Part-II - Schedule of Work, Unit and Quantity (SOQ)
Part-III - Special Conditions of Contract (SCC)
Part-IV - Schedule of company's Plants, Materials and Equipments - **Not Applicable**
Part-V - Safety Measures (SM)
Part-VI - Integrity Pact
Price Bidding Format
Proformas & Annexures

SPECIAL NOTE:

Please note that all tender forms (Forwarding Letter, BRC-BEC – Bid Rejection Criteria & Bid Evaluation Criteria, Part-I/General Conditions of Contract/GCC, Part-II/Schedule of Work, Unit and Quantity/SOQ, Part-III/Special Conditions of Contract/SCC, Part-V/Safety Measures/SM, Part-VI/Integrity Pact, Price Bid) and supporting documents are to be submitted through OIL's E-Procurement site only except following documents which are to be submitted manually in sealed envelope super scribed with Tender No. and due date to GM-Contracts, Contracts Department, Oil India Limited, Duliajan- 786602.

a) ORIGINAL BID SECURITY (Only in case of Bidder(s) submitting Bid Security in the form of BANK GUARANTEE)

A scanned copy of Bid Security should also be uploaded along with the Un-priced Techno-Commercial Bid documents.

b) ANY OTHER DOCUMENT REQUIRED TO BE SUBMITTED IN ORIGINAL AS PER TENDER REQUIREMENT.

Scanned copy(s) of the same should also be uploaded along with the Un-priced Techno-Commercial Bid documents.

The above documents including the Original Bid Security (in case of bidders submitting Bid Security in the form of Bank Guarantee) must be received at OIL's Head-Contract's office at Duliajan on or before bid closing date & time failing which the bid shall be rejected.

Bidders are requested to examine all instructions, forms, terms and specifications in the bid. Failure to furnish all information required as per the bid or submission of offers not substantially responsive to the bid in every respect will be at the bidders risk and may result in the rejection of its offer without seeking any clarifications. Offers sent without the requisite value of prescribed bid security (if called for in the bid) in original will be ignored straightway.

19.0 The tender is invited under **OPEN E-TENDER TWO BID SYSTEM**. The bidder has to submit both the **"TECHNICAL"** and **"PRICED"** bid through electronic form in the OIL's e-Tender portal within the Bid Closing Date and Time stipulated in the e-Tender. For submission of Bids online at OIL's E-Tender Portal, detailed instructions are available in "User Manual" available in OIL's E-Tender Portal. The Technical Bid should be submitted as per Scope of Work & Technical Specifications along with all technical

documents related to the tender and uploaded under **“Technical Attachment” Tab only**. Bidders to note that no price details should be uploaded in **“Technical Attachment” Tab Page**. The Price Bid rates shall be quoted per unit as specified in the **“PRICE BIDDING FORMAT”** attached under **“Notes and Attachments” tab** in the main bidding engine of OIL’s E-Tender portal. The price quoted in the “PRICE BIDDING FORMAT” will only be considered for evaluation.

20.0 The Integrity Pact is applicable against this tender. OIL shall be entering into an Integrity Pact with the bidders as per format enclosed vide **“Part-VI/Integrity Pact”** of the tender document. This Integrity Pact proforma has been duly signed digitally by OIL’s competent signatory. The proforma has to be returned by the bidder (along with the Un-priced Techno-Commercial Bid) duly signed (digitally) by the same signatory who signed the bid, i.e., who is duly authorized to sign the bid. Uploading the Integrity Pact with digital signature will be construed that all pages of the Integrity Pact has been signed by the bidder’s authorized signatory who sign the Bid.

(**Note:** Shri Rajiv Mathur, IPS (Retd.), Former Director, IB, Govt. of India, E-Mail ID: rajivmathur23@gmail.com and Shri Satyananda Mishra, IAS(Retd.), Former Chief Information Commissioner of India & Ex-Secretary, DOPT, Govt. of India, E-Mail ID: satyanandamishra@hotmail.com has been appointed as Independent External Monitor).

CHIEF MANAGER CONTRACTS

**OIL INDIA LIMITED
(A GOVT. OF INDIA ENTERPRISE)
CONTRACTS DEPARTMENT, DULIAJAN
DISTRICT: DIBRUGARH (ASSAM), PIN-786602**

IFB NO. CDO4585P18

INSTRUCTION TO BIDDERS

1.0 Bidder shall bear all costs associated with the preparation and submission of bid. Oil India Limited, hereinafter referred to as 'Company', will in no case be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

2.0 BIDDING DOCUMENTS:

2.1 The services required, bidding procedures and contract terms are prescribed in the Bidding Documents. This Bidding Document includes the following:

- a) A forwarding letter highlighting the following points:
 - (i) Company's IFB No.
 - (ii) Description of Service
 - (iii) Bid closing date and time
 - (iv) Bid opening date, time and place
 - (v) Bid submission place
 - (vi) The amount of Bid Security
 - (vii) The amount of Performance Guarantee
- b) Instructions to Bidders
- c) BRC/BEC
- d) General Conditions of Contract (GCC): **Part-I**
- e) Schedule of Work, Unit, Quantities (SOQ): **Part- II**
- f) Special Conditions of Contract (SCC): **Part-III**
- g) Schedule of Company's Plants, Materials and Equipments (SCPME): **Part-IV**
-Not applicable for this Tender.
- h) Safety Measures (SM): **Part-V**
- i) Integrity Pact: **Part-VI**
- j) Price Bidding Format (Attached under "**Notes and Attachments**" tab in the main bidding engine of OIL's e-Tender portal).
- k) Proformas & Annexures.

2.2 The bidder is expected to examine all instructions, forms, terms and specifications in the Bid document. Failure to furnish all information required in the Bidding Documents or submission of a bid not substantially responsive to the Bidding Documents in every respect will be at the Bidder's risk & responsibility and may result in the rejection of its bid.

3.0 TRANSFERABILITY OF BID DOCUMENTS:

3.1 Bid Documents are non-transferable. Bid can be submitted only in the name of the bidder in whose name the Bid Document has been issued.

3.2 Unsolicited offers will not be considered and will be rejected straightway.

4.0 AMENDMENT OF BIDDING DOCUMENTS:

4.1 At any time prior to the deadline for submission of bids, the company may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective Bidder, modify the Bidding Documents by issuance of an Addendum.

4.2 The Addendum will be sent in writing through post/courier/Fax/e-mail to all prospective Bidders to whom Company has sent the bid documents and also be uploaded in the OIL's e-portal in the **"Technical RFx"** area under the tab **"External Area → Amendments"**. The company may, at its discretion, extend the deadline for bid submission for any reason. Bidders shall also check OIL's E-Tender portal [**"Technical RFx"** area under the tab **"External Area → Amendments"**] for any amendments to the bid documents before submission of their bids.

5.0 PREPARATION OF BIDS

5.1 LANGUAGE OF BIDS: The bid as well as all correspondence and documents relating to the bid exchanged between the Bidder and the Company shall be in English language, except that any printed literature may be in another language provided it is accompanied by an English translated version, which shall govern for the purpose of bid interpretation.

5.2 DOCUMENTS COMPRISING THE BID:

(A) UN-PRICED TECHNO-COMMERCIAL BID:

- (i) Bid Documents duly filled up as indicated.
- (ii) Complete technical details/specifications of the equipment with catalogue, etc. as per tender requirement.
- (iii) Documentary evidence established in accordance with BRC/BEC part.
- (iv) Statement of Non-Compliance (if any).
- (v) Bid Security (scanned copy). Hard copy of original Bid Security (Only in case of bidder(s) submitting bid security in the form of Bank Guarantee) should be sent separately to reach on or before **bid closing date & time failing which the bid shall be rejected.**
- (vi) Any other document as per tender requirement (scanned copy). Hard copy(s) of the same, if called for in the tender, should be sent separately to reach on or before **bid closing date & time failing which the bid shall be rejected.**
- (vii) Integrity Pact.

Note: Please note that no price details should be uploaded in UN-PRICED TECHNO-COMMERCIAL BID under **"Technical Attachment"** Tab.

(B) PRICED BID:

The Priced Bid shall contain the rates/prices along with the currency and any other commercial information pertaining to the rates/prices. Bidder shall quote their rates/prices in the "PRICE BIDDING FORMAT" attached under **"Notes and Attachments"**

tab in the main bidding engine of OIL's e-Tender portal. The price quoted in the "PRICE BIDDING FORMAT" will only be considered for evaluation.

Bidder must include all liabilities including statutory liabilities (but excluding Service Tax) in their quoted rates. The rates shall be fixed and firm for the entire tenure of the contract and shall be binding on both the parties. No changes in these rates shall be allowed under any circumstances during the tenure of this service agreement except as mentioned in the Bid Document.

6.0 PERIOD OF VALIDITY OF BIDS:

6.1 The Bid must be valid for **120 (One Hundred & Twenty)** days from the date of opening of the tender.

6.2 In exceptional circumstances, OIL may solicit the Bidder's consent to an extension of the period of validity. The request and the response thereto shall be made in writing (or by Fax). A Bidder may refuse the request without forfeiting its Bid Security. A Bidder granting the request will neither be required nor permitted to modify their bid.

7.0 FORMAT AND SIGNING OF BID:

7.1 The original and all copies of the bid shall be typed or written in indelible inks and shall be signed digitally by the Bidder to bind the Bidder to the contract.

8.0 SUBMISSION OF BIDS:

8.1 Bids are to be submitted online through OIL's E-procurement portal with digital signature. The bid and all attached documents should be digitally signed by the bidder using "**Class 3 digital certificate with Organization Name and Encryption Certificate**" as per Indian IT Act, 2000 obtained from the licensed Certifying Authorities operating under the Root Certifying Authority of India (RCAI), Controller of Certifying Authorities (CCA) of India while uploading the bid.

Digital Signature Certificates having "Organization Name" field other than Bidder's Name are not acceptable. However, aforesaid Digital Signature Certificates having Bidder's Name in the "Organization Name" field are acceptable.

The bid including all uploaded documents shall be digitally signed by duly authorized representative of the bidder to bind the Bidder to the contract. The authenticity of above digital signature shall be verified through authorized CA after bid opening and in case the digital signature used for signing is not of "Class-3 with Organization Name and Encryption Certificate", the bid will be rejected.

Bidder is responsible for ensuring the validity of digital signature and its proper usage by their employees.

8.2 Any person signing the Bid or any other document in respect of this Bid Document or other relevant documents on behalf of the Bidder without disclosing his authority to do so

shall be deemed to have the authority to bind the Bidder. If it is discovered at any time that the person so signing has no authority to do so, the Company (OIL) may, without prejudice to any other right or remedy, cancel his Bid or Contract and hold the Bidder liable to the Company (OIL) for all costs and damages arising from the cancellation of the Bid or Contract including any loss which the Company (OIL) may sustain on account thereof.

8.3 Timely submission of the bids is the responsibility of the Bidder and Bids should be submitted before the bid closing date and time. Company shall not be responsible for any delay.

8.4 E-mail/Fax/Telex/Telegraphic/Telephonic offers will not be accepted.

8.5 Bidder shall submit the Bid, duly completed in terms of the Bid Document.

8.6 Before submission of Bids, Bidders are requested to make themselves fully conversant with all Conditions of the Bid Document and other relevant information related to the works to be executed under this contract.

9.0 DEADLINE FOR SUBMISSION OF BIDS:

9.1 Bids should be submitted on-line up to 11.00 AM (IST) (Server Time) on the Bid Closing date mentioned in the Forwarding Letter. Bidders will be permitted by System to make any changes in their bid after the bid has been uploaded by the bidder. Bidder may however request the administrator through the system for returning their bids 03(three) days before the bid closing date and time for re-submission except in condition mentioned in clause 12.1. But, no such request would be entertained once the due date for submission of bids has been reached and bids are opened.

9.2 No bid can be submitted after the submission deadline is reached. The system time displayed on the e-procurement web page shall decide the submission deadline.

9.3 The documents in physical form must be received by Company at the address specified in the "Forwarding Letter" on or before **12.45 PM (IST)** on the **bid closing/opening date**. Timely delivery of the same at the address mentioned in the Forwarding Letter is the responsibility of the Bidders.

10.0 LATE BIDS:

10.1 Bidders are advised in their own interest to ensure that their bids are uploaded in system before the closing date and time of the bid. Any Bid received by the Company after the Bid Closing Date & Time stipulated by the Company shall be rejected.

11.0 MODIFICATION AND WITHDRAWAL OF BIDS:

11.1 Bidders will be permitted by System to make any changes in their bid after the bid has been uploaded by the bidder prior to the Bid Closing date and time. But no changes would be allowed by the system once the due date and time for submission of bids has been reached and bids are opened.

11.2 No bid can be modified/withdrawn subsequent to the deadline for submission of bids.

11.3 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiry of the period of bid validity. Withdrawal of any bid within validity period will lead to forfeiture of his/her/their Bid Security Deposit in full and debarred from participation in future tenders, at the sole discretion of the company.

12.0 EXTENSION OF BID SUBMISSION DATE:

12.1 Normally no request for extension of Bid Closing Date & Time will be entertained. However, OIL at its discretion, may extend the Bid Closing Date and/or Time due to any reasons.

13.0 BID OPENING AND EVALUATION:

13.1.1 The Technical bid will be opened on scheduled Bid opening date & time in the presence of any attending Bidder(s) or their Authorized Representative, if any. However, an authorized letter (format given in Proforma Section) from the Bidder must be produced by Bidder's representative at the time of opening of Tender, without which such representative won't be allowed to attend the opening of Tenders. Only one representative against each Bid will be allowed to attend the bid opening. Attending Bidder(s) & Authorized Representative(s) will have to sign a register evidencing their presence.

13.1.2 In case of two bid system, after the evaluation of the Technical Bids, the Price Bids of the technically qualified Bidders will be opened. The opening Date and Time will be intimated to the technically qualified Bidders in due course. Price bids will be opened in the same procedure as mentioned in Para 13.1.1 above.

13.2 In case it happens to be a bundh/holiday, the tender will be opened on the next working day (except Saturday). Accordingly, Bid Closing Date/time will get extended up to the next working day and time (except Saturday).

13.3 Bid for which an acceptable notice of withdrawal has been received pursuant to Clause 11.0 shall not be opened. OIL shall examine bids to determine whether they are complete, whether requisite Bid Securities have been furnished, whether documents have been properly signed and whether the bids are generally in order.

13.4 OIL shall prepare, for its own records, minutes of bid opening including the information disclosed to those present in accordance with the sub-clause 13.3.

13.5 To assist in the examination, evaluation and comparison of bids, normally no clarifications shall be sought from the Bidders. However, for assisting in the evaluation of the bids especially on the issues where the Bidder confirms compliance in the evaluation and contradiction exists on the same issues due to lack of required supporting documents in the Bid (i.e. document is deficient or missing), or due to some statement at other place of the Bid (i.e. reconfirmation of confirmation) or vice versa, clarifications may be sought by OIL at its discretion. The request for clarification and the response shall be in writing and no change in the price or substance of the bid shall be sought, offered or permitted.

13.6 Prior to the detailed evaluation, OIL will determine the substantial responsiveness of each bid to the requirement of the Bidding Documents. For purpose of these paragraphs, a substantially responsive bid is one, which conforms to all the terms and conditions of the Bidding Document without material deviations or reservation. A material deviation or reservation is one which affects in any way substantial way the scope, quality, or performance of work, or which limits in any substantial way, inconsistent way with the bidding documents, the Company's right or the bidder's obligations under the contract, and the rectification of which deviation or reservation would affect unfairly the competitive position of other bidders presenting substantial responsive bids. OIL's determination of bid's responsiveness is to be based on the contents of the Bid itself without recourse to extrinsic evidence.

13.7 A Bid determined as not substantially responsive will be rejected by the Company and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

13.8 The Company may waive minor informality or nonconformity or irregularity in a bid, which does not constitute a material deviation, provided such waiver, does not prejudice or affect the relative ranking of any Bidder.

14.0 EVALUATION AND COMPARISON OF BIDS:

14.1 OIL will evaluate and compare the bids as per Bid Evaluation Criteria (BEC) of the bidding documents.

14.2 DISCOUNTS/REBATES: Unconditional discounts/rebates, if any, given in the bid or along with the bid will be considered for evaluation.

14.3 Post bid or conditional discounts/rebates offered by any bidder shall not be considered for evaluation of bids. However, if the lowest bidder happens to be the final acceptable bidder for award of contract, and if they have offered any discounts/rebates, the contract shall be awarded after taking into account such discounts/rebates.

14.4 Conditional bids are liable to be rejected at the discretion of the Company.

15.0 CONTACTING THE COMPANY:

15.1 Except as otherwise provided in Clause 14.0 above, no Bidder shall contact OIL on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded except as required by OIL vide sub-clause 13.5.

15.2 An effort by a Bidder to influence OIL in the bid evaluation, bid comparison or Contract award decisions may result in the rejection of their bid.

16.0 AWARD CRITERIA:

16.1 OIL will award the Contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined as the lowest evaluated bid, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.

17.0 OIL' S RIGHT TO ACCEPT OR REJECT ANY BID:

17.1 OIL reserves the right to accept or reject any or all bids and to annul the bidding process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder, or bidders or any obligation to inform the affected bidder of the grounds for OIL's action.

18.0 NOTIFICATION OF AWARD:

18.1 Prior to the expiry of the period of bid validity or extended validity, OIL will notify the successful Bidder in writing by registered letter or by cable or telex or fax or e-mail (to be confirmed in writing by registered/couriered letter) that its bid has been accepted.

19.0 SIGNING OF CONTRACT:

19.1 The successful bidders(s) shall be notified by the Company of its intention to enter into an Agreement with him/her/them on the basis of his/her/their acceptance of the offer. Such notification shall be treated as a "Letter of Award (LOA)".

19.2 Within 2 Weeks from the date of issue of Letter of Award (LOA), the successful Bidder(s) will be required to pay an interest free Performance Security by way of Bank Guarantee (in specified format) favoring "OIL INDIA LIMITED" payable at "DULIAJAN" from any Nationalized Bank. Alternatively, the Performance Security can be deposited on-line in the E- procurement portal through the online payment gateway. Upon furnishing of the Performance Security, the successful Bidder(s) will be required to enter into a formal Service Agreement based on the instant tender on the OIL Standard forms of agreement.

19.3 The Performance Security must be valid for **90 days beyond Contract Period**. In the event of contract being extended within the provisions of the contract agreement, the contractor will have to extend suitably the validity of the "Security Deposit" for the extended period.

19.4 The "Performance Security" will be refunded to the contractor after **90 days beyond Defect Liability Period** but part or whole of which shall be used by the Company in realization of liquidated damages or claims, if any or for adjustment of compensation or loss due to the Company for any reason.

19.5 Failure of the successful bidders to comply with the conditions as specified in Para 19.2 above would render him liable for rejection and in turn forfeiture of Bid Security apart from any other actions the Company may take against him at its sole discretion. The bidder shall be dealt as per the Banning Policy (available in OIL's website) of Company.

20.0 FURNISHING FRAUDULENT INFORMATION/DOCUMENTS:

The information and documents furnish by the bidder/contractor in respect of the subject tender/contract are accepted to be true and genuine. However, if it is detected during technical scrutiny or after award of the contract or after expiry of the contract, that the bidder had submitted any fake/fraudulent document or furnished false

statement, the offer/contract shall be rejected/cancelled, as the case may be and the bidder (if fake document/false statement pertains to such bidder) shall be dealt as per the Banning Policy (available in OIL's website) of Company.

21.0 PROVISION FOR ACTION IN CASE OF ERRING/DEFAULTING AGENCIES:

Action against erring and defaulting agencies like bidder, contractor, supplier, vendor, service provider will be as per OIL's Banning Policy dated 6th January, 2017 available in OIL's website www.oil-india.com

22.0 In the event of awarding contract the Contractor shall have to submit Invoice of Service Tax as per the following Format

(Format of Invoice (As per Rule 4A (1) of the Service Tax Rule's 1994)

TAX INVOICE

Name of the Service Provider.....

Address of the Service Provider.....

Service Tax Regn. No of the service provider.....

Name & address of the Service Receiver

Invoice

Serial

No.....

Oil India Limited, Duliajan, Assam

Invoice

Date.....

Particulars	Amount (Rs)
Description of the service provided or agreed to be provided (e.g. AMC Bill against Contract No.....for the period.....)	A
Add service Tax 15.0 % on (A) above(In case of taxable value of service is not 100%, than specify the value of taxable service and apply 15.0 % of the qualifying amount) (e.g. if the value of service is only 40%, than service tax should be calculated at 15.0% on 40% of the value declared at (A) above.)	B
Total amount (Including service Tax) (A + B)	C
Less: Service Tax Payable by Oil India Limited under reverse charge	D
Net Bill Amount	E

Signature of Proprietor/partner

1.0 BID EVALUATION CRITERIA (BEC):

The bid shall conform generally to all the specifications and terms and conditions given in the Bid documents. Bids will be rejected in case services offered do not conform to the required parameters stipulated in the technical specifications. Notwithstanding the general conformity of the bid to the stipulated specifications, the following mandatory requirements will have to be particularly met by the Bidders without which the same will be considered as non-responsive and rejected. All the documents related to BEC must be submitted along with the Techno-Commercial Bid.

1.1 Financial Criteria:

1.1.1 Annual Financial Turnover of the bidder in any of preceding 03(three) financial/accounting years, reckoned from the original bid closing date should be at least **Rs. 20,88,000.00** (Rupees Twenty Lakhs Eighty Eight Thousand) only.

1.1.2 Net worth of the bidder must be Positive for the preceding financial/accounting year.

Notes to BEC Clause 1.1 above:

- a.** For proof of Annual Turnover & Net worth (refer clause 1.1.1 and 1.1.2 above), any one of the following documents/photocopies must be submitted along with the bid:

(i) Audited Balance Sheet along with Profit & Loss account.

OR

(ii) A certificate issued by a practicing Chartered/Cost Accountant (with Membership Number and Firm Registration Number) as per format prescribed in **Annexure-X**.

In case the bidder is a Central Govt. Organization/PSU/State Govt. Organization/Semi-State Govt. Organization or any other Central/State Govt. Undertaking, where the auditor is appointed only after the approval of Comptroller and Auditor General of India and the Central Government, their certificates may be accepted even though FRN is not available. However, bidder to provide documentary evidence for the same certifying the Annual turnover & Net worth.

- b.** Considering the time required for preparation of Financial Statements, if the last date of preceding financial/accounting year falls within the preceding six months reckoned from the original bid closing date and the Financial Statements of the preceding financial/accounting year are not available with the bidder, then the financial turnover of the previous three financial/accounting years excluding the preceding financial/accounting year will be considered. In such cases, the Net worth of the previous financial/accounting year excluding the preceding financial/accounting year will be considered. However, the bidder has to submit an affidavit /undertaking certifying that 'the balance sheet/Financial Statements for the financial year _____ have actually not been audited so far'.

1.2 Technical Criteria:

- i) Bidder must have experience of providing services of Heavy Transport Vehicles (viz. Tankers/Bowsers/Buses/Trucks/Tractor-Trailers/Cranes) to Public Sector Undertaking (PSU)/Central Government (Organization/Corporations)/State Government (Organization/Corporations) of minimum **Rs. 34,80,000.00** (Rupees Thirty Four Lakhs Eighty Thousand) only under single contract in previous 07(seven) years reckoned from the original bid closing date.

