Application & Tender Fees, IFB No.: **CDI2326P17**

Description of Services: Seismic Survey Operation for acquiring 2D seismic data of 5000 shots (1500 shots with Manual Drilling & 1500 shots with Mechanized Drilling rig in Santi-Tarajan areas & 2000 shots with Manual Drilling rig in OIL's operational area) in the Santi-Tarajan areas and OIL's operational area in upper Assam along with 800±10% channels using manual dheki & Mechanized drilling rig and other associated activities.

2.2 Amongst others, the Bidder(s) must also provide the following information in the application for request of Bid documents:

- (i) Valid e-mail ID (ii) Registered Postal Address with PIN code (iii) Vendor Code with OIL (if available) (iv) Mobile No. /Telephone No. (v) Whether participated in OIL's e-tender prior to this tender.

3.0 No physical Bid documents will be provided. On receipt of requisite Bid Document Cost (in case Cost of Bid Document is submitted in the form of Demand Draft / Banker's Cheque), USER_ID and initial PASSWORD will be communicated to the bidder through e-mail at the e-mail address provided along with request for Bid documents as mentioned in 2.2 (i) above and will be allowed to participate in the bidding through OIL's E-Procurement portal.

4.0 SALIENT ELIGIBILITY CRITERIA:

Technical

4.1.1 (a) The bidder shall be in the business of providing SIMILAR nature of jobs to Public Sector Undertaking (PSU) / Central Government / State Government (Organization/ Corporations) or with Geophysical service providers engaged by OIL or OIL's JV partners in blocks where OIL has participating interest, having the experience of successfully completion of at least **one contract** of minimum value of **Rs.245 Lakhs** of similar nature of job **in previous 7 (seven) years to be reckoned from the original bid closing date.**

4.1.2 (b) The bidder must have experience of providing services for carrying out

2D/3D seismic surveys using both manual (Dheki) shot-hole drilling system and mechanized shot-hole drilling rigs and documentary evidences like Job Completion certificate must be submitted. In case bidder does not have experience of providing services for carrying out 2D/3D seismic surveys using mechanized shot-hole drilling rigs, they can bid on the strength of a technical collaboration. Bidder must provide relevant documentary evidences like Job completion certificate in support of mechanized shot-hole drilling experience of their technical collaborator. Bidder should also submit original memorandum of understanding (MOU) / agreement with their technical collaborator clearly indicating their roles under the scope of work along with the technical bid.

4.1.2 (c) The bidder of his own/his technical collaborator should have at least ten (10) nos. of mechanized drilling rigs of vintage less than or equal to 60 months as on original bid closing date, and in this regard, documentary evidences supporting the declaration in Annexure-I needs to be submitted.

Note to above Clause 4.1.2 (a):

A. "SIMILAR nature of job" means providing services for carrying out 2D/3D seismic surveys for implantation survey, laying out cables, geophones and shot hole drilling using manual (Dheki) shot-hole drilling system and mechanized shot-hole drilling rigs or any of the two shot-hole drilling systems.

B. Documentary evidence in support of experience must be submitted along with the Un-Priced Techno-Commercial Bid. The documentary evidence must be in the form of copies of Job Completion certificate / Gross Payment Certificate etc. as applicable showing gross value of job done including nature of job done and time period covering as per the NIT. Only Letter of Intent (LOI) / Letter of Award (LOA), or Work Order(s) are not acceptable as evidence.

Note to above Clause 4.1.2 (b):

C. Bidder must provide relevant documentary evidences like Job completion certificate in support of mechanized shot-hole drilling experience of their technical collaborator. Bidder should also submit original memorandum of understanding (MOU) / agreement with their technical collaborator clearly indicating their roles under the scope of work along with the technical bid. MOU / agreement conducted by the bidder with technical collaborator, should also be addressed to company, clearly stating that the MOU agreement is applicable to this tender and shall be binding on them for the contract period. Notwithstanding the MOU/agreement, the responsibility of completion of job under this contract will be with the bidder.

D. Joint venture partnership, with a firm bidding as an independent identity against this tender, will not be accepted.

4.2.1 Mere award of contract(s) will not be counted towards experience. Successful completion of the awarded contract(s) to the extent of volume & value, as stipulated respectively under Clause Nos. 4.1.2 (a) and 4.1.2 (b) above, will only be treated as acceptable experience.

4.2.2 In case the start date of the requisite experience is beyond the prescribed 7 (seven) years reckoned from the original bid closing date but completion is within the prescribed 7 (seven) years reckoned from the original bid closing date, then such experience will also be taken into consideration provided that the bidder has submitted a certificate issued by a practicing Chartered / Cost Accountant Firm (with Membership Number & Firm Registration Number) indicating the contract value / quantity executed under SIMILAR work within the prescribed period of 7 (seven) years reckoned from the original bid closing date.

4.2.3 If the prospective bidder is executing SIMILAR nature of work which is still running and the contract value executed prior to due date of bid submission is equal to or more than the minimum prescribed value in the BEC, such experience will also be taken into consideration provided that the bidder has submitted satisfactory work execution certificate issued by end user.

4.2.4 A job executed by a bidder for its own organization/subsidiary cannot be considered as experience for the purpose of meeting BEC.

Financial

4.1.3 Annual Turnover of the bidder in any of preceding 3 financial / accounting years from the original bid closing date should at least **Rs.147** Lakhs.

4.1.4 Net worth of the bidder should be Positive for the preceding financial / accounting year, reckoned from the Bid closing date.

Note to above Clause 4.1.3 and 4.1.4:

a) Considering the time required for preparation of Financial Statements, if the last date of preceding financial / accounting year falls within the preceding six months reckoned from the original bid closing date and the Financial Statements of the preceding financial / accounting year are not available with the bidder, then the financial turnover of the previous three financial / accounting years excluding the preceding financial / accounting year will be considered. In such cases, the Net worth of the previous financial / accounting year excluding the preceding financial / accounting year will be considered. However, the bidder has to submit an affidavit/undertaking certifying that 'the balance sheet/Financial Statements for the financial year 2015-16 has actually not been audited so far'.

b) For proof of Annual Turnover & Net worth, any one of the following documents/ photocopies (Self Attested) must be submitted along with the bid:-

(i) Audited Balance Sheet and Profit and Loss account.

OR

(ii) A certificate issued by a practicing Chartered/ Cost Accountants Firm with Membership No. and Firm Registration No. certifying the Annual Turnover and Net Worth as per **Proforma-I**.

4.5 Bids submitted for part of the work will be rejected. Bid will be rejected if not accompanied with adequate documentary proof in support of Work experience, Annual turnover and Net worth as mentioned in Para 4.1.2(a), 4.1.2(b), 4.1.2(c), 4.1.3 and 4.1.4 above.

4.6 Prices shall be opened in respect of only the techno-commercially acceptable bidders whose bids have been found to be substantially responsive. A substantially responsive bid is one that meets the terms and conditions of the Tender and / or the acceptance of which bid will not result in indeterminate liability on OIL.

4.7 Bidders are required to quote for all the items as per Price Bid Format, otherwise the offer will of the bidder will be straightway rejected.

4.8 Price Bids will be evaluated on overall lowest cost basis (L-1 offer) i.e. considering total quoted price for all items of SOQ inclusive of all liabilities including statutory liabilities but excluding Service Tax as per Price Bid Format.

4.9 The evaluated Contract Value of the bidders shall include total value including material and services, inclusive of all taxes, duties, levies etc. (but excluding Service Tax) as applicable under this contract.

4.10 Based on the evaluation of techno-commercially qualified bidders, the job will be awarded to L-1 bidder.

4.11 The bidders are advised not to offer any discount/rebate separately and to offer their prices in the Price Bid Format after considering discount/rebate, if any.

4.12 Conditional and unsolicited discount will not be considered in evaluation. However, if such bidder happens to be the lowest recommended bidder, unsolicited discount without any condition will be considered for computing the contract price.

4.13 In case of identical overall lowest offered rate by more than 1 (one) bidder, the selection will be made by draw of lot between the parties offering the same overall lowest price.

4.14 PURCHASE PREFERENCE CLAUSE: Purchase Preference to Micro and Small Enterprises registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME:

4.14.1 In case participating MSEs quote price within price band of L1+15%, such MSE shall be considered for award of contract by bringing down their price to L1 price in a situation where L1 price is from someone other than a MSE.

4.14.2 In case of more than one such MSE qualifying for 15% purchase preference, the contract shall be awarded to lowest eligible MSE amongst the MSEs qualifying for 15% purchase preference.

4.14.3 In case any part of the work is sub-contracted to a Micro or Small Enterprise as per contract conditions than the contractor shall provide complete details (i.e. name of the subcontractor, value of sub-contacted work, copy of valid registration certificate etc.) of the sub-contractor to OIL.

4.14.4 Documentation Required to be submitted by MSEs:

Copy of valid Registration Certificate, if bidder is a Micro or Small Enterprises (MSE) registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME. The Registration Certificate should clearly indicate the monetary limit, if any and the items for which bidder are registered with any of the aforesaid agencies. In case bidding MSE is owned by Schedule Caste or Schedule Tribe entrepreneur, valid documentary evidence issued by the agency who has registered the bidder as MSE owned by SC/ST entrepreneur should also be enclosed.

NOTE: -

The rate for catering charges for guest has been fixed by OIL as below:

Rates per Morning Tea per person (Unit: Tea/person)	: Rs.40.00
Rates per Break Fast per person (Unit: B'fast/person)	:Rs. 200.00
Rates per Lunch per person (Unit: Lunch/person)	: Rs. 430.00
Rates per Evening Tea per person (Unit: Evng.Tea/person)	:Rs.100.00
Rates per Dinner per person (Unit: Dinner/person)	: Rs. 430.00

5.0 EXEMPTION OF TENDER FEE:

5.1 If the bidder is a Micro or Small Enterprise under the Micro, Small and Medium Enterprises Development Act, 2006 and is registered with District Industries Centres or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of Micro, Small and Medium Enterprises, then they are exempted from payment of tender fees for the items/services for which they are registered. Copy of valid Registration Certificate, must be enclosed along with the application for issuing tender documents and the Registration Certificate should clearly indicate the monetary limit, if any and the items for which bidder are registered with any of the aforesaid agencies.

5.2 Public Sector Units (PSU) are also exempted from payment of tender fee.

6.0 EXEMPTION FROM SUBMISSION OF BID SECURITY:

6.1 Central Govt. offices and Central Public Sector undertakings are exempted from submitting Bid Security.

6.2 If the bidder is a Micro or Small Enterprises (MSE) registered with District Industry Centres or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME, then they are also exempted from submitting Bid Security. Bidding MSEs shall have to submit a Copy of valid Registration Certificate clearly indicating the monetary limit, if any and the items for which bidder are registered with any of the aforesaid agencies.

In case bidding MSE is owned by Schedule Caste or Schedule Tribe entrepreneur, valid documentary evidence issued by the agency who has registered the bidder as MSE owned by SC/ST entrepreneur should also be enclosed.

7.0 Details of process for submission of Tenders Fees & Bid Security (EMD) through the online payment gateway are available in Vendor User Manual under E-procurement portal. (**Note:** Important Points for on-line Payment can be viewed at Oil India's website at url: <http://oil-india.com/pdf/ETenderNotification.pdf>).

8.0 The link to OIL's E-Procurement portal has been also provided through OIL's web site (www.oil-india.com).

9.0 The details of IFB / Bid Documents can be viewed using "Guest Login" provided in the E-Procurement portal.

10.0 To participate in OIL's e-procurement tender, bidders should have a legally valid **"Class 3" digital certificate [e-commerce application (Certificate with personal verification and Organization name)]** as per Indian IT Act obtained from the licensed Certifying Authorities operating under the Root Certifying Authority of India (RCAI), Controller of Certifying Authorities (CCA) of India. Digital Signature Certificates having **"Organization Name"** field other than **Bidder's Name** are not acceptable. However, aforesaid Digital Signature Certificates having Bidder's Name in the "Organization Name" field are acceptable.

Part-VI - Integrity Pact

Price Bidding Format

Proformas & Annexures

SPECIAL NOTE:

Please note that all tender forms (Forwarding Letter, BRC-BEC – Bid Rejection Criteria & Bid Evaluation Criteria, Part – I / General Conditions of Contract / GCC, Part-II / Schedule of Work, Unit and Quantity / SOQ, Part-III / Special Conditions of Contract / SCC, Part-V / Safety Measures / SM, Price Bid) and supporting documents are to be submitted through OIL's E-Procurement site only except following documents which are to be submitted manually in sealed envelope super scribed with Tender No. and due date to The Head Contract, Contracts Department, Oil India Limited, Duliajan- 786602.

a) ORIGINAL BID SECURITY (Only in case of Bidder(s) submitting Bid Security in the form of BANK DRAFT / BANKER'S CHEQUE/ BANK GUARANTEE)

A scanned copy of Bid Security should also be uploaded along with the Un-priced Techno-Commercial Bid documents.

b) ANY OTHER DOCUMENT REQUIRED TO BE SUBMITTED IN ORIGINAL AS PER TENDER REQUIREMENT.

Scanned copy(s) of the same should also be uploaded along with the Un-priced Techno-Commercial Bid documents.

The above documents including the Original Bid Security (in case of bidders submitting Bid Security in the form of Bank Draft / Banker's Cheque/ Bank Guarantee) must be received at OIL's Head-Contract's office at Duliajan on or before bid closing date & time failing which the bid shall be rejected.

Bidders are requested to examine all instructions, forms, terms and specifications in the bid. Failure to furnish all information required as per the bid or submission of offers not substantially responsive to the bid in every respect will be at the bidders risk and may result in the rejection of its offer without seeking any clarifications. Offers sent without the requisite value of prescribed bid security (if called for in the bid) in original will be ignored straightway.

19.0 The tender is invited under OPEN E-TENDER TO BID SYSTEM. The bidder has to submit both the "TECHNICAL" and "PRICED" bid through electronic form in the OIL's e-Tender portal within the Bid Closing Date and Time stipulated in the e-Tender. The Technical Bid is to be submitted as per Scope of Work & Technical Specification of the tender. The Price Bid rates shall be quoted per unit as specified in the "PRICE BIDDING FORMAT" attached under "Notes and Attachments" tab in the main bidding engine of OIL's e-Tender portal. The price quoted in the "PRICE BIDDING FORMAT" will only be considered for evaluation.

20.0 In Technical Bid opening, only Collaboration Folder (c-Folder) will be opened. Therefore, the bidder should ensure that Technical bid is uploaded in the c-Folder link (collaboration link) under "Technical RFx Response" Tab Page only. No price should be

given in above c-Folder; otherwise the offer will be rejected. Please go through the help document provided in OIL's e-Portal, in detail before uploading the document.

NB: All the Bids must be Digitally Signed using “Class 3” digital signature certificate with Organizations Name (*e-commerce application*) as per Indian IT Act obtained from the licensed Certifying Authorities operating under the Root Certifying Authority of India (RCAI), Controller of Certifying Authorities (CCA) of India.

21.0 The Integrity Pact is applicable against this tender. OIL shall be entering into an Integrity Pact with the bidders as per format enclosed vide “Part-VI- Integrity Pact” of the tender document. This Integrity Pact proforma has been duly signed digitally by OIL's competent signatory. The proforma has to be returned by the bidder (along with the Un-priced Techno-Commercial Bid) duly signed (digitally) by the same signatory who signed the bid, i.e., who is duly authorized to sign the bid. Uploading the Integrity Pact with digital signature will be construed that all pages of the Integrity Pact has been signed by the bidder's authorized signatory who sign the Bid.

(Note: Shri Rajiv Mathur, IPS (Retd.), Former Director, IB, Govt. of India, E-Mail ID: rajivmathur23@gmail.com has been appointed as Independent External Monitor).

Area for uploading Un-Priced Techno-Commercial Bid*

Area for uploading Priced Bid**

Note :

* The "Techno-Commercial Unpriced Bid" shall contain all techno-commercial details **except the prices.**

** The "Price bid" must contain the price schedule and the bidder's commercial terms and conditions. For uploading Price Bid, first click on Sign Attachment, a browser window will open, select the file from the PC and click on Sign to sign the Price Bid. On Signing a new file with extension .SSIG will be created. Close that window. Next click on Add Attachment, a browser window will open, select the .SSIG signed file from the PC and name the file under Description, Assigned to General Data and click on OK to save the File.

23.0 OIL now looks forward to your active participation in the IFB.

DGM-CONTRACTS(HoD)

**OIL INDIA LIMITED
(A GOVT. OF INDIA ENTERPRISE)
CONTRACTS DEPARTMENT, DULIAJAN
DISTRICT: DIBRUGARH (ASSAM), PIN-786602**

IFB NO. CDI2326P17

INSTRUCTION TO BIDDERS

1.0 Bidder shall bear all costs associated with the preparation and submission of bid. Oil India Limited, hereinafter referred to as 'Company', will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

2.0 BIDDING DOCUMENTS:

2.1 The services required, bidding procedures and contract terms are prescribed in the Bidding Documents. This Bidding Document includes the following:

a) A forwarding letter highlighting the following points:

- (i) Company's IFB No.
- (ii) Description of Service
- (iii) Bid closing date and time
- (iv) Bid opening date, time and place
- (v) Bid submission place
- (vi) The amount of Bid Security
- (vii) The amount of Performance Guarantee

b) **Instructions to Bidders**

c) BRC/BEC

d) General Conditions of Contract (GCC): **Part-I**

e) Schedule of Work, Unit, Quantities (SOQ): **Part- II**

f) Special Conditions of Contract (SCC): **Part-III**

g) Schedule of Company's Plants, Materials and Equipments (SCPME): **Part-IV** -
Not applicable for this Tender.

h) Safety Measures (SM): **Part-V**

i) Integrity Pact: **Part-VI**

j) Price Bidding Format (Attached under "**Notes and Attachments**" tab in the main bidding engine of OIL's e-Tender portal).

k) Proformas & Annexures.

