropriate mechanism. The process must have appropriate debris handling facility/equipment. After completion of work, contractor is required to demobilize their plant/equipment from OIL's premises. All electrical, piping, civil work including fencing of the site, if required is included in scope of work.

The effluent from processed sludge is to be stored in PCC pit, to be constructed by the contractor, lined with HDPE sheet required thickness to meet the APCB/CPCB requirement. The solid waste from processed sludge is to be stored in a pit at the designated site (identified by OIL) and handed over to OIL covered with a layer of earth for further bio-remediation.

A. Technical Part of Special Conditions of the Contract:-

Contractor's scope for the above work includes but not limited to:

1. Carry out de-oiling of approx. 5000 M3 oily sludge available at various production installations in the Naharkatia, Moran and Eastern Producing Area (EPA) fields of Oil India Limited (OIL) using mechanized /chemical /combination processing system on turnkey basis. The work includes recovery of hydrocarbon from oily sludge after separation of debris, sediments/solids and effluent. The system should be based on mechanical/chemical/combination methods of separation.

2. The contractor shall lift, load and transport the oily sludge from pits/lagoons/open tanks located in various production installations in the

Naharkatia, Moran and Eastern Producing Area (EPA) fields of Oil India Limited (OIL) and unload it at centralized location in Greater Tengakhat Area (GTA) / Naharkatia field / Eastern Producing Area (EPA) field for processing. It is contractor's responsibility to adopt appropriate mechanism to lift and load the sludge to the satisfaction of OIL. The sludge may be in liquid/waxy/semi-solid/solid/cake/layer form in the pit/lagoon /open tanks at well site /installations. Arranging necessary mobile steaming unit for lifting the sludge lying in various pits etc shall be the responsibility of the contractor. Authorizations / Clearance for transportation/handling of oily sludge from statutory body shall be responsibility of the contractor.

3. Approx. 5000 M3 oily sludge available at various production installations in the Naharkatia, Moran and Eastern Producing Area (EPA) fields of Oil India Limited (OIL) and additional / unforeseen quantity from other areas. Details of the sites of pits/lagoons of Naharkatia, Moran and Eastern Producing Area (EPA) fields have been provided at Exhibit-1. List is indicative only, which may be changed as per operational requirement during execution of the contract.

4. Naharkatia field includes CTF-Duliajan, OCS (1,2,3,4,5,6,8,Joypur, Kathalguri, Lankhashi, Jorajan, Nagajan, PS1-Kathalguri, CBUS, GTA (Tengakhat, Dikom, Katholoni, Bhogpara, HJC, DIAN, Hatilai, Chabua, Balijan, Bhekulajan etc. Moran field includes CTF-Moran, Shalmari OCS-1 & 2, Loc.MFC & DGD, Moran OCS-1 & 2 etc. Eastern Producing Area (EPA) field includes Digboi, Makum, Hapjan, Baghjan & Barekuri etc

5. Due to operational reasons, it is difficult to estimate the exact quantity of oily sludge for lifting, loading, transportation and processing. However, the minimum quantity of oily sludge for processing shall be 3000 M3 and for purpose of lifting, loading, transportation shall be 5000 M3.

6. In case quantity of sludge from either of the fields is less than the quantity indicated above, the same quantity to be taken from other field. Location of sites/pits/lagoons may be changed within a field as per requirement during execution of the contract, payment would be made as per the actual quantity processed.

7. The processing units/equipment should be brought and re-assembled near the work-site. Feeding of the sludge to the contractor's processing unit is to be done by the contractor from the Pit/Lagoon using an appropriate mechanism.

8. Contractor has to submit Process methodology in details including PFD/P&ID, footprint area of the plant etc. for processing of the oily sludge proposed to be adopted for the work along with the bid.

9. Within 15 working days of issuance of Letter of Acceptance, the contractor shall submit and obtain approval from OIL, the detailed schedule for various activities in completion of work.

10. The Contractor shall carry out a post-award site survey prior to the commencement of the work to assess the total quantum of work.