OR

- ii) Bidder must have experience of providing services of Tankers/Bowsers to Public Sector Undertaking (PSU)/Central Government (Organization/Corporations)/State Government (Organization/Corporations) continuously for a minimum period of 02(two) complete years under single contract in previous 07(seven) years reckoned from the original bid closing date.

OR

- iii) Bidder must have experience of providing services of attached Bowsers(s)/Tanker(s) to Oil India Limited (i.e. experience of providing attached Tanker(s)/Bowser(s) to the contractor(s) engaged by OIL) continuously for a minimum period of 02(two) complete years under single contract in previous 07(seven) years reckoned from the original bid closing date.

Notes to BEC Clause 1.2 above:

- I. The bidder must have requisite experience under single contract for any length of time during the last 07(seven) years reckoned from the original bid closing date i.e. for any length of time within the period **07.06.2010 to 06.06.2017** from the original bid closing date (both days inclusive). During this period of 07(seven) years, bidder must have the requisite experience under single contract of minimum requisite value (for bidders participating as per the experience mentioned in **1.2(i)** above)/period (for bidders participating as per the experience mentioned in **1.2(ii)/1.2(iii)** above). Accordingly, the Starting Date and/or the Job Completion Date of the work need not necessarily fall within the seven years period of **07.06.2010 to 06.06.2017** from the original bid closing date; but the value of job done/period executed must be of requisite amount within the period.
- II. For proof of requisite experience which has been completed within the requisite period of 07(seven) years to be reckoned from the original bid closing date, the following documents have to be submitted along with the bid from the organization to which requisite services were provided:
- A. In case requisite experience is against OIL's Contract:
1. For bidders participating as per the experience mentioned in **1.2(i)/1.2(ii)** above, Job Completion Certificate OR SAP generated Signed/Unsigned (i.e. system generated) Service Entry Sheet (SES) showing at least the following:
 - a) Gross Value of job done within the stipulated period.
 - b) Nature of job done and Contract/Work order no.

2. For bidders participating as per the experience mentioned in **1.2(iii)** above:

- a) Contract no. against which the vehicle was deployed for OIL's operation.
- b) Vehicle no.
- c) Period for which the vehicle was deployed under the contract.

B. In case requisite experience is not against OIL's Contract:

1. For bidders participating as per the experience mentioned in **1.2(i) / 1.2(ii)** above:

- a) Copy of Contract document/Work order showing details of work.

AND

- b) Job Completion Certificate/Payment Certificate showing:
 - i) Gross Value of job done within the stipulated period.
 - ii) Nature of job done and Contract/work order no.
 - iii) Contract Period and Date of completion.

III. If the prospective bidder is executing the requisite experience which is running as on the original bid closing date and the executed value (for Bidders participating as per Clause **1.2(i)** above)/executed period (for Bidders participating as per Clause **1.2(ii)/1.2(iii)** above) against the contract as on the original bid closing date is equal to or more than the minimum prescribed value/period in the BEC, such experience will also be taken in to consideration. In such case, the following documents have to be submitted along with the bid from the organization to which requisite services are being provided:

A. In case requisite experience is against OIL's Contract:

1. For bidders participating as per the experience mentioned in **1.2(i)** above:

- a) Letter of Award (LOA)/Work order.

AND

- b) SAP generated Signed/Unsigned (i.e. system generated) Service Entry Sheet (SES) showing the requisite value within the stipulated period.

2. For bidders participating as per the experience mentioned in **1.2(ii)** above:

- a) Letter of Award (LOA)/Work order.

AND

- c) SAP generated Signed/Unsigned (i.e. system generated) Service Entry Sheet (SES) within the stipulated period.

3. For bidders participating as per the experience mentioned in **1.2(iii)** above:

- a) Contract number against which the vehicle is being deployed for OIL's operation.
- b) Vehicle no.

c) Period for which the vehicle is being deployed under the contract.

B. In case requisite experience is not against OIL's Contract:

1. For bidders participating as per the experience mentioned in **1.2(i)** above:

a) Copy of Contract document/Work order showing details of work.

AND

b) Service execution certificate showing at least the following amongst others:

- i) Gross Value of job done within the stipulated period.
- ii) Nature of job done and Contract/work order no.
- iii) Contract Start Date and Scheduled Date of completion.

2. For bidders participating as per the experience mentioned in **1.2(ii)** above:

a) Copy of Contract document/Work order showing details of work.

AND

b) Service execution certificate showing at least the following amongst others:

- i) Nature of job done and Contract/Work order no.
- ii) Contract Start Date and Scheduled Date of completion.

IV. A job executed by a bidder for its own organization/subsidiary cannot be considered as experience for the purpose of meeting BEC.

1.3 The Bidder(s) must offer to provide services of 06(six) nos. tankers/bowsers of minimum 12(Twelve) Kiloliters capacity each. The truck chassis offered (on which new tank shall be fabricated after issuance of LOA) for the services must be brand new (purchased & registered after issuance of LOA). Out of 06(six) nos. tankers/bowsers, minimum 04(four) nos. will be purchased & registered in the name of the bidder after issuance of LOA and the rest 02(two) nos. (maximum) may be in the bidder's own name or attached. An undertaking to this effect must be submitted along with the Un-priced Techno Commercial Bid as per the format prescribed in Annexure-F.

Notes to BEC Clause 1.3 above:

- I. Manufacturer original printed technical leaflet/brochure of the truck chassis of 10 wheels (25 GVW truck) containing detail specification are to be submitted along with the Un-priced Techno Commercial Bid.
- II. The detailed constructional drawing of the tank of 12 KL capacity to be submitted along with the Un-priced Techno-Commercial Bid.
- III. Valid documents from appropriate authority for vehicle ownership, Road permits, Registrations, Road Tax, Fitness, Comprehensive insurance, Tank Calibration Certificate, Pollution certificate and stamped dip stick for all the brand new tankers(s)/bowsers offered by bidder shall be furnished by the bidder/contractor at the time of placement of the bowsers for services.

IV. No change in vehicle ownership as declared by the bidder will be allowed after opening of bids.

1.4 Any bid offering services of less than 06(Six) bowzers will not be considered for evaluation.

1.5 If the number of technically acceptable bowzers/tankers of a bidder falls short of 06(six) nos., the offer will be rejected.

1.6 The bidder has to provide (declaration as per Annexure-E) brand new centrifugal pumps (to be purchased & mounted on each tanker/bowser after issuance of LOA) for loading and unloading of drilling fluids along with all bowzers (Broad specification of the pump is given in SCC). The technical details/leaflet of the loading & unloading pump with detail specification is to be provided along with the unpriced Techno commercial bid (Manufacturer original printed technical leaflet/brochure to be enclosed).

1.7 Non-receipt of duly filled up Annexure-A will make the bid(s) liable for rejection.

1.8 Bidder shall place the offered vehicles for the entire period of the proposed contract agreement including the extension period, if any, except otherwise as provided under Clause-9.0 of the SCC. The bidder should execute an undertaking in favour of OIL to the extent that offered tankers/bowzers shall be placed for the entire period of the proposed contract agreement including the extension period, if any. In case of attached tanker(s), the owner(s) of the tanker(s) and bidder shall jointly execute such undertaking. Format of the undertaking is enclosed along with this bid document (Annexure-B).

1.9 Bidders should submit an affidavit to certify the genuineness of documents/certificates submitted by them along with their bids including documents of attached vehicle(s). Format of the affidavit is enclosed along with this bid document (Annexure- C).

1.10 The bidders must declare (as per Annexure-D) to mobilize within maximum 120(One hundred twenty days) from the date of issue of Letter Of Award (LOA) otherwise his/her/their bid(s) will be summarily rejected.

1.11 Bid will be rejected if not accompanied with adequate documentary proof in support of Work experience, Annual turnover and Net worth.

1.12 The bidder shall submit certificate issued by appropriate authority regarding Bank account number, service tax registration no, copy of PAN card, VAT/GST Regd. Number, Provident Fund Code Number, (Direct Code)/or a declaration by the applicant to them. In case of P.F. is required to be deposited later on, the same will be deposited by bidder/contractor.

1.13 Prices shall be opened in respect of only the techno-commercially acceptable bidders whose bids have been found to be substantially responsive. A substantially responsive bid is one that meets the terms and conditions of the Tender and/or the acceptance of which bid will not result in indeterminate liability on OIL.

1.14 Bidders are required to quote for all the items as per Price Bid Format, otherwise the offer of the bidder will be straightway rejected.

1.15 If there is any discrepancy between the unit price and the total price, the unit price will prevail and the total price shall be corrected. Similarly, if there is any discrepancy between words and figure, the amounts in words shall prevail and will be adopted for evaluation.

1.16 The quantities shown against each item in the "Price Bid Format" shall be considered for the purpose of Bid Evaluation. It is, however, to be clearly understood that the assumptions made in respect of the number of days/parameters for various operations are only for the purpose of evaluation of the bid and the Contractor will be paid on the basis of the actual number of days/parameter, as the case may be.

1.17 Price Bids will be evaluated on overall lowest cost basis (L-1 offer) i.e. considering total quoted price for all items of SOQ inclusive of all liabilities including statutory liabilities but excluding Service Tax as per Price Bid Format.

1.18 Based on the evaluation of techno-commercially qualified bidders, the job will be awarded to L-1 bidder.

1.19 The bidders are advised not to offer any discount/rebate separately and to offer their prices in the Price Bid Format after considering discount/rebate, if any.

1.20 Conditional and unsolicited discount will not be considered in evaluation. However, if such bidder happens to be the lowest recommended bidder, unsolicited discount without any condition will be considered for computing the contract price.

1.21 In case of identical overall lowest offered rate by more than 1 (one) bidder, the selection will be made by draw of lot between the parties offering the same overall lowest price.

1.22 PURCHASE PREFERENCE CLAUSE:

Purchase Preference to Micro and Small Enterprises registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME:

- a. In case participating MSE(s) quote price within price band of L1+15%, such MSE shall be considered for award of contract by bringing down their price to L1 price in a situation where L1 price is from someone other than a MSE.
- b. In case of more than one such MSE qualifying for 15% purchase preference, the contract shall be awarded to lowest eligible MSE amongst the MSEs qualifying for 15% purchase preference.
- c. In case any part of the work is sub-contracted to a Micro or Small Enterprise as per contract conditions then the contractor shall provide complete details (i.e.

name of the subcontractor, value of sub-contacted work, copy of valid registration certificate etc.) of the sub-contractor to OIL.

d. **Documentation Required to be submitted by MSEs:**

Copy of valid Registration Certificate, if bidder is a Micro or Small Enterprises (MSE) registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME. The Registration Certificate should clearly indicate the monetary limit, if any and the items for which bidder are registered with any of the aforesaid agencies. In case bidding MSE is owned by Schedule Caste or Schedule Tribe entrepreneur, valid documentary evidence issued by the agency who has registered the bidder as MSE owned by SC/ST entrepreneur should also be enclosed.

2.0 BID REJECTION CRITERIA (BRC):

2.1 The bids are to be submitted in single stage under 2 (two) bid system i.e. Un-priced Techno-Commercial Bid and Price Bid together. Only the Price Bid should contain the quoted price.

2.2 The price quoted by the successful bidder must be firm during the performance of the contract and not subject to variation on any account except as mentioned in the bid document. Any bid submitted with adjustable price quotation other than the above will be treated as non-responsive and rejected.

2.3 Bid Documents/User Id & Password for OIL's E-Tender portal are not transferable. Bid made by parties who have not submitted the requisite tender fees will be rejected.

2.4 Any bid received in the form of Physical document/Telex/Cable/Fax/E-mail will not be accepted.

2.5 Bids shall be typed or written in indelible ink. The bidder or his authorized representative shall sign the bid digitally, failing which the bid will be rejected.

2.6 Bids shall contain no interlineations, erasures or overwriting except as necessary to correct errors made by bidder, in which case such corrections shall be initiated by the persons(s) signing (digitally) the bid. However, white fluid should not be used for making corrections. Any bid not meeting this requirement shall be rejected.

2.7 Any bid containing false statement will be rejected and action will be taken by Company as per Bid Document.

2.8 Bidders must quote clearly and strictly in accordance with the price schedule outlined in Price Bidding Format attached under "Notes and Attachments" tab in the main bidding engine of OIL's e-Tender portal; otherwise the bid will be rejected. All other techno-commercial documents other than price details to be submitted with Un-priced

Techno-Commercial Bid as per tender requirement under "Technical Attachment" Tab Page only.

2.9 Bidder must accept and comply with the following provisions as given in the Tender Document in toto, failing which offer will be rejected:

- (i) Firm price
- (ii) EMD/Bid Bond
- (iii) Period of validity of Bid
- (iv) Price Schedule
- (v) Performance Bank Guarantee/Security deposit
- (vi) Delivery/Completion Schedule
- (vii) Scope of work
- (viii) Guarantee of material/work
- (ix) Liquidated Damages clause
- (x) Tax liabilities
- (xi) Arbitration/Resolution of Dispute Clause
- (xii) Force Majeure
- (xiii) Applicable Laws
- (xiv) Specifications
- (xv) Integrity Pact
- (xvi) Any other condition specifically mentioned in the tender documents elsewhere that non-compliance of the clause lead to rejection of the bid.

2.10 There should not be any indication of price in the Un-priced Techno-Commercial Bid. A bid will be straightway rejected if this is given in the Un-priced Techno-Commercial Bid.

2.11 The Integrity Pact is applicable against this tender. OIL shall be entering into an Integrity Pact with the bidders as per format enclosed vide Part-VI of the tender document. This Integrity Pact proforma has been duly signed digitally by OIL's competent signatory. The proforma has to be returned by the bidder (along with the Un-priced Techno-Commercial Bid) duly signed (digitally) by the same signatory who signed the bid, i.e., who is duly authorized to sign the bid. Uploading the Integrity Pact with digital signature will be construed that all pages of the Integrity Pact has been signed by the bidder's authorized signatory who sign the Bid.

3.0 GENERAL:

3.1 In case bidder takes exception to any clause of bidding document not covered under BEC/BRC, then the Company has the discretion to load or reject the offer on account of such exception if the bidder does not withdraw/modify the deviation when/as advised by company. The loading so done by the company will be final and binding on the bidders. No deviation will however be accepted in the clauses covered under BEC/BRC.

3.2 To ascertain the substantial responsiveness of the bid the Company reserves the right to ask the bidder for clarification in respect of clauses covered under BEC/BRC also and such clarifications fulfilling the BEC/BRC clauses in toto must be received or

before the deadline given by the company, failing which the offer will be evaluated based on the submission. However, mere submission of such clarification shall not make the offer responsive, unless company is satisfied with the substantial responsiveness of the offer.

3.3 If any of the clauses in the BRC contradict with other clauses of bidding document elsewhere, the clauses in the BRC shall prevail.

3.4 OIL will not be responsible for delay, loss or non-receipt of applications for participating in the bid sent by mail and will not entertain any correspondence in this regard.

3.5 The originals of such documents [furnished by bidder(s)] shall have to be produced by bidder(s) to OIL as and when asked for.

3.6 Bidder(s) must note that requisite information(s)/financial values etc. as required in the BEC/BRC & Tender are clearly understandable from the supporting documents submitted by the Bidder(s); otherwise Bids shall be rejected.

DESCRIPTION OF WORK/SERVICES:

Hiring of Bowsers (06 nos.) of capacity 12KL (Minimum) each with brand new Truck Chassis with new Tank exclusively for drilling fluid transportation under Chemical Department for a period of Four (04) years and extendable for 01 year with same terms and conditions.

GENERAL CONDITIONS OF CONTRACT (GCC)

MEMORANDUM OF AGREEMENT made this _____ day of _____
Between OIL INDIA LIMITED a Company incorporated under the Companies Act 1956 and having its Registered Office at Duliajan in the District of Dibrugarh, Assam (hereinafter called Company) of the one part and Shri/Smti _____ and Shri/Smti _____ carrying on business as partners/proprietor under the firm name and style of M/s. _____ with the main Office at _____ in the District of _____ aforesaid (hereinafter called 'Contractor') on the other part.

A. DEFINITIONS:

In the contract, the following terms shall be interpreted as indicated:

- (a) **"The Contract"** means agreement entered into between Company and Contractor, as recorded in the contract Form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein;
- (b) **"The Contract Price"** means the price payable to Contractor under the contract for the full and proper performance of its contractual obligations;
- (c) **"The Work"** means each and every activity required for the successful performance of the services described in Section II, the Terms of Reference.
- (d) **"Company"** or **"OIL"** means Oil India Limited;
- (e) **"Contractor"** means the Contractor performing the work under this Contract.
- (f) **"Contractor's Personnel"** means the personnel to be provided by the Contractor to provide services as per the contract.

- (g) **"Company's Personnel"** means the personnel to be provided by OIL or OIL's Contractor (other than the Contractor executing the Contract). The Company representatives of OIL are also included in the Company's personnel.
- (h) **"Gross Negligence"** means any act or failure to act (whether sole, joint or concurrent) by a person or entity which was intended to cause, or which was in reckless disregard of or wanton indifference to, avoidable and harmful consequences such person or entity knew, or should have known, would result from such act or failure to act. Notwithstanding the foregoing, Gross negligence shall not include any action taken in good faith for the safeguard of life or property.
- (i) **"Wilful Misconduct"** means intentional disregard of good and prudent standards of performance or proper conduct under the Contract with knowledge that it is likely to result in any injury to any person or persons or loss or damage of property.

WITNESSETH:

1.0 a) The contractor hereby agrees to carry out the work set down in the Schedule of work which forms part-II of this Contract in accordance with the 1968 General Conditions of Contract of Oil India Limited and General Specifications read in conjunction with any drawings and Particular Specifications & instructions which forms Part-III of the contract utilizing any materials/services as offered by the Company as per Part-IV of the contract **OIL's operational area in the state of Assam and Arunachal Pradesh.**

b) In this Contract all words and expressions shall have the same meaning as are respectively assigned to them in the 1968 General Conditions of Contract of Oil India Limited which the Contractor has perused and is fully conversant with before entering into this Contract.

c) The clauses of this contract and of the specifications set out hereunder shall be paramount and in the event of anything herein contained being inconsistent with any term or terms of the 1968 General Conditions of Contract of Oil India Limited, the said term or terms of the 1968 General conditions of Contract to the extent of such inconsistency, and no further, shall not be binding on the parties hereto.

2.0 The contractor shall provide all labour, supervision and transport and such specified materials described in Part-II of the Contract including tools and plants as necessary for the work and shall be responsible for all royalties and other levies and his rates shall include for these. The work executed and materials supplied shall be to the satisfaction of the Company's Engineer and Contractor's rates shall include for all incidental and contingent work which although not specifically mentioned in this contract are necessary for its completion in a sound and workman like manner.

3.0 The Company's Engineer shall have power to:

- a) Reduce the rates at which payments shall be made if the quality of work although acceptable is not up to the required standard set forth in the OIL Standard Specifications which have been perused and fully understood by the Contractor.
- b) Order the Contractor to remove any inferior material from the site and to demolish or rectify any work of inferior workmanship, failing which the Company's Engineer may arrange for any such work to be demolished or rectified by any other means at the Contractor's expenses.
- c) Order the Contractor to remove or replace any workman who he (the Engineer) considers incompetent or unsuitable; the Engineer's opinion as to the competence and suitability of any workman engaged by the Contractor shall be final and binding on the Contractor.
- d) Issue to the Contractor from time to time during the progress of the work such further drawings and instructions as shall be necessary for the purpose of proper and adequate execution and maintenance of the works and the Contractor shall carry out and be bound by the same.
- e) Order deviations in Part II and III of this Contract. All such deviation orders shall be in writing and shall show the financial effect, if any, of such deviation and whether any extra time is to be allowed.

4.0 The Contractor shall have no claim against the company in respect of any work which may be withdrawn but only for work actually completed under this contract. The contractor shall have no objection to carry out work in excess of the quantities stipulated in Part-II if so ordered by the company at the same rates, terms and conditions.

5.0 The Company reserves the right to cancel this Contract at any time upon full payment of work done and the value of the materials collected by the contractor for permanent incorporation in the work under this contract particularly for execution of this contract up to the date of cancellation of the Contract. The valuation of the work done and the materials collected shall be estimated by the company's Engineer in presence of the contractor. The Contractor shall have no claim to any further payment whatsoever. The valuation would be carried out exparte if Contractor fails to turn up despite reasonable notice which will be binding on the Contractor.

6.0 The Contractor hereby undertakes to indemnify the Company against all claims which may arise under the under noted Acts:-

- i) The Mines Act.
- ii) The Minimum Wages Act, 1948.
- iii) The Workman's Compensation Act, 1923.
- iv) The Payment of wages Act, 1963.
- v) The Payment of Bonus Act, 1965.
- vi) The Contract Labour (Regulation & Abolition) Act, 1970 and the rules framed there under.
- vii) Employees Pension Scheme, 1995.

- viii) Inter-State Migrant (Regulation of Employment and Condition of Service) Act, 1979.
- ix) The Employees Provident Fund and Miscellaneous Provisions Act, 1952.
- x) AGST Act.
- xi) Service Tax Act.

Or; any other Acts or Statute not here in above specifically mentioned having bearing over engagement of workers directly or indirectly for execution of work. The Contractor shall not make the Company liable to reimburse the Contractor for the statutory increase in the wage rates of the Contract Labour appointed by the Contractor. Such Statutory increase in the wage rates of Contract Labour shall be borne by the contractor.

7.0 The Contractor shall clear away all rubbish and surplus material from the site on completion of work and shall leave the site clean and tidy.

8.0 The duration of the contract shall be initially for a period of **04 (Four) years** from the commencement date mentioned in the work order.

In the event of there being undue delay in execution of the Contract, the Company reserves the right to cancel the Contract and/or levy such additional damages as it deems fit based on the actual loss suffered by the company attributable to such delay. The company's decision in this regard shall be final.

9.0 In order to promote, safeguard and facilitate the general operational economic in the interest of the Company during the continuance of this contract the Contractor hereby agrees and undertakes not to take any direct or indirect interest and or support, assist, maintain or help any person or persons engaged in antisocial activities, demonstration, riots, or in any agitation prejudicial to the Company's interest and any such even taking shape or form at any place of the Company's works or and its neighborhood.

10.0 The tendered all-inclusive Price (the Contract price) exclusive of Service Tax is Rs. _____ **(Not to be filled up by bidder while submitting the offer in "Technical Attachment". This figure will be filled up by OIL at the time of award of the contract to the successful bidder.)** (_____ only) but the Company shall pay the Contract or only for actual work done at the all-inclusive rates set down in the Schedule of work Part II of this Contract.

On account payment may be made, not often than monthly, up to the amount of 100% of the value of work done. Final payment will be made only after satisfactory completion of the work. Such final payment shall be based on the work actually done allowing for deviations and any deductions and the measurement shall be checked and certified correct by the Company's Engineer before any such final payment is made.

11.0 The contractor employing **20 (twenty)** or more workmen on any day preceding 12 months shall be required to obtain requisite licence at his cost from the appropriate Licensing Officer before undertaking any Contract work. The Contractor shall also observe the rules & regulations framed under the Contract Labour (Regulation & Abolition) Act.