2.2 The bidder is expected to examine all instructions, forms, terms and specifications in the Bid document. Failure to furnish all information required in the Bidding Documents or submission of a bid not substantially responsive to the Bidding Documents in every respect will be at the Bidder's risk & responsibility and may result in the rejection of its bid.

3.0 TRANSFERABILITY OF BID DOCUMENTS:

3.1 Bid Documents are non-transferable. Bid can be submitted only in the name of the bidder in whose name the Bid Document has been issued.

3.2 Unsolicited offers will not be considered and will be rejected straightway.

4.0 AMENDMENT OF BIDDING DOCUMENTS:

4.1 At any time prior to the deadline for submission of bids, the company may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder, modify the Bidding Documents by issuance of an Addendum.

4.2 The Addendum will be sent in writing through post / courier / Fax / e-mail to all prospective Bidders to whom Company has sent the bid documents and also be uploaded in the OIL's e-portal in the "Technical RFx" area under the tab "External Area Amendments". The company may, at its discretion, extend the deadline for bid submission for any reason. Bidders shall also check OIL's E-Tender portal ["Technical RFx" area under the tab "External Area Amendments"] for any amendments to the bid documents before submission of their bids.

5.0 PREPARATION OF BIDS

5.1 LANGUAGE OF BIDS: The bid as well as all correspondence and documents relating to the bid exchanged between the Bidder and the Company shall be in English language, except that any printed literature may be in another language provided it is accompanied by an English translated version, which shall govern for the purpose of bid interpretation.

5.2 DOCUMENTS COMPRISING THE BID:**(A) UN-PRICED TECHNO-COMMERCIAL BID:**

- (i) Bid Documents duly filled up as indicated.
- (ii) Complete technical details / specifications of the equipment with catalogue, etc. as per tender requirement.
- (iii) Documentary evidence established in accordance with BRC / BEC part.
- (iv) Statement of Non-Compliance (if any).
- (v) Bid Security (scanned copy). Hard copy of original Bid Security (Only in case of bidder(s) submitting bid security in the form of Bank Draft / Banker's Cheque/ Bank Guarantee) should be sent separately to reach on or before **bid closing date & time failing which the bid shall be rejected.**
- (vi) Any other document as per tender requirement (scanned copy). Hard copy(s) of the same, if called for in the tender, should be sent separately to reach on or before **bid closing date & time failing which the bid shall be rejected.**

Note: Please note that no price details should be uploaded in UN-PRICED TECHNO-COMMERCIAL BID in c-Folder link (collaboration link) under "Technical RFx Response" Tab Page.

(B) PRICED BID:

The Priced Bid shall contain the rates / prices along with the currency and any other commercial information pertaining to the rates / prices. Bidder shall quote their rates / prices in the "PRICE BIDDING FORMAT" attached under **"Notes and**

Attachments” tab in the main bidding engine of OIL’s e-Tender portal. The price quoted in the “PRICE BIDDING FORMAT” will only be considered for evaluation.

Bidder must include all liabilities including statutory liabilities (but excluding Service Tax) in their quoted rates. The rates shall be fixed and firm for the entire tenure of the contract and shall be binding on both the parties. No changes in these rates shall be allowed under any circumstances during the tenure of this service agreement except as mentioned in the Bid Document.

6.0 PERIOD OF VALIDITY OF BIDS:

6.1 The Bid must be valid for **120 (One Hundred & Twenty)** days from the date of opening of the tender.

6.2 In exceptional circumstances, OIL may solicit the Bidder's consent to an extension of the period of validity. The request and the response thereto shall be made in writing (or by Fax). A Bidder may refuse the request without forfeiting its Bid Security. A Bidder granting the request will neither be required nor permitted to modify their bid.

7.0 FORMAT AND SIGNING OF BID:

7.1 The original and all copies of the bid shall be typed or written in indelible inks and shall be signed digitally by the Bidder to bind the Bidder to the contract.

8.0 SUBMISSION OF BIDS:

8.1 Bids are to be submitted online through OIL’s E-procurement portal with digital signature. The bid and all attached documents should be digitally signed by the bidder using “Class 3 digital certificate with organization’s Name” digital certificates [e commerce application (Certificate with personal verification and Organization Name)] as per Indian IT Act, 2000 obtained from the licensed Certifying Authorities operating under the Root Certifying Authority of India (RCAI), Controller of Certifying Authorities (CCA) of India while uploading the bid.

Digital Signature Certificates having “Organization Name” field other than Bidder’s Name are not acceptable However, aforesaid Digital Signature Certificates having Bidder’s Name in the “Organization Name” field are acceptable.

The bid including all uploaded documents shall be digitally signed by duly authorized representative of the bidder to bind the Bidder to the contract. The authenticity of above digital signature shall be verified through authorized CA after bid opening and in case the digital signature used for signing is not of “Class-3 with organization’s name”, the bid will be rejected.

Bidder is responsible for ensuring the validity of digital signature and it’s proper usage by their employees.

8.2 Any person signing the Bid or any other document in respect of this Bid Document or other relevant documents on behalf of the Bidder without disclosing his authority to do so

shall be deemed to have the authority to bind the Bidder. If it is discovered at any time that the person so signing has no authority to do so, the Company (OIL) may, without prejudice to any other right or remedy, cancel his Bid or Contract and hold the Bidder liable to the Company (OIL) for all costs and damages arising from the cancellation of the Bid or Contract including any loss which the Company (OIL) may sustain on account thereof.

8.3 Timely submission of the bids is the responsibility of the Bidder and Bids should be submitted before the bid closing date and time. Company shall not be responsible for any delay.

8.4 E-mail/ Fax/ Telex/Telegraphic/Telephonic offers will not be accepted.

8.5 Bidder shall submit the Bid, duly completed in terms of the Bid Document.

8.6 Before submission of Bids, Bidders are requested to make themselves fully conversant with all Conditions of the Bid Document and other relevant information related to the works to be executed under this contract.

9.0 DEADLINE FOR SUBMISSION OF BIDS:

9.1 Bids should be submitted on-line up to 11.00 AM (IST) (Server Time) on the Bid Closing date mentioned in the Forwarding Letter. Bidders will be permitted by System to make any changes in their bid after the bid has been uploaded by the bidder. Bidder may however request the administrator through the system for returning their bids 03(three) days before the bid closing date and time for re-submission except in condition mentioned in clause 12.1. But, no such request would be entertained once the due date for submission of bids has been reached and bids are opened.

9.2 No bid can be submitted after the submission deadline is reached. The system time displayed on the e-procurement web page shall decide the submission deadline.

9.3 The documents in physical form must be received by Company at the address specified in the "Forwarding Letter" on or before **bid closing date & time**. Timely delivery of the same at the address mentioned in the Forwarding Letter is the responsibility of the Bidders.

10.0 LATE BIDS:

10.1 Bidders are advised in their own interest to ensure that their bids are uploaded in system before the closing date and time of the bid. Any Bid received by the Company after the Bid Closing Date & Time stipulated by the Company shall be rejected.

11.0 MODIFICATION AND WITHDRAWAL OF BIDS:

11.1 Bidders will be permitted by System to make any changes in their bid after the bid has been uploaded by the bidder prior to the Bid Closing date and time as mentioned in the bid except in condition mentioned in clause 12.1 below. But no changes would be allowed by the system once the due date and time for submission of bids has been reached and bids are opened.

11.2 No bid can be modified / withdrawn subsequent to the deadline for submission of bids.

11.3 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiry of the period of bid validity. Withdrawal of any bid within validity period will lead to forfeiture of his / her / their Bid Security Deposit in full and debarred from participation in future tenders, at the sole discretion of the company.

12.0 EXTENSION OF BID SUBMISSION DATE:

12.1 Normally no request for extension of Bid Closing Date & Time will be entertained. However, OIL at its discretion, may extend the Bid Closing Date and / or Time due to any reasons.

13.0 BID OPENING AND EVALUATION:

13.1.1 The Technical bid will be opened on scheduled Bid opening date & time in the presence of any attending Bidder(s) or their Authorized Representative, if any. However, an authorized letter (format given in Proforma Section) from the Bidder must be produced by Bidder's representative at the time of opening of Tender, without which such representative won't be allowed to attend the opening of Tenders. Only one representative against each Bid will be allowed to attend the bid opening. Attending Bidder(s) & Authorized Representative(s) will have to sign a register evidencing their presence.

In Technical bid opening date, only Collaboration Folder(C-Folder) will be opened. Bidders therefore should ensure that Un-priced Techno-Commercial bid is uploaded in the C-Folder link under Technical RFx Tab Page only.

13.1.2 In case of two bid system, after the evaluation of the Technical Bids, the Price Bids of the technically qualified Bidders will be opened. The opening Date and Time will be intimated to the technically qualified Bidders in due course. Price bids will be opened in the same procedure as mentioned in Para 13.1.1 above.

13.1.3 In case it happens to be a bundh / holiday, the tender will be opened on the next working day (except Saturday). Accordingly, Bid Closing Date / time will get extended up to the next working day and time (except Saturday).

13.1.4 Bid for which an acceptable notice of withdrawal has been received pursuant to Clause 11.0 shall not be opened. OIL shall examine bids to determine whether they are complete, whether requisite Bid Securities have been furnished, whether documents have been properly signed and whether the bids are generally in order.

13.1.5 OIL shall prepare, for its own records, minutes of bid opening including the information disclosed to those present in accordance with the sub-clause 13.3.

13.1.6 To assist in the examination, evaluation and comparison of bids, normally no clarifications shall be sought from the Bidders. However, for assisting in the evaluation of the bids especially on the issues where the Bidder confirms compliance in the evaluation and contradiction exists on the same issues due to lack of required supporting documents in the Bid (i.e. document is deficient or missing), or due to some statement at

other place of the Bid (i.e. reconfirmation of confirmation) or vice versa, clarifications may be sought by OIL at its discretion. The request for clarification and the response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.

13.1.7 Prior to the detailed evaluation, OIL will determine the substantial responsiveness of each bid to the requirement of the Bidding Documents. For purpose of these paragraphs, a substantially responsive bid is one, which conforms to all the terms and conditions of the Bidding Document without material deviations or reservation. A material deviation or reservation is one which affects in any way substantial way the scope, quality, or performance of work, or which limits in any substantial way, inconsistent way with the bidding documents, the Company's right or the bidder's obligations under the contract, and the rectification of which deviation or reservation would affect unfairly the competitive position of other bidders presenting substantial responsive bids. OIL's determination of bid's responsiveness is to be based on the contents of the Bid itself without recourse to extrinsic evidence.

13.1.8 A Bid determined as not substantially responsive will be rejected by the Company and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

13.1.9 The Company may waive minor informality or nonconformity or irregularity in a bid, which does not constitute a material deviation, provided such waiver, does not prejudice or affect the relative ranking of any Bidder.

14.0 EVALUATION AND COMPARISON OF BIDS:

14.1 OIL will evaluate and compare the bids as per Bid Evaluation Criteria (BEC) of the bidding documents.

14.2 DISCOUNTS / REBATES: Unconditional discounts / rebates, if any, given in the bid or along with the bid will be considered for evaluation.

14.3 Post bid or conditional discounts / rebates offered by any bidder shall not be considered for evaluation of bids. However, if the lowest bidder happens to be the final acceptable bidder for award of contract, and if they have offered any discounts / rebates, the contract shall be awarded after taking into account such discounts / rebates.

14.4 Conditional bids are liable to be rejected at the discretion of the Company.

15.0 CONTACTING THE COMPANY:

15.1 Except as otherwise provided in Clause 14.0 above, no Bidder shall contact OIL on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded except as required by OIL vide sub-clause 13.5.

15.2 An effort by a Bidder to influence OIL in the bid evaluation, bid comparison or Contract award decisions may result in the rejection of their bid.

16.0 AWARD CRITERIA:

16.1 OIL will award the Contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined as the lowest evaluated bid, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.

17.0 OIL' S RIGHT TO ACCEPT OR REJECT ANY BID:

17.1 OIL reserves the right to accept or reject any or all bids and to annul the bidding process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder, or bidders or any obligation to inform the affected bidder of the grounds for OIL's action.

18.0 NOTIFICATION OF AWARD:

18.1 Prior to the expiry of the period of bid validity or extended validity, OIL will notify the successful Bidder in writing by registered letter or by cable or telex or fax or e-mail (to be confirmed in writing by registered / couriered letter) that its bid has been accepted.

19.0 SIGNING OF CONTRACT:

19.1 The successful bidders(s) shall be notified by the Company of its intention to enter into an Agreement with him/her/them on the basis of his/her/their acceptance of the offer. Such notification shall be treated as a "Letter of Award (LOA)".

19.2 Within 2 Weeks from the date of issue of Letter of Award (LOA), the successful Bidder(s) will be required to pay an interest free Performance Security by way of Demand Draft / Banker's Cheque / Bank Guarantee (in specified format) favouring "OIL INDIA LIMITED" payable at "DULIAJAN" from any Nationalized Bank. Upon furnishing of the Performance Security, the successful Bidder(s) will be required to enter into a formal Service Agreement based on the instant tender on the OIL Standard forms of agreement.

19.3 The Performance Security must be valid for **90 days beyond Defect Liability Period**. In the event of contract being extended within the provisions of the contract agreement, the contractor will have to extend suitably the validity of the "Security Deposit" for the extended period.

19.4 The "Performance Security" will be refunded to the contractor after **90 days beyond Defect Liability Period** but part or whole of which shall be used by the Company in realization of liquidated damages or claims, if any or for adjustment of compensation or loss due to the Company for any reason.

19.5 Failure of the successful bidders to comply with the conditions as specified in Para 19.2 above would render him liable for rejection and in turn forfeiture of Bid Security apart from any other actions the Company may take against him at its sole discretion. The party shall also be debarred for a period of 2(two) years from the date of default.

20.0 FURNISHING FRAUDULENT INFORMATION / DOCUMENTS:

Bidders should note that the documents/information submitted by the bidder(s) against the tender are presumed to be genuine, authentic and true copy of the originals. However, in case at any stage of tendering process or during execution of the contract or after expiry of contract, if it is detected that bidder has submitted forged or fabricated documents or furnish false information towards fulfillment of any of the tender/contract conditions, Company shall immediately reject the bid of such bidder(s) or cancel/terminate the contract, as the case may be and forfeit Earnest Money Deposit (EMD) / Security Deposit (SD) submitted by the bidder. Besides, bidder shall be liable for debarment for a period of 03 years from the date of issuance of debarment notice.

21.0 In the event of awarding contract the Contractor shall have to submit Invoice of Service Tax as per the following Format

(Format of Invoice (As per Rule 4A (1) of the Service Tax Rule's 1994))

TAX INVOICE

Name of the Service Provider.....

Address of the Service Provider.....

Service Tax Regn. No of the service provider.....

Name & address of the Service Receiver

Description of the service provided or agreed to be provided (e.g. AMC Bill against Contract No.....for the period.....)	A
Add service Tax 15.0 % on (A) above(In case of taxable value of service is not 100%, than specify the value of taxable service and apply 15.0 % of the qualifying amount) (e.g. if the value of service is only 40%, than service tax should be calculated at 15.0% on 40% of the value declared at (A) above.)	B
Total amount (Including service Tax) (A + B)	C
Less: Service Tax Payable by Oil India Limited under reverse charge	D
Net Bill Amount	E

Signature of Proprietor/partner

1.0 BID EVALUATION CRITERIA (BEC):

1.1 The bid shall conform generally to all the specifications and terms and conditions given in the tender documents. Bids will be rejected in case services offered do not conform to the required parameters stipulated in the technical specifications. Notwithstanding the general conformity of the bid, the following requirement will have to be met by the bidders without which the same will be considered non-responsive and rejected.

Technical:

1.2 (a) The bidder shall be in the business of providing SIMILAR nature of jobs to Public Sector Undertaking (PSU) / Central Government / State Government (Organization/ Corporations) or with Geophysical service providers engaged by OIL or OIL's JV partners in blocks where OIL has participating interest, having the experience of successfully completion of at least **one contract** of minimum value of **Rs.245 Lakhs** of similar nature of job **in previous 7 (seven) years to be reckoned from the original bid closing date.**

1.2 (b) The bidder must have experience of providing services for carrying out 2D/3D seismic surveys using both manual (Dheki) shot-hole drilling system and mechanized shot-hole drilling rigs and documentary evidences like Job Completion certificate must be submitted. In case bidder does not have experience of providing services for carrying out 2D/3D seismic surveys using mechanized shot-hole drilling rigs, they can bid on the strength of a technical collaboration. Bidder must provide relevant documentary evidences like Job completion certificate in support of mechanized shot-hole drilling experience of their technical collaborator. Bidder should also submit original memorandum of understanding (MOU) / agreement with their technical collaborator clearly indicating their roles under the scope of work along with the technical bid.