11. The process must have appropriate debris handling and proper separation of oil-water emulsion facility.
12. The processing plant/process to be designed for capacity of at least 20 M3 sludge per day.
13. Contractor should undertake to recover maximum possible hydrocarbon present in the sludge so that the separated solids to have oil less than 10 % (W/W) and the recovered oil after processing of sludge to have BS&W less than 8 % (V/V) based upon the test. The oil content in separated effluent shall have to be less than 100 PPM.
14. Quantity of sludge lifted from the pit for processing to be arrived at, after draining the free water from the sludge by giving a settling time of at least 8 hrs. The sludge quantity to be measured in collection/treatment tank prior to commencement of processing for payment purpose. The calibrated tank used for measurement of sludge for payment purpose is to be calibrated by Weights & Measures department and calculation chart is to be submitted to OIL.
15. OIL will provide crude oil as solvent for process requirement through one of its designated storage tank at site for contractor and would take delivery of recovered hydrocarbon with solvent at site in a separate Tank. Accounting will be done by tank gauging. Volume of crude oil as solvent is to be deducted from total volume of recovered oil for accounting. Contractor to install piping from OIL tank to its plant with pumping facility, however OIL may consider supplying only required pipes as free issue for connection between tank and plant which contractor has to take delivery from OIL storage yard and complete the laying.
16. Before dispatching the recovered crude to OIL, sample to be taken in the presence of OIL representative and tested in OIL Laboratory jointly and to be dispatched after OIL clearance.
17. The contractor and their sub-contractor must comply with all applicable regulation /standards/codes as per requirement of following various statutory agencies, but not limited to -
 - ¢ Equipment and materials in accordance with Director General of Mines Safety, India.
 - ¢ DGMS, Oil Mines Regulations, 1984 and relevant OISD standards.
 - ¢ Assam Pollution Control Board (APCB) /Central Pollution Control Board (CPCB).
 - ¢ It is the responsibility of the contractor to take approval/ authorization required for the necessary approval for processing methodology /equipment's from Pollution Control Board (APCB/CPCB).
18. After completion of work, contractor to demobilize all its plant from OIL's premises. All electrical, piping, civil work including fencing of the site, if required is included in the scope of work. The contractor has to recover & return the pipes issued to them free of cost for laying the line.

19. Final disposal of separated solids/sediments after processing sludge shall be the responsibility of contractor. Disposal of solid sludge material should be by transporting to the designated place within the plant area or outside the plant area as directed by the Engineer-in-charge/Installation Manager.

20. Final disposal of effluent water from the processing unit shall the responsibility of contractor. Disposal of effluent water after processing/cleaning of tank to be done into a pit near the centralized location of processing, to be constructed by the contractor. The contractor has to construct a PCC pit (civil structure) to accommodate the separated effluent as result of processing of 5000 M3 of oily sludge, as per the availability of land as directed by Engineer-in-charge/Installation Manager. The pit is to be lined with HDPE sheet as per PCB standards before disposing the effluent. The effluent shall transported/pumped to OIL's designated place for further treatment/disposal by OIL.

21. Electric power supply for the processing is in the scope of Contractor. The power cable, its laying and other electrical accessories has to be as per safety norms of OIL. Electrical accessories used by the contractor to be flame-proof and DGMS approved. However, OIL may provide required Electric power supply depending upon the availability on chargeable basis.

22. Contractor to arrange transport for oily sludge transportation from various pits to the centralized location for processing. All necessary statutory clearances/documents required from APCB/CPCB or any Govt. authority for the same shall be contractor's responsibility.

23. Contractor to give a declaration that his equipment will not fail metallurgical /structurally etc. during the operation period. The system to be safe in design and integrity. OIL representative to be authorized to regularly visit the contractor's plant and inspect as necessary.