12.0 The Contractor will not be allowed to construct any structure (for storage/housing purpose) with thatch, bamboo or any other inflammable materials within any company's fenced area.

13.0 The Contractor shall ensure that all men engaged by him/her are provided with appropriate protective clothing and safety wear in accordance with regulation 89(a) and 89(b) in the Oil mines Regulations 1984. The Company's representative shall not allow/accept those men who are not provided with the same.

14.0 All Statutory taxes levied by the Central and State Government or any other competent authority from time to time will be borne by Contractor and the amount of the contract specified in the contract is inclusive of all tax liabilities but excluding Service Tax. Service Tax if applicable shall be, to the Company's account. However, Service Tax portion payable directly by the Service provider (if applicable) shall be reimbursed to the Contractor on the basis of the documentary evidence.

15.0 The Contractor shall deploy local persons in all works.

16.0 The Contractor shall not engage minor labour below 18(eighteen) years of age under any circumstances.

17.0 The Contractor and his/her workmen shall strictly observe the rules and regulations as per Mines Act. (latest editions).

18.0 GENERAL OBLIGATIONS OF COMPANY:

COMPANY shall, in accordance with and subject to the terms and conditions of this contract:

- i) Pay the Contractors in accordance with terms and conditions of the contract.
- ii) Allow access to Contractors and their personnel, subject to normal security and safety procedures, to all areas as required for orderly performance of the work.

19.0 SPECIAL CONDITIONS:

~~a) The amount of retention money shall be released after 6(six) months from the date of issue of completion certificate from concerned department.~~

b) The contractor will be required to allow OIL Officials to inspect the work site and documents in respect of the workers' payment.

c) Contractor(s) whosoever is liable to be covered under the P.F. Act and contract cost is inclusive of P.F., must ensure strict compliance of provisions of Provident Fund and Miscellaneous Provisions Act, 1952 in addition to the various Acts mentioned elsewhere in this contract. Any contractor found violating these provisions will render themselves disqualified from any future tendering. As per terms of the contract, if applicable, the Contractor must deposit Provident Fund Contribution (covering Employee's & Employer's share) with the competent authority monthly under their direct code. The Contractor shall be required to submit documentary evidence of deposit of P.F. Contribution to the

Company. In case of failure to provide such documentary evidence, the Company reserves the right to withhold the amount equivalent to applicable P.F. Contribution.

20.0 ARBITRATION:**20.1 ARBITRATION (APPLICABLE FOR SUPPLIERS/CONTRACTORS OTHER THAN PSU):**

Except as otherwise provided elsewhere in the contract, if any dispute, difference, question or disagreement arises between the parties hereto or their respective representatives or assignees, in connection with construction, meaning, operation, effect, interpretation of the contract or breach thereof which parties are unable to settle mutually, the same shall be referred to Arbitration as provided hereunder:

a) A party wishing to commence arbitration proceeding shall invoke Arbitration Clause by giving 30 days notice to the other party. The notice invoking arbitration shall specify all the points of dispute with details of the amount claimed to be referred to arbitration at the time of invocation of arbitration and not thereafter. If the claim is in foreign currency, the claimant shall indicate its value in Indian Rupee for the purpose of constitution of the arbitral tribunal.

b) The number of arbitrators and the appointing authority will be as under:

Claim amount (excluding claim for interest and counter claim, if any)	Number of Arbitrator	Appointing Authority
Upto Rs. 5 Crore	Sole Arbitrator	OIL
Above Rs. 5 Crore	3 Arbitrators	One Arbitrator by each party and the 3 rd Arbitrator, who shall be the presiding Arbitrator, by the two Arbitrators.

c) The parties agree that they shall appoint only those persons as arbitrators who accept the conditions of the arbitration clause. No person shall be appointed as Arbitrator or Presiding Arbitrator who does not accept the conditions of the arbitration clause.

d) Parties agree that there will be no objection if the Arbitrator appointed holds equity shares of OIL and/or is a retired officer of OIL/any PSU. However, neither party shall appoint its serving employees as arbitrator.

e) If any of the Arbitrators so appointed dies, resigns, becomes incapacitated or withdraws for any reason from the proceedings, it shall be lawful for the concerned party/arbitrators to appoint another person in his place in the same manner as aforesaid. Such person shall proceed with the reference from the stage where his predecessor had left if both parties consent for the same; otherwise, he shall proceed de novo.

f) Parties agree that neither shall be entitled for any pre-reference or pendent-lite interest on its claims. Parties agree that any claim for such interest made by any party shall be void.

g) The arbitral tribunal shall make and publish the award within time stipulated as under:

Amount of Claims and counter claims(excluding interest)	Period for making and publishing of the award(counted from the date of first meeting of the Arbitrators)
Upto Rs. 5 Crore	Within 8 months
Above Rs. 5 Crore	Within 12 months

The above time limit can be extended by Arbitrator, for reasons to be recorded in writing, with the consent of the other parties.

h) If after commencement of the arbitration proceedings, the parties agree to settle the dispute mutually or refer the dispute to conciliation, the arbitrators shall put the proceedings in abeyance until such period as requested by the parties.

i) Each party shall be responsible to make arrangements for the travel and stay etc. of the arbitrator pointed by it. Claimant shall also be responsible for making arrangements for travel/stay arrangements of the Presiding Arbitrator and the expenses incurred shall be shared equally by the parties.

In case of sole arbitrator, OIL shall make all necessary arrangements for his travel, stay and the expenses incurred shall be shared equally by the parties.

j) The Arbitration shall be held at **Duliajan, Assam**. However, parties to the contract can agree for a different place for the convenience of all concerned.

k) The Arbitrator(s) shall give reasoned and speaking award and it shall be final and binding on the parties.

l) Subject to aforesaid, provisions of the Arbitration and Conciliation Act, 1996 and any statutory modifications or re-enactment thereof shall apply to the arbitration proceedings under this clause.

20.2 ARBITRATION (APPLICABLE IN CASE OF CONTRACT AWARDED ON PUBLIC SECTOR ENTERPRISE):

In the event of any dispute or difference relating to, arising from or connected with the Contract, such dispute or difference shall be referred by either party to the arbitration of one of the Arbitrators in the Department of Public Enterprises, to be nominated by the Secretary to the Government of India, In-Charge of the Bureau of Public Enterprises. The Arbitration and Conciliation Act 1996 shall not be applicable to the Arbitration under this clause. The award of the Arbitrator shall be binding upon the parties to the dispute, provided however, any party aggrieved by such award may make a further reference for

setting aside or revision of the award to the Law Secretary, Deptt. of Legal Affairs, Ministry of Law and Justice, Government of India. Upon such reference, the dispute shall be decided by the Law Secretary or the Special Secretary/Additional Secretary, whose decision shall bind the parties finally and conclusively. The parties in the dispute will share equally the cost of the arbitration as intimated by the Arbitrator.

The venue of all arbitrations under both 21.1 & 21.2 will be **Duliajan, Assam**. The award made in pursuance thereof shall be binding on the parties.

21.0 FORCE MAJEURE:

In the event of either party being rendered unable by Force majeure to perform any obligations required to be performed by them under the contract the relative obligations of the party affected by such force majeure shall upon notification to the other party be suspended for the period during which force majeure event lasts. The cost and loss sustained by the either party shall be borne by the respective parties.

The term force majeure as employed herein shall mean acts of God, earthquake, war (declared/undeclared) revolts, riots, fires, floods, rebellions, explosions, hurricane, sabotage, civil commotions, and acts and regulations of respective Govt. of the two parties, namely the Company and the contractor.

Upon the occurrence of such cause(s) and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing immediately but later than 72 (Seventy two) hours of the alleged beginning and ending thereof giving full particulars and satisfactory evidence in support of its claim.

Time for performance of the relative obligations suspended by the force majeure shall then extended by the period for which such cause lasts.

If deliveries is of bought out items and/or works to be executed by the contractor are suspended by force majeure conditions lasting more than 2 (Two) months, either party shall have the option.

22.0 TERMINATION:

22.1 TERMINATION ON EXPIRY OF THE TERMS (DURATION): The contract shall be deemed to have been automatically terminated on the expiry of duration of the Contract or the extension period, if exercised by Company under the provision of the Contract.

22.2 TERMINATION ON ACCOUNT OF FORCE MAJEURE: Either party shall have the right to terminate this Contract on account of Force Majeure as set forth in Article 21.0 above.

22.3 TERMINATION ON ACCOUNT OF INSOLVENCY: In the event that the Contractor or its collaborator at any time during the term of the Contract, becomes insolvent or makes a voluntary assignment of its assets for the benefit of creditors or is adjudged bankrupt, then the Company shall, by a notice in writing have the right to terminate the Contract and all the Contractor's rights and privileges hereunder, shall stand terminated forthwith.

22.4 TERMINATION FOR UNSATISFACTORY PERFORMANCE: If the Company considers that, the performance of the Contractor is unsatisfactory, or not upto the expected standard, the Company shall notify the Contractor in writing and specify in details the cause of the dissatisfaction. The Company shall have the option to terminate the Contract by giving 15 days notice in writing to the Contractor, if Contractor fails to comply with the requisitions contained in the said written notice issued by the Company.

22.5 TERMINATION DUE TO CHANGE OF OWNERSHIP & ASSIGNMENT: In case the Contractor's rights and/or obligations under this Contract and/or the Contractor's rights, title and interest to the equipment/material, are transferred or assigned without the Company's consent, the Company may at its absolute discretion, terminate this Contract.

22.6 If at any time during the term of this Contract, breakdown of Contractor's equipment results in Contractors being unable to perform their obligations hereunder for a period of 15 successive days, Company at its option, may terminate this Contract in its entirety without any further right or obligation on the part of the Company, except for the payment of money then due. No notice shall be served by the Company under the condition stated above.

22.7 Notwithstanding any provisions herein to the contrary, the Contract may be terminated at any time by the Company on giving 30 (thirty) days written notice to the Contractor due to any other reason not covered under the above clause from 23.1 to 23.6 and in the event of such termination the Company shall not be liable to pay any cost or damage to the Contractor except for payment for services as per the Contract upto the date of termination including the De-mob cost, if any.

23.0 CONSEQUENCES OF TERMINATION: In all cases of termination herein set forth, the relative obligations of the parties to the Contract shall be limited to the period up to the date of termination. Notwithstanding the termination of this Contract, the parties shall continue to be bound by the provisions of this Contract that reasonably require some action or forbearance after such termination.

23.1 Upon termination of this Contract, Contractor shall return to Company all of Company's items, which are at the time in Contractor's possession.

23.2 In the event of termination of contract, Company will issue Notice of termination of the contract with date or event after which the contract will be terminated. The contract shall then stand terminated and the Contractor shall demobilize their personnel & materials.

24.0 I.B. VERIFICATION REPORT AND SECURITY REVIEW: Contractor will be required to submit the verification report to ascertain character and antecedents from the Civil Administration towards the persons engaged under this contract to the Head of the user Department before engagement.

25.0 In case of any doubt or dispute as to the interpretation of any clause herein contained, the decision of the Company's Engineer shall be final and binding on the contractor.

26.0 SET OFF CLAUSE:

"Any sum of money due and payable to the contractor (including Security Deposit refundable to them) under this or any other contract may be appropriated by Oil India Limited and set off against any claim of Oil India Limited (or such other person or persons contracting through Oil India Limited) for payment of a sum of money arising out of this contract or under any other contract made by the contractor with Oil India Limited (or such other person or persons contracting through Oil India Limited)."

27.0 FURNISHING FRAUDULENT INFORMATION/DOCUMENT:

The information and documents furnished by the bidder/contractor in respect of the subject tender/contract are expected to be true and genuine. However, if it is detected during technical scrutiny or after award of the contract or after expiry of the contract, that the bidder had submitted any fake/fraudulent document or furnished false statement, the offer/contract shall be rejected/cancelled, as the case may be and the bidder (if fake document/false statement pertains to such bidder) shall be dealt as per the Banning Policy (available in OIL's website) of Company.

28.0 PROVISION FOR ACTION IN CASE OF ERRING/DEFAULTING AGENCIES:

Action against erring and defaulting agencies like bidder, contractor, supplier, vendor, service provider will be as per OIL's Banning Policy dated 6th January, 2017 available in OIL's website www.oil-india.com

29.0 LIQUIDATED DAMAGES FOR DELAY IN MOBILIZATION/COMPLETION OF WORKS AND SERVICES:

In normal case of works/service contracts, if the delay in mobilization/completion is due to default on the contractor's part the Total Contract price shall be reduced by 0.5% of the total Contract Price per complete week of delay or part thereof subject to a maximum of 7.5% of the Total Contract Price, by way of liquidated damages for delay and not as penalty.

30.0 SUBCONTRACTING:

CONTRACTORS shall not subcontract or assign, in whole or in part, their obligations to perform under this contract, except with COMPANY'S prior written consent.

31.0 MISCELLANEOUS PROVISIONS:

Contractors shall conform in all respects with the provisions of any Statute, Ordinance of Law and the regulations or bye-law of any local or other duly constituted authority which may be applicable to the services and with such rules and regulation public bodies and Companies as aforesaid and shall keep OIL indemnified against all penalties and liability of every kind for breach of any such Statute, Ordinance or Law, regulation or byelaw.

32.0 LIABILITY:

32.1 Except as otherwise expressly provided, neither Company nor its servants, agents, nominees, Contractors, or sub-contractors shall have any liability or responsibility whatsoever to whomsoever for loss of or damage to the equipment and/or loss of or damage to the property of the Contractor and/or their Contractors or sub-contractors, irrespective of how such loss or damage is caused and even if caused by the negligence of Company and/or its servants, agent, nominees, assignees, contractors and sub-contractors. The Contractor shall protect, defend, indemnify and hold harmless Company from and against such loss or damage and any suit, claim or expense resulting there from.

32.2 Neither Company nor its servants, agents, nominees, assignees, Contractors, sub-contractors shall have any liability or responsibility whatsoever for injury to, illness, or death of any employee of the Contractor and/or of its contractors or sub-contractor irrespective of how such injury, illness or death is caused and even if caused by the negligence of Company and/or its servants, agents nominees, assignees, Contractors and sub-contractors. Contractor shall protect, defend, indemnify and hold harmless Company from and against such liabilities and any suit, claim or expense resulting there from.

32.3 The Contractor hereby agrees to waive its right to recourse and further agrees to cause their underwriters to waive their right of subrogation against Company and/or its underwrites, servants, agents, nominees, assignees, Contractors and sub-contractors for loss or damage to the equipment of the Contractor and/or its sub-contractors when such loss or damage or liabilities arises out of or in connection with the performance of the contract.

32.4 The Contractor hereby further agrees to waive its right of recourse and agrees to cause their underwriters to waive their right of subrogation against Company and/or its underwriters, servants, agents, nominees, assignees, Contractors and sub-contractors for injury to, illness or death of any employee of the Contractor and of its contractors, sub-contractors and/or their employees when such injury, illness or death arises out of or in connection with the performance of the contract.

32.5 Except as otherwise expressly provided, neither Contractor nor its servants, agents, nominees, Contractors or sub-contractors shall have any liability or responsibility whatsoever to whomsoever for loss of or damage to the equipment and/or loss or damage to the property of the Company and/or their Contractors or sub-contractors, irrespective of how such loss or damage is caused and even if caused by the negligence of Contractor and/or its servants, agents, nominees, assignees, Contractors and sub-contractors. The Company shall protect, defend, indemnify and hold harmless Contractor from and against such loss or damage and any suit, claim or expense resulting therefrom.

32.6 Neither Contractor nor its servants, agents, nominees, assignees, Contractors, sub-contractors shall have any liability or responsibility whatsoever to whomsoever or injury or illness, or death of any employee of the Company and/or of its contractors or sub-contractors irrespective of how such injury, illness or death is caused and even if caused by the negligence of Contractor and/or its servants, agents, nominees, assignees, contractors and sub-contractors. Company shall protect, defend indemnify and hold harmless

Contractor from and against such liabilities and any suit, claim or expense resulting there from.

32.7 The Company agrees to waive its right of recourse and further agrees to cause its underwriters to waive their right of subrogation against Contractor and/or its underwriters, servants, agents, nominees, assignees, Contractors and sub-contractors for loss or damage to the equipment of Company and/or its contractors or sub-contractors when such loss or damage or liabilities arises out of or in connection with the performance of the contract.

32.8 The Company hereby further agrees to waive its right of recourse and agrees to cause it underwriters to waive their right of subrogation against Contractor and/or its underwriters, servants, agents, nominees, assignees, Contractors and sub-contractors for injury to, illness or death of any employee of the Company and of its Contractors, sub-contractors and/or their employees when such injury, illness or death arises out of or in connection with the performance of the Contract.

32.9 LIMITATION OF LIABILITY:

Notwithstanding any other provisions except only in cases of willful misconduct and/or criminal acts,

(a) Neither the Contractor nor the Company (OIL) shall be liable to the other, whether in Contract, tort, or otherwise, for any consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs.

(b) Notwithstanding any other provisions incorporated elsewhere in the contract, the aggregate liability of the Contractor in respect of this contract, whether under Contract, in tort or otherwise, shall not exceed 100% of the Contract price, provided however that this limitation shall not apply to the cost of repairing or replacing defective equipment by the Contractor, or to any obligation of the Contractor to indemnify the Company with respect to Intellectual Property Rights.

(c) Company shall indemnify and keep indemnified Contractor harmless from and against any and all claims, costs, losses and liabilities in excess of the aggregate liability amount in terms of clause (b) above.

33.0 CONSEQUENTIAL DAMAGE:

Except as otherwise expressly provided, neither party shall be liable to the other for special, indirect or consequential damages resulting from or arising out of the contract, including but without limitation, to loss or profit or business interruptions, howsoever caused and regardless of whether such loss or damage was caused by the negligence (either sole or concurrent) of either party, its employees, agents or sub-contractors.

34.0 INDEMNITY AGREEMENT:

34.1 Except as provided hereof Contractor agrees to protect, defend, indemnify and hold Company harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, cost, liens and judgments of every kind and character, without limit,

which may arise in favour of Contractor's employees, agents, Contractors and subcontractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations contemplated hereby, regardless of whether or not said claims, demands or causes of action arise out of the negligence or otherwise, in whole or in part or other faults.

34.2 Except as provided hereof Company agrees to protect, defend, indemnify and hold Contractor harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, cost, liens and judgments of every kind and character, without limit, which may arise in favour of Company's employees, agents, Contractor and subcontractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations contemplated hereby, regardless of whether or not said claims, demands or causes of action arise out of the negligence or otherwise, in whole or in part or other faults.

35.0 APPLICABLE LAW:

35.1 This Contract shall be deemed to be a Contract made under, governed by and construed in accordance with the laws of India for the time being in force and shall be subject to the exclusive jurisdiction of Courts situated at Dibrugarh in Assam.

35.2 The Bidders shall ensure full compliance of various Indian Laws and Statutory Regulations, to the extent applicable for performing under this Contract.

36.0 TAXES: Tax levied as per the provisions of Indian Income Tax Act and any other enactment/rules on income derived/payments received under the contract will be on Contractor's account.

36.1 All Statutory taxes levied by the Central and State Government or any other competent authority from time to time shall be on COMPANY'S account. However, liability for payment of such Taxes shall lie on the CONTRACTOR.

37.0 SUBSEQUENTLY ENACTED LAWS: In case of change in existing law/enactment of new law or Statutory Order from a Statutory Authority during the execution of the Contract affects the Contract price, any increase against documentary evidence shall be reimbursed to the Contractor and any decrease shall be passed on to the Company by the Contractor.

The date of such enactment or change in law or Statutory order shall be considered after closing date of the bid submission as the Contractor has submitted the bid price based on the existing condition on that day and the Contract is awarded based on the bid as submitted.

1. Bidder must include all liabilities including statutory liabilities but excluding Service Tax in their quoted rates. Service Tax, if applicable, shall be to the Company's account. However, Service Tax portion payable directly by the Service Provider (if applicable) shall be reimbursed to the Contractor on the basis of the documentary evidence.

2. Contractors are required to raise monthly Service Tax Invoices for reimbursement of Service Tax against the contract. In absence of Service Tax Invoices, Service Tax will not be reimbursed and the consequences of the same shall entirely rest upon the Contractor.

3. The rates shall be quoted per unit as specified in the "PRICE BIDDING FORMAT" attached under "Notes and Attachments" tab. Bidder should note that no pricing information is furnished in the "Technical Attachment" (Un-priced Techno-Commercial Bid) otherwise the bid will be rejected.

4. Mobilisation Period: 120 days from date of issue of LOA.

5. Tenure of Agreement: 48(Forty Eight) months from the date of placement of first bowser and may be extendable by one more year with same terms and conditions.

PART - III PARTICULARS, SPECIFICATIONS AND INSTRUCTIONS

1.0 Definitions and conditions governing the services in this contract, unless the context otherwise requires.

1.1 "AGREEMENT" means this service Agreement.

1.2 "WORK" or "SERVICE" means each and every activity required for the successful performance of this contract.

1.3 "DISTANCE" means allocated distance through shortest route covered by "to & fro" journey of the vehicle.

1.4 "TANKER OR BOWSER" means self-propelled transport tanker(s)/ bowser(s) on which minimum 12 KL tank capacity is to be mounted on 25GVW truck chassis for the purpose of transportation of Liquid Mud by road.

1.5 "LOADING POINT" means various well sites/Mud Plants located within the Company's area of activity in Arunachal Pradesh and Assam Fields.

1.6 "UNLOADING POINT" means storage tanks at any of Company's Mud Plants/Well sites as directed.

1.7 "BASE STATION" means the station/space provided by the company, where the tanker(s)/bowser(s) shall be permanently based/parked. In case of non-availability of Company provided base station/operational exigencies Contractor's has to arrange base station, within 2 Km of the unloading station.

1.8 "BREACH OF CONTRACTUAL OBLIGATION" means amongst others also the following:

- i) Carriage of unauthorised passengers/materials other than Liquid Mud in the tankers/ bowsters by the Contractor while under this Agreement with the Company.
- ii) Unauthorised use of the tanker(s)/bowser(s) when released to the Contractor for repairing/servicing.
- iii) Withdrawal of hired tanker(s)/bowser(s) from the service before expiry of the term of this Agreement for any reason whatsoever without the consent/instruction of the Company Engineer and
- iv) Failure of the Contractor to place the tanker(s)/bowser(s) for periodic inspection as per schedule as directed by Company Engineer.
- v) Failure to park the tanker(s)/bowser(s) after release on close of working hours at Company's approved Base Station.

1.9 "COMPANY" means Oil India Limited

1.10 "COMMENCEMENT OF SERVICES" means the date of placement of the first bowser/tanker under this Agreement.