1.2 (c) The bidder of his own/his technical collaborator should have at least ten (10) nos. of mechanized drilling rigs of vintage less than or equal to 60 months as on original bid closing date, and in this regard, documentary evidences supporting the declaration in Annexure-I needs to be submitted.

Note to above Clause 1.2 (a):

A. "SIMILAR nature of job" means providing services for carrying out 2D/3D seismic surveys for implantation survey, laying out cables, geophones and shot hole drilling using manual (Dheki) shot-hole drilling system and mechanized shot-hole drilling rigs or any of the two shot-hole drilling systems.

B. Documentary evidence in support of experience must be submitted along with the Un-Priced Techno-Commercial Bid. The documentary evidence must be in the form of copies of Job Completion certificate / Gross Payment Certificate etc. as applicable showing gross value of job done including nature of job done and time period covering as per the NIT. Only Letter of Intent (LOI) / Letter of Award (LOA), or Work Order(s) are not acceptable as evidence.

Note to above Clause 1.2 (b):

C. Bidder must provide relevant documentary evidences like Job completion certificate in support of mechanized shot-hole drilling experience of their technical collaborator. Bidder should also submit original memorandum of understanding (MOU) / agreement with their technical collaborator clearly indicating their roles under the scope of work along with the technical bid. MOU / agreement conducted by the bidder with technical collaborator, should also be addressed to company, clearly stating that the MOU agreement is applicable to this tender and shall be binding on them for the contract period. Notwithstanding the MOU/agreement, the responsibility of completion of job under this contract will be with the bidder.

D. Joint venture partnership, with a firm bidding as an independent identity against this tender, will not be accepted.

1.2.1 Mere award of contract(s) will not be counted towards experience. Successful completion of the awarded contract(s) to the extent of volume & value, as stipulated respectively under Clause Nos. 1.2 (a) and 1.2 (b) above, will only be treated as acceptable experience.

1.2.2 In case the start date of the requisite experience is beyond the prescribed 7 (seven) years reckoned from the original bid closing date but completion is within the prescribed 7 (seven) years reckoned from the original bid closing date, then such experience will also be taken into consideration provided that the bidder has submitted a certificate issued by a practicing Chartered / Cost Accountant Firm (with Membership Number & Firm Registration Number) indicating the contract value / quantity executed under SIMILAR work within the prescribed period of 7 (seven) years reckoned from the original bid closing date.

1.2.3 If the prospective bidder is executing SIMILAR nature of work which is still running and the contract value executed prior to due date of bid submission is equal to or more than the minimum prescribed value in the BEC, such experience will also be taken into consideration provided that the bidder has submitted satisfactory work execution certificate issued by end user.

1.2.4 A job executed by a bidder for its own organization/subsidiary cannot be considered as experience for the purpose of meeting BEC.

Financial:

1.3 Annual Turnover of the bidder in any of preceding 3 financial / accounting years from the original bid closing date should at least **Rs.147** Lakhs.

1.4 Net worth of the bidder should be Positive for the preceding financial / accounting year, reckoned from the Bid closing date.

Note to above Clause 1.3 and 1.4:

- a)** Considering the time required for preparation of Financial Statements, if the last date of preceding financial / accounting year falls within the preceding six months reckoned from the original bid closing date and the Financial Statements of the

preceding financial / accounting year are not available with the bidder, then the financial turnover of the previous three financial / accounting years excluding the preceding financial / accounting year will be considered. In such cases, the Net worth of the previous financial / accounting year excluding the preceding financial / accounting year will be considered. However, the bidder has to submit an affidavit/undertaking certifying that 'the balance sheet/Financial Statements for the financial year 2015-16 has actually not been audited so far'.

b) For proof of Annual Turnover & Net worth, any one of the following documents/ photocopies (Self Attested) must be submitted along with the bid:-

(i) Audited Balance Sheet and Profit and Loss account.

OR

(ii) A certificate issued by a practicing Chartered/ Cost Accountants Firm with Membership No. and Firm Registration No. certifying the Annual Turnover and Net Worth as per **Proforma-I**.

1.5 Bids submitted for part of the work will be rejected. Bid will be rejected if not accompanied with adequate documentary proof in support of Work experience, Annual turnover and Net worth as mentioned in Para 1.2(a), 1.2(b), 1.2(c), 1.3 and 1.4 above.

1.6 Prices shall be opened in respect of only the techno-commercially acceptable bidders whose bids have been found to be substantially responsive. A substantially responsive bid is one that meets the terms and conditions of the Tender and / or the acceptance of which bid will not result in indeterminate liability on OIL.

1.7 Bidders are required to quote for all the items as per Price Bid Format, otherwise the offer of the bidder will be straightway rejected.

1.8 Price Bids will be evaluated on overall lowest cost basis (L-1 offer) i.e. considering total quoted price for all items of SOQ inclusive of all liabilities including statutory liabilities but excluding Service Tax as per Price Bid Format.

1.9 The evaluated Contract Value of the bidders shall include total value including material and services, inclusive of all taxes, duties, levies etc. (but excluding Service Tax) as applicable under this contract.

1.10 Based on the evaluation of techno-commercially qualified bidders, the job will be awarded to L-1 bidder.

1.11 The bidders are advised not to offer any discount/rebate separately and to offer their prices in the Price Bid Format after considering discount/rebate, if any.

1.12 Conditional and unsolicited discount will not be considered in evaluation. However, if such bidder happens to be the lowest recommended bidder, unsolicited discount without any condition will be considered for computing the contract price.

1.13 In case of identical overall lowest offered rate by more than 1 (one) bidder, the selection will be made by draw of lot between the parties offering the same overall lowest price.

1.14 PURCHASE PREFERENCE CLAUSE: Purchase Preference to Micro and Small Enterprises registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME:

1.14.1 In case participating MSEs quote price within price band of L1+15%, such MSE shall be considered for award of contract by bringing down their price to L1 price in a situation where L1 price is from someone other than a MSE.

1.14.2 In case of more than one such MSE qualifying for 15% purchase preference, the contract shall be awarded to lowest eligible MSE amongst the MSEs qualifying for 15% purchase preference.

1.14.3 In case any part of the work is sub-contracted to a Micro or Small Enterprise as per contract conditions than the contractor shall provide complete details (i.e. name of the subcontractor, value of sub-contacted work, copy of valid registration certificate etc.) of the sub-contractor to OIL.

1.14.4 Documentation Required to be submitted by MSEs:

Copy of valid Registration Certificate, if bidder is a Micro or Small Enterprises (MSE) registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME. The Registration Certificate should clearly indicate the monetary limit, if any and the items for which bidder are registered with any of the aforesaid agencies. In case bidding MSE is owned by Schedule Caste or Schedule Tribe entrepreneur, valid documentary evidence issued by the agency who has registered the bidder as MSE owned by SC/ST entrepreneur should also be enclosed.

NOTE: -

The rate for catering charges for guest has been fixed by OIL as below:

Rates per Morning Tea per person (Unit: Tea/person)	: Rs.40.00
Rates per Break Fast per person (Unit: B'fast/person)	:Rs. 200.00
Rates per Lunch per person (Unit: Lunch/person)	: Rs. 430.00
Rates per Evening Tea per person (Unit: Evng.Teal/person)	:Rs.100.00
Rates per Dinner per person (Unit: Dinner/person)	: Rs. 430.00

2.0 BID REJECTION CRITERIA (BRC):

2.1 The bids are to be submitted in single stage under 2 (two) bid system i.e. Un-priced Techno-Commercial Bid and Price Bid together. Only the Price Bid should contain the quoted price.

2.2 The price quoted by the successful bidder must be firm during the performance of the contract and not subject to variation on any account except as mentioned in the bid document. Any bid submitted with adjustable price quotation other than the above will be treated as non-responsive and rejected.

2.3 Bid security shall be furnished as a part of the Techno Commercial Un-priced Bid. The amount of bid security should be as specified in the forwarding letter. Any bid not accompanied by a proper bid security will be rejected.

Note: In case the Bidder submits Bid security in the form of Bank Guarantee (BG); the BG must be valid for minimum **150 days** from the date of Technical bid opening.

2.4 Bid Documents / User Id & Password for OIL's E-Tender portal are not transferable. Bid made by parties who have not submitted the requisite tender fees will be rejected.

2.5 Any bid received in the form of Physical document/ Telex/Cable/Fax/E-mail will not be accepted.

2.6 Bids shall be typed or written in indelible ink. The bidder or his authorized representative shall sign the bid digitally, failing which the bid will be rejected.

2.7 Bids shall contain no interlineations, erasures or overwriting except as necessary to correct errors made by bidder, in which case such corrections shall be initiated by the persons(s) signing (digitally) the bid. However, white fluid should not be used for making corrections. Any bid not meeting this requirement shall be rejected.

2.8 Any bid containing false statement will be rejected and action will be taken by Company as per Bid Document.

2.9 Bidders must quote clearly and strictly in accordance with the price schedule outlined in Price Bidding Format attached under "Notes and Attachments" tab in the main bidding engine of OIL's e-Tender portal; otherwise the bid will be rejected. All other techno-commercial documents other than price details to be submitted with Un-priced Techno-Commercial Bid as per tender requirement in the c-Folder link (collaboration link) under "Technical RFx Response" Tab Page only.

2.10 Bidder must accept and comply with the following provisions as given in the Tender Document in toto, failing which offer will be rejected:

- (i) Firm price
- (ii) EMD / Bid Bond
- (iii) Period of validity of Bid
- (iv) Price Schedule

- (v) Performance Bank Guarantee / Security deposit
- (vi) Delivery / Completion Schedule
- (vii) Scope of work
- (viii) Guarantee of material / work
- (ix) Liquidated Damages clause
- (x) Tax liabilities
- (xi) Arbitration / Resolution of Dispute Clause
- (xii) Force Majeure
- (xiii) Applicable Laws
- (xiv) Specifications
- (xv) Integrity Pact **(Applicable in case Tender value is more than Rs. 50.00 Lakhs as per present guidelines)**

2.11 There should not be any indication of price in the Un-priced Techno-Commercial Bid. A bid will be straightway rejected if this is given in the Un-priced Techno-Commercial Bid.

2.12 Bid received with validity of offer less than 120 (one hundred twenty) days from the date of Technical Bid opening will be rejected.

2.13 The Integrity Pact is applicable against this tender. OIL shall be entering into an Integrity Pact with the bidders as per format enclosed vide Part-VI of the tender document. This Integrity Pact proforma has been duly signed digitally by OIL's competent signatory. The proforma has to be returned by the bidder (along with the Un-priced Techno-Commercial Bid) duly signed (digitally) by the same signatory who signed the bid, i.e., who is duly authorized to sign the bid. Uploading the Integrity Pact with digital signature will be construed that all pages of the Integrity Pact has been signed by the bidder's authorized signatory who sign the Bid.

3.0 GENERAL:

3.1 In case bidder takes exception to any clause of bidding document not covered under BEC/BRC, then the Company has the discretion to load or reject the offer on account of such exception if the bidder does not withdraw / modify the deviation when / as advised by company. The loading so done by the company will be final and binding on the bidders. No deviation will however be accepted in the clauses covered under BRC.

3.2 To ascertain the substantial responsiveness of the bid the Company reserves the right to ask the bidder for clarification in respect of clauses covered under BEC/BRC also and such clarifications fulfilling the BEC/BRC clauses in toto must be received or before the deadline given by the company, failing which the offer will be evaluated based on the submission. However, mere submission of such clarification shall not make the

offer responsive, unless company is satisfied with the substantial responsiveness of the offer.

3.3 If any of the clauses in the BRC contradict with other clauses of bidding document elsewhere, the clauses in the BRC shall prevail.

3.4 Bidder(s) must note that requisite information(s)/financial values etc. as required in the BEC/BRC & Tender are clearly understandable from the supporting documents submitted by the Bidder(s); otherwise Bids shall be rejected.

3.5 OIL will not be responsible for delay, loss or non-receipt of applications for participating in the bid sent by mail and will not entertain any correspondence in this regard.

3.6 The originals of such documents [furnished by bidder(s)] shall have to be produced by bidder(s) to OIL as and when asked for.

GENERAL CONDITIONS OF CONTRACT (GCC)

MEMORANDUM OF AGREEMENT made this _____ day of _____ Between OIL INDIA LIMITED a Company incorporated under the Companies Act 1956 and having its Registered Office at Duliajan in the District of Dibrugarh, Assam (hereinafter called Company) of the one part and Shri/Smti _____ and Shri/Smti _____ carrying on business as partners /proprietor under the firm name and style of M/s. _____ with the main Office at _____ in the District of _____ aforesaid (hereinafter called 'Contractor') on the other part.

WITNESSETH:

1. a) The contractor hereby agrees to carry out the work set down in the Schedule of work which forms part-II of this Contract in accordance with the 1968 General Conditions of Contract of Oil India Limited and General Specifications read in conjunction with any drawings and Particular Specifications & instructions which forms Part-III of the contract utilizing any materials/services as offered by the Company as per Part-IV of the contract at OIL's operational area in upper Assam.

b) In this Contract all words and expressions shall have the same meaning as are respectively assigned to them in the 1968 General Conditions of Contract of Oil India Limited which the Contractor has perused and is fully conversant with before entering into this Contract.

c) The clauses of this contract and of the specifications set out hereunder shall be paramount and in the event of anything herein contained being inconsistent with any term or terms of the 1968 General Conditions of Contract of Oil India Limited,

the said term or terms of the 1968 General conditions of Contract to the extent of such inconsistency, and no further, shall not be binding on the parties hereto.

2. The contractor shall provide all labour, supervision and transport and such specified materials described in part-II of the Contract including tools and plants as necessary for the work and shall be responsible for all royalties and other levies and his rates shall include for these. The work executed and materials supplied shall be to the satisfaction of the Company's Engineer and Contractor's rates shall include for all incidental and contingent work which although not specifically mentioned in this contract are necessary for its completion in a sound and workman like manner.

3. The Company's Engineer shall have power to:

a) Reduce the rates at which payments shall be made if the quality of work although acceptable is not up to the required standard set forth in the OIL Standard Specifications which have been perused and fully understood by the Contractor.

b) Order the Contractor to remove any inferior material from the site and to demolish or rectify any work of inferior workmanship, failing which the Company's Engineer may arrange for any such work to be demolished or rectified by any other means at the Contractor's expenses.

c) Order the Contractor to remove or replace any workman who he (The Engineer) considers incompetent or unsuitable; the Engineer's opinion as to the competence and suitability of any workman engaged by the Contractor shall be final and binding on the Contractor.

d) Issue to the Contractor from time to time during the progress of the work such further drawings and instructions as shall be necessary for the purpose of proper and adequate execution and maintenance of the works and the Contractor shall carry out and be bound by the same.

e) Order deviations in Part II and III of this Contract. All such deviation orders shall be in writing and shall show the financial effect, if any, of such deviation and whether any extra time is to be allowed.

4. The Contractor shall have no claim against the company in respect of any work which may be withdrawn but only for work actually completed under this contract. The contractor shall have no objection to carry out work in excess of the quantities stipulated in Part-II if so ordered by the company at the same rates, terms and conditions.

5. The Company reserves the right to cancel this Contract at any time upon full payment of work done and the value of the materials collected by the contractor for permanent incorporation in the work under this contract particularly for execution of this contract up to the date of cancellation of the Contract. The valuation of the work done and the materials collected shall be estimated by the company's Engineer in presence of the contractor. The Contractor shall have no claim to any further payment whatsoever. The valuation would be carried out exparte if Contractor fails to turn up despite reasonable notice which will be binding on the Contractor.

6. The Contractor hereby undertakes to indemnify the Company against all claims which may arise under the under noted Acts:-

- i) The Mines Act.
- ii) The Minimum Wages Act, 1948.
- iii) The Workman's Compensation Act, 1923.
- iv) The Payment of wages Act, 1963.
- v) The Payment of Bonus Act, 1965.
- vi) The Contract Labour (Regulation & Abolition) Act, 1970 and the rules framed there under.
- vii) Employees Pension Scheme, 1995.
- viii) Inter-State Migrant (Regulation of Employment and Condition of Service) Act. 1979.
- ix) The Employees Provident Fund and Miscellaneous Provisions Act, 1952.
- x) AGST Act.
- xi) Service Tax Act.

or any other Acts or Statute not here in above specifically mentioned having bearing over engagement of workers directly or indirectly for execution of work. The Contractor shall not make the Company liable to reimburse the Contractor for the statutory increase in the wage rates of the Contract Labour appointed by the Contractor. Such Statutory increase in the wage rates of Contract Labour shall be borne by the contractor.

7. The Contractor shall clear away all rubbish and surplus material from the site on completion of work and shall leave the site clean and tidy.

8. The duration of the contract shall be **01 (One) year** from the commencement date mentioned in the work order. The Contractor must complete the work as mentioned in PART-III (SPECIAL CONDITIONS OF CONTRACT: SCC) within the contract period. During the currency of the job, the work progress must be commensurate with the time elapsed. In the event of any delay on the contractor's part, he/she will be liable to pay to the company liquidated damages at the rate of ½ % (Half Percent) per week of the contract price of the item(s) delayed in completion and the maximum value of the liquidated damage will be 7.5% of the contract price of the item(s) delayed provided the item(s) delayed are not critical for commissioning and final utilization of the work. If, however, the item(s) delayed in completion are critical for commissioning and final utilisation of the work then the contractor will be liable to pay liquidated damages by way of penalty at the rate of ½ % (Half percent) per week of delay of the total contract cost subject to a maximum of 7.5% of total contract cost.