Contractor's Responsibilities:

- a. All specialized tools & tackles, skilled and unskilled labour required for the completion of the job.
- b. Any other materials including consumables, testing appliances, tools and tackles necessary for completing the work shall be supplied by the contractor at his own cost.
- c. Arranging necessary mobile steaming unit for lifting the sludge lying in various pits etc. However, OIL may provide required steam supply depending upon the availability at the location of the plant on chargeable basis.
- d. Obtaining Authorizations / Clearance for transportation/handling of oily sludge from statutory body.
- e. Arranging Electric power requirement for the said job. The power cable, its laying and other electrical accessories has to be as per safety norms of OIL. Electrical accessories used by the contractor to be flame-proof and DGMS approved.
- f. All hoses with adequate clamps and fitting of various sizes.
- g. Heavy duty sludge lifting/trash pumps of adequate capacity for lifting sludge/oil water.
- h. Scaffolding material with clamps and wooden/metal planks as required.

- i. Mobilization of tools and equipment, preparation of site, construction of civil tanks, and approach road for the given job etc.
- j. Heavy crane, trailer and trucks for shifting and placement of equipment.
- k. All the electrical equipment should be flame proof & suitable for use in Zone-1. Extra lighting arrangement needs to be arranged by the vendor with flame proof fittings.
- l. Disposal of solid sludge material should be transported to the designated place within the plant area or outside the plant area as directed by the Engineer-in-charge/Installation Manager.
- m. Work Timing :
All jobs shall be performed within sunrise-to-sunset regular working hours of the installation. However in case of job with a extended hours, permit shall be issued accordingly at the direction of the Engineer-In-Charge / Installation Manager. Contractor shall deploy adequate manpower in all the shifts while carrying out emergency work. Contractor must follow Indian Mines Act 1952 and Labour Law for deployment and payment of wages to their personnel.
- n. All necessary arrangement for required water for operation of the plant, steam generators & operating personnel etc.

OIL'S Responsibilities:

OIL to provide the following facilities to the contractor:

- a. Identity place/location for one or two centralized pit(s) with sludge for processing as per scope of work defined.
- b. To provide space for contractor's plant and pit for processed sludge.
- c. To provide crude oil as solvent/diluents (in ratio of oil sludge to solvent/diluents, as per requirement of the process) which would be returned along with recovered hydrocarbon.
- d. To provide facility for testing of recovered crude, effluent and solid waste.
- e. However, any outage of OIL's utility for whatsoever reason shall not be quoted by the contractor for claiming L.D. free time extension.

Mobilization of Contractor's Plant & Contract Duration:

1. Contractor is to mobilize all resources and actually commence the sludge processing within 60 (Sixty) days from the date of receipt of order.
2. Contractor to complete the processing of contracted quantity of 5000 M3 of sludge within 14 (Fourteen) months including mobilization, lifting, transportation and processing.
3. After successful & satisfactory completion of the contracted quantity of sludge, OIL may extend the contract for a period of another 12 (twelve) months with the same rates, terms and condition depending on the availability of sludge.

However, the Contractor will make an all out effort to reduce time both for mobilization and processing time for 5000 M3 of sludge.

Special Conditions of the Contract (Technical):

1. Before dispatching the recovered crude to OIL, sample taken in the presence of OIL representative to be tested in OIL Laboratory jointly and to be dispatched after OIL clearance.
2. Contractor to arrange transport for sludge transportation from various pits to the centralized location of processing.
3. During sludge processing if any breakdown takes place or if any corrective action is advised by OIL representative pertaining to Operational, safety and environmental related matter, same has to be rectified within reasonable time otherwise OIL will have right to terminate the contract.
4. All the skilled supervising/operating/maintenance personnel employed by the contractor during the operation of the sludge processing plant should have at least 1(one) year experience in *similar line. *Similar line means the personal being employed for the said contracted job should have experience in handling of oily sludge in operating and maintaining such sludge processing units/process. Contractor to submit requisite documents i.e. list of personnel/Bio-data's/Proof of qualification/experience etc. proposed to be deployed during operation.
5. The contractor has to obtain the necessary approval/authorization required for handling /transportation/processing methodology/equipment's etc. from Pollution Control Boards (APCB/CPCB) under Hazardous Waste Management, Transboundary movement & Handling Rules 2008 and subsequent amendment thereof and certificate/approval to this effect is to be submitted along with the technical/un-priced bid.