1.11 "COMPANY ENGINEER" means the following:

- i) General Manager (Chemical) or his/her nominee in case of the following events:
 - a) Normal day-to-day operation of service after placement under the department

- b) Release of bowser(s) for maintenance/inspection/fuelling
- c) Instruct Contractor to replace by more suitable hand of divers/crews engaged for operating the bowser(s)
- d) Allotment of daily duties and timing of reporting and release
- e) Authentication of monthly kilometerage statement-cum-bill
- f) Determination of shutdown or standby, liquidated damages and penalties for default of breach of contract.
- g) Release of bowser(s) and termination of this Agreement in case of complaints as to its deteriorated mechanical conditions.
- h) Initial placement of bowser(s).
- i) Release of bowser(s) upon conclusion of this Agreement.
- j) Assessment of time to be allowed for repair in case of accident.
- k) Initial and subsequent inspection of tanker(s)/bowser(s).
- l) Scrutiny of documents regarding contractor's compliance with the requirements under this Agreement for permits, licenses, employee's roster etc.
- m) Determination of instances of shutdown or standby due to Force majeure, Bundhs etc.

ii) DGM - Contracts in case of the following events:

- a) Release/forfeiture of Security Deposit/Earnest Money Deposit.
- b) Any dispute under this Agreement as to the Contractor's obligations or otherwise.
- c) Defaults or otherwise in case of dispute by the contractor.

iii) DGM-Transport or his/her nominees in case of the following events:

- a) Initial and subsequent inspection the bowser(s)/tanker(s).
- b) Scrutiny of the documents, regarding contractor's compliance with the requirements under agreement for permits, licences etc.

1.12 "DUE DATE OF PLACEMENT" means the date stipulated in the contract for placement of bowsers/tankers.

1.13 "DETERIORATED CONDITION OF TANKER(S)/BOWSER(S)" means any tanker(s)/bowser(s) found not acceptable to Company Engineer after mechanical inspection or/and tanker(s)/bowser(s) found to be unworthy of undertaking the services envisaged under the provisions of this Agreement or/and tanker(s)/bowser(s) which is/are facing repeated breakdown due to inadequate, improper and timely repairs and maintenance and/or tanker(s)/bowser(s) refused by the Company Engineer/user department as being unfit.

1.14 "DAILY LOG BOOK" means the format annexed vide proforma-I hereof as may be certified by the Company Engineer on a day-to-day basis during the tenure of this Agreement.

1.15 "DRIVER" means an individual possessing sound mental and physical health who must be in possession of Professional Driving License (Heavy), explosive carrying licence (if applicable) and PSV badge (to drive the tanker(s)/bowser(s) under this Agreement) issued by the Regional Transport Authority, having jurisdiction over the area of operations of the Company, who is engaged by the Contractor and provided with the service envisaged under this Agreement, cost whereof included in the Contract costs.

1.16 "DEFAULT" means any of the following omissions or commissions by the Contractor or his/her crew, which will lead to shutdown of tanker(s)/bowser(s) and/or breach of contractual obligations:

- a) Delay in initial placement of tanker(s)/bowser(s) beyond the stipulated date.
- b) Unsuitability of the Driver or Attendant and/or working crew.
- c) Drunkenness and intoxication of the driver and/or the attendant/crew.
- d) Non-availability of tanker(s)/bowser(s) due to any reason, whatsoever, including but not limited to the conditions mentioned below:
 - i) Deteriorated mechanical condition of the tanker(s)/ bowser(s) and/or breakdown.
 - ii) Due to inadequate routine maintenance.
 - iii) Time taken for routine serving/maintenance in any particular month in excess of time allowed for such maintenance in any month.
- e) Non-possession of the valid permits and licenses for the crew and tanker(s)/ bowser(s).
- f) Non-supply of fuel.
- g) Delay in placement of tanker(s)/bowser(s) on any day as per the instruction of the Company Engineer and/or unauthorised and un-timely release of tanker(s)/bowser(s) on any day without prior permission and authorization from the Company/engineer during the tenure of this Agreement.
- h) If the Contractor bases the tanker(s)/bowser(s) at a station other than the stipulated Base Station without the authorization of the Company Engineer.
- i) Non-availability of tanker(s)/bowser(s) due to defects detected upon periodic inspection/tests by the Company.
- j) Non-rectification of defects expeditiously upon detection by the Company Engineer upon inspection/test undertaken by the Company.
- k) Non-availability of tanker(s)/bowser(s) or crew when required by the Company Engineer.
- l) Failure on the part of contractor to discharge his/her obligations as set out in Clause 4.0 hereof and/or failure on part of the contractor to abide with particular instructions as set out in clause 5.0 hereof and/or failure on part of the contractor to obey the instructions of the company engineer as set out in clause 6.0 hereof.
- m) Any other acts or commissions by the Contractor or his/her crew whether specified or not hereof which disrupt the continuity of the service envisaged under this Agreement.
- n) Non-availability of tanker(s)/bowser(s)/crew when the Company's operations are normal
- o) Non-availability of Bowser services due to stoppage of work/strikes by Contractor or his/her crew for any reason whatsoever.

1.17 "INSPECTION" means initial/periodic inspection carried out by the Company Engineer to ascertain road-worthiness of the tanker(s)/bowser(s). The Company's decision in this regard shall be final.

1.18 "INSURANCE" means comprehensive insurance of the tanker(s)/bowser(s) and shall include insurance of the crew, vehicles, materials and third party, besides insurance under the Public Liability Insurance Act, 1991.

1.19 "LICENCE AND PERMITS" means any and all of the following, which must be valid and updated periodically by the Contractor to the satisfaction of the Company.

- a) Professional driving license(s), explosive carrying licence (if applicable) and P.S.V. badge(s) for the driver(s).
- b) Registration Book(s) with endorsement of Road Tax.

- c) Permits for plying the tanker(s)/bowser(s) for commercial purpose as may be required.
- d) Road permits
- e) Road Fitness Permit(s).
- f) Tank Calibration Certificate (if applicable)
- g) Inner line permit(s) for A.P.
- h) Pollution Control Certificate.
- i) Comprehensive insurance certificate(s).
- j) Explosive license (if applicable)
- k) Any other as required under law in force.

1.20 "LEAVE" means Annual Leave to be granted to the Crew who are employees of the Contractor as per the stipulations of the Motor Transport Workers Act, 1961 as may be in force from time to time.

1.21 "CREW" means the driver and other personnel to be employed in each of the tanker/bowser as deemed fit by the Contractor for smooth running of the service in respect of whom payment shall be made as per the rates in force under "The Minimum Wages Act" from time to time.

1.22 "PENALTY" means the amount payable by the Contractor in the event of breach of Contract which shall be as per clause-13 of SCC. Penalty shall be levied irrespective of whether such breach resulted in a shut-down or otherwise. In addition no payment shall accrue to the contract in the event of breach of contract leading to penalty.

1.23

(I) FIXED CHARGE PER DAY means fixed charge which will be inclusive of rental, all applicable taxes & duties, insurance, wages and other emoluments of driver(s)/helper(s) and/or other operation staff/crew inclusive of relief driver(s)/Helper(s) and/or other operating staff/crew, which the contractor will have to engage and provide at all times essentially for the continuous operation of the services engaged. The contractor shall have to ensure full compliance with motor tanker(s)/bowser(s) acts 1988 and Motor Transport Workers Act 1961 and MoS dated 24.01.2014 as well as all applicable statutory acts as may be in force time to time governing the engagement of the staff, their conditions of service including payment of wages, statutory/weekly off, holidays, overtime, annual leave, uniforms etc. The fixed charge payable under this agreement shall be deemed to be inclusive of all payments to be borne by the contractor on all such accounts.

Note: Fixed charge is exclusive of service tax.

(II) RUNNING CHARGE PER KILOMETRE means the rates for running the bowser and shall be deemed to include all the expenditure of the contract viz. Cost of fuel & consumables like lubricants, tyre/tube, battery and other maintenance expenditure including accessories involved including taxes but excluding service tax towards operation of the tanker(s)/bowser(s).

1.24 "STATUTORY ACTS" means all the State and Central Government statutes and regulations effecting the operation of the services under this Agreement as may be in force from time to time and shall particularly include but not be limited to the following.

- a) The Motor tanker(s)/bowser(s) Act, 1988.

- b) The Motor Transport Worker's Act, 1961
 - c) The Contract Labour (Regulations & Abolition) Act, 1970.
 - d) The Minimum Wages Act, 1948.
 - e) The Employees Provident Fund & Miscellaneous Act, 1952.
 - f) The Oil Mines Act, 1972 and Oil Mines Regulation, 1984
 - g) The Workmen Compensation Act, 1923 &
 - h) Industrial Disputes Act, 1947
 - i) Industrial Employment (Standing Order) Act, 1946
 - j) Inter-state Migrant Workmen (Regulation of Employment and Condition of Service) Act, 1979
 - k) Payment of Wages Act, 1936
 - l) Motor Vehicle Act, 1988
 - m) Public Liability Insurance Act, 1991
 - n) Any other Act as applicable from time to time.
- The Contractor shall be solely responsible for compliance with all statutory act at all time during the tenure of the service Agreement.

1.25 "SHUT DOWN" means disruption/non-availability of the Service due to any of the defaults.

1.26 "SHUT DOWN" shall also mean the non-availability of the service due to an accident.

1.27 "STATUTORY OFF" means the off day per week or the compensatory off day in lieu thereof which the Contractor is required to give to his/her/their operating crew as per the Motor Transport Workers Act, 1961 in respect of which adequate relief driver/crew shall be provided at no extra cost.

1.28 "TAXES AND DUTIES" means Road Tax, Fitness Fee, Road permit Fee, Registration Fee, Inter-State Permit Fee, VAT for tanker(s)/bowser(s) and crew etc. (but excluding Service Tax) as may be due and payable by the Contractor entirely at his/her own cost towards operation of the services envisaged under this Agreement. Service Tax, if applicable, shall be to the Company's account. However, Service Tax portion payable directly by the Service Provider (if applicable) shall be reimbursed to the Contractor on the basis of the documentary evidence.

1.29 The Contractor shall be entitled to reimbursement towards any increase in taxes and duties as (except Income Tax) incidence during the duration of the Agreement over the statutory applicable rate on the Bid opening date subject to furnishing relevant documentary evidence of such increase in payment.

1.30 Deduction of Tax at source shall be made from the Contractor's payment towards operation of the services envisaged under this Agreement at the rates as may be in force from time to time under the Income Tax Act, 1961 & VAT or any other Act where requires deduction of tax at source which may be in force from time to time.

1.31 "STAND BY" means the allowable time which will be considered as service availability period subject to the following conditions only and during these period daily fixed charges are payable.

Payable fixed charge although the services are not available due to the following:

- i) For maintenance up to 48(Forty Eight) hours per month per bowser, counted from the beginning of the month and duly certified by the company engineer that the shutdown was due to maintenance of the tanker(s)/bowser(s). Any excess shut down over 48 hours for maintenance shall be treated as default and penalty will be imposed as per clause No 14 of SCC.
- ii) Accumulation of the maintenance period shall not be allowed beyond a calendar month.
- iii) Re-fuelling time for the tanker(s)/bowser(s) which shall not be more than 30(Thirty) minutes and not involving more than 10(ten) km at any instance subject to a maximum of 8(Eight) re-fuelling in a calendar month. In exceptional cases where running of the tanker(s)/bowser(s) is/are more than 3500(Three Thousand Five hundred) km/month, the Company Engineer of the user department will determine the additional no. of re-fuelling required.

2.0 DESCRIPTION OF WORK:

2.1 The job includes -

- a. Collection of Liquid Mud from various well sites/Mud Plants located within the Company's area of activity in Arunachal Pradesh and Assam Fields and transporting the same by bowzers loaded on a truck and delivering the same (Liquid Mud/ Drilling Fluids as the case may be) into storage tanks of any of Company's Mud Plants/Well sites as directed.
- b. Loading of liquid Mud/ drilling fluids into the bowser with the pump provided by the Contractor from mud plants and unloading the same at the destination vis-vis.

2.2 Bowser capacity- 12KL minimum each

2.3 Number of Bowzers required per day- 06 No. All Bowzers must be provided with self-loading /unloading facilities.

2.4 The contract will be for 48 months with a provision for extension for another 12 months at the sole discretion of the Company (OIL) and with the same terms & conditions, but with revised fixed charge in the extension period.

2.5 All the bowser(s)/tanker(s) to be offered for the service must be brand new and capacity of each bowser should be minimum 12(Twelve) Kiloliters to be fitted in a brand new 25GVW truck Chassis .

A. SPECIFICATION OF TRUCK CHASSIS :

Tank as defined under the Clause below shall be built on a suitable truck chassis meeting specifications as under:

Make & Model of the truck shall be any one of the following -

- (a) **TATA LPT 2518 TC 6 x 4**
- (b) **Ashok Leyland 2516IL 6 X 4**

(c) Any other equivalent truck model of reputed manufacturers having business in India for minimum last 10 years.

MANUFACTURER'S PRINTED TECHNICAL LEAFLET/BROCHURE CONTAINING DETAILED SPECIFICATIONS OF THE OFFERED TRUCK UNIT SHALL BE SUBMITTED WITH THE BID FOR SCRUTINY.

B. SPECIFICATIONS OF CHASSIS :

Brand New truck chassis procured & registered after issuance of LOI meeting specifications as under -

- a) Drive : 6x4 – 12 KL ???
- b) Cowl : Full Forward Control
- c) GVW : Minimum 25 MT (for payload of minimum 16000 Kg)
- d) Wheelbase : Minimum 4800 mm
- e) Engine Output : Not less than 160 HP (at approx. 2250 rpm)
- f) Engine Emission : Should meet prevailing emission norm in India.
- g) Axle Capacity : Approx. 6000 Kg for Front & 19000 Kg for Rear
- h) Steering : Hydraulic Power Assisted
- i) Overall Length : Approx. 9250 mm
- j) Wheels : 10 + 1 spare wheel of minimum size 10.00 x 20.
- k) Driver's Cabin : All steel construction original factory built by truck manufacturer
Sleeper type driver's cabin with seating capacity for min. 2(two) persons excluding driver.

C. OTHER FITTINGS & ACCESSORIES:

All standard lightings, fittings, & accessories as per Indian Motor Vehicle Act.

D. SPECIFICATION OF TANK:

All metal construction leak proof tank (shell) of minimum 4.00mm tk MS Plate with suitable internal framing. 1 no. 6inch outlet and one nos 6 inch cleanout with Butterfly valve shall be fitted in each 12 KL tank. The inside of the tanks to be painted with epoxy paint (two coats) and outside of the tank with synthetic enamel paint.

2.6 Necessary pump (purchased & mounted on each tanker/bowser including **attached bowser/tanker** after issuance of LOA) for loading and unloading the fluid to be supplied by the contractor along with each vehicle. The broad specification of the pump is given as under

SPECIFICATION OF THE CENTRIFUGAL PUMP: Truck mounted Pump of capacity minimum 7.5 HP for Loading and unloading of drilling fluid with 6" Suction and 4" delivery line

[To handle liquid Mud/drilling fluid]

- (a) Density of fluid - 1.10 to 1.45 gm/cc
- (b) Pump capacity - 20 kl/hr
- (c) Suction head - 6 Mtr. (Minimum)
- (d) Total head - 10 Mtr (Minimum)

The pump Suction & discharge end should also have provision for 50 mm dia. hose connection.

The pump should be fitted with flexible suction hose of 20 m length and flexible delivery hose of 50 m length of 50 mm dia. with line pipe thread connections."

The pump may be suitably Mounted on the truck and driven by either independent diesel engine or coupled with P.T.O (Power take off) of the truck.

2.7 The Contractor shall agree and undertake to carry out the service by deploying the required no. of bowsters brand new truck chassis with brand new tanker and all other brand new accessories in the area of operations of the Company as per the instructions of the Company Engineer during the tenure of the contract including extension.

2.8 All work performed by the Contractor shall be continuous, on day-to-day basis.

2.9 Contractor shall provide the service with tanker(s)/ bowsters and shall be responsible for all actions necessary for day-to-day running and maintaining the services on a continuous basis in an efficient and adequate manner. The Contractor shall be responsible for timely payment of all applicable taxes, fees, insurances for smoothly operating the services envisaged under this Agreement including all capital investments and operating expenses as may be necessary and incidental in relation thereto.

2.10 The rates quoted by the Contractor are inclusive of all expenses mentioned hereof and such other similar charges as may be required including payment to his/ her drivers, crew and other staff as per the provisions of the Motor tanker(s)/ bowser(s) Act, 1988 AND OTHER Statutory Acts. The rates stipulated shall be firm and final and no escalation whatsoever except as may be stipulated otherwise shall be admissible on any account.

2.11 The Contractor shall supply and maintain the services of all tankers/ bowsters every day with Drivers, Attendants, Helpers (wherever applicable) as may be required by the Company.

2.12 The Contractor undertakes to place the tankers/ bowsters within the due date of placement. Otherwise penalty will be levied to the contractor for late placement of bowser at the rate of non-availability/ shut down of bowser.

2.13 The monthly disbursement of wages to the Helpers, Drivers and Operators by the contractors will be made latest by the 10th day of the subsequent month. The mode of disbursing the monthly wages to the helpers/ drivers by the concerned contractors will be through account payee cheque or bank transfer/ e-remittance as may be agreed upon mutually themselves. The contractor will have to issue proper wages slip to the drivers/ helpers containing therein the requisite details such as income and deduction, if any.

2.14 The Contractor hereby undertakes that irrespective of his/her/their quoted rates, he/she/they will pay the wages and overtime (if any) of Drivers and Helpers as per MOS dated 24.01.2014, a copy of which is available at Head- Contracts, OIL, Duliajan's office. Any increase in wages and overtime rates of drivers/helpers during the tenure of the contract (including extension) will be borne by the Company. The mode of calculation for the payment for enhanced wages and overtime, if any, when the same arises will be

decided by the Company. The Company's decision regarding this shall be final and binding on the Contractor.

2.15 The Helpers, Drivers will avail a weekly day of rest after working for 6 consecutive days. The Contractor engaging them shall have to provide reliever driver/operator /helper to run the services of the hired vehicles during rest day.

2.16 The Helpers & Drivers will be extended 03 national holidays and 02 festival holidays in a calendar year by the respective contractors.

2.17 The Helpers & Drivers will be granted 18(eighteen) days annual leave with wages by the respective contractors which will be non- cumulative and non- en-cashable. The annual leave with wages can be availed 03 times in a calendar year and it will not exceed 18 days in a year.

2.18 The Helpers and Drivers will be extended 5(five) days of casual leave in a calendar year by the respective contractors which will be non- cumulative and non- en-cashable. The casual leave cannot be combined with the annual leave and cannot be availed for more than 3 (three) days at a time.

2.19 The concerned contractors will provide reliever helpers and drivers to run the services of the hired vehicles and in all transport service contracts on account of the above mentioned holidays, casual leave and annual leave. The reliever helpers, drivers and operators engaged by the contractors during holidays and leaves will be entitled to the applicable daily rate of wages.

2.20 All concerned contractors shall deposit the PF and EPF with the PF authority positively on or before the 15th day of the subsequent month and will submit the PF and EPF deposit challan to the company. On production of the challan, the amount will be reimbursed to the contractor. For compliance to the provision of the EPF & MP Act, the contractor will approach the concerned PF authority.

2.21 The helper/driver will be provided uniform and shoes by the concerned contractors and the expenditure towards the same will be reimbursed to them by the company on submission of documents/ proof of receipt as given under:

a) 02 sets of uniform per year {@Rs.1500 x 2}; Rs. 3000.00

b) 01 pair of shoe per year {@Rs.500}; Rs. 500.00

Total: Rs.3500.00 per year.

2.22 The rates accepted by the contractor are inclusive of all expenses mentioned hereof and such other similar charges as may be required including payment to his/her drivers , crew and other staff as per the provision of the Motor tanker (s)/ bowsers act ,1988 and other statutory Acts. The rates shall be fixed and firm for entire tenure / currency of this service agreement under or during its extension period except in respect of the following:

i. In the event of any change of price of HSD by Govt of India from the present price as Rs 54.28 per litre (16.09.16) by 5% (Five percentage) or more, the running charge per kilometer change will be increased or decreased i.e. considering 2.5(Two point five) kilometer per ltr of HSD.

ii. In event of changes of wages of driver & helper during the currency of the contract as per MOS 24.01.14, the enhance amount of monthly wage will be included in the revised

fix charge as applicable. Revised rates of the OT will be included in a separate service line as applicable. These revised rates will be calculated considering the monthly wages/OT rates of driver and helper as on bid closing date as base price.

iii. During extension period as per SCC clause no. 16.

2.23 Reimbursement/deduction on the Running Charge per Km per Bowser will be applicable if the diesel (HSD) price changes plus or minus 5% (five percent) over the prevailing market rate i.e. Rs. 54.28 per litre (16.09.16). For the purpose, it will be assumed that vehicles deployed by the contractor will consume fuel at the rate of 2.5 km per 1 ltr for both to and fro journey.

2.24 Service under this contract shall not be a regular one but occasional only depending upon company's operational requirement. Contractor will have no claim on the company in case no work is allotted. In that case, only fixed charge on prorated basis will be paid for those standby days and other terms and conditions of the contract.

2.25 The contractor shall carry the liquid Mud/drilling fluids by bowser of minimum 12 kl capacity each. The contractor must always be in a position to mobilize -06 (Six) nos of vehicles loaded with bowsers & pump etc. at a time within a short notice of 3 (three) hours positively (even in odd hours depending on operational urgency) for the purpose of transportation of aforesaid liquid. Loading/off unloading of the aforesaid liquid will be done using contractor's pump only. The density of the liquid Mud/Drilling fluids to be carried by the bowsers in the range of 1.0 gm/cc to 1.45 gm/cc and the fluid volume will be adjusted as per density of the fluids.

3.0 MANNER OF CONDUCTING WORK:

3.1 The Contractor shall carry out all operations hereunder with due diligence, in a safe and workmen like manner and in accordance with the accepted practice and safety rules of the Company in the area of its operations.

4.0 OBLIGATIONS OF THE CONTRACTOR:

4.1 The Contractor shall observe and abide by all the Statutory Acts and shall be primarily and solely responsible for observance of the rules and regulations stipulated hereunder.

4.2 The Contractor shall be responsible and liable for all claims, monetary or otherwise, arising out of the use of tankers/bowsers or operations of the services envisaged under this Agreement including liability under the Statutory Act or any other liability as may arise due to operation of this Agreement and the Company shall not be held liable or responsible for any such claim in any manner whatsoever. The Statutory requirements and obligations to be performed under the Statutory Acts affecting the operations of the services under this Agreement shall have to be performed by the Contractor only and shall be his/ her sole responsibility. Be it stated particularly that the Contractor hereby undertakes to fully implement entirely at his/ her own cost all the provisions of the Motor Transport Workers Act, 1961 and other Statutory Acts as may be in force from time to time and the rules framed there under as may be applicable to the operation of the service envisaged under this Agreement in the area of operations of the Company.

4.3 The Company shall not be liable for any dues, statutory or otherwise claimed by the employees/workmen employed by the Contractor for the services rendered under this Agreement and all such claims, statutory or otherwise or operation of any settlement or award in favour of the employees/workmen employed by the Contractor will be solely against the Contractor and not against the Company. Any demand by the employees deployed by the Contractor against the services envisaged under this Agreement shall have to be settled and satisfied by the Contractor solely and in the event of any loss or inconvenience or disruption that may result because of any non-settlement of such demands which may lead to a disruption of service envisaged under this Agreement shall also be deemed as a default.

4.4 The Company shall neither entertain any demands from the employees of the Contractor nor deal directly or indirectly with any recognized or un-recognized unions of such employees. It shall be primarily and solely the responsibility of the Contractor to deal, interact and settle any demands or disputes of his/ her employees individually or through any unions or otherwise and the Company shall not mediate in this matter at all.