The Chief Engineer's certificate as to the criticality or otherwise of an item shall be final.

The payment of liquidated damages/penalty may be reduced or waived at the sole discretion of the Company whose decision in this regard will be final.

In the event of there being undue delay in execution of the Contract, the Company reserves the right to cancel the Contract and / or levy such additional damages as it deems fit based on the actual loss suffered by the company attributable to such delay. The company's decision in this regard shall be final.

9. In order to promote, safeguard and facilitate the general operational economic in the interest of the Company during the continuance of this contract the Contractor hereby agrees and undertakes not to take any direct or indirect interest and or support, assist, maintain or help any person or persons engaged in antisocial activities, demonstration, riots , or in any agitation prejudicial to the Company's interest and any such even taking shape or form at any place of the Company's works or and its neighbourhood.

10. The tendered all-inclusive Price (the Contract price) is _____ **(Not to be filled up by bidder while submitting the offer in c-Folder. This figure will be filled up by OIL at the time of award of the contract to the successful bidder.)** (_____ only) but the Company shall pay the Contract or only for actual work done at the all inclusive rates set down in the Schedule of work part II of this Contract.

On account payment may be made, not often than monthly, up to the amount of **100%** of the value of work done. Final payment will be made only after satisfactory completion of the work. Such final payment shall be based on the work actually done allowing for deviations and any deductions and the measurement shall be checked and certified correct by the Company's Engineer before any such final payment is made.

11. The contractor employing 20 (twenty) or more workmen on any day preceding 12 months shall be required to obtain requisite licence at his cost from the appropriate Licensing Officer before undertaking any Contract work. The Contractor shall also observe the rules & regulations framed under the Contract Labour (Regulation & Abolition) Act.

12. The Company for any reason whatsoever and of which the company shall be sole judge may terminate this Contract with a 24 hours notice in writing to the Contractor and in the event of Company's so doing the clause 5 here of shall prevail and the accounts between the parties will be in accordance therewith finalised.

13. The Contractor will not be allowed to construct any structure (for storage / housing purpose) with thatch, bamboo or any other inflammable materials within any company's fenced area.

14. The Contractor shall ensure that all men engaged by him/her are provided with appropriate protective clothing and safety wear in accordance with regulation 89(a) and 89(b) in the Oil mines Regulations 1984. The Company's representative shall not allow/accept those men who are not provided with the same.

15. All Statutory taxes levied by the Central and State Government or any other competent authority from time to time will be borne by Contractor and the amount of the contract specified in the contract is inclusive of all tax liabilities but excluding Service Tax. Service Tax if applicable shall be, to the Company's account. However, Service Tax portion payable directly by the Service provider (if applicable) shall be reimbursed to the Contractor on the basis of the documentary evidence.

16. The Contractor shall deploy local persons in all works.

17. The Contractor shall not engage minor labour below 18(eighteen) years of age under any circumstances.

18. The Contractor and his/her workmen shall strictly observe the rules and regulations as per Mines Act. (latest editions).

19.1 GENERAL OBLIGATIONS OF COMPANY:

COMPANY shall, in accordance with and subject to the terms and conditions of this contract:

- i) Pay the Contractors in accordance with terms and conditions of the contract.
- ii) Allow access to Contractors and their personnel, subject to normal security and safety procedures, to all areas as required for orderly performance of the work.

20. Special Conditions

~~a) The amount of retention money shall be released after 6(six) months from the date of issue of completion certificate from concerned department.~~

b) The contractor will be required to allow OIL Officials to inspect the work site and documents in respect of the workers' payment.

c) Contractor(s) whosoever is liable to be covered under the P.F. Act and contract cost is inclusive of P.F., must ensure strict compliance of provisions of Provident Fund and Miscellaneous Provisions Act, 1952 in addition to the various Acts mentioned elsewhere in this contract. Any contractor found violating these provisions will render themselves disqualified from any future tendering. As per terms of the contract, if applicable, the Contractor must deposit Provident Fund Contribution (covering Employee's & Employer's share) with the competent authority monthly under their direct code. The Contractor shall be required to submit documentary evidence of deposit of P.F. Contribution to the Company. In case of failure to provide such documentary evidence, the Company reserves the right to withhold the amount equivalent to applicable P.F. Contribution.

21. SETTLEMENT OF DISPUTES AND ARBITRATION:

21.1 Arbitration (Applicable for Suppliers/Contractors other than PSU):

Except as otherwise provided elsewhere in the contract, if any dispute, difference, question or disagreement arises between the parties hereto or their respective representatives or assignees, in connection with construction, meaning, operation,

effect, interpretation of the contract or breach thereof which parties are unable to settle mutually, the same shall be referred to Arbitration as provided hereunder :

1. A party wishing to commence arbitration proceeding shall invoke Arbitration Clause by giving 30 days notice to the other party. The notice invoking arbitration shall specify all the points of dispute with details of the amount claimed to be referred to arbitration at the time of invocation of arbitration and not thereafter. If the claim is in foreign currency, the claimant shall indicate its value in Indian Rupee for the purpose of constitution of the arbitral tribunal.
2. The number of arbitrators and the appointing authority will be as under:

Claim amount (excluding claim for interest and counter claim, if any)	Number of Arbitrator	Appointing Authority
Upto Rs. 5 Crore	Sole Arbitrator	OIL
Above Rs. 5 Crore	3 Arbitrators	One Arbitrator by each party and the 3 rd Arbitrator, who shall be the presiding Arbitrator, by the two Arbitrators.

3. The parties agree that they shall appoint only those persons as arbitrators who accept the conditions of the arbitration clause. No person shall be appointed as Arbitrator or Presiding Arbitrator who does not accept the conditions of the arbitration clause.
4. Parties agree that there will be no objection if the Arbitrator appointed holds equity shares of OIL and/or is a retired officer of OIL/any PSU. However, neither party shall appoint its serving employees as arbitrator.
5. If any of the Arbitrators so appointed dies, resigns, becomes incapacitated or withdraws for any reason from the proceedings, it shall be lawful for the concerned party/arbitrators to appoint another person in his place in the same manner as aforesaid. Such person shall proceed with the reference from the stage where his predecessor had left if both parties consent for the same; otherwise, he shall proceed de novo.
6. Parties agree that neither shall be entitled for any pre-reference or pendent-lite interest on its claims. Parties agree that any claim for such interest made by any party shall be void.
7. The arbitral tribunal shall make and publish the award within time stipulated as under:

Amount of Claims and counter claims (excluding interest)	Period for making and publishing of the award (counted from the date of first meeting of the Arbitrators)
Upto Rs. 5 Crore	Within 8 months
Above Rs. 5 Crore	Within 12 months

The above time limit can be extended by Arbitrator, for reasons to be recorded in writing, with the consent of the other parties.

8. If after commencement of the arbitration proceedings, the parties agree to settle the dispute mutually or refer the dispute to conciliation, the arbitrators shall put the proceedings in abeyance until such period as requested by the parties.
9. Each party shall be responsible to make arrangements for the travel and stay etc. of the arbitrator pointed by it. Claimant shall also be responsible for making arrangements for travel/stay arrangements of the Presiding Arbitrator and the expenses incurred shall be shared equally by the parties.

In case of sole arbitrator, OIL shall make all necessary arrangements for his travel, stay and the expenses incurred shall be shared equally by the parties.

10. The Arbitration shall be held at the place from where the contract has been awarded. However, parties to the contract can agree for a different place for the convenience of all concerned.
11. The Arbitrator(s) shall give reasoned and speaking award and it shall be final and binding on the parties.
12. Subject to aforesaid, provisions of the Arbitration and Conciliation Act, 1996 and any statutory modifications or re-enactment thereof shall apply to the arbitration proceedings under this clause.

21.2 Arbitration (applicable in case of Contract awarded on Public Sector Enterprise):

In the event of any dispute or difference relating to, arising from or connected with the Contract, such dispute or difference shall be referred by either party to the arbitration of one of the Arbitrators in the Department of Public Enterprises, to be nominated by the Secretary to the Government of India, In-Charge of the Bureau of Public Enterprises. The Arbitration and Conciliation Act 1996 shall not be applicable to the Arbitration under this clause. The award of the Arbitrator shall be binding upon the parties to the dispute, provided however, any party aggrieved by such award may make a further reference for setting aside or revision of the award to the Law Secretary, Department of Legal Affairs, Ministry of Law and Justice, Government of India. Upon such reference, the dispute shall be decided by the Law

Secretary or the Special Secretary/Additional Secretary, whose decision shall bind the parties finally and conclusively. The parties in the dispute will share equally the cost of the arbitration as intimated by the Arbitrator.

The venue of all arbitrations under both 21.1 & 21.2 will be Duliajan, Assam. The award made in pursuance thereof shall be binding on the parties.

22. FORCE MAJEURE:

22.1 In the event of either party being rendered unable by 'Force Majeure' to perform any obligation required to be performed by them under the contract, the relative obligation of the party affected by such 'Force Majeure' will stand suspended for the period during which such cause lasts. The word 'Force Majeure' as employed herein shall mean acts of God, war, revolt, agitation, strikes, riot, fire, flood, sabotage, civil commotion, road barricade (but not due to interference of employment problem of the Contractor), acts of government of the two parties, which makes performance impossible or impracticable and any other cause, whether of kind herein enumerated or otherwise which are not within the control of the party to the contract and which renders performance of the contract by the said party impossible.

22.2 Upon occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing within Seventy Two (72) hours of the alleged beginning and ending thereof, giving full particulars and satisfactory evidence in support of its claim.

22.3 Should 'force majeure' condition as stated above occurs and should the same be notified within seventy two (72) hours after its occurrence the 'force majeure' rate shall apply for the first fifteen days. Parties will have the right to terminate the Contract if such 'force majeure' conditions continue beyond fifteen (15) days with prior written notice. Should either party decide not to terminate the Contract even under such condition, no payment would apply after expiry of fifteen (15) days force majeure period unless otherwise agreed to.

23. I.B. VERIFICATION REPORT AND SECURITY REVIEW:

Contractor will be required to submit the verification report to ascertain character and antecedents from the Civil Administration towards the persons engaged under this contract to the Head of the user Department before engagement.

24. In case of any doubt or dispute as to the interpretation of any clause herein contained, the decision of the Company's Engineer shall be final and binding on the contractor.

25. SET OFF CLAUSE:-

Any sum of money due and payable to the contractor (including Security Deposit refundable to them) under this or any other contract may be appropriated by Oil India Limited and set off against any claim of Oil India Limited (or such other person or persons contracting through Oil India Limited) for payment of a sum of money

arising out of this contract or under any other contract made by the contractor with Oil India Limited (or such other person or persons contracting through Oil India Limited).

26.0 FURNISHING FRAUDULENT INFORMATION/DOCUMENT:

Bidders should note that the documents/information submitted by the bidder(s) against the tender are presumed to be genuine, authentic and true copy of the originals. However, in case at any stage of tendering process or during execution of the contract or after expiry of contract, if it is detected that bidder has submitted forged or fabricated documents or furnish false information towards fulfillment of any of the tender/contract conditions, Company shall immediately reject the bid of such bidder(s) or cancel/terminate the contract, as the case may be and forfeit Earnest Money Deposit (EMD) / Security Deposit (SD) submitted by the bidder. Besides, bidder shall be liable for debarment for a period of 03 years from the date of issuance of debarment notice.

27.0 LIQUIDATED DAMAGES FOR DELAY IN MOBILISATION AND/ OR COMPLETION OF WORKS AND SERVICES

In normal case of works /service contracts, liquidated damages will be applicable @ 0.5% of the contract value per week or part thereof, for delay in contract mobilization/completion date subject to a maximum ceiling of 7.5% of contract value.

28.0 SUBCONTRACTING:

CONTRACTORS shall not subcontract or assign, in whole or in part, their obligations to perform under this contract, except with COMPANY'S prior written consent.

29.0 MISCELLANEOUS PROVISIONS:

Contractors shall conform in all respects with the provisions of any Statute, Ordinance of Law and the regulations or bye-law of any local or other duly constituted authority which may be applicable to the services and with such rules and regulation public bodies and Companies as aforesaid and shall keep OIL indemnified against all penalties and liability of every kind for breach of any such Statute, Ordinance or Law, regulation or byelaw.

30.0 LIABILITY:

30.1 Except as otherwise expressly provided, neither Company nor its servants, agents, nominees, Contractors, or sub-contractors shall have any liability or responsibility whatsoever to whomsoever for loss of or damage to the equipment and/or loss of or damage to the property of the Contractor and/or their Contractors or sub-contractors, irrespective of how such loss or damage is caused and even if caused by the negligence of Company and/or its servants, agent, nominees, assignees, contractors and sub-contractors. The Contractor shall protect, defend, indemnify and hold harmless Company from and against such loss or damage and any suit, claim or expense resulting there from.

30.2 Neither Company nor its servants, agents, nominees, assignees, Contractors, sub-contractors shall have any liability or responsibility whatsoever for injury to, illness, or death of any employee of the Contractor and/or of its contractors or sub-contractor irrespective of how such injury, illness or death is caused and even if caused by the negligence of Company and/or its servants, agents nominees, assignees, Contractors and sub-contractors. Contractor shall protect, defend, indemnify and hold harmless Company from and against such liabilities and any suit, claim or expense resulting there from.

30.3 The Contractor hereby agrees to waive its right to recourse and further agrees to cause their underwriters to waive their right of subrogation against Company and/or its underwrites, servants, agents, nominees, assignees, Contractors and sub-contractors for loss or damage to the equipment of the Contractor and/or its sub-contractors when such loss or damage or liabilities arises out of or in connection with the performance of the contract.

30.4 The Contractor hereby further agrees to waive its right of recourse and agrees to cause its underwriters to waive their right of subrogation against Company and/or its underwriters, servants, agents, nominees, assignees, Contractors and sub-contractors for injury to, illness or death of any employee of the Contractor and of its contractors, sub-contractors and/or their employees when such injury, illness or death arises out of or in connection with the performance of the contract.

30.5 Except as otherwise expressly provided, neither Contractor nor its servants, agents, nominees, Contractors or sub-contractors shall have any liability or responsibility whatsoever to whomsoever for loss of or damage to the equipment and/or loss or damage to the property of the Company and/or their Contractors or sub-contractors, irrespective of how such loss or damage is caused and even if caused by the negligence of Contractor and/or its servants, agents, nominees, assignees, Contractors and sub-contractors. The Company shall protect, defend, indemnify and hold harmless Contractor from and against such loss or damage and any suit, claim or expense resulting therefrom.

30.6 Neither Contractor nor its servants, agents, nominees, assignees, Contractors, sub-contractors shall have any liability or responsibility whatsoever to whomsoever or injury or illness, or death of any employee of the Company and/or of its contractors or sub-contractors irrespective of how such injury, illness or death is caused and even if caused by the negligence of Contractor and/or its servants, agents, nominees, assignees, contractors and sub-contractors. Company shall protect, defend indemnify and hold harmless Contractor from and against such liabilities and any suit, claim or expense resulting there from.

30.7 The Company agrees to waive its right of recourse and further agrees to cause its underwriters to waive their right of subrogation against Contractor and /or its underwriters, servants, agents, nominees, assignees, Contractors and sub-contractors for loss or damage to the equipment of Company and/or its contractors

or sub-contractors when such loss or damage or liabilities arises out of or in connection with the performance of the contract.

30.8 The Company hereby further agrees to waive its right of recourse and agrees to cause it underwriters to waive their right of subrogation against Contractor and/or its underwriters, servants, agents, nominees, assignees, Contractors and sub-contractors for injury to, illness or death of any employee of the Company and of its Contractors, sub-contractors and/or their employees when such injury, illness or death arises out of or in connection with the performance of the Contract.

30.9 LIMITATION OF LIABILITY:

Notwithstanding any other provisions except only in cases of willful misconduct and / or criminal acts,

- a) Neither the Contractor nor the Company (OIL) shall be liable to the other, whether in Contract, tort, or otherwise, for any consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs.
- b) Notwithstanding any other provisions incorporated elsewhere in the contract, the aggregate liability of the Contractor in respect of this contract, whether under Contract, in tort or otherwise, shall not exceed 100% of the Contract price, provided however that this limitation shall not apply to the cost of repairing or replacing defective equipment by the Contractor, or to any obligation of the Contractor to indemnify the Company with respect to Intellectual Property Rights.

Company shall indemnify and keep indemnified Contractor harmless from and against any and all claims, costs, losses and liabilities in excess of the aggregate liability amount in terms of clause (b) above.

31.0 CONSEQUENTIAL DAMAGE:

Except as otherwise expressly provided, neither party shall be liable to the other for special, indirect or consequential damages resulting from or arising out of the contract, including but without limitation, to loss or profit or business interruptions, howsoever caused and regardless of whether such loss or damage was caused by the negligence (either sole or concurrent) of either party, its employees, agents or sub-contractors.