If the contractor is unable to produce the approval/certificate at the time of submission of technical/un-priced bid, he has to submit an undertaking that same shall be submitted within a period of 2 (two) months from the date of LOI but before the arrival of equipment failing which permission for mobilization of processing unit may not be given. In case of delay beyond two and half months, OIL reserves its rights to terminate the contract.
6. Any change in personnel after mobilization has to be carried out with prior approval of OIL.
7. Contractor to take prior approval/consent of OIL, in writing, before hiring/engaging sub-contractor for the contract/part of contract. However, such consent shall not relieve the contractor from any obligation, duty or responsibility under the contract and contractor shall be fully responsible for the services/works hereunder and for the execution and performance of the contract.
8. Contractor to follow all safety/environmental related requirements, fire and work permit rules of OIL etc. in addition to following requirements of statutory authorities.

9. The OIL onshore facilities operate within the legal domain of India. The contractor and sub-contractor must comply with the all applicable regulations of India. These include but not limited to –

Ø Equipment and Materials in accordance with Directorate General of Mines Safety, India.

Ø DGMS, Oil Mines Regulations, 1984 and relevant OISD standards.

Ø Assam Pollution Control Board (APCB)/ Central Pollution Control Board (CPCB).
- Environmental Protection Act, 1986.

10. Contractor has to maintain proper house keeping all through and restore the area in original condition on completion of job.

11. Contractor has to maintain daily log of activity with proper quantity of material received /processed /delivered with timing and would provide a copy to OIL regularly. A weekly report of sludge processed and crude received/ delivered to be presented for verification and authentication to OIL representative.

General HSE points:

1. It will be solely the Contractor's responsibility to fulfill all the legal formalities with respect to the Health, Safety and Environmental aspects of the entire job (namely; the person employed by him, the equipment, the environment, etc.) under the jurisdiction of the district of that state where it is operating. . Ensure that all sub-contractors hired by him comply with the same requirement as the contractor himself and shall be liable for ensuring compliance all HSE laws by the sub or sub-sub contractors.

2. Every person deployed by the contractor in a mine must wear safety gadgets to be provided by the contractor. The Contractor shall provide proper Personnel Protective Equipment as per the hazard identified and risk assessed for the job and conforming to statutory requirement and company PPE schedule. Safety appliances like protective footwear, Safety Helmet and Full Body harness has to be DGMS approved. Necessary supportive document shall have to be submitted as proof. If the Contractor fails to provide the safety items as mentioned above to the working personnel, the Contractor may apply to the Company (OIL) for providing the same. OIL will provide the safety items, if available. But in turn, OIL will recover the actual cost of the items by deducting from Contractor's Bill. . However, it will be the Contractor's sole responsibility to ensure that the persons engaged by him in the mines use the proper PPE while at work.

3. All the safety gears mentioned above are to be provided to the working personnel before commencement of the work.

4. The Contractor shall prepare written Safe Operating Procedure (SOP) for the work to be carried out, including an assessment of risk, wherever possible and safe methods to deal with it/them. The SOP should clearly state the risk arising to men,

machineries & material from the mining operation / operations to be done by the contractor and how it is to be managed.

5. The contractor shall provide a copy of the SOP to the person designated by the mine owner who shall be supervising the contractor's work.

6. Keep an up to date SOP and provide a copy of changes to a person designated by the Mine Owner/Agent/Manager.

7. Contractor has to ensure that all work is carried out in accordance with the Statute and SOP and for the purpose he may deploy adequate qualified and competent personnel for the purpose of carrying out the job in a safe manner. For work of a specified scope/nature, he should develop and provide to the mine owner a site specific code of practice in line.

8. All persons deployed by the contractor for working in a mine must undergo Mines Vocational Training, initial medical examination, PME. They should be issued cards stating the name of the contractor and the work and its validity period, indicating status of MVT, IME & PME.

9. The contractor shall submit to DGMS returns indicating - Name of his firm, Registration number, Name and address of person heading the firm, Nature of work, type of deployment of work persons, Number of work persons deployed, how many work persons hold VT Certificate, how many work persons undergone IME and type of medical coverage given to the work persons.