4.5 Any unsettled disputes between the Contractor and his/ her employees leading to a legal or illegal strike by them would have to be settled by the Contractor expeditiously. Any failure on the part of the Contractor to settle the disputes expeditiously which results in interruption of the services envisaged under this Agreement would be considered as a default under this Agreement and the Agreement would be terminated at the discretion of the Company. The Contractor shall, however, be given reasonable opportunity by the Company to explain that the cause of the dispute was not due to delay on his/ her part or due to failure to implement the statutory obligations under the Statutory Acts as stipulated hereof. In the event if it is proved that the Contractor was in default as mentioned here above, the Company shall have the option to terminate the Agreement forthwith and the Contractor shall not be entitled to any damages or compensation whatsoever on account of such termination.

4.6 If the tanker/bowser is not available for duty due to driver's and helper's strike, the tanker/bowser will be treated as shut-down for the period of strike.

4.7 In case of any disruption/interruption in the services under this agreement due to any action by any contractor(s) or his/their bowser crews or by both, the contract(s) of the concerned contractor(s) shall be terminated as per the discretion of the company.

4.8 In case of bowser accident, the contractor or his representative shall lodge FIR with the nearest Police Station immediately and inform the company in writing about the accident as soon as possible but not later than 24 hours. The contractor shall arrange for guarding the vehicle as well as the product. If there is any spillage of Liquid Mud/Drilling fluids at the site of the accident, the contractor shall take immediate action towards collection and transportation of the spilled product to the respective Unloading Point and arrange for proper cleaning of the site for environment protection at their own cost.

4.9 If bowser transportation service of any tanker/bowser is stopped due to any Local Environmental Problem, the contractor will have to take necessary action immediately to solve the problem vis-a-vis for restoration of the service and lodge FIR in the nearest Police Station of the incident.

4.10 The Contractor shall ensure that the tanker(s)/bowser(s) deployed under this service Agreement do not cause any damage to the Company's properties. In the event of any such damages, the cost of repair in respect thereof as determined by the Company Engineer shall be deducted from the Contractors outstanding bills. The Company's decision in this regard shall be final.

4.11 The Contractor will park the tanker(s)/bowser(s) at the Base Station at the end of the day's work on round the clock basis with ready availability of the services of the crew in such a manner that the bowser(s) can be deployed for any specified duties immediately on receipt of the instructions from the Company's Engineer. The Contractor found violating this will be liable for breach of Contract.

4.12 The Contractor must place the tanker(s)/bowser(s) for duties in time on any particular day as per the instructions of the Company Engineer. In the event of failure to adhere to the foregoing or in the event of unauthorised release of tanker(s)/bowser(s) before completion of the normal duty hours, the tanker(s)/bowser(s) shall be treated as shut down and will attract the penalty for each such failure.

4.13 The Contractor shall keep the tanker(s)/bowser(s) roadworthy throughout the contract period by complying with the statutory requirement, failing which the tanker(s)/bowser(s) will be treated as shut down.

4.14 The Contractor should ensure that the Driver(s)/Helper(s)/Attendants (as applicable) are available every day, i.e. on Holidays, Sundays, off days or during leave of the regular drivers/crew as per the requirements of the Company Engineer. In the event of failure to do so, the tanker(s)/bowser(s) shall be treated as shut down, in which case the penalty shall be deducted from the Contractor.

4.15 The contractor will ensure good conduct of their bowser crews, while on duty. The contractor will be held fully responsible for any unruly behaviour of bowser crews or any mishap created by bowser crews. Company reserves the right to ask the contractor to remove any unruly bowser crew and in such event contractor shall remove the crew immediately from the service and arrange suitable replacement in terms of the contract without any disruption of the service. In the event to failure to do so, the tanker/bowser will be treated as shutdown till such time a suitable replacement is made, in such case the penalty shall be deducted for the contractors bill(s).

4.16 The Contractor must maintain a register incorporating particulars with the names of the drivers/helpers/crew engaged by the Contractor and the aforesaid required to sign the register maintained for this purpose, for monitoring their daily attendance, off days, holidays and leave roster etc. This will ensure proper roster of the crew in respect of compliance with the various Statutory Acts. This register must be available for inspection by the appropriate authorities as and when required. The Contractor will be required to submit a certificate to the Company every month along with the Monthly kilometrage Statement-cum Bill in the format set out in Proforma-III annexed herewith to the effect that all statutory requirements effecting the operations of the service under this Agreement under various Statutory Acts have been complied with.

4.17 The contractor shall undertake only journeys authorised by the Company Engineer. Any unauthorised journeys shall be treated as breach of Contract and shall

attract penalty for each such occurrence without prejudice to the Company's right to terminate the agreement without any compensation to the Contractor on any account whatsoever.

4.18 The Contractor shall make all payments to the operating staff under the Agreement through Account Payee Cheque/bank transfer/e-remittance only. Further, if asked for by the Company, the Contractor shall produce certificate/statement from the concerned bank towards proof of payment of wages to their crew/operating staff. No payment shall be processed if aforesaid information is not accompanied in the Bill of the corresponding month.

4.19 The Contractor shall operate the service envisaged under this agreement in an efficient manner as per the instructions of the Company Engineer. The contractor shall abide by the Company Engineer instructions always and ensure continuous uninterrupted service on day-to-day basis.

4.20 Contractors will be required to arrange entry passes for the drivers/ helpers/ Supervisor(s) employed by him and for himself from CISF for entering into OIL Operational Areas.

4.21 Contractors will be required to make refueling arrangement for the bowser from the petrol pump near the respective Loading/Unloading Points. For this purpose Refuelling time for the tanker(s)/bowser(s) shall not be more than 30(Thirty) minutes as stipulated in clause no. 1.31 (iii).

4.22 The contractor shall ensure use of Safety shoes, Safety hand gloves and uniforms by the bowser crews while on duty. These safety items and the uniform for the bowser crews shall be provided by the contractor. In the event of non-compliance of the clause by any contractor, the company will deduct at a rate of Rs.100.00 per day per bowser from his/her monthly bill. Contractor should submit documentary evidence in support of purchase of PPE for his/her crew at the time of placement of bowser.

5.0 PARTICULARS, SPECIFICATIONS AND INSTRUCTION TO THE CONTRACTOR :

5.1 The contractor shall instruct his/her crew suitably to ensure that while driving speed limits as enforced are necessarily observed. Any breach of law due to violation of the speed limits shall have to be redressed by the Contractor entirely at his/ her own cost.

5.2 The bowser(s)/tanker(s) to be engaged for this service must conform to the specifications described in the Contract Agreement.

5.3 The Contractor must ensure timely renewals of all licenses and permits within the due dates. Otherwise bowser(s)/tanker(s) will be treated as shut-down and penalty will be levied as per the agreement.

5.4 The Contractor shall provide at his/her own cost the accommodation/housing for his/her employees, sheds for repairing and servicing of tanker(s)/bowser(s), land/garages for parking of the tanker(s)/bowser(s) (wherever applicable) in and around the base station.

5.5 The tanker(s)/bowser(s) must be maintained in first class road worthy condition along with uniform standards of safety as initially provided for at the time of acceptance of the tanker(s)/bowser(s) on the date of placement.

5.6 (a) Speedometer and kilometreage reading must be maintained at a high standard of accuracy. Any defects noticed by the Company Engineer at the initial and subsequent periodical inspection must be rectified forthwith by the Contractor at his/her own cost. Until such rectification, the readings of the instrument will be subject to such correction factor as may be determined by the Company Engineer. The Company's decision in this regard shall be final and binding on the Contractor.

5.6 (b) Monthly payments shall accordingly be regulated according to the corrected readings.

5.7 All employees of the Contractor who are deployed under this service Agreement must observe the security and safety rules of the Company when working inside the declared prohibited areas or otherwise. Any individual found to be objectionable from security considerations must be replaced by the Contractor.

5.8 All tanker(s)/bowser(s) must also be provided with the towing hook. All expenses on account of the foregoing shall be borne by the Contractor entirely on his/her own cost.

5.9 The Contractor shall furnish together with related power of attorney the names and specimen signature(s) of the authorized representative(s) who will be overall in charge of the Contractor's organization to carry out its obligations including preparation of bills, receipts of cheques etc.

5.10 The contractor or his representative should report to General Manager (Chemical)'s office at 7:00 AM and 12.30 PM on all working days for instruction for routine operation. Moreover, he may also be asked to report to office on Sundays/Holidays whenever operational urgency arises. In case of non-availability of the contractor/his representative for handing over the transfer advice of liquid Mud/Saline water etc. in aforesaid time, the delay period will be treated as shut-down as it will result in operational delay of the company. In such cases, company shall reserve the right to impose penalty at twice the rate of fixed charge/hour/bowser subject to a minimum of Rs.2000/- per bowser per day.

5.11 At the time of placement of the tanker(s)/bowser(s), the Contractor must furnish to the Company the name(s) of the Driver(s), Helper(s), crew as may be applicable together with particulars of their driving license(s), Petroleum product carrying licence (if applicable) etc. In case any changes are made in the crew deployed under this Agreement at any time during the tenure of this contract, the Contractor must notify the Company in writing detailing the reasons for replacement and furnish similar particulars as required hereof in respect of the replacement(s). However the replacement crew shall be subjected to approval of the Company. For reliever driver/helper, when the actual driver/helper is absent on account of leave, sick etc prior permission must be taken from the company submitting all the documents regarding driving licence (including petroleum product carrying licence, if applicable).

5.12 The contractor will be responsible for supervision of the entire job of transportation from loading point to the unloading point during the tenure of the contract.

5.13 The Contractor must have DOT telephone (landline) and/or mobile phone, so that the contractor can be contacted in odd hours as & when required i.e. even on holidays.

5.14 The Contractor must instruct their authorised representatives and drivers to cooperate with the Company's vigilance personnel as and when required.

5.15 In addition to the vigilance personnel, CISF or Company's personnel may check the bowser/tankers at any time while loading, unloading & during transportation. The Contractor or his representative should have no objection for such checks

6.0 RIGHTS OF COMPANY ENGINEER:

6.1 The Company Engineer shall upon initial placement of tanker(s)/bowser(s) duly check the mechanical as well as physical parts along with all the relevant documentation before accepting it for the services under Agreement. Such inspection/test shall be carried out entirely at the Contractor's risk and cost. Any tanker(s)/bowser(s) found deficient or defective in any manner will not be acceptable till such deficiency is completely rectified to the satisfaction of the Company Engineer.

6.2 The Company Engineer shall arrange for allocation of the tanker(s)/ bowser(s) duty to the various loading & unloading points.

6.3 The Company Engineer shall have power amongst others as follows:

- (i) Fix the normal duty hours/timings of the Contractor and regularly monitor the same.
- (ii) Instruct the Contractor from time to time for such further inspection as may be necessary for the proper and adequate supply of services and for keeping such records as are deemed necessary.
- (iii) Instruct the Contractor to replace by another suitable person(s) if any of his/her crew engaged for running/operating the tanker(s)/bowser(s) or for general management of the service is found unsuitable for the job. Company shall not be responsible or liable in the event of any action by the Contractor against his/her employees or workmen in any manner whatsoever arising out of their removal or replacement.
- (iv) Instruct the Contractor to remedy breach of contract and levy any penalty in relation thereto.
- (v) Refuse the services of any tanker(s)/bowser(s) found in deteriorated conditions and advice the Contractor to rectify the defects or arrange for replacement till such default is remedied.
- (vi) Instruct the Contractor to utilize the services beyond the stipulated hours of service.
- (vii) Instruct the contractor to undertake authorised journeys to specified destination(s).

(viii) Undertake periodic inspection of the tanker(s)/bowser(s) as per programme as may be decided by him/her. Such inspection shall be carried out in the presence of the Contractor or in presence of his/her authorised representative. Such inspection/test carried out by the Company shall be at the Contractor's cost and risk.

(ix) Instruct the Contractor to rectify the defects or renewal of the documents revealed upon periodic inspection/test carried out by the Company. Such rectification shall be at the Contractor's cost entirely.

(x) Instruct the Contractor to remove the tanker(s)/bowser(s) from the service under this Agreement in respect of which defects have been found upon periodic inspection till the time of rectification of the defects.

(xi) Check the speedometer and kilometer readings and notify any defects and determine any correction factor on the kilometreage statement-cum-bill in case the speedometer and kilometer readings are found to be defective.

(xii) Company Engineer shall clearly indicate the total shut down hours in a month due to shut down with reason in the monthly statement which will be treated as final for determining penalty, if any.

(xiii) Instruct the contractor to remove any crew member, whom in his opinion is behaving in unruly manner or committing any misconduct while on duty.

(xiv) Instruct the contractor to produce any document pertaining to the subject tender and/or contract agreement.

6.4 The Contractor shall at all time obey the instructions of the Company Engineer and ensure compliance of the above mentioned orders and instructions.

7.0 SECURITY DEPOSIT:

7.1 The Security Deposit is a guarantee against timely placement of all tanker(s)/bowser(s) in an acceptable condition and as a guarantee towards smooth operation of the services envisaged under the Agreement. This security deposit shall not bear any interest and will be refunded only upon successful completion of the tenure of the contract after deduction/recovery, if any.

7.2 The security deposit shall be forfeited in case of the occurrence of the following events:

(a) In case of delay in timely placement of tanker(s)/bowser(s) as per the Agreement in full or part at the sole discretion of the Company. The forfeiture of security deposit in this instance shall be limited to 4% (Four percent) per week of delay per tanker(s)/bowser(s).

(b) In case of any event occurring as envisaged in Clause-9.1 hereof,
AND/OR

(c) In case of any event occurring as envisaged in Clause-10.0 hereof, where the outstanding bills are not adequate to recover the damages to the extent of such shortfall

(d) In case premature termination due to default or breach of contract by the Contractor.

7.3 In the event of any occurrence as envisaged in Clause 7.2 (a), (b) & (c), the Contractor will have to furnish additional security deposit in the manner prescribed to the extent of amount forfeited. Failure on the part of Contractor to comply with this would be liable for termination of this agreement whether partially or fully at the sole discretion of the Company, without prejudice to the right of the Company to take any other action or such default including but not limited to forfeiture of the entire security deposit. The Contractor shall not be entitled to any damages or compensation whatsoever on account of such termination.

7.4 The Contractor shall commence regular and continuous service by placing the tanker(s)/bowser(s) as per this Agreement on and with effect from the due date of placement. Any delay in placement of tanker(s)/bowser(s) for whatsoever reasons beyond the stipulated due date of placement will call for forfeiture of security deposit as stipulated hereof without prejudice to any other rights of the Company reserved in this Agreement.

7.5 The Company reserves the right to terminate the Contract without any compensation whatsoever in case of failure to mobilize the bowsers/tankers and commence operation within the stipulated period.

8.0 LIQUIDATED DAMAGE (LD) :

8.1 The Contractor is to ensure complete safety of any kind to the loaded tanker/bowser. It will be obligatory on the part of the contractor to provide a leak proof system for transporting liquid Mud/Drilling fluids in any manner at any stage during actual delivery at destination. Cost of aforesaid drilling fluid lost during transit will be deducted at the prevailing landed cost of the chemicals used for the preparation of the same. The decision of the Company in this regard will be final and binding on the Contractor.

8.2 In case the contractor tanker is met with an accident damaging the life and property of 3rd party(s) in addition to loss of liquid Mud/ Drilling fluids wholly or partly, the contractor shall sort out the matter immediately with the 3rd party(s) and settle all the dues claims including insurance, if any, at the earliest. In the event of failure to settle such claim by the contractor immediately but not later than 24 hours, the Company may at its discretion, to avoid disruption to company's operation which may arise due to such accident, settle such claim of the 3rd party(s), in which case the amount so paid to the 3rd party(s) shall be deducted from the outstanding bills of the contractor. For the accident case, (which is to be substantiated by proper Police Report and MVI Report) loss of drilling fluid lost during transit will be recovered from the contractor's outstanding bills at the prevailing landed cost of the chemicals used for the preparation of the same.

8.3 In case of sudden withdrawal of bowser/tanker without prior permission of the Company, a penalty shall be levied at the rate Rs. 800.00(Rupees eight hundred only) per day per tanker. This shall be in addition to the penalty imposed as per clause No.14 of SCC

8.4 If any contractor fails to place his/her bowser(s) within the stipulated time limit of 120 days from the date of issue of Letter of Award (LOA), then the contractor will be liable to pay liquidated damages to the company by way of penalty at the rate of 0.5% of

annualised contract value of the particular bowser for each week of delay in placement subject to a maximum of 7.5% of the annualised contract value. However, in case the contractor fails to place his/her bowser(s) from the due date of placement, /04 weeks then his/her particular contract will be cancelled terminating the services of all the bowers placed so far against the contract.

9.0 TANKER/BOWSER AVAILABILITY:

9.1 The Contractor shall supply and maintain the services of all the tanker(s)/bowser(s) in normal service EVERY DAY with drivers and attendant crew (wherever applicable) as required by the Company. In the event of default, the Contractor is liable to be penalised as per Clause no. 14 of SCC. Such penalty will be recovered normally from the Contractor's running monthly/outstanding bills. This is without prejudice to the Company's right to recover the amount in any other manner as laid out in the law including appropriation of the Security Deposit towards such outstanding.

9.2 In case of default not leading to shut down, the Company Engineer shall notify the Contractor to remedy the default within reasonable time and till such default is remedied, if necessary, the tanker(s)/bowser(s) shall be released to the Contractor, whereupon it shall be treated as shut down and penalty as applicable shall be levied too.

9.3 In case of Bandhs, Road Blockade, Strike etc. called by various organizations, if the tanker(s)/bowser(s) is/are not available for liquid Mud/Saline water transportation duty due to absence of driver(s) or otherwise affecting Company's operation and if the opinion of the company such situation could have been avoided, then such tanker(s)/bowser(s) will be treated as shut down and penalty as per clause 14 of SCC will be imposed and shall be recovered from the Contractor's bills with proper intimation. It is to be clearly understood that 48 hours time allotted per month for general maintenance without deduction of pro-rata fixed charge will not be adjusted against such bandhs/strike period.

9.4 Major break-down:

(A) In case of accident and consequence of non-availability of bowser(s)/tanker(s)

i) Pro-rata fixed charges will be deducted but the same will not attract penalty, if contractor notifies within 48 hours in writing to the Company with adequate proof about accident, copy of FIR (FIRST INFORMATION REPORT) lodged by the contractor shall be required in addition to other proof to be submitted.

ii) In the above case, if the Contractor gives a replacement bowser/tanker of the same specification (with same vintage or latest) for the period of shut-down of the accident tanker/bowser. Pro-rata fixed charges will be payable to the Contractor during the period of utilisation of the replacement bowser.

However, this will not be applicable in case of:

a) Accident caused by rough/rash driving/overspeed (more than 35km/hr) or because of negligence of the driver engaged where a FIR is lodged by a third party and services of the bowser/tanker are not available for formalities to be observed as per the laws of the land.

b) The bowser/tanker is involved in litigation or in theft cases for which a case has been registered by the police.

In such situations the bowser/tanker will be treated as shut down and will attract penalty in addition to the deduction of pro-rata fixed charges.

(B) In case of major maintenance (exceeding 48 hrs allowable) fixed charges will not be payable and the same will attract penalty. However, if the contractor gives a replacement bowser/tanker of the same specification (with same vintage or latest) for the period of shut-down of the tanker/bowser, the same will not attract penalty. During the period of utilization of the replacement bowser(s)/tanker(s) pro-rata fixed charges will be payable to the contractor.

(C) In case of (A) & (B), the time required to repair and place back the bowser/tanker into Company's service shall be decided by the Company representative which shall be final and not alterable. On expiry of such allotted time pending placement of the original bowser/tankers penalty will be recovered in addition to the deduction of pro-rata fixed charges.

10.0 THE COMPANY RESERVES THE RIGHT TO TERMINATE THE CONTRACT WITHOUT ANY COMPENSATION WHATSOEVER IN CASE OF FAILURE TO MOBILIZE THE BOWSERS/TANKERS AND COMMENCE OPERATION WITHIN THE STIPULATED PERIOD.

11.0 TERMINATION:

11.1 In the event of the Contractor's failure to placement tanker(s)/bowser(s) in due time or render proper services as per terms of this Agreement, the Company reserves the right to terminate wholly or partially the Agreement with 30(Thirty) days' notice in writing and on the expiry of this notice period, this service Agreement shall stand terminated and Contractor shall not be entitled to any damage or compensation on account of such termination or otherwise from any cause arising whatsoever.

11.2 The Company may without prejudice to any other remedy for breach of contract, by written notice of default sent to the Contractor to terminate this agreement in whole or in part if the Contractor fails to perform any of his/her obligations under this agreement or if the contractor does not cure his/her failure immediately upon receipt of notice from the Company or during any such time as the Company may authorize in writing after receipt of default notice from the Company.

11.3 In the event of Company terminates the contract in whole or in part pursuant to clause No. 11.4 herein below the Company may procure, upon such terms and in such manner as may deem appropriate similar services and in such event Contractor shall be liable for any excess costs incurred by the Company in this regard. However, the contractor shall continue performance of the contract to the extent not terminated.

11.4 The Company may at any time terminate the contract giving a written notice to the contractor without compensating him, if the contractor becomes bankrupt or otherwise insolvent, provided such termination will not prejudice or effect any right of action or remedy which occurred or will occur thereafter to the Company.

11.5 The Company may, in a written notice sent to the Contractor, terminate the agreement, in whole or in part at any time for its convenience. The notice of termination shall specify that the termination is for Company's convenience, the extent to which performance of service under this agreement is terminated and the date which such termination becomes effective, which will be at least 60(sixty) days after the date of the

notice of termination. If the Company exercises this right, it shall pay the Contractor in accordance with the provisions of this agreement for the services satisfactorily rendered up to the date of termination. The contractor will not be entitled to any damages or compensation on account of such termination.

11.6 The Company's bowser transportation requirement may be reviewed during the contractual period and in case the company's bowser transportation requirement is reduced, the company reserves the right to dehire some of the bowsers on completion of 485(Four Hundred Eighty Five) days from the date of issue of LOA in the manner as detailed in Clause-27.0 hereunder. However, the company will give one month notice prior to dehiring of bowsers under above circumstances.

11.7 This agreement shall stand partially or fully terminated in case of default due to delay in placement of tanker(s)/bowser(s) beyond 4 (four) weeks from the due date of placement stipulated hereof and the contractor shall be debarred at the discretion of the Company from quoting against any future tender for a period not exceeding 02(Two) years for such default. Such termination will be without prejudice to the Company to forfeit the Security Deposit also.

11.8 The Company may, at any time, terminate the contract if any of his/her bowser is found involved in any pilferage case and a police case is registered against the same.

11.9 The company may cancel/terminate the contract, if it comes to the notice of the company anytime either during the pendency of award of the contract or after award of the contract that the bidder/contractor furnishes fraudulent documents/false information in relation to the tender/contract, besides other legal action.