32.0 INDEMNITY AGREEMENT:

32.1 Except as provided hereof CONTRACTORS agrees to protect, defend, indemnify and hold COMPANY harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, cost, liens and judgments of every kind and character, without limit, which may arise in favour of AUDITOR'S employees, agents, Contractors and subcontractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations contemplated hereby, regardless of whether or not said claims, demands or causes of action arise out of the negligence or otherwise, in whole or in part or other faults.

32.2 Except as provided hereof COMPANY agrees to protect, defend, indemnify and hold CONTRACTORS harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, cost, liens and judgments of every kind and character, without limit, which may arise in favour of COMPANY'S employees, agents, Contractor and subcontractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations contemplated hereby, regardless of whether or not said claims, demands or causes of action arise out of the negligence or otherwise, in whole or in part or other faults.

33.0 APPLICABLE LAW:

33.1 This Contract shall be deemed to be a Contract made under, governed by and construed in accordance with the laws of India for the time being in force and shall be subject to the exclusive jurisdiction of Courts situated at Dibrugarh in Assam.

33.2 The Bidders shall ensure full compliance of various Indian Laws and Statutory Regulations, to the extent applicable for performing under this Contract.

34.0 TAXES: Tax levied as per the provisions of Indian Income Tax Act and any other enactment/rules on income derived/payments received under the contract will be on Contractor's account.

34.1 All Statutory taxes levied by the Central and State Government or any other competent authority from time to time shall be on COMPANY'S account. However, liability for payment of such Taxes shall lie on the CONTRACTOR.

35.0 SUBSEQUENTLY ENACTED LAWS: In case change in existing law / enactment of new law or Statutory Order from a Statutory Authority during the execution of the Contract affects the Contract price, any increase against documentary evidence shall be reimbursed to the Contractor and any decrease shall be passed on to the Company by the Contractor.

The date of such enactment or change in law or Statutory order shall be considered **after closing date of the bid** submission as the Contractor has submitted the bid price based on the existing condition on that day and the Contract is awarded based on the bid as submitted.

36.0 TERMINATION:

36.1 **TERMINATION ON EXPIRY OF THE TERMS (DURATION):** The contract shall be deemed to have been automatically terminated on the expiry of duration of the Contract or the extension period, if exercised by Company under the provision of the Contract.

36.2 **TERMINATION ON ACCOUNT OF FORCE MAJEURE:** Either party shall have the right to terminate this Contract on account of Force Majeure as set forth in Article 22.0 above.

36.3 **TERMINATION ON ACCOUNT OF INSOLVENCY:** In the event that the Contractor or its collaborator at any time during the term of the Contract, becomes insolvent or makes a voluntary assignment of its assets for the benefit of creditors or is adjudged bankrupt, then the Company shall, by a notice in writing have the right to terminate the Contract and all the Contractor's rights and privileges hereunder, shall stand terminated forthwith.

36.4 **TERMINATION FOR UNSATISFACTORY PERFORMANCE:** If the Company considers that, the performance of the Contractor is unsatisfactory, or not upto the expected standard, the Company shall notify the Contractor in writing and specify in details the cause of the dissatisfaction. The Company shall have the option to terminate the Contract by giving 15 days notice in writing to the Contractor, if Contractor fails to comply with the requisitions contained in the said written notice issued by the Company.

36.5 **TERMINATION DUE TO CHANGE OF OWNERSHIP & ASSIGNMENT:** In case the Contractor's rights and /or obligations under this Contract and/or the Contractor's rights, title and interest to the equipment/ material, are transferred or assigned without the Company's consent, the Company may at its absolute discretion, terminate this Contract.

36.6 If at any time during the term of this Contract, breakdown of Contractor's equipment results in Contractors being unable to perform their obligations hereunder for a period of 15 successive days, Company at its option, may terminate this Contract in its entirety without any further right or obligation on the part of the Company, except for the payment of money then due. No notice shall be served by the Company under the condition stated above.

36.7 Notwithstanding any provisions herein to the contrary, the Contract may be terminated at any time by the Company on giving 30 (thirty) days written notice to the Contractor due to any other reason not covered under the above clause from 36.1 to 36.6 and in the event of such termination the Company shall not be liable to pay any cost or damage to the Contractor except for payment for services as per the Contract upto the date of termination including the De-mob cost, if any.

37.0 **CONSEQUENCES OF TERMINATION:** In all cases of termination herein set forth, the relative obligations of the parties to the Contract shall be limited to the period up to the date of termination. Notwithstanding the termination of this Contract, the parties shall continue to be bound by the provisions of this Contract that reasonably require some action or forbearance after such termination.

37.1 Upon termination of this Contract, Contractor shall return to Company all of Company's items, which are at the time in Contractor's possession.

37.2 In the event of termination of contract, Company will issue Notice of termination of the contract with date or event after which the contract will be

terminated. The contract shall then stand terminated and the Contractor shall demobilize their personnel & materials.

IN WITNESS whereof the parties hereunto set their hands seals the day and year first written above:-

OIL INDIA LIMITED
(A Government of India Enterprise)
Duliajan, Assam

E-TENDER NO. CDI2326P17

Part-II (SOQ) Schedule of Work, Unit and Quantity

DESCRIPTION OF SERVICE: Seismic Survey Operation for acquiring 2D seismic data of 5000 shots (1500 shots with Manual Drilling & 1500 shots with Mechanized Drilling rig in Santi-Tarajan areas & 2000 shots with Manual Drilling rig in OIL's operational area) in the Santi-Tarajan areas and OIL's operational area in upper Assam along with 800±10% channels using manual dheki & Mechanized drilling rig and other associated activities.

Item No.	Description of Services	UOM	Quantity
A	B	C	D
10	Cost/Shot for 2D survey (Normal Drilling)	Number	3500
20	Cost/Shot for 2D survey (Mech. Drilling)	Number	1500
30	Cost of Uphole	Number	60
40	Cost of Fixing Reference Pillars	Number	80
50	Force Majeure-2D	Day	15
60	Standby for 48 hrs Notice Period	Number	7
70	Standby for maintenance of equipment	Day	7
80	Experimental work	Day	7
90	C.T.V with Dish Antenna	Day	730
100	Catering Charges per Morning Tea	Number	400
110	Catering Charges per Break fast	Number	400
120	Catering Charges per Lunch	Number	400
130	Catering Charges per Evening Tea	Number	400
140	Catering Charges per Dinner	Number	400
<p>1. Bidder must include all liabilities including statutory liabilities but excluding Service Tax in their quoted rates. Service Tax, if applicable, shall be to the Company's account. However, Service Tax portion payable directly by the Service Provider (if applicable) shall be reimbursed to the Contractor on the basis of the documentary evidence.</p> <p>2. Contractors are required to raise monthly Service Tax Invoices for reimbursement of Service Tax against the contract. In absence of Service Tax Invoices, Service Tax will not be reimbursed and the consequences of the same shall entirely rest upon the Contractor.</p> <p>3. Mobilisation Period: Bidder has to move his men & material to the operational site within 10 days from the date of issue of Work Order.</p> <p>The mobilization shall be deemed to be completed only when the required men & resources including shot hole drilling equipment are deployed in the field and the first production shot is taken.</p>			
<p>Note: The rate for catering charges (Sl No 90 to 130) has been fixed by OIL as below:</p> <p>Rates per Morning Tea per person (Unit: Tea/person) : Rs. 40.00</p> <p>Rates per Break Fast per person (Unit: B'fast/person) : Rs. 200.00</p> <p>Rates per Lunch per person (Unit: Lunch/person) : Rs. 430.00</p> <p>Rates per Evening Tea per person (Unit: Evng.Tea/person) : Rs. 100.00</p> <p>Rates per Dinner per person (Unit: Dinner/person) : Rs. 430.00</p>			

PART - III PARTICULARS, SPECIFICATIONS AND INSTRUCTIONS**1.00 PURPOSE OF SEISMIC SURVEY OPERATIONS**

1.01 The purpose of survey operations is to lay out seismic profile on the ground as per the plan map. In this process, shot points and receiver points are marked on the ground at regular interval in respect of each profile using total stations for acquisition of 2D seismic data. Co-ordinates and elevation of all shots and receiver points are collected for the purpose of processing of seismic data. GPS/ Total Station survey is carried out for connecting the shot/receiver points and crossing/reference points for preparation of the final map. Survey operations are the essential pre-requisites of data acquisition and data processing work and are carried out in phased manner. Acquisition of survey data for a seismic profile is over when above-mentioned chain of activities is completed. Maintaining proper shot-hole depth, proper planting of geophone/sensor have direct bearing on quality of data acquired and consequently on the processing and interpretation of seismic data.

1.02 The purpose of recording is to acquire the seismic data along seismic profile and to store on magnetic tapes/cartridges for processing the data on computer for subsequent interpretation of these data. The quality and quantum of recording seismic data solely depends upon various jobs under recording operations (described in the Part-III (SCC) of the agreement).

1.03 Separate Uphole crews are engaged for collecting data pertaining to static corrections to be applied while processing the data.

2.00 PARAMETERS TO BE USED

Based on present information the seismic survey is expected to be carried out using the following parameters:

- i) No. of receiver line : One (1) line
- ii) No. of Channels : 800±10% (Active Channels)
- iii) Group interval : 10-50 mtrs
- iv) Shot point interval : 20-100 mtrs

The shot-point lines are along the receiver lines or at an angle to receiver lines.

3.00 COMMENCEMENT & DURATION OF WORK

3.01 This agreement shall commence and complete within 52 weeks of the written work order issued by DGM-Geophysics. The contractor will have to take charge of the seismic survey operation at site as per the order to commence work. During the currency of work, the progress must commensurate with the time elapsed. In the event of any delay on the contractor's part, he will be liable to pay to the company liquidated damage as per clause specified in the agreement.

3.02 Further volume extension, up to 100 percent, if felt necessary by the Company, shall be applicable under the same rates, terms & conditions.

4.00 POLLUTION & CONTAMINATION

4.01 The contractor shall exercise utmost caution and shall strictly comply with the laws and practices to avoid pollution & contamination. Any pollution & contamination arising out of this contract shall be the sole responsibility of the contractor and shall bear all direct & indirect damages within reasonable time on this account. The contractor further indemnifies the company from all claims arising out of the pollution & contamination.

5.00 POWER OF COMPANY REPRESENTATIVE

Company representative shall have the power to:

5.01 Repeat/reject the work if the quality of work is not up to the required standard set forth for the 'Purpose of survey work' due to faulty execution of work carried out by the contractor which has been perused and fully understood by the contractor.

5.02 Order the contractor to remove any inferior material/goods etc. from the site/camp and to demolish or rectify any work of inferior workmanship, failing which the Company representative may arrange for any such work to be demolished or rectified by any other means at the contractor's expenses.

5.03 Order the contractor to remove any contractor personnel whom he considers incompetent or unsuitable. The company representative's opinion as to the competence and suitability shall be final and binding on the contractor.

5.04 Issue to contractor from time to time during the progress of work such further drawings/instructions as shall be necessary for the purpose of proper execution of the survey work and the contractor shall be bound by the same.

5.05 Order deviations in Chapters II and III of this contract. All such deviations shall be in writing and will show the financial effect, if any.

6.00 DESCRIPTION OF SURVEY WORK

6.01 The contractor shall provide minimum 02(Two) SURVEYORS. The minimum qualification of survey must be intermediate with surveyor diploma holder from ITI or equivalent institute. The survey operation consists of (i) Fixing of GPS and Reference pillars (ii) GPS / Control Traverse Survey (iii) Implantation Survey. The jobs needed to be carried out pertaining to each operation are detailed below.

6.02 If the contractor fails to provide personnel as specified above, the company will have the authority to penalize the contractor Rs. 600/-per day per person on prorata basis.

6.03 FIXING OF GPS/REFERENCE PILLARS

Before starting the control traverse survey, the contractor has to fix GPS/Reference pillars at specified locations as per the advice of the company representative. He has to supply and carry sand, cement, gravel, water and carry other items/materials required for the fixing of the pillars at the specified points as per the advice of the company representative and to fix the pillars with the suitable description engraved on it and

paint properly as per the instructions to the complete satisfaction of the OIL's representative.

6.04 CONTROL TRAVERSE SURVEY

- (a) To carry the GPS / Total Stations including its accessories such as prism holders, survey umbrellas etc. and to place the same at different positions as per operational requirement.
- (b) To clean/clear obstructions, if any, along the control traverse survey line and mark control points on a paintable surface by paint as per instructions of OIL's representative.
- (c) To supply wooden/Bamboo pegs (4 to 6 ft long), paints, brush, permanent marker pens as per instructions of OIL's representative.
- (d) To write down the control points on every road crossing, trees, electric posts, house, culverts and any other structures as per the advice of the company's representative.

6.05 IMPLANTATION SURVEY

- (a) The job will be to lay out seismic line on the surface, of about 10-30 km length or as advised by OIL's representative, accurately using total stations or RTK DGPS. Since survey is most vital in 2D seismic survey, the ground stations are to be properly marked on ground at every 10-50 meters with a cross symbol (Receiver), and for every 20-100 meters along the receiver line with a symbol (circle cut). The orientation of the receivers is to be ensured towards fixed reference as decided by OIL's representative.
- (b) To cut/clear the undergrowth along the oriented seismic profile.
- (c) To prepare bamboo pegs for trace/shot points and fix them at the measured trace/shot points with numerical markings by permanent red/black marker pen on the red/white painted pegs as per instructions of OIL's representative.
- (d) Red and white paints are to be used for painting the top edge of the bamboo pegs of trace/shot point and the same to be written on a nearby paintable surface in big letters. A wooden /bamboo peg of 4 to 6 ft long will be required at each trace/shot point.
- (e) The contractor shall supply shovels, spades etc. to mark the ground and fix the pegs. In case of thick bush and tea gardens contractor shall provide jute ropes to tie the pegs with the bushes.
- (f) To carry all line survey instruments/material viz. total stations, tripods, prisms, staff rods, measuring tape, ranging rods, survey pins, survey umbrella, spades, shovels, ropes, etc. along the profile and place them at different positions as per the instructions of OIL's representative.
- (g) In case the fixed points are disturbed, removed by miscreants or there is significant survey error due to whatsoever the reason, the contractor shall arrange re-pegging of all

such points without any additional cost to the company. The responsibility of the company as well as the contractor in such cases shall remain unchanged.

(h) On any particular day any discrepancies observed in survey work viz. in fixing of GPS satellite point /Reference pillars or Control Traverse survey or Implantation survey, the contractor will arrange to re-survey the same to correct the discrepancies on the following day up to OIL's satisfaction.

7.00 DELETED – N/A

8.0 UPHOLE SURVEY

8.01 The Up-hole survey will be carried out in the area as decided by the OIL's representative. The contractor shall have:

(a) To drill and provide shot holes up to 25-40 meters depth at every selected location. All labourers, materials, related to drilling, washing of such holes at various depths shall be contractor's responsibility.

(b) To carry all the equipment including cables and geophones/digital sensors to the position as per the instruction of OIL's representative.

(c) To carry and load explosives in the above holes as per instructions of OIL's representative.

(d) To carry the equipment along with cables and geophones/digital sensors back to the camp and store them properly as per the instructions of OIL's representative.

(e) To return the unused explosives and detonators with security to the magazine safely as per the instructions of OIL's representative.

9.00 DESCRIPTION OF SHOOTING/RECORDING WORK

9.01 The recording operations consist of

(A) Manual dheki& Mechanized shot hole drilling.

(B) Instrument placing .

(C) Layout and packing of cables, jumpers, batteries, field electronics (LAUL's, LAUX's Laser Link, antennas etc.)and geophones/digital sensors with security both during day and night at field site forinstrument van, generator van, cables, geophones/digital sensors, stations unit etc.

(D) Loading of explosives and blasting of loaded holes.

The jobs to be carried out pertaining to each of above operations are detailed below:

9.02 SHOT HOLE DRILLING

(a) The contract is for total of 5000 shots out of which 3500 shots are with shot-holes drilled manually and 1500 shots with shot-holes drilled using mechanized shot-hole drilling rigs.

(b) The contractor shall provide the shot holes as per the specifications and instructions given by the OIL's representative from time to time. In the Thrust-belt part, shot-holes are to be drilled using mechanized shot-drilling rigs in forest covered zone, land, hard rock zone and near-surface boulder-bed covered areas. Contractor shall have option to select suitable mechanized drilling rigs (like compressor & top drive/ portable rigs etc.) to drill the shot-holes of 18-20m depth with 63-70 mm. diameters. The contractor shall deploy at least ten numbers of mechanized drilling rigs during the entire duration of the contract for necessary shot hole drilling purpose from the first day of the seismic recording operation. The shot-hole drilling equipment must be of vintage less than or equal to 60 months as on Tender floating date and must be in perfect condition. The perishable material e.g. rubber/ plastic/canvass pipes and nylon casings etc. should be new. The drillings of shot-holes are to be at specified interval along the lines of shooting as per specification and instruction of OIL's representative. The diameter of the hole may be decided at the field depending upon the diameter of the explosive to be used for the shooting operation. Shot-holes drilled manually are not allowed in the demarcated Thrust-belt part in the map.