10. The return shall be submitted quarterly (by 10th of April, July, October & January) for contracts of more than one year. However, for contracts of less than one year, returns shall be submitted monthly.

11. It will be entirely the responsibility of the Contractor/his Supervisor/representative to ensure strict adherence to all HSE measures and statutory rules during operation in OIL's installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Installation Manager / Safety Officer / Engineer / Official / Supervisor/Junior Engineer for safe operation.

12. Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.

13. Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor.

14. The contractor shall have to report all incidents including near miss to Installation Manager / departmental representative of the concerned department of OIL.

15. The contractor has to keep a register of the persons employed by him/her. The contractor's supervisor shall take and maintain attendance of his men every day for the work, punctually.

16. If the company arranges any safety class / training for the working personnel at site (company employee, contractor worker, etc) the contractor will not have any objection to any such training.

INTEGRITY PACT

Between

Oil India Limited (OIL) hereinafter referred to as "The Principal"

And

(**Name of the bidder**).....hereinafter referred to as "The Bidder/Contractor"

PREAMBLE:

The Principal intends to award, under laid down organizational procedures, contract/s for

Processing & disposal of 5000 Cubic Meter of Oily Sludge from various production installations in the Naharkatia, Greater Tengakhat Area (GTA), Moran and Eastern Producing Area (EPA) fields of Oil India Limited (OIL).

(IFB No. CDI 3869P15)

The Principal values full compliance with all relevant laws and regulations, and the principles of economic use of resources, and of fairness and transparency in its relations with its Bidder/s and Contractor/s.

In order to achieve these goals, the Principal cooperates with the renowned international Non-Governmental Organisation "Transparency International" (TI). Following TI's national and international experience, the Principal will appoint an external independent Monitor who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

Section 1 - Commitments of the Principal

(A) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles:-

1. No employee of the Principal, personally or through family members, will in connection with the tender for, or the execution of a contract, demand, take a promise for or accept, for him/herself or third person, any material or immaterial benefit which he/she is not legally entitled to.
2. The Principal will, during the tender process treat all Bidders with equity and reason. The Principal will in particular, before and during the tender process, provide to all Bidders the same information and will not provide to any Bidder confidential/additional information through which the Bidder could obtain an advantage in relation to the tender process or the contract execution.
3. The Principal will exclude from the process all known prejudiced persons.

(B) If the Principal obtains information on the conduct of any of its employees

which is a criminal offence under the relevant Anti-Corruption Laws of India, or if there be a Page 2 of 6 substantive suspicions in this regard, the Principal will inform its Vigilance Office and in addition can initiate disciplinary actions.

Section 2 - Commitments of the Bidder/Contractor

- (A) The Bidder/Contractor commits itself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.
1. The Bidder/Contractor will not, directly or through any other person or firm, offer, promise or give to any of the Principal's employees involved in the tender process or the execution of the contract or to any third person any material or immaterial benefit which he/she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the tender process or during the execution of the contract.
 2. The Bidder/Contractor will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, Subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelisation in the bidding process.
 3. The Bidder/Contractor will not commit any offence under the relevant Anticorruption Laws of India; further the Bidder/Contractor will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.
 4. The Bidder/Contractor will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the contract.
- (B) The Bidder/Contractor will not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section 3 - Disqualification from tender process and exclusion from future Contracts

If the Bidder, before contract award has committed a transgression through a violation of Section 2 or in any other form such as to put his reliability or risibility as Bidder into question, the Principal is entitled to disqualify the Bidder from the tender process or to terminate the contract, if already signed, for such reason.