12.0 BILLING & PAYMENT:

12.1 For the purpose of payment for the service rendered the Contractor shall:

i) Accept as final the daily log book as per Proforma-I which must be signed on a daily basis by the Company's Engineer/representative. Any deletions and/or overwriting on the Daily Log Book must be avoided as far as practicable and if such deletions and overwriting are incidence, the same must be countersigned by the Company's Engineer, otherwise the Monthly Kilometrage Statement-cum-bill shall not be accepted. Proforma-I must be made out in triplicate of which one copy is to be retained by the Contractor for preparing the monthly kilometrage statement-cum-bill only at the end of each month.

ii) a) Prepare monthly kilometrage statement-cum-bill as per Proforma-II and submit the same to the Company's Engineer for verification at the end of the month. The monthly kilometrage statement-cum-bill must be accompanied with a certificate every month furnished by the the Contractor as per Proforma-III towards his/her compliance with the Statutory Acts effecting the operation of this service agreement.

ii) b) The monthly kilometrage statement-cum-bill must include a factual record of based on daily log sheet for services rendered as per instructions of the Company's Engineer, i.e., for Company duty only and should exclude for payment the following :

- Such kilometrage and time as may be involved for refueling is in excess of the allowable time.

- Such hours/days or part thereof as may be involved on for routine servicing and maintenance in excess of 48(Forty Eight) hours per bowser in a calendar month.
- Such hours/days or part thereof as may be involved in any month when the tanker(s)/bowser(s) was/were shut down due to default or otherwise.

ii) c) Accept such adjustments on the monthly kilometreage statement-cum-bill as the Company's Engineer may make on account of all or any of the following:

- A) Deductions for defaults/shut downs not shown correctly.
- B) Deductions for penalties in case of breach of contract.
- C) Adjustment of kilometreage and corrections as per agreement.
- D) Such other adjustments as the Company's Engineer shall consider necessary as per the requirements of the situation prevailing, the Company's decision in which regard shall be final.

12.2 The monthly kilometreage statement-cum-bill shall be certified by the Company's Engineer after adjustments have been made as reflected hereof and shall be processed for payment on receipt of a clear and unambiguous bill for payment along with the original of the Daily Log Book for that month.

12.2.1 Only Journey authorised by the user department shall be taken as "Authorised" Journey and will only be considered for payment.

12.2.2 Payment shall be made for the days/kilometreage actually logged on Company's duties as per instructions of the Company's Engineer and as reflected in the Daily Log Book.If a bowser is unable to ply for a particular day/period fixed charge for that day/period will not be paid.

12.2.3 For the days or part thereof when the services envisaged under this agreement are disrupted due to default/shut down etc, penalty will be applicable.

12.2.4 In case of a default by the Contractor leading to partial or total shut down of the services envisaged under this agreement whether for a full day or part thereof, penalty as per clause no.9.0 of Special Conditions of Contract shall be levied for each such default on pro-rata basis. The penalty livable shall be deducted from the monthly bills of the Contractor.

12.2.5 In case of any situation not provided under this agreement, the Company's Engineer or any other person authorised on his/her behalf by the Company, shall have the right to decide upon any further claim on the facts and circumstances, which shall be binding upon the contractor.

12.2.6 Expenditure towards Entry fees/Parking charges incurred by the bowsers enroute to Loading/Unloading Stations will be reimbursed on actual basis on production of Receipts/Cash memo in original.

13.0 TERMS OF PAYMENT:

The company will make payment only for the journeys/trips authorized by the Company's Engineer.

13.1 On receipt of the Monthly statement-cum-kilometreage Bill the Company's Engineer shall verify the same with the Daily Log Book and shall process the same after making adjustment as may be necessary for Payment Monthly kilometreage statement/ bills submitted by the Contractor will be cross-checked by the Company with the records maintained by the Company. Wherever discrepancies are found the Company will have right to make necessary corrections in the statement/bill submitted by the Contractor before certifying/countersigning the same for processing payment.

The monthly statement-cum-kilometreage bill must be accompanied with the following :

- i) Daily Log Book in original for the month as per Proforma-I.
- ii) Statutory compliance statement per Proforma-III.
- iii) Proof of payment to bowser crews per Proforma-IV.

Note: The rates shall be fixed and firm for the entire tenure of the contract and shall be binding on both the parties. No changes of rates shall be allowed under any circumstances during the tenure of this service agreement including the extension period, if any, except as provided elsewhere in this agreement.

13.2 The Company shall pay the Contractor during the term of the contract the amounts due from time to time calculated according to the rates of payment set out hereof and in accordance with the other provisions of this agreement.

13.3 The Company shall within 30(Thirty) days of receipt of invoice notify the contractor of any item under dispute, specifying the reasons thereof, in which event, the disputed amount may be withheld till settlement of the dispute, but payment shall be made for the undisputed portion on or before the due date.

13.4 The Company will make monthly payment subject to adjustment/deduction as necessary for the services rendered in each calendar month and will endeavor to pay before expiry of 30(Thirty) days from the date of submission of monthly kilometreage statement-cum-bill as per Proforma-II annexed herewith and certificates as per Proforma-III & Proforma-IV annexed herewith for the month for every tanker(s)/bowser(s) on the basis of accepted rates calculation as mentioned in General Conditions Of Contract(GCC) of this service agreement. The above period shall be counted from day when all kilometreage statements in respect of all tanker(s)/bowser(s) to be deployed under this agreement are received by the Company.

13.5 In absence of the certificates as per Proforma-III & Proforma-IV, bill will not be processed for payment and any delay arising out of the same shall be attributable to the contractor.

13.6 A daily log book will be maintained in triplicate. The contractor's representative or his/her driver should collect the original and a copy of the daily log book has to be submitted with statement-cum-bill in Proforma-II for claiming payment.

13.7 All payments will be made by the Company to the Contractor by cheque/online transfer to the Contractor's bank account. Payment of any invoice shall not prejudice the right of the Company to question the validity of any charge therein, provided Company by way of written notice notifies the Contractor of objection to any item within one year after the payment is made to the Contractor.

13.8 Any reimbursement claim made by the Contractor after the expiry date of this Contract will not be entertained.

13.9 Except the rates payable as per terms & conditions detailed in this tender/contract document and reimbursement/escalation/deduction/reduction as mentioned elsewhere in this tender/contract document, no other charges, whatsoever may be, shall be payable to the contractor during the tenure of the contract.

13.10 For every trip of Mud/Drilling fluids transportation, the Contractor must obtain signature of Company's authorized representative at the specified loading and unloading points based on the document issued for the purpose. Such documents will be required to be produced along with the bills against the service rendered.

14.0 PENALTY:

i) For non-deployment of tanker(s)/bowser(s) (excluding the allowable time for maintenance & refueling) for a period upto 2 (two) hours, penalty shall be levied at the rate of Rs. 1500.00 (Rupees One Thousand Five Hundred only) per day on pro-rate basis. In case the bowser(s)/tanker(s) are not available for a period of more than two hours, penalty shall be levied at the rate of Rs. 3000.00 per day per bowser. Penalty will be maximum Rs. 3000.00 for more than 2 hrs. of non-deployment of bowser. Additionally, the pro-rata fixed charge for the period of non-deployment of the bowser(s)/tanker(s) will not be payable in both the above cases.

ii) For non-deployment of tanker(s)/bowser(s) during any bandh/strike if company provides security, penalty will be levied at a rate of Rs.1500.00 per day per bowser and the pro-rata fixed charge for the period of non-deployment of the bowser(s)/tanker(s) will not be payable.

iii) Transportation of liquid Mud/Drilling fluids to the desired destinations is to be done within the specified time considering average travelling time of bowser during transit @ 20 KM/hr. for both to and fro journey. Company shall reserve the right to charge for any failure on the part of the contractor regarding delay during transit. Time taken during transit in excess of 20 KM/hr will be considered as penalty at the rate of double the fixed charge/hour/bowser in a day subject to a minimum of Rs. 2000/-per bowser/day. Decision of company in this regard will be binding on the contractor.

iv) In case of default as mentioned below, penalty shall be levied as per sub-clause 14(i) above.

- a) Delay in initial placement of tanker(s)/bowser(s) beyond the stipulated date.
- b) Unsuitability of the Driver or Attendant and/or working crew.
- c) Drunkenness and intoxication of the driver and/or the Attendant/crew.
- d) Non-availability of tanker(s)/bowser(s) due to any reason, whatsoever, including but not limited to the following conditions
 - (i) Deteriorated mechanical condition of the tanker(s)/bowser(s) and/or breakdown.
 - (ii) Due to inadequate routine maintenance.
 - (iii) Time taken for routine serving/maintenance in any particular month in excess of time allowed for such maintenance in any month.

- e) Non-possession of the valid permits and licenses for the crew and tanker(s)/bowser(s).
 - f) Non-supply of fuel.
 - g) Delay in placement of tanker(s)/bowser(s) on any day as per the instruction of the Company Engineer and/or unauthorized and un-timely release of tanker(s)/bowser(s) on any day without prior permission and authorization from the Company /engineer during the tenure of this Agreement.
 - h) If the Contractor keeps the tanker(s)/bowser(s) at a station other than the stipulated Base Station without the authorization of the Company Engineer.
 - i) Non-availability of tanker(s)/bowser(s) due to defects detected upon periodic inspection/tests by the Company.
 - j) Non-rectification of defects expeditiously upon detection by the Company Engineer upon inspection/test undertaken by the Company.
 - k) Non-availability of tanker(s)/bowser(s) or crew when required by the Company Engineer.
 - l) Failure on the part of contractor to discharge his/her obligations as set out in Clause 4.0 of SCC hereof and/or failure on part of the contractor to abide with particular instructions as set out in clause 5.0 of SCC hereof and/or failure on part of the contractor to obey the instructions of the company engineer as set out in clause 6.0 of SCC hereof.
 - m) Any other acts or commissions by the Contractor or his/her crew whether specified or not hereof which disrupt the continuity of the service envisaged under this Agreement.
 - n) Non-availability of tanker(s)/bowser(s)/crew.
 - o) Non-availability of services due to unauthorised/lightening strike by Contractor or his/her crew for any reason whatsoever. The period of non-availability of services will be treated as shutdown.
- iv) In case, the Contractor fails to place the bowser/tanker for duties in time on any particular day, without prior permission from Company, then delayed placement/duty timings will not be accepted. On such occasions bowser/tanker will be treated as shutdown and the same will attract pro-rata deduction of fixed charge and also imposition of penalty at rates given above.
- v) Similarly, if the tanker/bowser is found to be deployed for any other duties during the period when released for parking at the base station and/or during the period when allowed for routine, Servicing/maintenance, then also tanker/bowser(s) will be treated as shutdown and the same will attract pro-rata deduction of fixed charge and also imposition of penalty at rates given in clause 14(i).

15.0 STATUTORY OBLIGATIONS OF CONTRACTOR:

The contractor shall be responsible and liable for all claims, monetary or otherwise, arising out of the use of the tanker(s)/bowser(s) or operation of the services envisaged under this agreement including liability under the Motor Tanker(s)/bowser(s) Act, Payment of Bonus Act, Workmen's Compensation Act, Payment of Wages Act or any other statutory liabilities as may be in force from time to time and whatsoever. The Statutory requirements and obligations to be performed under the above Acts or any other enactment affecting the operation of services under this agreement shall have to be performed by the Contractor only and shall be his/her sole responsibility.

16.0 DURATION OF CONTRACT:

Subject to the provisions of the clause 11.0 herein above, the terms of this contract shall be for a period of 48 months commencing from the date of placement of first bowser of the contract or 1580 days from the date of issue of LOA, whichever is earlier. On completion of the contract period, this Contract shall stand terminated without requiring any notice from either party to the other. At the sole discretion of the Company, the duration of the contract may be extended upto 12 months with revised Fixed rate calculated as per clause No (20.8.2).

17.0 FORCE MAJEURE:

"FORCE MAJEURE" means except or otherwise specified in the event of either party being rendered unable by force majeure to perform any obligations required to be performed by them under this agreement, the relative obligation of the party affected by such force majeure shall upon notification to the other party be suspended for the period during which such cause lasts. The terms "Force Majeure" as employed herein shall include Acts of God. War, Revolt, Riots, Fire, Flood, Sabotage, failure or destruction of roads, culverts or bridges over or on which Contractor's tanker(s)/bowser(s) is/are or are to travel. Upon the occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing within 48 (Forty Eight) hours of the alleged beginning and ending thereof giving full particulars and satisfactory evidence in support of his/her claim.

18.0 ARBITRATION:

In the event of disagreement/disputes arising in connection with execution of this contract which cannot be settled in an amicable manner between the company and the contractor, the matter shall be referred to arbitration. All disputes or differences whatsoever arising between the parties out or relating to operation or effect of this agreement or the breach thereof shall be settled by Conciliation Act, 1996 with appointment of a sole arbitrator to be appointed by the Company and the award made in pursuance thereof shall be binding on the parties.

The venue of the arbitration shall be at Duliajan or Guwahati.

19.0 LEGAL DISPUTE JURISDICTION:

Any legal dispute arising out of this contract will be settled within the territorial jurisdiction of DIBRUGARH DISTRICT COURTS or GUWAHATI HIGH COURT (PRINCIPAL BENCH) as the case may be and not at any other place.

20.0 SPECIAL CONDITIONS OF CONTRACT:**20.1 LIABILITY & INDEMNITY:**

20.1.1 Except as otherwise expressly provided, neither the Company or its servants, agents, nominees, assignees, shall have any liability or responsibility whatsoever to whomsoever (including the owner) for loss or damage to the tanker(s)/bowser(s) or loss or damage to the property of the Contractor or his/her contractors, sub-contractors, irrespective of how such loss is caused and even if caused by the negligence of the Company and/or his/her servants, agents, nominees, assignees unless caused by willful or gross negligence. The Contractor shall protect, defend, indemnify and hold harmless the Company from and against such loss or damage and any suit, claim or expense resulting there from.

20.1.2 Neither the Company nor its servants, agents, nominees, assignees, shall have any liability or responsibility whatsoever from injury to, illness, or death of any employee of the Contractor irrespective how such injury. Illness or death is caused by will full or gross negligence. The Contractor shall protect, defend, indemnify and hold harmless the Company from and against such loss or damage and any suit, claim or expense resulting there from.

20.2 INDEMNITY AGREEMENT:

20.2.1 The contractor agrees to protect, defend, indemnify and hold the Company harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, costs, liens and judgment of every kind and character, without limit, which may arise in favour of the Contractor's employees, agents, contractors and sub-contractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations/services contemplated hereby, regardless of whether or not the said claims, demands or causes of action arise out of negligence or otherwise, in whole or in part, or other faults.

20.2.2 INDEMNITY AGAINST LOSS INCIDENTS:

Notwithstanding anything to the contrary contained hereinabove, it is agreed that the Purchaser shall to the maximum extent permitted under law, release, indemnify, defend and hold the Company and its Sub-contractors and each of its and their respective directors, officers, employees, consultants, agents, harmless from and against any and all claims demands, causes of action, liabilities, damages, judgments, awards, losses, costs, penalties, fines and expenses and any costs related thereto (including but not limited to Court Costs and 'Attorneys fees and costs of litigation) for any kind of character ("Claims") asserted by or in favour of any person, party or entity, including, without limitation, Claims for damage to or loss or destruction of real or personal property belonging to any person, party or entity (including without limitation property belonging to Company, Purchaser or any third party), and Claims for personal or bodily injury, sickness, disease or death of any person (including without limitation, personnel of Company, Purchaser or any third party) in respect of or resulting from:

- a) Any accident or damage to the tanker(s)/bowser(s) detailed for carrying Liquid Mud/Drilling fluids within and/or outside the Company's premises.
- b) Any explosion or fire during transportation.
- c) Pollution or contamination of any kind.
- d) Unauthorized use of the Liquid Mud/Drilling fluids.

regardless of the cause, including without limitation any form of negligence, strict liability, breach of warranty (express or implied), breach of duty (statutory or otherwise) breach of contract, or any other legal fault or responsibility of the Company, Purchaser or any other person, party or entity.

20.2.3 INDEMNITY APPLICATION:

The indemnities given herein above, whether given by the Company or the Contractor shall be without regard to fault or to the negligence of either party even though said loss, damage, liability, claim, demand, expense, cost or cause of action may be caused, occasioned by or contributed to by the negligence, either sole or concurrent of either party.

20.3 INSURANCE:

20.3.1 Comprehensive insurance of the Bowser: The contractor shall arrange comprehensive insurance of the bowser to cover all risks in respect of third party including but not limited to their personnel, materials and tanker(s)/bowser(s) belonging to the contractor or his/her contractors or sub-contractors during the currency of the Agreement and shall provide certificates of such insurance.

20.3.2 Insurance of Bowser crews against Group Personal Accidental Policy: The contractor shall arrange insurance of his/her bowser crews against Group Personal Accidental Policy for any physical injury during mob violence (Coverage: Fatal, partial/permanent disablement) while carrying out Liquid Mud/Drilling fluids transportation duty. OIL will reimburse the contractors the premium amount to be paid to the Insurance Company for the purpose. The limit for sum to be insured will be as under:

For bowser drivers: Rs. 3,00,000.00

For bowser helpers: Rs. 2,00,000.00

20.3.3 General Public Liability Insurance covering liabilities including contractual liability for bodily injury, including death of persons, and liabilities for damage of property under Public Liability Insurance Act 1991.

20.3.4 If any of the above policies expire or are cancelled during the term of this Agreement and if the Contractor shall immediately renew/repurchase such policies. Should there be a lapse in any insurance required to be carried out by the Contractor for any reason whatsoever loss/damage claims resulting there from shall be to the sole account of the Purchaser.

20.3.5 Employee's State insurance Benefit: The helper/drivers will be extended the benefits under ESI Act. However, the decision on the implementation or otherwise will depend on the outcome of the litigation which is sub-judice with the concerned ESI authority.

20.4 TAXES & LEVIES:

20.4.1 Corporate taxes and other duties including Income-Tax arising out of this agreement shall be borne by the contractor as per the laws that may be in force from time to time.

20.4.2 Company shall withhold Income Tax as per rates, which may be in force from time to time as may be applicable to the operational services under this agreement.

20.5 ASSIGNMENT:

The contractor shall not assign his/her rights, duties and obligations arising under this agreement and sublet to any third person or party except in respect of payments to be received by contractors, if acceptable to the Company.

20.6 SUB-CONTRACT:

The contractor shall not sub-contract all or any part of the work envisaged under this agreement.

20.7 STATUTORY OBLIGATIONS:

The contractor shall bear all other expenditure, which may be deemed necessary or required towards fulfilment of his/her obligations under the Statutory Acts during the tenure of this service agreement.

20.8 COMMENCEMENT DURATION AND MOBILISATION:

20.8.1 Contractor shall place the bowsers/tankers within 120 days of notification of award, for inspection and placement.

20.8.2 The duration of the contract will initially be for 48 months, which may be extended for another 12 months at revised fixed rates and at the same terms and conditions. However, the wages of driver and helpers will be applicable as per the MOS in force during the extension period. The revised fixed rate will be calculated as under Revised fixed rate = (fixed charge - wage component) x 0.9 + applicable wage component). The extension period will be governed with same terms and conditions of the original contract

20.8.3 The contractor shall have to provide the company the required nos. of bowsers/tankers every day during the contractual period.

20.8.4 All the bowsers/tankers for the service must be covered with the valid license from the appropriate Govt. authority.

20.8.5 Before commencement of the service the contractor must submit to Company full particulars of drivers, other work persons including valid licenses for the drivers. The company will facilitate arranging necessary permits/passes for the drivers and other personnel to enable to enter into the Company's protected area.

20.8.6 All the bowsers/tankers to be provided for the service must be the same tanker(s)/bowser(s) offered at the time of bidding for the contract and shall be road worthy.

20.8.7 Before the commencement of the service, the contractor shall produce the tankers/bowsers to the company for thorough check up. Defects in the bowsers/tankers, if any, pointed out by the company's representative shall forthwith be rectified by the contractor at his/her own cost, before commencement of the service.

20.8.8 Inspection of the bowsers/tankers will also be made during the tenure of the contract as per programs furnished by the Company's representative. Rectification of defects, if any, revealed from such inspection must be carried out at the contractor's cost and without affecting the operations.

20.8.9 The contractor is deemed to be fully conversant with the current rules and regulations from the Govt. authority regarding handling and transportation of Liquid Mud/Drilling fluids and shall declare in writing to this effect.

20.8.10 All bowsers/tankers for the service must be provided with suitable earthing arrangements/spark arrestor, fire extinguishers in working conditions while carrying out the contractual obligations. In built First Aid Box in the driver's cabin with all requisite items must be provided. All the flange connections of the tank must be properly secured by welding metal strips on all the nuts on both sides.

20.8.11 All the bowzers/tankers must have valid documents from the appropriate authority for Vehicle ownership, Road Permits, Registration, Road Tax, Fitness, Comprehensive insurance, Tank capacity certificate, Pollution Certificate which is to be submitted to OIL at the time of placement of the Bowzers for services. Owner, Contractor's name and address with telephone number(s) shall be inscribed on the right side of the bowser/tanker.

20.8.12 The inscription "ON OIL INDIA DUTY" must be displayed with signal red paint prominently at the center portion of the tank body on either side of each & every bowzers/tankers deployed. The size of each letter should be 30 cm x 30 cm (approx).

20.8.13 The bowzers/tankers engaged for transportation of Liquid Mud/ Drilling fluids under this agreement shall not be engaged by the contractors for other works.

20.8.14 DURING THE ENTIRE TENURE OF THE CONTRACT INCLUDING THE PERIOD OF EXTENSION, IF ANY, THE CONTRACTOR HAVE TO DEPLOY THE SAME BOWSERS/ TANKERS OFFERED IN THE BID, EXCEPT OTHERWISE PROVIDED UNDER CLAUSE-9.4 HEREINABOVE. THE OWNERSHIP OF THE BOWSER(S)/TANKER(S) SHALL NOT BE TRANSFERRED DURING THE SAID PERIOD, EXCEPT IN THE EVENT OF DEATH OF THE OWNER. THE CONTRACT SHALL BE LIABLE FOR TERMINATION, FULLY OR PARTIALLY, AT THE DISCRETION OF THE COMPANY, IN THE EVENT OF SUCH TRANSFER OF OWNERSHIP.

20.8.15 To monitor the movement of bowzers, the company may, at its discretion, install "Vehicle Tracking System" on all/any of the bowzers in which case the contractor shall have to take due care of the equipment of the above system. The above Vehicle Tracking System will be procured and installed by the company and the bowser movement data as recorded in the system will have to be accepted by the contractor. For any loss, pilferage or damage of the equipment of the aforesaid tracking equipment of any of the bowzers, the cost of the same will be recovered from the concerned contractor.

20.9 PROCEDURE OF COLLECTIONS, TRANSPORTATION AND DELIVERY OF LIQUID MUD/Drilling fluids:

20.9.1 The contractor or his representative shall be intimated of the lifting program of Liquid Mud/Drilling fluids from time to time by Chemical department (operating department) depending on the behavior of the wells/fields.

20.9.2 The driver/representative shall collect requisition slip from the loading point before commencement of any loading/transportation job.

20.9.3 The driver/representative shall check and verify the quantity of Liquid Mud/ Drilling fluids loaded to the tanker at loading point.

20.9.4 On taking delivery from company's representative, driver/representative must ensure that the lead seal at the outlet of each chamber and the top cover on top of each chamber are intact till the Liquid Mud/Drilling fluids is delivered at the unloading points.