(c) However, while working in normal area (Fore-dip part) the contractor shall have option to drill the shot holes with manual drilling ('Dheki') system at specified interval along the lines of shooting as per specification and instruction of OIL's representative. The depth of shot-holes is to be of 18-20m depth with diameter 63-70 mm. However, the diameter of the hole may be decided at the field depending upon the diameter of the explosive to be used for the shooting operation.

(d) Shot-holes may be drilled manually or using mechanized shot-hole drilling rigs. The Price is to be quoted per shot basis. Single shot-hole with 60ft depth is always preferable. Payment would be made as per the nos. of shots drilled with mechanized rigs and manual drilling system ('Dheki') based on the price schedule(of shots) mentioned in the contract.

Example: Let it be assumed that, X nos. of shots are recorded in one day, out of which Y nos. of shots are pertaining to shot-holes drilled with mechanized rigs and Z nos. of shots are pertaining to shot-holes with manual drilling. Then, the payment will be made for Y nos. of shots as per price schedule for shots pertaining to mechanized drilling rigs and also for Z nos. of shot-points as per price schedule of shot-holes drilled by manual ('Dheki') system.

(e) If a seismic line passes through the Thrust-belt part and normal area (Fore-dip thrust part), then the data recording (shooting) of the line is to be completed at one go using Mechanized drilling rigs and Manual drilling as per type of the area shown in the map.

(f) Seismic lines passing through the Thrust-belt part shall be recorded first on priority basis.

(g) The contractor shall drill the shot hole using his own equipment, tools etc. Moreover, contractor shall provide cow dung, Bentonite etc. in order to prevent the collapsing of shot holes.

(h) The shot hole depth drilled along seismic profile will be acceptable only after loading with the explosive.

(i) Any collapse of drilled shot hole will not be accepted and the contractor shall ensure that the drilling depth is as specified by the OIL's representative at the work-site. The contractor may have to wash the holes in case the desired depth is not available at the time of loading the explosives. Materials such as cow dung etc. shall have to be used to prevent collapse of shot holes in sandy formations so that the required depth is maintained. These materials must be arranged by the contractor at his own cost.

(j) If a shot point is skipped because of logistics, the contractor shall, if required by the Company, make recovery of the shot at the specified point as per the instruction of company's representative.

(k) Single shot-hole of 18-20m depth is always preferable. However, in areas where a single shot hole cannot be drilled to the prescribed depth as stipulated in the relevant clauses of 9.02 (a to f), the contractor has to drill 3 or 5 pattern holes having a total depth of 30 meters as per the instruction of the company's representative. But this alternative should be avoided as far as possible.

(l) Every day the Company will issue the drilling programme of the following day. It is contractor's responsibility to collect the same from the company representative. The contractor should have sufficient no. of representatives on line to supervise drilling and in case of shortage of water for drilling, the contractor shall arrange drums, tube wells/water tank etc. for adequate supply of water.

9.03 INSTRUMENT PLACING

(a) The contractor will collect the instruments and related accessories every day in the morning from OIL's representative at the camp. He will also be responsible for loading the same in the vehicles identified by the company's representative and transport them to specified work-site (upto nearest motorable points). The labourers engaged in the loading of the equipment in the camp will travel with the equipment and will also carry them manually from the nearest motorable point to the work-site.

(b) To pack up the equipment and accessories and shift them to next position (if required) as specified by OIL's representative.

(c) To pack the equipment and accessories, carry them to the nearest motorable point, load them in the identified vehicle at the end of the day and transport them to the base camp on instructions from OIL's representative.

(d) To unload and place back in the instrument and accessories as specified by OIL's representative in the base camp.

9.04 LAYOUT OF CABLES AND GEOPHONES/ DIGITAL SENSORS

(a) To collect cables, geophones/digital sensors, jumpers, station units and other related materials from field camp on a working day at the start of line and properly place in the

vehicle for transportation to the work site. The cables, geophones/digital sensors, field electronics (LAULs, LAUXs, Laser Links and antennas), jumpers and other related materials will be issued to the contractor at the start of survey and receipt of the materials shall be taken.

(b) To unload cables, geophones/digital sensors, jumpers and related materials from the vehicles at the nearest transportable point from the actual work-site and then subsequently carry these manually to actual work site.

(c) To lay out cables and geophones/digital sensors in accordance with the layout plan issued by OIL's representative and to make necessary inter-connections among cables and geophone/digital sensors as per the instructions of OIL's representative.

(d) To plant individual geophones/digital sensors vertically at specified ground stations on line as per instructions of OIL's representative.

(e) To check and ensure continuity of cable-geophone/digital sensors connection and proper planting of geophones/digital sensors using equipment/materials and replace defective/faulty cables, batteries and field electronics on line.

(f) The contractor should provide minimum 12 (Twelve) Nos. of CABLE SUPERVISORS and 30 (Thirty) Nos. ASSISTANT SUPERVISORS for the jobs mentioned from (a) to (e) who will be trained by OIL's representative at camp/field before starting of the shooting operation. The CABLE SUPERVISOR/ ASSISTANT SUPERVISOR will also be responsible for providing defect free line of active channels /line shifting as directed by OIL's representative.

(g) If the contractor fails to provide personnel as specified above, the company will have the authority to penalize the contractor Rs.600/-per day per person on prorata basis.

(h) To maintain constant vigil on the line during operations to ensure that the laid out cables and geophones/digital sensors and other related ground electronics are not disturbed in any manner and no unnecessary movement of man & material is taking place along the line.

(i) On receiving instructions from OIL's representative at the end of the day's operation, the cables, geophones/digital sensors, batteries, jumpers, etc. are to be picked up, coiled properly and carried manually to the fly camps on the seismic lines or to the designated vehicles. Any of OIL's equipment viz. cables, geophones/digital sensors, field electronics (LAULs, LAUXs, Laser Links and antennas etc.) and other equipment lost/stolen/damaged in the field/fly camps, the replacement cost of the equipment as administrative charges will be recovered from the contractor.

(j) To lay the cables, geophones/ digital sensors, station units, antennae, other field electronics etc. as per the layout plan supplied by OIL in the morning as described above and to complete the lay out by around 09.00 AM in the morning. After the cables, geophones/digital sensors, LAULs, LAUXs, other field electronics etc. are laid; OIL will require around 2 to 3 hours for trouble shooting to clear the line. Any delay in laying the line will have adverse effect on the minimum production.

(k) To ensure safety of cables , geophones/digital sensors and field electronics(LAULs, LAUXs, Laser Links and antennas etc.) on reaching the camp whenever required and to keep them at specified places as per the instruction of OIL's representative.

(l) To provide sufficient manpower (as per instructions of OIL's representative) at the instrument location for carrying, placing and watching equipment such as batteries, field electronics, for carrying spares to lines & do other jobs related to operation.

(m) OIL shall provide cables, geophones/digital sensors, field electronics etc. for 40 shots per day. However depending upon the field conditions and logistic challenges number of cables may be increased or decreased by the OIL representative in the interest of the company.

9.05 LOADING OF SHOT HOLES AND BLASTING OF LOADED HOLES

(a) To collect explosives, detonators, blaster, uphole geophone, loading poles and other related materials required for the day's work from OIL's representative at camp/explosive magazine.

(b) To transport explosives, detonators and other materials under proper security provided by OIL to the actual work-site by OIL's vehicles and then manually from point to point along the line.

(c) To prepare the charge of specified size, priming of the charge and loading it in the holes at the bottom as per the instruction of OIL representative.

(d) To tamp the loaded hole with water/mud (if necessary) prior to blasting as per instruction of OIL's representative.

(e) To assist in blasting the loaded hole as per instruction of OIL's representative.

(f) To fill the blasted hole completely as per instruction of OIL's representative.

(g) To pick up the firing line of uphole geophone after each blast. The labours engaged by the Contractor should carry the used and unused leftover materials back to camp and to keep these at a specified place.

(h) To transport all the materials (including left over explosives and detonators, blaster, uphole geophone & loading poles etc.) under security, manually from work site to parking place and transport to base camp and to connect the batteries for recharging for next day's operations as per the instructions of OIL's representative.

(i) To follow all the safety and security rules as stipulated by Explosives Rules under supervision of OIL's representative.

(j) Necessary precautions to be taken by the contractor in case of misfired holes / reloading under supervision of OIL's representative.

(k) The contractor must provide minimum 03 (Three) Nos. of SHOT FIRERS with valid SHOT FIRERS License.

(l) If the contractor fails to provide personnel as specified above the company will have the authority to penalize the contractor Rs 600/- per day per person on prorata basis.

10.0 MOBILIZATION

10.01 Bidder has to move his men & material to the operational site within 10 days from the date of issue of Work Order.

10.02 The mobilization shall be deemed to be completed only when the required men & resources including shot hole drilling equipments are deployed in the field and first production shot is taken.

11.00 EXPERIMENTAL WORK

Before and during the field operations, the company may decide to carryout experimental work in order to decide / modify the field parameters. The field layout and other technical details will be explained to contractor and its personnel by OIL's representative. Charges equivalent to experimental rates will be paid as per actuals. The experimental work will not be more than 07 (seven) days under normal circumstances during the contractual period.

12.00 CATERING& ENTERTAINMENT SERVICES

12.01 The contractor shall provide food for company guests at the site/camp etc. at any time during the contractual period. The number of guests will be at the discretion of OIL. The utensils, cooking gas/fire wood etc. will be provided by the company and the food is to be prepared/arranged in a good hygienic environment in the camp/site etc. The contractor has provision a total of 400 each for Morning tea, Breakfast, Lunch, Evening tea and Dinner as catering charges for OIL's guest. However, the payments will be made as per actuals.

NOTE: -

The rate for catering charges for guest has been fixed by OIL as below:.

Rates per Morning Tea per person (Unit: Tea/person)	: Rs. 40.00
Rates per Break Fast per person (Unit: B'fast/person)	: Rs. 200.00
Rates per Lunch per person (Unit: Lunch/person)	: Rs. 430.00
Rates per Evening Tea per person (Unit: Evng.Tea/person)	: Rs. 100.00
Rates per Dinner per person (Unit: Dinner/person)	: Rs. 430.00

12.02 The contractor shall provide and install three set of colour T.V and DTH set top box along with antenna and other accessories at the places specified by OIL representative. The contractor has to provide one Set of T.V and DTH for 365 days and 2 Set of T.V and DTH for 180 days each. The total T.V day is for 730 days. The contractor shall deploy its personnel to operate and maintain the same.

13.0 MINIMUM PRODUCTION REQUIREMENT PER DAY FOR SURVEY WORK

13.01 In 2D seismic survey operation, the shooting is carried out along lines and grids. In this case a grid will mean lines laid out at 100-20000 meters interval, with stations marked at every 10-50 meters and shot points marked at every 20-100 meters, along the seismic profiles extending along and area of 500 Sq. Km. or more. Each line may be divided into two or more similar lines or operational convenience. In some cases the data acquired may be done along few isolated lines.

13.02 The minimum production requirement per day pertaining to survey operation in different terrain is as follows:

<u>Area</u>	<u>Control Point (Kms)</u>	<u>Implantation (Kms)</u>
Forest area	2.00	0.75
Tea garden& paddy field area	3.00	2.00
Boulder bed, sandy & marshy area	3.00	2.00

13.03 For starting of shooting operations in the area, the minimum requirement of Implantation Survey to be covered is 1-3 lines in the area. This, however, may change at the discretion of the company. OIL may change technical specifications of survey work as and when required.

13.04 The contractor is required to ensure that the survey operations are sufficiently ahead of recording operations and recording operations are not hampered because of shortage of survey points.

13.05 The contractor will be liable to pay penalty as per penalty clauses in cases of recording operations getting affected because of shortage of survey progress.

14.0 MINIMUM PRODUCTION REQUIREMENT PER DAY FOR SHOOTING / RECORDING

14.01 The production of recording operations is number of good quality records acquired and recorded in the field. The minimum number of such records to be taken by the party per day will be as under:

i) In light forest, paddy or tea gardens, near surface boulder-bed area and thrust-belt area a minimum 40 shots per day will be required for recording.

ii) OIL representative will be issuing daily work program at the camp to the contractor. The quantum of daily work program as specified in the clause 14.01 (i) may be increased or decreased by the OIL representative based on the field conditions and logistic challenges present in the Line/profile/Operational area in the interest of the company.

14.02 The contractor shall lay the cables, geophones/digital sensors and other associated equipment and peripherals along seismic profile as per the technical requirement for taking the number of shots as specified in the daily work program issued to the contractor.

14.03 The contractor must ensure the minimum production as per clause 14.01 of Part III (SCC). Any shortfall in production needs to be compensated in such a way that if average of entire contract period meets the daily production, then no penalty will be levied as per the term of this contract. Otherwise, contractor will be penalized as per penalty clauses 20.03 of Part III (SCC).

15.00 COMPANY'S OBLIGATION

15.01 The company will arrange for transport for carrying recording equipment, explosives/detonators and accessories from base camp to the nearest point of access by vehicles leading to the work site.

15.02 The company will arrange for transport for OIL's men and materials for above job from camp to the nearest motorable approach to work-site and back.

15.03 The company will transport company staff and survey equipment for survey operations.

15.04 The Company will supply explosives and detonators, as per shooting requirement.

15.05 Before the start of operations, OIL's representative shall demonstrate the procedure of operations to the contractor's supervisors and labourers.

15.06 Company shall provide all equipment and accessories in workable condition except for the materials/equipment listed under contractor's obligations.

15.07 Any assistance / advice of technical nature or safety nature shall be provided by the company's representative pertaining to above operation.

15.08 Company shall provide security for explosives while in transportation.

16.00 CONTRACTOR'S OBLIGATION

16.01 The contractor's obligations pertaining to the operations are as follows:

16.02 The contractor shall provide torch lights for night security in camp and on the lines. After the end of the day's operation, the cables, geophones/digital sensors, jumpers, station units etc. are to be picked up and the cables to be coiled properly and carried manually to a fly camp on the seismic line for the night and lay them on the lines as per the layout plan by 09.00 A.M./in-time next day morning. These fly camps should be made & manned by the contractor by engaging the local people of the area. Any loss/damage/theft of OIL's equipment & accessories from the fly camp will be recovered from the contractor's outstanding bill.

16.03 The contractor shall arrange for transportation of his own people and materials to the work site and back. The contractor is required to keep sufficient nos. of vehicles for the entire period of operations in good running condition, at the field site for the above purpose.

16.04 The contractor shall provide the necessary implements viz. dao, spade, wooden hammer, bamboo/wooden pegs, fung, crossing pillars, flexible wire, sutlee and all other consumables required for operation and services for fly camp maintenance.

16.05 The contractor shall also supply cement, sand, karni, water etc. and arrange to carry the same to the crossing points for fixing the crossing pillars. The contractor shall provide the container for carrying water for above purpose.

16.06 The bamboo/wooden pegs to be provided by the contractor should be of 4 to 6 ft length and 1.5 to 2 inch. in width along the seismic profile.

16.07 The contractor shall provide necessary safety clothes to his work persons engaged in above operations and shall follow the statutory norms applicable to such operations under labour laws.

16.08 The contractor shall follow explosive safety rules as applicable to such type of operations. OIL shall render necessary advice in this regard.

16.09 The contractor shall ensure safety of company equipment and materials under his custody.

16.10 The contractor shall not misuse company's equipment and materials under his custody.

16.11 The contractor shall pay compensation for any type of damage and will be solely responsible to promptly sort out all types of disputes with the third parties, including but not limited to damage or compensation payment because of works carried out by the contractor under this contract ensuring minimum production per day. The contractor shall also pay necessary compensation for damages caused to paddy fields, tea garden, cultivable land etc. for taking shots and for carrying out other works under this contract. The contractor shall also be responsible to sort out all disputes arising out of employment and other demands while carrying out work under this contract. The contractor shall make every attempt to avoid damage to nearby structures, crops, garden, etc. during the operation. For such problems, if field operations get affected, penalty as applicable will be imposed on the contractor. OIL will not allow to linger any such cases arising out of genuine compensation claims for more than 30 days from the receipt of such claims/complaints.

16.12 The contractor must report to OIL in writing, after solving the problems/ disputes within 30 days of receipt of complaint failing which OIL shall set its inquiry and pay the compensation. The compensation paid will be deducted from the contractor's claim. The contractor shall also furnish a list of dispute/problems sorted out every month indicating type of problems, complainants, their addresses and steps taken to sort out the problem.

16.13 The contractor shall ensure recruitment of 80% of labourers from operational areas and also ensure the payment for each complete month to all his labourers by the 12th day of the succeeding months unless there is any convincing dispute between him & labourers.

16.14 The contractor shall remove any undesirable work person deployed by him as and when asked by OIL's representative and shall provide replacement within 24 hours.

16.15 The contractor shall follow the time schedule decided by the OIL's representative. It is required that the contractor has to provide the line and the drilled holes as per the work program.

16.16 The contractor shall ensure a noise free spread during the actual recording period and shall ensure the safety of cables and geophones/ digital sensors in layout.

16.17 Contractor's representative shall remain in contact with OIL's representative (observer) at recording site during the shooting operation and shall arrange for checking and subsequent replacement of bad cables/geophones/digital sensors field electronics etc. Contractor's representative shall also be available at base camp/fly camp/field site/instrument place on a 24 hours basis. Contractor's representative shall receive daily shooting programme and other instructions for the following day from OIL's representative.

16.18 The contractor shall ensure proper coiling of cables, geophones/digital sensors and packing of instruments and field electronics in specified manner on completion of the day's operation.