1. If the Bidder/Contractor has committed a transgression through a violation of Section 2 such as to put his reliability or credibility into question, the Principal is entitled also to exclude the Bidder/Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, in particular the number of transgressions, the position of the transgressions within the company hierarchy of the Bidder and the amount of the damage. The exclusion will be imposed for a minimum of 6 months and maximum of 3 years.
2. The Bidder accepts and undertakes to respect and uphold the Principal's Absolute right to resort to and impose such exclusion and further accepts and undertakes not to challenge or question such exclusion on any ground, including the lack of any hearing before the decision to resort to such exclusion is taken. This undertaking is given freely and after obtaining independent legal advice.
3. If the Bidder/Contractor can prove that he has restored/recouped the Damage caused by him and has installed a suitable corruption prevention system, the Principal may revoke the exclusion prematurely.
4. A transgression is considered to have occurred if in light of available evidence no reasonable doubt is possible.

Section 4 - Compensation for Damages

1. If the Principal has disqualified the Bidder from the tender process prior to the award according to Section 3, the Principal is entitled to demand and recover from the Bidder liquidated damages equivalent to 3 % of the value of the offer or the amount equivalent to Earnest Money Deposit/Bid Security, whichever is higher.
2. If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to section 3, the Principal shall be entitled to demand and recover from the Contractor liquidated damages equivalent to 5% of the contract value or the amount equivalent to Security Deposit/Performance Bank Guarantee, whichever is higher.
3. The bidder agrees and undertakes to pay the said amounts without protest or demur subject only to condition that if the Bidder/Contractor can prove and establish that the exclusion of the Bidder from the tender process or the termination of the contract after the contract award has caused no damage or less damage than the amount or the liquidated damages, the Bidder/Contractor shall compensate the Principal only to the extent of the damage in the amount proved.

Section 5 - Previous transgression

1. The Bidder declares that no previous transgression occurred in the last 3 years with any other Company in any country conforming to the TI approach or with any other Public Sector Enterprise in India that could justify his exclusion from

the tender process.

2. If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

Section 6 - Equal treatment of all Bidders/Contractor/Subcontractors

1. The Bidder/Contractor undertakes to demand from all subcontractors a commitment in conformity with this Integrity Pact, and to submit it to the Principal before contract signing.
2. The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors and Subcontractors.
3. The Principal will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.

Section 7 - Criminal charges against violating Bidders/Contractors/ Subcontractors

If the Principal obtains knowledge of conduct of a Bidder, Contractor or Subcontractor, or of an employee or a representative or an associate of a Bidder, Contractor or Subcontractor, which constitutes corruption, or if the Principal has substantive suspicion in this regard, the Principal will inform the Vigilance Office.

Section 8 - External Independent Monitor/Monitors (Three in number depending on the size of the contract) (To be decided by the Chairperson of the Principal)

1. The Principal appoints competent and credible external independent Monitor for this Pact. The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.
2. The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. He reports to the Chairperson of the Board of the Principal.
3. The Contractor accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder/Contractor/Subcontractor with confidentiality.
4. The Principal will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the

Contractor. The parties offer to the Monitor the option to participate in such meetings.

5. As soon as the Monitor notices, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or heal the violation, or to take other relevant action. The monitor can in this regard submit non-binding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.
6. The Monitor will submit a written report to the Chairperson of the Board of the Principal within 8 to 10 weeks from the date of reference or intimation to him by the 'Principal' and, should the occasion arise, submit proposals for correcting problematic situations.
7. If the Monitor has reported to the Chairperson of the Board a substantiated suspicion of an offence under relevant Anti-Corruption Laws of India, and the Chairperson has not, within reasonable time, taken visible action to proceed against such offence or reported it to the Vigilance Office, the Monitor may also transmit this information directly to the Central Vigilance Commissioner, Government of India.
8. The word 'Monitor' would include both singular and plural.

Section 9 - Pact Duration

This Pact begins when both parties have legally signed it. It expires for the Contractor 12 months after the last payment under the respective contract, and for all other Bidders 6 months after the contract has been awarded.

If any claim is made/ lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged/determined by Chairperson of the Principal.

Section 10 - Other provisions

1. This agreement is subject to Indian Law. Place of performance and jurisdiction is the Registered Office of the Principal, i.e. New Delhi.
2. Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.
3. If the Contractor is a partnership or a consortium, this agreement must be, signed by all partners or consortium members.
4. Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.