20.9.5 The contractor shall ensure proper safety of loaded tanker from any hazard.

20.9.6 The contractor must ensure that no loss of Liquid Mud/drilling fluids occurs during transportation. Any damage to tanker or his/her staff & crew during transportation shall be the contractor's responsibility and he/she will be accountable for both legal and financial matters; OIL shall not have any liability for the same.

20.9.7 The tanker/browsers once loaded must reach the unloading point within the stipulated time as given hereunder –

Sl. No Distance Slab Travel Time (one way between the loading point and the unloading point)

1 Up to 40 Km 1 Hr 15 min to 1Hr 45 min.

2 41 - 60 Km 1 Hr 45 min to 2 Hrs 30 min

3 Above 60 Km 2 Hrs 30 min for first 60 Km plus 5 min per each additional 2Km

(Above travel time will be reviewed time to time depending on the road conditions)

20.9.8 In case of delay in arrival to the unloading point beyond the stipulated time given above, the driver shall bring a certificate from the contractor giving detailed reason for such delay.

20.9.9 Inordinate delay in travel time must be intimated to the company's representative either at the loading point or unloading point within a reasonable time not exceeding 12 hours.

20.9.10 In case of shut down/breakdown of the tanker en route, contractor must ensure to bring the entire quantity of Liquid Mud/ drilling fluids to destination within reasonable time as fixed by the company.

20.9.11 The driver of the tanker should be provided with a mobile phone for ease of communication with him as & when necessary en route.

20.9.12 During any unforeseen bandhs, strike, etc. and during subsequent periods of such bandhs, strikes etc. the contractor shall take all necessary steps as advised by the company to facilitate uninterrupted operations.

20.9.13 The contractor must ensure that the quantity and quality of the transported Liquid Mud/ drilling fluids remain intact till those are delivered at the unloading point. In case of any discrepancy/dispute in quality and/or quantity of the Liquid Mud/drilling fluids on arrival at the unloading point, the decision of the company's representative shall be final and binding on the contractor. Any such shortfall & deterioration of the Liquid Mud/drilling fluids shall be contractor's responsibility and company may recover compensation against the same from the contractor's bill as deemed fit. Company's representative at the unloading point may refuse to accept loaded tanker if there is reasonable proof of attempted tapering to the seals or pilferage in any nature as above. In such occasions, company may handover the case to the Govt. Authority at the earliest possible time.

20.9.14 For every trip of transportation, the contractor shall obtain signature of company's representative at loading & unloading points on the document/challan (delivery note) prepared for the purpose in token of delivering the right quality and quantity of the Liquid Mud/drilling fluids at the unloading point. The documents are to be returned to the company at the office of the Officer-In-Charge of the unloading point.

20.9.15 The measurements before and after filling shall be done by taking dips or by weighing the tanker in weighing bridge and/or by any other suitable method adopted by the company.

20.9.16 The loaded tanker shall run only on the specific routes as directed by the operating department. Prior written permission is to be obtained from the operating department in case the tanker needs to be diverted through an unspecified route for any reason.

20.9.17 The contractor and his/her staff & crew must cooperate with the company's vigilance personnel in case of any checking carried out by them. In addition, CISF or company's personnel may check the tanker at any time while loading, unloading & during transportation; and the contractor or his/her crew shall have no objection for such checks.

20.10 ACTS OF MALPRACTICES:

20.10.1 The following acts will be construed as a malpractice:

- a) Tampering with fittings/fixtures for security sealing of bowser, calibration of bowser, Registration numbers of bowser, security locks and security locking systems.
- b) Forging of any document(s) during tenure of the contract.
- c) Pilferage/short receipt of product.
- d) Not lodging FIR with the Police in case of accident, not informing OIL about the accident.
- e) Unauthorised deviation from specified route/unauthorized delay/unauthorized enroute stoppage.

20.10.2 Penal action for Acts of Malpractices mentioned against item nos. 20.10.1(a), 20.10.1(b), 20.10.1(c) & 20.10.1(d) above:

- Bowser(s) caught for having indulged in malpractices, shall be immediately suspended by the company. However, an investigation will be conducted as per laid down procedure of the company.
- On investigation, if it is proved that the bowser crew alone is responsible for the malpractice/irregularity, then that particular bowser will be blacklisted along with the bowser crew. In such case, the Contractor has to provide a replacement bowser/tanker of the same specification (with same vintage or latest) in the shortest possible time not exceeding 10 (ten) days from the date of notification by the Company, failing which penalty will be imposed as per Clause 14.0. In addition, pro-rata fixed charges will also be deducted for the period of non-availability of the such bowser(s).
- If investigation reveals the complicity of the bowser contractor, then the contract will be terminated and the contractor will be blacklisted besides forfeiture of security deposit and any other legal action taken by the Company.

20.10.3 Penal action for Acts of Malpractices mentioned against item nos. 20.10.1 above:

- (a) 1st instance: The Bowser, along with its crews, will be suspended for one week.
- (b) 2nd instance: The Bowser, along with its crews, will be suspended for one month.
- (c) 3rd instance: The Bowser, along with its crews, will be black listed.

21.0 PENAL ACTION FOR PRODUCT SPILLAGE:

21.1 The following penal action will be taken for polluting environment by product spillage due to leaky/faulty vehicle:

- (a) 1st instance: The Bowser, along with its crews, will be suspended for one week.
- (b) 2nd instance: The Bowser, along with its crews, will be suspended for one month.
- (c) 3rd instance: The Bowser, along with its crews, will be black listed.

22.0 The information and documents furnish by the bidder/contractor including the documents of the **attached vehicles** in respect of the subject tender/contract are accepted to be true and genuine. However, if it comes to the notice of the Company anytime either during the pendency of the tender or after award of the contract or after completion the contract that a Bidder/Contractor furnishes fraudulent document/false information in relation to the subject tender/contract, the Bidder/Contractor shall be debarred for a period of 3(three) years from participating in any tender of the Company, besides making the contractor liable for other penal action including termination of ongoing contract(s) at his/her risk and peril. In such event, the Bid Security/Performance Security in respect of ongoing contract(s) shall be forfeited by the Bidder/Contractor.

23.0 GENERAL CONDITION OF THE CONTRACT:

The bidder shall submit PAN, Service Tax Regd. no., Bank Account number, VAT Regd. number, Provident Fund Code number (Direct Code)/ or a declaration by the applicant that provisions of Provident Fund Act is not applicable to them. In case the P.F. is required to be deposited later on, the same will be deposited by the bidder (applicant).

24.0 SAFETY MEASURES:

The following safety guide lines/measures will be strictly followed by the contractor.

- i. "Work Permit" shall be obtained from the concerned Section Engineer of the section before starting of the work and will be renewed from time to time as required.
- ii. Any other safety measures that might require to be adopted during the work will be intimated and shall be strictly followed by the contractor.
- iii. Stand by firefighting equipment will be deployed at the work site by OIL. However, the contractor's personnel deployed for the work must be capable of handling the firefighting equipment at the time of emergency. If required the contractor's nominated persons will be imparted training on handling such equipment by OIL's Fire Service department.
- iv. It will be solely the Contractor's responsibility to fulfil all the legal formalities with respect to the Health, Safety and Environmental aspects of the entire job (namely; the person employed by him, the equipment, the environment, etc.) under the jurisdiction of the district of that state where it is operating. Ensure that all sub-contractors hired by him comply with the same requirement as the contractor himself and shall be liable for ensuring compliance all HSE laws by the sub or sub- contractors.
- v. Every person deployed by the contractor in a mine must wear safety gadgets to be provided by the contractor. The Contractor shall provide proper Personnel Protective Equipment as per the hazard identified and risk assessed for the job and conforming to statutory requirement and company PPE schedule. Safety appliances like protective footwear, Safety Helmet and Full Body harness has to be DGMS approved. Necessary supportive document shall have to be submitted as proof. If the Contractor fails to provide

the safety items as mentioned above to the working personnel, the Contractor may apply to the Company (OIL) for providing the same. OIL will provide the safety items, if available. But in turn, OIL will recover the actual cost of the items by deducting from Contractor's Bill. However, it will be the Contractor's sole responsibility to ensure that the persons engaged by him in the mines use the proper PPE while at work.

vi. All the safety gears mentioned above are to be provided to the working personnel before commencement of the work.

vii. All persons deployed by the contractor for working in a mine must undergo Mines Vocational Training, initial medical examination, PME. They should be issued cards stating the name of the contractor and the work and its validity period, indicating status of MVT, IME & PME. Rs.2460.00 (Rupees two thousand four hundred and sixty only) will be reimbursed against each contractor personnel to the contractor as cost incurred towards the PME on submission of the required documents.

viii. It will be entirely the responsibility of the Contractor/ his Supervisor/ representative to ensure strict adherence to all HSE measures and statutory rules during operation in OIL's installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Installation Manager/Safety Officer/ Engineer/Official/Supervisor/Junior Engineer for safe operation.

ix. Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.

x. Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor.

xi. The contractor shall have to report all incidents including near miss to Installation Manager/departmental representative of the concerned department of OIL.

xii. If the company arranges any safety class/training for the working personnel at site (company employee, contractor worker, etc.) the contractor will not have any objection to any such training.

xiii. The health check up of contractor's personnel is to be done by the contractor in authorized Health Centers as per OIL's requirement & proof of such test(s) is to be submitted to OIL. The frequency of periodic medical examinations should be once in five years for the employees below 50 years of age and once in three years for employees of 50 years of age and above.

xiv. To arrange daily tool box meeting and regular site safety meetings and maintain records.

xv. Records of daily attendance, accident report etc. are to be maintained in Form B, E, J (as per Mines Rules 1955) by the contractor.

xvi. A contractor employee must, while at work, take reasonable care for the health and safety of people who are at the employee's place of work and who may be affected by the employee's act or omissions at work.

xvii. A contractor employee must, while at work, cooperate with his or her employer or other persons so far as is necessary to enable compliance with any requirement under the act or the regulations that is imposed in the interest of health, safety and welfare of the employee or any other person.

xviii. Contractor's arrangements for health and safety management shall be consistent with those for the mine owner.

xix. In case Contractor is found non-compliant of HSE laws as required company will have the right for directing the contractor to take action to comply with the requirements, and for further non-compliance, the contractor will be penalized prevailing relevant Acts/ Rules/Regulations.

xx. When there is a significant risk to health, environment or safety of a person or place arising because of a non-compliance of HSE measures company will have the right to direct the contractor to cease work until the non-compliance is corrected.

xxi. For any HSE matters not specified in the contract document, the contractor will abide the relevant and prevailing Acts/rules/regulations/pertaining to Health, Safety and Environment.

25.0 OTHERS COMPLIANCES:

25.1 The tanker/bowsers shall be free from all financial/legal complications & encumbrances and should there be any interruption in company's operation due to such complications, contractor shall compensate the loss incurred to the company as decided by the company.

25.2 It shall be solely the contractor's responsibility to fulfill all legal/statutory formalities for the tanker & crew to ply in Dibrugarh, Tinsukia & Sivasagar district and in any other districts of Assam & Arunachal Pradesh as necessary from time to time. The tanker must have valid license from appropriate Govt. Authority, Registration, Pollution, Fitness, Permits, Insurance and any other certificates necessary for handling drilling fluids throughout the tenure of the contract. The tanker shall at all times be Comprehensively Insured by the contractor. It shall also be the contractor's responsibility to procure and renew the necessary permits required for the tanker & its crew to enter and work in Arunachal Pradesh.

25.3 Crew for each tanker/bowser shall comprise of 1(one) driver and 1(one) helpers/juglies. The driver of the tanker shall possess valid Driving License (Heavy); in no circumstances a driver will be allowed to drive the tanker without having a valid driving license. In such default, the tanker shall be considered as shutdown. Similarly, in case no helper/jugaly is engaged then the tanker will not be allowed to work and same shall be considered as shutdown. However, in case of emergency when situation arises to utilise the tanker with no helper/jugaly, the payment against the default helper/jugaly shall be deducted from the contractor's bill.

25.4 It shall be entirely the responsibility of the contractor to ensure strict adherence to all safety measures during loading, unloading and transportation and safety of his/her staff & crew. Accordingly, the contractor is deemed to be fully conversant with the current

rules and regulation of Govt Authority regarding handling and transportation of Drilling Fluids and shall declare the same in writing. An undertaking for the safety measures to be adopted has to be also given before the commencement of the contract agreement. The format for such declaration is available in OIL's Contracts office.

25.5 The contractor shall ensure complete safety to the loaded tanker/bowser from hazard of any kind and also ensure no leakage or draining off of Liquid Mud/ drilling fluids in any manner during the transit or at any stage.

25.6 The contractor/staff/crew member must observe the safety and security rules of the company while working inside the declared prohibited areas. Any person found objectionable regarding safety and security must be replaced by the contractor.

25.7 The contractor will ensure that all the crew members of the tanker regularly use Personal Protective Equipment (PPE) as per requirement of Oil Mines Act, 1952 and Oil Mines Regulations, 1984. If any of the crew members is found without PPE, the default member will not be allowed to work and accordingly, the payment against the member shall be deducted from the contractor's bill.

25.8 The contractor shall be held responsible for any damage/loss that may be caused to company's materials during loading/unloading/transportation and loss incurred by the company due to such damage/loss may be recovered from the contractor as deemed fit.

25.9 Only adult physically fit persons shall be employed and in no case, minor or adolescent will be allowed to work as crew member/staff.

25.10 The crew shall refrain from smoking or carry any inflammable substance at any OIL installations while on duty.

25.11 All the crew members/staff must be in physically and mentally fit condition and shall not be under influence of intoxication of any type while on duty. The crew shall have to comply with all the requirements as provided in the Motor Vehicle Act and the Rules framed there under.

25.12 The crew members/staff engaged by the contractor may require to undergo Mines Vocational Training to be imparted by the company and contractor shall have no objection to it. Similarly, if company arranges safety class / training for the crew members, the contractor will not have any objection to such class / training.

25.13 The contractor shall ensure that his/her crew members follow the instruction of the company's Engineer/Junior Engineer/representative. The crew members shall also not refuse to follow any instruction of safe operation given by company's Installation Manager/Safety Officer/Engineer /Official/Junior Engineer at site.

25.14 The contractor shall not refuse to operate his/her tanker in slushy, muddy, and underfoot plinth conditions prevailing in oil field areas, if company engineer certifies the condition.

25.15 ROUTE: All transportation to be done by the shortest route as directed by the Company on each occasion.

25.16 The Contractor should have capacity of transporting Drilling Fluids upto 200 KL per day through a distance ranging 1 km to 200 km by making even 2 to 3 trips per day within a reasonable distance. The operation will be continuous at times to different locations at a time in different directions and hence it will be mandatory for the contractor to cater for it. Further it will be obligatory on the part of the contractor to keep liaison with the General Manager (chemical) or his representative for achieving the target of transferring desired quantity of aforesaid liquid. Moreover, depending on situation, the contractor may be asked to keep the vehicles loaded with bowzers & pump on standby without transporting any fluid. In such cases the contractor shall get charges as specified. However, if for reasons such as strikes, bund etc., if any, which is beyond company's control, the contractor shall not be paid any such standby charges.

26.0 SPECIAL CLAUSES:

26.1 Measurement will be done by taking dips in the receiving tank at the destinations, before and after filling the bowser or as directed by General Manager (Chemical) or his authorized representative.

26.2 The vehicle should possess valid license (at contractor's cost) at all time & authorized to ply in Assam (particularly) in Tinsukia, Dibrugarh and Sibsagar Districts) and Arunachal Pradesh.

26.3 Tankers/Bowzers engaged for this service shall be always in road-worthy condition and covered by appropriate license and documents etc. The contractor shall be wholly responsible and accountable for irregularities if any, in these regards.

26.4 The vehicle shall be INSURED by the contractor at his cost against all risks. The right of the contractor to place these vehicles in the services of the company shall be free from all financial and legal complications and should there be any interruption in company's services due to such complications, the contractor shall, on demand, fully compensate the company for the loss incurred by the later.

26.5 The contractor shall strictly fulfil, at his cost, the current statutory obligations of the central and State Govt. promulgated from time to time, during the period of validity of the contract.

26.6 The contractor shall provide all fuel, lubricant, spare parts etc. that may be necessary to run the vehicles on company's work.

26.7 The contractor is to fully observe all the rules governing the working within the state and will fully indemnify the company against any violation of such rules on contractor's part.

26.8 Operators and crew of the tankers/bowzers must possess valid license and/or necessary documents as required by Govt. authorities.

26.9 Operators/crew of tankers/bowzers must possess valid permits to enter into company's (or other) prohibited areas. Such permits shall have to be obtained by the contractor from the company's authorized personnel.

26.10 The contractor shall produce their vehicle(s) every fort-night for inspection at Transport Department for road worthiness. No. vehicle will be allowed to be engaged in jobs unless it is certified by Chief Engineer (TPT) or his Engineer as suitable for aforesaid operation after inspection.

26.11 The Contractor must observe the security & safety rules of the company while working inside the declared prohibited areas. Any person involved in the aforesaid transportation from contractor's side who is found objectionable from security consideration and not working satisfactorily must be replaced by the contractor on receipt of written complaint from General Manager (Chemical) or his representative.

27.0 DEHIRING OF BOWSER: The Company will review the requirement of bowsters time to time during the currency of the contract. At any point of time, if company feels that the number of available bowser is more than the company's requirement, company reserves the right to de-hire some bowsters after completing 485 (Four Hundred Eighty Five) days from the date of issue of LOA .

The bowsters considered for de-hiring will be other than the four nos. of bowsters required in the name of the Contractor. Company shall follow the procedure for de-hiring as stated in the Case 1, or Case 2 hereunder depending upon the situation stated therein

Case1: If the number of bowser to be de-hired = no of attached bowsters then all the other bowsters will be de-hired.

Case2: If the number of bowser to be de-hired is less than No of attached bowsters, then the bowsters to be de-hired will be decided on the basis of mechanical conditions of the bowsters (after duly inspected by DGM-Transport).

THE CONTRACT SHALL BE LIABLE FOR TERMINATION, FULLY OR PARTIALLY, AT THE DISCRETION OF THE COMPANY

SUB: SAFETY MEASURES

Description of service:

HIRING OF BOWSERS (06 NOS) OF CAPACITY 12 KL (MINIMUM) EACH WITH BRAND NEW TRUCK CHASSIS WITH NEW TANK EXCLUSIVELY FOR DRILLING FLUID TRANSPORTATION UNDER CHEMICAL DEPARTMENT FOR 04 (FOUR) YEARS WITH A PROVISION FOR EXTENSION OF ANOTHER 01 (ONE) YEAR.

Sir,

We hereby confirm that we have fully understood the safety measures to be adopted during execution of the above contract and that the same have been explained to us by the concerned authorities. We also give the following assurances.

a) Only experienced and competent persons shall be engaged by us for carrying out work under the said contract.

b) The names of the authorized persons who would be supervising the jobs on day to day basis from our end are the following:

i) _____

ii) _____

iii) _____

The above personnel are fully familiar with the nature of jobs assigned and safety precautions required.

c) Due notice would be given for any change of personnel under item(b) above.

d) We hereby accept the responsibility for the safety of all the personnel engaged by us and for the safety of the Company's personnel and property involved during the course of our working under this contract. We would ensure that all the provisions under the Oil Mines Regulations, 1984 and other safety rules related to execution of our work would be strictly followed by our personnel. Any violation pointed out by the Company's Engineers would be rectified forthwith or the work suspended till such time the rectification is completed by us and all expenditure towards this would be on our account.

e) We confirm that all persons engaged by us would be provided with the necessary Safety Gears at our cost.

f) All losses caused due to inadequate safety measures or lack of supervision on our part would be fully compensated by us and the Company will not be responsible for any lapses on our part in this regard.

g) We shall abide by the following HSE (Health, Safety & Environmental) POINTS:

GENERAL HEALTH, SAFETY & ENVIRONMENT (HSE) POINTS:

1. It will be solely the Contractor's responsibility to fulfill all the legal formalities with respect to the Health, Safety and Environmental aspects of the entire job (namely; the person employed by him, the equipment, the environment, etc.) under the jurisdiction of

the district of that state where it is operating. . Ensure that all sub-contractors hired by him comply with the same requirement as the contractor himself and shall be liable for ensuring compliance all HSE laws by the sub or sub-sub contractors.

2. Every person deployed by the contractor in a mine must wear safety gadgets to be provided by the contractor. The Contractor shall provide proper Personnel Protective Equipment as per the hazard identified and risk assessed for the job and conforming to statutory requirement and company PPE schedule. Safety appliances like protective footwear, Safety Helmet and Full Body harness has to be DGMS approved. Necessary supportive document shall have to be submitted as proof. If the Contractor fails to provide the safety items as mentioned above to the working personnel, the Contractor may apply to the Company (OIL) for providing the same. OIL will provide the safety items, if available. But in turn, OIL will recover the actual cost of the items by deducting from Contractor's Bill. However, it will be the Contractor's sole responsibility to ensure that the persons engaged by him in the mines use the proper PPE while at work. All the safety gears mentioned above are to be provided to the working personnel before commencement of the work.

3. The Contractor shall prepare written Safe Operating Procedure (SOP) for the work to be carried out, including an assessment of risk, wherever possible and safe methods to deal with it/them. The SOP should clearly state the risk arising to men, machineries & material from the mining operation/operations to be done by the contractor and how it is to be managed.

4. The contractor shall provide a copy of the SOP to the person designated by the mine owner who shall be supervising the contractor's work.

5. Keep an up to date SOP and provide a copy of changes to a person designated by the Mine Owner/Agent/Manager.

6. Contractor has to ensure that all work is carried out in accordance with the Statute and SOP and for the purpose he may deploy adequate qualified and competent personnel for the purpose of carrying out the job in a safe manner. For work of a specified scope/nature, he should develop and provide to the mine owner a site specific code of practice in line.

7. All persons deployed by the contractor for working in a mine must undergo Mines Vocational Training, initial medical examination, PME. They should be issued cards stating the name of the contractor and the work and its validity period, indicating status of MVT, IME & PME.

8. The contractor shall submit to DGMS returns indicating - Name of his firm, Registration number, Name and address of person heading the firm, Nature of work, type of deployment of work persons, Number of work persons deployed, how many work persons hold VT Certificate, how many work persons undergone IME and type of medical coverage given to the work persons.

9. The return shall be submitted quarterly (by 10th of April, July, October & January) for contracts of more than one year. However, for contracts of less than one year, returns shall be submitted monthly.

10. It will be entirely the responsibility of the Contractor/his Supervisor/representative to ensure strict adherence to all HSE measures and statutory rules during operation in OIL's installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Installation Manager/Safety Officer/Engineer/Official/Supervisor/Junior Engineer for safe operation.

11. Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.

12. Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor.

13. The contractor shall have to report all incidents including near miss to Installation Manager/departmental representative of the concerned department of OIL.

14. The contractor has to keep a register of the persons employed by him/her. The contractor's supervisor shall take and maintain attendance of his men every day for the work, punctually.

15. If the company arranges any safety class/training for the working personnel at site (company employee, contractor worker, etc) the contractor will not have any objection to any such training.

16. The health check up of contractor's personnel is to be done by the contractor in authorized Health Centers as per OIL's requirement & proof of such test(s) is to be submitted to OIL. The frequency of periodic medical examinations should be every five years for the employees below 45 years of age and every three years for employees of 45 years of age and above.