16.19 The contractor shall ensure to return left over explosives, detonators and other consumable used in loading and blasting shot holes, to the company's representative at site only.

16.20 The bamboo pegs with marking should be available at the measured shot points and geophone/digital sensor/ground stations at the time of shooting along the particular seismic line. The contractor will provide personnel to show any point on surveyed line as and when required during the tenure of the contract.

16.21 The contractor shall dress and fill the drilled holes/craters after the shooting/recording of the hole is complete.

16.22 The contractor shall arrange valid passes/permits for all his employees to be deployed under this contract to work and enter to all the relevant areas of operation and shall be fully responsible against any misdeed of his employees.

16.23 The contractor shall provide medical benefits, insurance, first aid box at site etc. while deploying the labourers under this agreement.

16.24 The Contractor's representatives shall be present at various sites e.g. fly camps, fields, on lines, base camp etc. They shall be available for discussion, if required by OIL's representative.

16.25 The Contractor shall supply the labour to various crews engaged for the above 2D seismic survey operation as per the requirement of the company. Contractor shall provide 10 nos. of unskilled labourers at camp who would be engaged in repairing of ground electronics (cables, geophone and ground electronics) during survey operation

period from the first day of implantation survey to last day of the shooting (recording) operation.

16.26 The Contractor must start the survey and shooting operations on the date stipulated by the Company. Any delay by the contractor regarding starting of survey operations and/or shooting operations will not be acceptable by the Company and penalty as per clause 20.08 of Part III (SCC) will be levied.

16.27 The contractor must supply 2 (Two) nos. of surveyors for line survey operation at his own expenditure. The minimum qualification of surveyor must be survey diploma holder from ITI or equivalent institute.

16.28 The contractor must supply 12 (Twelve) Nos. of CABLE SUPERVISORS and 30 (Thirty) Nos. ASSISTANT SUPERVISORS for trouble shooting and noise control during layout of ground electronics while shooting is going on. They must be experienced and well trained on ground electronics of field equipment.

16.29 The contractor must supply 03 (three) nos. of SHOT FIRERS for blasting of shot holes during seismic recording at his own expenditure. Contractor should also ensure that they possess a valid SHOT FIRERS License.

17.00 GENERAL TERMS AND CONDITIONS

17.01 The contractor shall be responsible to carry out the field's operation such as survey, crossing pillars, uphole survey, laying of geophones/digital sensors, cables and field electronics and drilling, loading, blasting of shot-holes etc. as per OIL's instructions, daily.

17.02 The contractor shall observe the working hours from 7.00 a.m. to 4.00 p.m. excluding travel time to and from the work-site. Contractor must ensure that daily work continue upto 4.00 pm. However, the security service in camp and on lines/fly camp will be required on 24-hours basis.

17.03 During the contractual period the quantum of work is expected to be 5000 shots. However, at the discretion of the company the quantum of the work may be increased/decreased under the same rates, terms and conditions during this contractual period.

17.04 If the contractor is not able to complete the assigned quantum of work during the contractual period, he will not be eligible for time extension to accommodate the balance quantum of work unless otherwise desired by the company.

17.05 If a shot point is skipped because of logistics, the contractor shall try to make recovery of the shot at the nearest possible shot /geophone/digital sensor points as per instruction of OIL's representative.

17.06 Along with production, no data quality will be compromised under any circumstances.

17.07 During the performance of the work, company may make certain changes in the work within the general scope of this contract including but not limited to: change in methodology, change of equipment which may be of different model or type, minor addition to or deletion from the work to be performed. The contractor shall perform the work as changed. Such change(s) will be effected by written order of the company.

17.08 The contractor or its authorized representative must be in constant touch with concerned OIL personnel during operation. They must be physically present in the field to supervise the labourers in their works. The authorized representatives must have power of attorney.

17.09 Labour disputes must be promptly settled by the contractor to avoid any effect on operations.

17.10 Any genuine compensation problem must be properly settled by the contractor without delay.

17.11 Pattern hole shooting will be carried out as and when required by OIL.

17.12 No sub-contract will be allowed during the period of seismic survey operations.

17.13 Labours engaged by the contractor have to be paid as per the Minimum Wage Act promulgated by the Govt. from time to time. He must provide every month to OIL the details of his payments to the labourers. A certificate to this effect has to be furnished by the contractor every month after such payment(s) are made. If the contractor does not abide by the same, any further payment due to him will not be released.

17.14. ISSUE OF WAGE SLIP: Contractor will issue wage slip in Form XIX in compliance with the provisions of Rule 78(1) (b) under The Contract Labour Rules, 1971 to engaged labours for the billing month along with the wages indicating wages paid and applicable deductions like P.F. etc.

17.15. MUSTER ROLL AND REGISTER OF WAGES: Contractor shall maintain a Muster Roll in Form XVI as per The Contract Labour Rules, 1971. Contractor shall ensure that the applicable wages are disbursed to the labours and compulsorily submit the Register Of Wages Head of controlling department /concerned Department within 12th of each month in Form XVII under Rule 78(1) (a) (i) of The Contract Labour Rules, 1971. One copy of the same should be provided to the local police station.

17.16. Contractor agrees and undertakes to make payment to the labourer's latest by 12th day of the following month in presence of departmental representatives of Principal Employer who shall certify the Register of Wages maintained by the contractors every month in compliance with the provisions of Rule 73 under The Contract Labour Rules, 1971 in the format provided hereunder:

"Certified that the amount shown in column No----- has been paid to

the workmen concerned in my presence on ----- at -----"

Contractor shall ensure the due payment of wages to the labours latest by 12th day of the following month. Any failure on the part of the Contractor will attract penalty under the provisions of The Contract Labour (Regulation & Abolition) Act, 1970 and other applicable Statutes, besides debarment of the Contractor from future business with the Company.

17.17 The contractor should attend a meeting with OIL's personnel at Company's premises at least once in a week to sort out any problems which may arise during the operations.

17.18 The contractor must provide PAN, VAT registration Number, Bank A/C Number, Vendor code with OIL, service tax registration certificate and PF registration certificate/declaration.

18.00 PAYMENT TERMS AND CONDITIONS

18.01 The scheduled rate for shots is based on the number of good shots taken, which will be certified by company representative. However the no. of required shots will be decided solely by OIL's representative. Contractor will not be allowed to shoot more than number of shots as specified in clause no 14.01 of Part-III (SCC) in a day unless OIL's representative desires so in the interest of the company.

18.02 Those shots will be considered as good shots where all the channels are alive (or as many number of live channels as handed over to the contractor before start of the operation), free of noise and other basic instrument properties recorded with correct layout. However, records with upto 2% dead or noisy channels will be accepted as good shot. Beyond that the shot will not be acceptable for payment.

18.03 If field parameters such as cable / geophone/digital sensors layout, group interval, geophone/digital sensor planting, shot-hole depth, shot-hole interval etc. as explained by OIL's representative are not implemented by the contractor's labours, such records (shots) will be considered as bad records and will not be accepted by OIL. These bad records will be reshot with correct parameters at the discretion of the company and payment will be made to the contractor only for the good and acceptable shots. Any bad records for bad cables/geophones/digital sensors and instrument problem (within OIL's control) will be OIL's responsibility.

18.04 If operations are stopped by the company on any particular day for the instrument problems or the work is interrupted due to heavy rain, thunder storm, etc. the contractor will be entitled for the following:

If the no. of shots taken is less than the programmed shots as per clause no 14.01 then, the contractor will be paid for the actual no. of shots plus 50% of the cost of the remaining no. of shots programmed.

18.05 Payment for fixing of crossing pillars will be made on fulfilment of services as defined in clause 6.03 of Part-III (SCC) at actual.

18.06 The company reserves the right to have minimum two days of maintenance of equipment in a calendar month. It will be carried out by OIL's personnel using contractor's labours and payment will be made as per schedule of services at actual.

18.07 OIL will have the right to give the contractor 48 hours' notice for shut down of operations which may be of temporary or permanent nature. However, contractor will be paid stand-by charges for first one day of 48 hour's notice period in case there is no operation. Contractor will not be paid any amount for shut down of operations beyond 48hours. However, the contractor will be given a maximum of 48 hours' notice to resume the operation.

18.08 The payment for catering charges and entertainment services will be made at actual on fulfilment of services as described in clause 12.0 of Part-III (SCC).

18.09 The payment for Uphole survey will be made at actual on fulfilment of services as described in clause 7.0 & 8.0 of Part-III (SCC).

18.10 Contractor shall send his invoices in triplicate to OIL's representative for the work performed during the preceding month on or before 5th of every month. The contractor shall also furnish a list of dispute/problems sorted out during the month indicating type of problem, complainant's names with addresses and steps taken to sort out the problem.

18.11 Deleted - NA

18.12 Final payment will be made only after 6 (six) months of satisfactory completion of work. Such final payment will be based on the work actually done allowing for deviations and any deduction before such final payment. The entire assigned targets have to be completed by the contractor to quality for final payment for the services rendered.

18.13 For resumption of work, a minimum of 48 hrs advance notice, will be given by the company irrespective of length of suspension of work whatsoever be the reason.

19.00 FORCE MAJEURE

19.01 Notwithstanding anything herein to the contrary, the contractor shall not be liable for forfeiture of its performance security, payment of penalties or termination for default if, and to the extent that, or delay in performance or other failure to perform its obligation under the contract is result of an event of Force Majeure.

19.02 In the event of either party being rendered unable by Force Majeure to perform any obligation required to be performed by them under the contract, the relative obligation of the party affected by such 'Force Majeure' will stand suspended as provided herein. The word 'Force Majeure' as employed herein shall mean acts of God, War, Revolt, Strike, Riot, Fire, Heavy Rain, Flood, Sabotage, Civil Commotion, road barricade, etc. (but not due to interference due to employment problem by the contractor).

19.03 Upon occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing

within seventy two (72) hours of the alleged beginning and ending thereof, giving full particulars and evidence in support of its claim to the full satisfaction of the other party.

19.04 Time for performance of the relative obligation suspended due to Force majeure shall stand extended by the period for which such cause lasts.

19.05 Should 'Force Majeure' conditions as stated above occur and should the same be notified within seventy two (72) hours, after its occurrence and accepted by the other party, the 'Force Majeure' rate shall apply for the first 15 days. Either party will have the right to terminate the contract, if such 'Force Majeure' conditions continue beyond 15 days with prior written notice. Should either party decided not to terminate the contract even under such conditions, no payment would apply after expiry of the 15 days period unless otherwise agreed to.

20.00 PENALTY

20.01 In case the contractor fails to fulfill any of its contractual obligation at any point of time, OIL may get the job done through third party (by the standard lay down procedure in OIL), and the contractor will reimburse the differential cost(if differential cost becomes more) for the remaining actual job done plus 10% extra towards handling charges. Here, the differential cost means the difference between new work cost minus old work cost.

20.02 Contractor shall be responsible for loss/damage to the company's equipment/materials in his custody. In case of loss, the actual replacement cost/book value of the equipment lost plus additional penalty upto 10% of the cost of affected equipment shall be charged to the contractor depending on the importance of the lost equipment. In case of partial damage, the contractor shall pay the actual repairing cost of the equipment/materials plus an additional penalty of 10% of the repairing cost. The decision by OIL's representative in this regard will be final and binding on the contractor.

20.03. The contractor has to maintain the minimum production specified under clause 14.01 of Part-III (SCC). If not achieved, then the penalty will be 20% of the cost of the shot not recorded during the day. However if he compensates the production loss within the contract period this penalty will stand cancelled.

20.04 In case the contractor could not carry out operation on a particular day or could partially complete the programmed number of shots, contractor shall be levied penalty of 20% of the total cost of the number of shots programmed or balance number of shots not recorded as the case may be. However, if he compensates the production loss within the current and the next calendar months this penalty will stand cancelled.

20.05 In case the company gives to the contractor 48 hours' notice for shut down of operations which may be of temporary or permanent nature and the contractor fails to resume operations on the effective date, penalty will be levied at the rate of 20% of 40 shots i.e. 8 shots per day.

20.06 If any shot is skipped due to contractor's failure, the contractor has to pay penalty as per shot rate of each shot not taken due to the problem.

20.07 If operations are affected because of non-availability / poor condition of the contractor's vehicles (clause 16.03 of Part-III (SCC)), or if the Contractor fails to provide

the suitable vehicle, company may use its own vehicle considering the exigencies & the availability of the vehicle. However actual cost incurred in providing such services will be deducted from the contractor's bill.

20.08 If the contractor fails to start either survey or shooting operations on a date stipulated by the company, then the contractor will be liable to be penalized equivalent to Force Majeure rate for each day of delay. This is also applicable for start of operations after any temporary break e.g. Bihu break etc.

20.09 If the contractor fails to provide 02(Two) no of SURVEYORS, 12(Twelve) nos. of CABLE SUPERVISORS, 30(Thirty) nos. of ASST. SUPERVISORS and 3 nos. of SHOT FIRERS then company will have authority to penalize the contractor Rs. 600/-per day per person on Prorata Basis.

21.00 TERMINATION

21.01 Termination on expiry of the term:

This contract shall be deemed to have been automatically terminated on the expiry of the contractual period unless the company has exercised its option to extend the contract in accordance with the provisions of the agreement.

21.02 Termination on account of Force Majeure:

Either party shall have the right to terminate this contract on account of Force Majeure as set forth in this agreement.

21.03 Termination on account of Insolvency:

In the event that the contractor at any time during the term of this contract becomes insolvent or makes a voluntary assignment of its assets for the benefit of its creditors or is adjudged Bankrupt, then the company shall by a notice inwriting have the right to terminate the contract and all the contractor's right and privileges hereunder shall stand terminated forthwith. In such eventuality, the company shall pay the contractor the applicable day rate if due upon the date of termination of the contract.

As soon as petition, if any, is made for declaration of insolvency to the court, the contractor shall keep the company informed of the fact in writing.

21.04 Termination for Unsatisfactory Performance:

i) If the company considers that the performance of the contract is unsatisfactory or not upto the expected standard, the company shall notify the contractor in writing and specify in detail the cause of dissatisfaction and shall advise the contractor to improve and rectify the requisition as contained in the notice within a period of 10 days.

ii) The company shall have the option to terminate the contract if the contractor fails to comply with the requisitions contained in the said written notice issued by the company to the contractor within 10(ten) days of receipt thereof. Notwithstanding above, in case of

repetition of unsatisfactory or not upto the expected standard, company shall have the option to terminate the contract forthwith without any prior notice.

21.05 Termination at the sole discretion of the Company:

Notwithstanding anything contained herein, the company may at its sole discretion, terminate this contract by giving to the contractor 60 (sixty) days written notice to that effect without assigning any reason whatsoever.

21.06 Termination due to change of ownership and assignment:

In case the contractor's right or obligation under this contract or the contractor's right title and interest to the company is transferred or assigned without the company's written consent, the company may at its absolute discretion terminate this contract as per the provisions elsewhere in the agreement.

21.07 Consequence of termination:

21.07.01 In all cases of termination herein set forth, the obligation of the company to pay the operating rate or any other charges shall be limited to the period of termination date only.

21.07.02 Notwithstanding the termination of this contract, the contractor shall reasonably be bound by the provisions of this contract that reasonably require some action or forbearance after such termination. The contractor shall hand over to the company representative in writing the equipment along with a list with status and latest action by him for fulfilment of purpose of work.

21.07.03 Upon termination of this Contract, Contractor shall return to the Company all of the Company's items, which are at the time in Contractor's possession.

21.07.04 Notwithstanding any provisions herein to the contrary, the Contract may be terminated at any time by the Company on giving 15 (Fifteen) days written notice to the Contractor due to any other reason not covered under the above Sub-Clause from 21.01 to 21.06 and in the event of such termination the Company shall not be liable to pay any cost or damage to the Contractor except for payment for services rendered as per this Contract upto the date of termination.

21.07.05 In the event of termination of Contract, the Company will issue Notice of Termination of the Contract with date or event after which the Contract will be terminated. The Contract shall then stand terminated and the Contractor shall demobilise their personnel & materials.

22.0 BANNING OF BUSINESS DEALINGS:

22.01 If a party (Bidder/ Contractor) is found to have committed misconduct/ fraud/ breach of terms/ anything unethical not expected from Contractors/ Suppliers/ Consultants etc., the Company has rights to put the Bidder/ Contractor on the "Business Holiday List" as per the Company's policy (guidelines) for "Banning Business

Dealings". The "Holiday Period" should not be less than 01 (one) year and more than 03 (three) years from its effective date for future business dealings.

22.02 Ground for putting a party on Business Holiday List may include any one or more of the following:

If a party (Bidder/ Contractor),

- a) Has indulged malpractices, bribery, fraud and pilferage.
- b) Is bankrupt or being dissolved or resolved to be wound up or proceeding for windup or dissolution have been instituted.
- c) Has furnished false information/ statement and /or forged document/ certificate.
- d) Has substituted materials in lieu of materials supplied by OIL or has not returned or has short returned or has unauthorizedly disposed-off materials/ documents/ drawings/ tools or plants or equipment supplied by OIL.
- e) Has obtained official Company information or copies of documents in relation to the tender / contract by dubious methods/ means.
- f) Has deliberately violated or circumvented the provision of labour laws/ regulations/ rules, safety norms or other statutory requirements.
- g) Has indulged in construction and erection of defective works or supply of defective materials / services and not made good of the defect within reasonable time in spite of follow-up by Company.
- h) Has not cleared OIL's previous dues.
- i) Committed Breach of Contract or failed to perform a contract or has abandoned the contract.
- j) Has refused to accept LOA/ LOI / Purchase Order/ Signing of the Contract after accepting LOA/ Work Order after the same is issued by OIL within the period of Bid validity and as per agreed terms & conditions.
- k) After bid opening, withdraws/ revises its bid within the period of bid validity for no valid reasons. However, reduction of quoted rate(s) / Bid price by L1 Bidder after the bid opening date shall not constitute ground for banning.
- l) Has parted with, leaked or provided confidential / proprietary information of OIL given to the party only for its use (in discharging its obligations against an order/ contract) to any third party prior consent of OIL.
- m) Use intimidation / threatening or bring undue outside pressure on the Company or its Official(s) for acceptance of its bids or acceptance of materials supplied or performance of the job under the contract/ purchase order.

n) If the Director/ Owner/ Proprietor/Partner of a party is convicted by a court of law for offences involving moral turpitude in relation to its business dealings during last five years.

o) Poor performance of the supplier / contractor/ service provider in any of the several contracts / supplies affecting Company's operations.

Note: Above grounds are only illustrative and not exhaustive.

23.0 SETTLEMENT OF DISPUTES AND JURISDICTION OF COURT: -

23.01 All disputes or differences whatsoever arising between the parties out of or relating to the construction, meaning and operation or effect of this Contract or the breach thereof shall be settled by arbitration in accordance with the rules of Indian Arbitration and Conciliation Act, 1996. For the purpose of arbitration, Company shall appoint the Sole Arbitrator to whom the disputes, as raised by the parties, shall be referred. The venue of arbitration will be Guwahati, Assam. The award made in pursuance thereof shall be binding on the parties.

23.02 The Courts of Dibrugarh and High Court of Guwahati shall have the sole jurisdiction for adjudication of any dispute arising out of the contract.

24.00 NOTICES

24.01 Any notice given by one party to the other pursuant to this contract shall be sent in writing and confirmed in writing to DGM-Contracts and copy to DGM-Geophysics.

24.02 A notice shall be effective when delivered or on the notice's effective date, whichever is later.

24.03 For resumption of work a minimum of 48 hours advance notice time will be given by the company irrespective of length of suspension of work whatsoever be the reason.

**To,
DGM-CONTRACT
OIL INDIA LIMITED
DULIAJAN-786602**

SUB: SAFETY MEASURES

Description of service:

Seismic Survey Operation for acquiring 2D seismic data of 5000 shots (1500 shots with Manual Drilling & 1500 shots with Mechanized Drilling rig in Santi-Tarajan areas & 2000 shots with Manual Drilling rig in OIL's operational area) in the Santi-Tarajan areas and OIL's operational area in upper Assam along with 800±10% channels using manual dheki & Mechanized drilling rig and other associated activities.

Sir,

We hereby confirm that we have fully understood the safety measures to be adopted during execution of the above contract and that the same have been explained to us by the concerned authorities. We also give the following assurances.

a) Only experienced and competent persons shall be engaged by us for carrying out work under the said contract.

b) The names of the authorized persons who would be supervising the jobs on day to day basis from our end are the following:

i) _____

ii) _____

iii) _____

The above personnel are fully familiar with the nature of jobs assigned and safety precautions required.

c) Due notice would be given for any change of personnel under item(b) above.

d) We hereby accept the responsibility for the safety of all the personnel engaged by us and for the safety of the Company's personnel and property involved during the course of our working under this contract. We would ensure that all the provisions under the Oil Mines Regulations, 1984 and other safety rules related to execution of our work would be strictly followed by our personnel. Any violation pointed out by the Company's Engineers would be rectified forthwith or the work suspended till such time the rectification is completed by us and all expenditure towards this would be on our account.

e) We confirm that all persons engaged by us would be provided with the necessary Safety Gears at our cost.

f) All losses caused due to inadequate safety measures or lack of supervision on our part would be fully compensated by us and the Company will not be responsible for any lapses on our part in this regard.

g) We shall abide by the following HSE (Health, Safety & Environmental) POINTS:

GENERAL HEALTH, SAFETY & ENVIRONMENT (HSE) POINTS:

1. It will be solely the Contractor's responsibility to fulfill all the legal formalities with respect to the Health, Safety and Environmental aspects of the entire job (namely; the person employed by him, the equipment, the environment, etc.) under the jurisdiction of the district of that state where it is operating. . Ensure that all sub-contractors hired by him comply with the same requirement as the contractor himself and shall be liable for ensuring compliance all HSE laws by the sub or sub-sub contractors.
2. Every person deployed by the contractor in a mine must wear safety gadgets to be provided by the contractor. The Contractor shall provide proper Personnel Protective Equipment as per the hazard identified and risk assessed for the job and conforming to statutory requirement and company PPE schedule. Safety appliances like protective footwear, Safety Helmet and Full Body harness has to be DGMS approved. Necessary supportive document shall have to be submitted as proof. If the Contractor fails to provide the safety items as mentioned above to the working personnel, the Contractor may apply to the Company (OIL) for providing the same. OIL will provide the safety items, if available. But in turn, OIL will recover the actual cost of the items by deducting from Contractor's Bill. . However, it will be the Contractor's sole responsibility to ensure that the persons engaged by him in the mines use the proper PPE while at work. All the safety gears mentioned above are to be provided to the working personnel before commencement of the work.
3. The Contractor shall prepare written Safe Operating Procedure (SOP) for the work to be carried out, including an assessment of risk, wherever possible and safe methods to deal with it/them. The SOP should clearly state the risk arising to men, machineries & material from the mining operation / operations to be done by the contractor and how it is to be managed.
4. The contractor shall provide a copy of the SOP to the person designated by the mine owner who shall be supervising the contractor's work.
5. Keep an up to date SOP and provide a copy of changes to a person designated by the Mine Owner /Agent /Manager.
6. Contractor has to ensure that all work is carried out in accordance with the Statute and SOP and for the purpose he may deploy adequate qualified and competent personnel for the purpose of carrying out the job in a safe manner. For work of a specified scope/nature, he should develop and provide to the mine owner a site specific code of practice in line.
7. All persons deployed by the contractor for working in a mine must undergo Mines Vocational Training, initial medical examination, PME. They should be issued cards stating the name of the contractor and the work and its validity period, indicating status of MVT, IME & PME.
8. The contractor shall submit to DGMS returns indicating - Name of his firm, Registration number, Name and address of person heading the firm, Nature of work,

type of deployment of work persons, Number of work persons deployed, how many work persons hold VT Certificate, how many work persons undergone IME and type of medical coverage given to the work persons.

9. The return shall be submitted quarterly (by 10th of April, July, October & January) for contracts of more than one year. However, for contracts of less than one year, returns shall be submitted monthly.

10. It will be entirely the responsibility of the Contractor/his Supervisor/representative to ensure strict adherence to all HSE measures and statutory rules during operation in OIL's installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Installation Manager / Safety Officer / Engineer / Official / Supervisor/Junior Engineer for safe operation.

11. Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.

12. Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor.

13. The contractor shall have to report all incidents including near miss to Installation Manager / departmental representative of the concerned department of OIL.

14. The contractor has to keep a register of the persons employed by him/her. The contractor's supervisor shall take and maintain attendance of his men every day for the work, punctually.

15. If the company arranges any safety class / training for the working personnel at site (company employee, contractor worker, etc) the contractor will not have any objection to any such training.

16. The health check up of contractor's personnel is to be done by the contractor in authorized Health Centers as per OIL's requirement & proof of such test(s) is to be submitted to OIL. The frequency of periodic medical examinations should be every five years for the employees below 45 years of age and every three years for employees of 45 years of age and above.

17. To arrange daily tool box meeting and regular site safety meetings and maintain records.

18. Records of daily attendance, accident report etc. are to be maintained in Form B, E, J (as per Mines Rules 1955) by the contractor.

19. A contractor employee must, while at work, take reasonable care for the health and safety of people who are at the employee's place of work and who may be affected by the employee's act or omissions at work.

20. A contractor employee must, while at work, cooperate with his or her employer or other persons so far as is necessary to enable compliance with any requirement under the act or the regulations that is imposed in the interest of health, safety and welfare of the employee or any other person.

21. Contractor's arrangements for health and safety management shall be consistent with those for the mine owner.

22. In case Contractor is found non-compliant of HSE laws as required company will have the right for directing the contractor to take action to comply with the requirements, and for further non-compliance, the contractor will be penalized prevailing relevant Acts/Rules/Regulations.

23. When there is a significant risk to health, environment or safety of a person or place arising because of a non-compliance of HSE Measures Company will have the right to direct the contractor to cease work until the non-compliance is corrected.

24. The contractor should prevent the frequent change of his contractual employees as far as practicable.

25. The contractor should frame a mutually agreed bridging document between OIL & the contractor with roles and responsibilities clearly defined.

26. For any HSE matters not specified in the contract document, the contractor will abide the relevant and prevailing Acts/rules/regulations/ pertaining to Health, Safety and Environment.

(Seal)

INTEGRITY PACT

Between

Oil India Limited (OIL) hereinafter referred to as "The Principal"

And

(Name of the bidder).....hereinafter referred to as "The Bidder/Contractor"

Preamble:

The Principal intends to award, under laid down organizational procedures, contract/s for **Hiring of services** for Seismic Survey Operation for acquiring 2D seismic data of 5000 shots (1500 shots with Manual Drilling & 1500 shots with Mechanized Drilling rig in Santi-Tarajan areas & 2000 shots with Manual Drilling rig in OIL's operational area) in the Santi-Tarajan areas and OIL's operational area in upper Assam along with 800±10% channels using manual dheki & Mechanized drilling rig and other associated activities. The Principal values full compliance with all relevant laws and regulations, and the principles of economic use of resources, and of fairness and transparency in its relations with its Bidder/s and Contractor/s.

In order to achieve these goals, the Principal cooperates with the renowned international Non-Governmental Organisation "Transparency International" (TI). Following TI's national and international experience, the Principal will appoint an external independent Monitor who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

Section 1 - Commitments of the Principal

(1) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles:-

1. No employee of the Principal, personally or through family members, will in connection with the tender for, or the execution of a contract, demand, take a promise for or accept, for him/herself or third person, any material or immaterial benefit which he/she is not legally entitled to.
2. The Principal will, during the tender process treat all Bidders with equity and reason. The Principal will in particular, before and during the tender process, provide to all Bidders the same information and will not provide to any Bidder confidential/additional information through which the Bidder could obtain an advantage in relation to the tender process or the contract execution.
3. The Principal will exclude from the process all known prejudiced persons.

(2) If the Principal obtains information on the conduct of any of its employees which is a criminal offence under the relevant Anti-Corruption Laws of India, or if there be a substantive suspicion in this regard, the Principal will inform its Vigilance Office and in addition can initiate disciplinary actions.

Section 2 - Commitments of the Bidder/Contractor

(1) The Bidder/Contractor commits itself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.

1. The Bidder/Contractor will not, directly or through any other person or firm, offer, promise or give to any of the Principal's employees involved in the tender process or the execution of the contract or to any third person any material or immaterial benefit which he/she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the tender process or during the execution of the contract.

2. The Bidder/Contractor will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, Subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process.

3. The Bidder/Contractor will not commit any offence under the relevant Anticorruption Laws of India; further the Bidder/Contractor will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.

4. The Bidder/Contractor will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the contract.

(2) The Bidder/Contractor will not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section 3 - Disqualification from tender process and exclusion from future Contracts

If the Bidder, before contract award has committed a transgression through a violation of Section 2 or in any other form such as to put his reliability or credibility as Bidder into question, the Principal is entitled to disqualify the Bidder from the tender process or to terminate the contract, if already signed, for such reason.

1. If the Bidder/Contractor has committed a transgression through a violation of Section 2 such as to put his reliability or credibility into question, the Principal is entitled also to exclude the Bidder/Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, in particular the number of transgressions, the position of the transgressions within the

company hierarchy of the Bidder and the amount of the damage. The exclusion will be imposed for a minimum of 6 months and maximum of 3 years.

2. The Bidder accepts and undertakes to respect and uphold the Principal's Absolute right to resort to and impose such exclusion and further accepts and undertakes not to challenge or question such exclusion on any ground, including the lack of any hearing before the decision to resort to such exclusion is taken. This undertaking is given freely and after obtaining independent legal advice.

3. If the Bidder/Contractor can prove that he has restored/recouped the Damage caused by him and has installed a suitable corruption prevention system, the Principal may revoke the exclusion prematurely.

4. A transgression is considered to have occurred if in light of available evidence no reasonable doubt is possible.

Section 4 - Compensation for Damages

1. If the Principal has disqualified the Bidder from the tender process prior to the award according to Section 3, the Principal is entitled to demand and recover from the Bidder liquidated damages equivalent to 3 % of the value of the offer or the amount equivalent to Earnest Money Deposit/Bid Security, whichever is higher.

2. If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to section 3, the Principal shall be entitled to demand and recover from the Contractor liquidated damages equivalent to 5% of the contract value or the amount equivalent to Security Deposit/Performance Bank Guarantee, whichever is higher.

3. The bidder agrees and undertakes to pay the said amounts without protest or demur subject only to condition that if the Bidder/Contractor can prove and establish that the exclusion of the Bidder from the tender process or the termination of the contract after the contract award has caused no damage or less damage than the amount or the liquidated damages, the Bidder/Contractor shall compensate the Principal only to the extent of the damage in the amount proved.

Section 5 - Previous transgression

1. The Bidder declares that no previous transgression occurred in the last 3 years with any other Company in any country conforming to the TI approach or with any other Public Sector Enterprise in India that could justify his exclusion from the tender process.

2. If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

Section 6 - Equal treatment of all Bidders/Contractor/Subcontractors

1. The Bidder/Contractor undertakes to demand from all subcontractors a commitment in conformity with this Integrity Pact, and to submit it to the Principal before contract signing.
2. The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors and Subcontractors.
3. The Principal will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.

Section 7 - Criminal charges against violating bidders/Contractors/Subcontractors

If the Principal obtains knowledge of conduct of a Bidder, Contractor or Subcontractor, or of an employee or a representative or an associate of a Bidder, Contractor or Subcontractor, which constitutes corruption, or if the Principal has substantive suspicion in this regard, the Principal will inform the Vigilance Office.

Section 8 - External Independent Monitor/Monitors (three in number depending on the size of the contract) (to be decided by the Chairperson of the Principal)

1. The Principal appoints competent and credible external independent Monitor for this Pact. The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.
2. The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. He reports to the Chairperson of the Board of the Principal.
3. The Contractor accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder/Contractor/Subcontractor with confidentiality.
4. The Principal will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the Contractor. The parties offer to the Monitor the option to participate in such meetings.
5. As soon as the Monitor notices, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or heal the violation, or to take other relevant action. The monitor can in this regard submit non-binding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.

6. The Monitor will submit a written report to the Chairperson of the Board of the Principal within 8 to 10 weeks from the date of reference or intimation to him by the 'Principal' and, should the occasion arise, submit proposals for correcting problematic situations.

7. If the Monitor has reported to the Chairperson of the Board a substantiated suspicion of an offence under relevant Anti-Corruption Laws of India, and the Chairperson has not, within reasonable time, taken visible action to proceed against such offence or reported it to the Vigilance Office, the Monitor may also transmit this information directly to the Central Vigilance Commissioner, Government of India.

8. The word 'Monitor' would include both singular and plural.

Section 9 - Pact Duration

This Pact begins when both parties have legally signed it. It expires for the Contractor 12 months after the last payment under the respective contract, and for all other Bidders 6 months after the contract has been awarded.

If any claim is made/ lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged/determined by Chairperson of the Principal.

Section 10 - Other provisions

1. This agreement is subject to Indian Law. Place of performance and jurisdiction is the Registered Office of the Principal, i.e. New Delhi.

2. Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.

3. If the Contractor is a partnership or a consortium, this agreement must be, signed by all partners or consortium members.

4. Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.

BID FORM

To

M/S. OIL INDIA LIMITED,
P.O. DULIAJAN, ASSAM, INDIA

Sub: IFB No. CDI2326P17

Gentlemen,

Having examined the General and Special Conditions of Contract and the Terms of Reference including all attachments thereto, the receipt of which is hereby duly acknowledged, we the undersigned offer to perform the services in conformity with the said conditions of Contract and Terms of Reference for the sum of _____ **“NOT TO BE QUOTED HERE”** (Total Bid Amount in words and figures) or such other sums as may be ascertained in accordance with the Schedule of Prices attached herewith and made part of this Bid.

We undertake, if our Bid is accepted, to commence the work as per the terms & conditions set out in the subject tender.

If our Bid is accepted, we will obtain the guarantee of a bank in a sum not exceeding **10%** of Contract value for the due performance of the Contract.

We agree to abide by this Bid for a period of **120** days from the date fixed for Bid closing and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

Until a formal Contract is prepared and executed, this Bid, together with your written acceptance thereof in your notification of award shall constitute a binding Contract between us.

We understand that you are not bound to accept the lowest or any Bid you may receive.

Dated this _____ day of _____ 2016.