17. To arrange daily tool box meeting and regular site safety meetings and maintain records.

18. Records of daily attendance, accident report etc. are to be maintained in Form B, E, J (as per Mines Rules 1955) by the contractor.

19. A contractor employee must, while at work, take reasonable care for the health and safety of people who are at the employee's place of work and who may be affected by the employee's act or omissions at work.

20. A contractor employee must, while at work, cooperate with his or her employer or other persons so far as is necessary to enable compliance with any requirement under the act or the regulations that is imposed in the interest of health, safety and welfare of the employee or any other person.

21. Contractor's arrangements for health and safety management shall be consistent with those for the mine owner.

22. In case Contractor is found non-compliant of HSE laws as required company will have the right for directing the contractor to take action to comply with the requirements, and for further non-compliance, the contractor will be penalized prevailing relevant Acts/Rules/Regulations.

23. When there is a significant risk to health, environment or safety of a person or place arising because of a non-compliance of HSE Measures Company will have the right to direct the contractor to cease work until the non-compliance is corrected.

24. The contractor should prevent the frequent change of his contractual employees as far as practicable.

25. The contractor should frame a mutually agreed bridging document between OIL & the contractor with roles and responsibilities clearly defined.

26. For any HSE matters not specified in the contract document, the contractor will abide the relevant and prevailing Acts/rules/regulations pertaining to Health, Safety and Environment.

FOR & ON BEHALF OF CONTRACTOR

INTEGRITY PACT

Between

Oil India Limited (OIL) hereinafter referred to as "The Principal"

And

(Name of the bidder).....hereinafter referred to as "The Bidder/Contractor"

Preamble:

The Principal intends to award, under laid down organizational procedures, contract/s for **Hiring of Bowers (06 nos) of capacity 12KL (Minimum) each with brand new Truck Chassis with new Tank exclusively for drilling fluid transportation under Chemical Department for a period of Four (04) years and extendable for 01 year with same terms and conditions.** The Principal values full compliance with all relevant laws and regulations, and the principles of economic use of resources, and of fairness and transparency in its relations with its Bidder/s and Contractors.

In order to achieve these goals, the Principal cooperates with the renowned international Non-Governmental Organisation "Transparency International" (TI). Following TI's national and international experience, the Principal will appoint an external independent Monitor who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

Section 1 - Commitments of the Principal

(1) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles:-

1. No employee of the Principal, personally or through family members, will in connection with the tender for, or the execution of a contract, demand, take a promise for or accept, for him/herself or third person, any material or immaterial benefit which he/she is not legally entitled to.
2. The Principal will, during the tender process treat all Bidders with equity and reason. The Principal will in particular, before and during the tender process, provide to all Bidders the same information and will not provide to any Bidder confidential/additional information through which the Bidder could obtain an advantage in relation to the tender process or the contract execution.
3. The Principal will exclude from the process all known prejudiced persons.

(2) If the Principal obtains information on the conduct of any of its employees which is a criminal offence under the relevant Anti-Corruption Laws of India, or if there be a substantive suspicion in this regard, the Principal will inform its Vigilance Office and in addition can initiate disciplinary actions.

Section 2 - Commitments of the Bidder/Contractor

(1) The Bidder/Contractor commits itself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.

1. The Bidder/Contractor will not, directly or through any other person or firm, offer, promise or give to any of the Principal's employees involved in the tender process or the execution of the contract or to any third person any material or immaterial benefit which he/she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the tender process or during the execution of the contract.

2. The Bidder/Contractor will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, Subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelization in the bidding process.

3. The Bidder/Contractor will not commit any offence under the relevant Anticorruption Laws of India; further the Bidder/Contractor will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.

4. The Bidder/Contractor will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the contract.

(2) The Bidder/Contractor will not instigate third persons to commit offences outlined above or be an accessory to such offences.

Section 3 - Disqualification from tender process and exclusion from future Contracts

If the Bidder, before contract award has committed a transgression through a violation of Section 2 or in any other form such as to put his reliability or risibility as Bidder into question, the Principal is entitled to disqualify the Bidder from the tender process or to terminate the contract, if already signed, for such reason.

1. If the Bidder/Contractor has committed a transgression through a violation of Section 2 such as to put his reliability or credibility into question, the Principal is entitled also to exclude the Bidder/Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, in particular the number of transgressions, the position of the transgressions within the

company hierarchy of the Bidder and the amount of the damage. The exclusion will be imposed for a minimum of 6 months and maximum of 3 years.

2. The Bidder accepts and undertakes to respect and uphold the Principal's Absolute right to resort to and impose such exclusion and further accepts and undertakes not to challenge or question such exclusion on any ground, including the lack of any hearing before the decision to resort to such exclusion is taken. This undertaking is given freely and after obtaining independent legal advice.

3. If the Bidder/Contractor can prove that he has restored/recouped the Damage caused by him and has installed a suitable corruption prevention system, the Principal may revoke the exclusion prematurely.

4. A transgression is considered to have occurred if in light of available evidence no reasonable doubt is possible.

Section 4 - Compensation for Damages

1. If the Principal has disqualified the Bidder from the tender process prior to the award according to Section 3, the Principal is entitled to demand and recover from the Bidder liquidated damages equivalent to 3 % of the value of the offer or the amount equivalent to Earnest Money Deposit/Bid Security, whichever is higher.

2. If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to section 3, the Principal shall be entitled to demand and recover from the Contractor liquidated damages equivalent to 5% of the contract value or the amount equivalent to Security Deposit/Performance Bank Guarantee, whichever is higher.

3. The bidder agrees and undertakes to pay the said amounts without protest or demur subject only to condition that if the Bidder/Contractor can prove and establish that the exclusion of the Bidder from the tender process or the termination of the contract after the contract award has caused no damage or less damage than the amount or the liquidated damages, the Bidder/Contractor shall compensate the Principal only to the extent of the damage in the amount proved.

Section 5 - Previous transgression

1. The Bidder declares that no previous transgression occurred in the last 3 years with any other Company in any country conforming to the TI approach or with any other Public Sector Enterprise in India that could justify his exclusion from the tender process.

2. If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

Section 6 - Equal treatment of all Bidders/Contractor/Subcontractors

1. The Bidder/Contractor undertakes to demand from all subcontractors a commitment in conformity with this Integrity Pact, and to submit it to the Principal before contract signing.
2. The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors and Subcontractors.
3. The Principal will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.

Section 7 - Criminal charges against violating bidders/Contractors/Subcontractors

If the Principal obtains knowledge of conduct of a Bidder, Contractor or Subcontractor, or of an employee or a representative or an associate of a Bidder, Contractor or Subcontractor, which constitutes corruption, or if the Principal has substantive suspicion in this regard, the Principal will inform the Vigilance Office.

Section 8 - External Independent Monitor/Monitors (three in number depending on the size of the contract) (to be decided by the Chairperson of the Principal)

1. The Principal appoints competent and credible external independent Monitor for this Pact. The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.
2. The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. He reports to the Chairperson of the Board of the Principal.
3. The Contractor accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder/Contractor/Subcontractor with confidentiality.
4. The Principal will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the Contractor. The parties offer to the Monitor the option to participate in such meetings.
5. As soon as the Monitor notices, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or heal the violation, or to take other relevant action. The monitor can in this regard submit non-binding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.

6. The Monitor will submit a written report to the Chairperson of the Board of the Principal within 8 to 10 weeks from the date of reference or intimation to him by the 'Principal' and, should the occasion arise, submit proposals for correcting problematic situations.

7. If the Monitor has reported to the Chairperson of the Board a substantiated suspicion of an offence under relevant Anti-Corruption Laws of India, and the Chairperson has not, within reasonable time, taken visible action to proceed against such offence or reported it to the Vigilance Office, the Monitor may also transmit this information directly to the Central Vigilance Commissioner, Government of India.

8. The word 'Monitor' would include both singular and plural.

Section 9 - Pact Duration

This Pact begins when both parties have legally signed it. It expires for the Contractor 12 months after the last payment under the respective contract, and for all other Bidders 6 months after the contract has been awarded.

If any claim is made/lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged/determined by Chairperson of the Principal.

Section 10 - Other provisions

1. This agreement is subject to Indian Law. Place of performance and jurisdiction is the Registered Office of the Principal, i.e. New Delhi.

2. Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.

3. If the Contractor is a partnership or a consortium, this agreement must be, signed by all partners or consortium members.

4. Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.

For the Principal

FORM OF PERFORMANCE BANK GUARANTEE

To:

M/s. OIL INDIA LIMITED,
CONTRACTS DEPARTMENT
DULIAJAN, ASSAM, INDIA, PIN - 786602.

WHEREAS _____ (Name and address of Contractor) (hereinafter called "Contractor") had undertaken, in pursuance of Contract No. _____ to execute (Name of Contract and Brief Description of the Work) _____ (hereinafter called "the Contract").

AND WHEREAS it has been stipulated by you in the said Contract that the Contractor shall furnish you with a Bank Guarantee as security for compliance with Contractor's obligations in accordance with the Contract.

AND WHEREAS we have agreed to give the Contractor such a Bank Guarantee; NOW THEREFORE we hereby affirm that we are Guarantors on behalf of the Contractor, up to a total of (Amount of Guarantee in figures) _____ (in words _____), such amount being payable in the types and proportions of currencies in which the Contract price is payable, and we undertake to pay you, upon your first written demand and without cavil or argument, any sum or sums within the limits of guarantee sum as aforesaid without your needing to prove or to show grounds or reasons for your demand for the sum specified therein. We hereby waive the necessity of your demanding the said debt from the Contractor before presenting us with the demand.

We further agree that no change or addition to or other modification of the terms of the Contract or the work to be performed there under or of any of the Contract documents which may be made between you and the Contractor shall in any way cease us from any liability under this guarantee, and we hereby waive notice of such change, addition or modification.

This guarantee is valid until the _____ day of _____.

BID FORM

To
M/s. Oil India Limited,
P.O. Duliajan, Assam, India

Sub: IFB No. CDO4585P18

Gentlemen,

Having examined the General and Special Conditions of Contract and the Terms of Reference including all attachments thereto, the receipt of which is hereby duly acknowledged, we the undersigned offer to perform the work/services in conformity with the said conditions of Contract and Terms of Reference for the sum of _____
“NOT TO BE QUOTED HERE” (Total Bid Amount in words and figures) or such other sums as may be ascertained in accordance with the Schedule of Prices attached herewith and made part of this Bid.

We undertake, if our Bid is accepted, to commence the work as per the terms & conditions set out in the subject tender.

If our Bid is accepted, we will obtain the guarantee of a bank in a sum not exceeding 10% of annualized contract value for the due performance of the Contract.

We agree to abide by this Bid for a period of 120 days from the date fixed for Bid closing and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

Until a formal Contract is prepared and executed, this Bid, together with your written acceptance thereof in your notification of award shall constitute a binding Contract between us.

We understand that you are not bound to accept the lowest or any Bid you may receive.

Dated this _____ day of _____ 2017.

UNDERTAKING

(IN TERMS OF BEC CLAUSE NO. 1.8 OF TENDER NO. CDO4585P18)

TO
GENERAL MANAGER (CONTRACT)
OIL INDIA LIMITED
DULIAJAN

Dear Sirs,

UNDERTAKING/DECLARATION BY THE BIDDER AND THE OWNER(S) OF THE
ATTACHED BOWSER(S)/TANKERS(S) IN RESPECT OF TENDER NO. CDO4585P18

This is in connection with the Bid submitted by M/s. _____ against Tender No. CDO4585P18 for hiring of services of Bowser(s)/Tanker(s). The bid has offered following vehicles for placement in OIL. The offered vehicles also include attached vehicle(s) from the owner(s) as detailed herein below :

Sl. No.	Year of Manufacture of the Vehicle	Name of the Owner
1		
2		
3		
4		
5		
6		

Now, we the bidder and above named owner(s) of the attached vehicle do hereby confirm and undertake that the offered vehicles, as detailed herein above:

- Shall be placed in OIL for entire period of contract or period of extension, if any, in the event of award of the contract to the bidder, except otherwise as provided in Clauses of the Special Condition of the Contract (SCC) of the Tender.
- Are not offered and/or included in any other offer(s) under the subject Tender.
- Shall not be transferred in the name of any other person during the period of contract or any extension thereof, except on account of death of the owner

We/I, further agree and undertake that in case of any violation of the above undertaking, OIL shall be at liberty to take appropriate action against us in terms of the Tender.

I/We, declare that the information given above is true and any mis-statement, mis-representation, or suppression of facts in connection with the above undertaking may entail refection of the bid and cancellation of contract, if awarded.

Yours faithfully,

Authorized Signatory_____

Technical Evaluation Sheets

		as experience for the purpose of meeting BEC.				
6.0	1.3	The Bidder(s) must offer to provide services of 06(six) nos. tankers/bowsers of minimum 12(Twelve) Kiloliters capacity each. The truck chassis offered (on which new tank shall be fabricated after issuance of LOA) for the services must be brand new (purchased & registered after issuance of LOA). Out of 06(six) nos. tankers/bowsers, minimum 04(four) nos. will be purchased & registered in the name of the bidder after issuance of LOA and the rest 02(two) nos. (maximum) may be in the bidder's own name or attached. An undertaking to this effect must be submitted along with the Un-priced Techno Commercial Bid as per the format prescribed in Annexure-F .				
7.0	<u>Notes to BEC Clause 1.3 above:</u>	<p>Notes to BEC Clause 1.3 above:</p> <p>I. Manufacturer original printed technical leaflet/brochure of the truck chassis of 10 wheels (25 GVW truck) containing detail specification are to be submitted along with the Un-priced Techno Commercial Bid.</p> <p>II. The detailed constructional drawing of the tank of 12 KL capacity to be submitted along with the Un-priced Techno-Commercial Bid.</p> <p>III. Valid documents from appropriate authority for vehicle ownership, Road permits, Registrations, Road Tax, Fitness, Comprehensive insurance, Tank Calibration Certificate, Pollution certificate and stamped dip stick for all the brand new tankers(s)/bowsers offered by bidder shall be furnished by the bidder/contractor at the time of placement of the bowsers for services.</p> <p>IV. No change in vehicle ownership as declared by the bidder will be allowed after opening of bids.</p>				
8.0	1.4	Any bid offering services of less than 06(Six) bowsers will not be considered for evaluation.				
9.0	1.5	If the number of technically acceptable bowsers/tankers of a bidder falls short of 06(six) nos., the offer will be rejected.				
10	1.6	The bidder has to provide (declaration as per Annexure-E) brand new centrifugal pumps (to be purchased & mounted on each tanker/bowser after issuance of LOA) for loading and unloading of drilling fluids along with all bowsers (Broad specification of the pump is given in SCC). The technical details/leaflet of the loading & unloading pump with detail specification is to be provided along with the unpriced Techno commercial bid (Manufacturer original printed technical leaflet/brochure to be enclosed).				
11	1.7	Non-receipt of duly filled up Annexure-A will make the bid(s) liable for rejection.				
12	1.8	Bidder shall place the offered vehicles for the entire period of the proposed contract agreement including the extension period, if any, except otherwise as provided under				

Technical Evaluation Sheets

		Clause-9.0 of the SCC. The bidder should execute an undertaking in favour of OIL to the extent that offered tankers/bowsers shall be placed for the entire period of the proposed contract agreement including the extension period, if any. In case of attached tanker(s), the owner(s) of the tanker(s) and bidder shall jointly execute such undertaking. Format of the undertaking is enclosed along with this bid document (Annexure- B).				
13	1.9	Bidders should submit an affidavit to certify the genuineness of documents/certificates submitted by them along with their bids including documents of attached vehicle(s). Format of the affidavit is enclosed along with this bid document (Annexure-C).				
14	1.10	The bidders must declare (as per Annexure-D) to mobilize within maximum 120(One hundred twenty days) from the date of issue of Letter Of Award (LOA) otherwise his/her/their bid(s) will be summarily rejected.				
15	1.11	Bid will be rejected if not accompanied with adequate documentary proof in support of Work experience, Annual turnover and Net worth.				
16	1.12	The bidder shall submit certificate issued by appropriate authority regarding Bank account number, service tax registration no, copy of PAN card, VAT/GST Regd. Number, Provident Fund Code Number, (Direct Code)/or a declaration by the applicant to them. In case of P.F. is required to be deposited later on, the same will be deposited by bidder/contractor.				
17	1.13	Prices shall be opened in respect of only the techno-commercially acceptable bidders whose bids have been found to be substantially responsive. A substantially responsive bid is one that meets the terms and conditions of the Tender and/or the acceptance of which bid will not result in indeterminate liability on OIL.				
18	1.14	Bidders are required to quote for all the items as per Price Bid Format, otherwise the offer of the bidder will be straightway rejected.				
19	1.15	If there is any discrepancy between the unit price and the total price, the unit price will prevail and the total price shall be corrected. Similarly, if there is any discrepancy between words and figure, the amounts in words shall prevail and will be adopted for evaluation.				
20	1.16	The quantities shown against each item in the "Price Bid Format" shall be considered for the purpose of Bid Evaluation. It is, however, to be clearly understood that the assumptions made in respect of the number of days/parameters for various operations are only for the purpose of evaluation of the bid and the Contractor will be paid on the basis of the actual number of days/parameter, as the case may be.				

Technical Evaluation Sheets

21	1.17	Price Bids will be evaluated on overall lowest cost basis (L-1 offer) i.e. considering total quoted price for all items of SOQ inclusive of all liabilities including statutory liabilities but excluding Service Tax as per Price Bid Format.				
22	1.18	Based on the evaluation of techno-commercially qualified bidders, the job will be awarded to L-1 bidder.				
23	1.19	The bidders are advised not to offer any discount/rebate separately and to offer their prices in the Price Bid Format after considering discount/rebate, if any.				
24	1.20	Conditional and unsolicited discount will not be considered in evaluation. However, if such bidder happens to be the lowest recommended bidder, unsolicited discount without any condition will be considered for computing the contract price.				
25	1.21	In case of identical overall lowest offered rate by more than 1 (one) bidder, the selection will be made by draw of lot between the parties offering the same overall lowest price.				
26	1.22	<p><u>PURCHASE PREFERENCE CLAUSE:</u></p> <p>Purchase Preference to Micro and Small Enterprises registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coir Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME:</p> <ol style="list-style-type: none"> In case participating MSE(s) quote price within price band of L1+15%, such MSE shall be considered for award of contract by bringing down their price to L1 price in a situation where L1 price is from someone other than a MSE. In case of more than one such MSE qualifying for 15% purchase preference, the contract shall be awarded to lowest eligible MSE amongst the MSEs qualifying for 15% purchase preference. In case any part of the work is sub-contracted to a Micro or Small Enterprise as per contract conditions then the contractor shall provide complete details (i.e. name of the subcontractor, value of sub-contacted work, copy of valid registration certificate etc.) of the sub-contractor to OIL. <u>Documentation Required to be submitted by MSEs:</u> Copy of valid Registration Certificate, if bidder is a Micro or Small 				

Technical Evaluation Sheets

		Enterprises (MSE) registered with District Industry Centers or Khadi and Village Industries Commission or Khadi and Village Industries Board or Coi Board or National Small Industries Corporation or Directorate of Handicrafts and Handloom or any other body specified by Ministry of MSME. The Registration Certificate should clearly indicate the monetary limit, if any and the items for which bidder are registered with any of the aforesaid agencies In case bidding MSE is owned by Schedule Caste or Schedule Trib entrepreneur, valid documentary evidence issued by the agency who has registered the bidder as MSE owned by SC/ST entrepreneur should also be enclosed.

B) TECHNICAL COMPLIANCE CHECK-LIST

Technical Evaluation Sheets

Srl No	Clause No of Tender Document of Technical Specification/Scope of Work	Description	Bidders Remarks Complied/ Not Complied/Deviation	Bidder to indicate Relevant Page No of their Bid to support the Remarks/ compliance.
2.0 DESCRIPTION OF WORK:				
1	2.1	a. Collection of Liquid Mud from various well sites/Mud Plants located within the Company's area of activity in Assam and Arunachal Pradesh Fields and transporting the same by bowzers loaded on a truck and delivering the same (Liquid Mud/ Drilling Fluids as the case may be) into storage tanks of any of Company's Mud Plants/Well sites as directed. b. Loading of liquid Mud/drilling fluids into the bowser with the pump provided by the Contractor from mud plants and unloading the same at the destination vis-vis.		
2	2.3	Number of Bowzers required per day- 06 No. All Bowzers must be provided with self-loading/unloading facilities or coupled with P.T.O.		
3	2.5	All the bowser(s)/tanker(s) to be offered for the service must be brand new and capacity of each bowser should be minimum 12(Twelve) Kiloliters to be fitted in a brand new 25GVW truck Chassis		
A. SPECIFICATION OF TRUCK CHASSIS:				
4	2.5 A.	Tank as defined under the Clause below shall be built on a suitable truck chassis meeting specifications as under: Make & Model of the truck shall be any one of the following -(a) TATA LPT 2518 TC 6 x 4 (b) Ashok Leyland 2516IL 6 X 4 (c) Any other equivalent truck model of reputed manufacturers having business in India for minimum last 10 years.		
5	2.5 B.	SPECIFICATIONS OF CHASSIS: Brand New truck chassis procured & registered after issuance of LOI meeting specifications as under: a) Drive: 6x4 b) Cowl: Full Forward Control c) GVW: Minimum 25 MT (for payload of minimum 16000 Kg) d) Wheelbase: Minimum 4800 mm e) Engine Output: Not less than 160 HP (at approx. 2250 rpm) f) Engine Emission: Should meet prevailing emission norm in India. g) Axle Capacity: Approx. 6000 Kg for Front & 19000 Kg for Rear h) Steering: Hydraulic Power Assisted		

Technical Evaluation Sheets

		i) Overall Length : Approx. 9250 mm j) Wheels: 10 + 1 spare wheel of minimum size 10.00 x 20. k) Driver's Cabin: All steel construction original factory built by truck manufacturer Sleeper type driver's cabin with seating capacity for min. 2(two) persons excluding driver.		
6	2.5 C.	OTHER FITTINGS & ACCESSORIES: All standard lightings, fittings, & accessories as per Indian Motor Vehicle Act.		
7	2.5 D.	SPECIFICATION OF TANK: All metal construction leak proof tank (shell) of minimum 4.00mm tk MS Plate with suitable internal framing. 1 no. 4inch outlet and one nos 6 inch cleanout with Butterfly valve shall be fitted in each 12 KL tank. The inside of the tanks to be painted with epoxy paint (two coats) and outside of the tank with synthetic enamel paint.		
SPECIFICATION OF THE CENTRIFUGAL PUMP				
8	2.6	Truck mounted Pump of capacity minimum 7.5 HP for Loading and unloading of drilling fluid with 6" Suction and 4" delivery line [To drilling fluid] (a) Density of fluid - 1.10 to 1.45 gm/cc (b) Pump capacity - 20 kl/hr (c) Suction head - 6 Mtr. (Minimum) (d) Total head - 10 Mtr (Minimum) The pump Suction & discharge end should also have provision for 50 mm dia. hose connection. The pump should be fitted with flexible suction hose of 20 m length and flexible delivery hose of 50 m length of 50 mm diameter with line pipe thread connections." or The pump may be suitably Mounted on the truck and driven by either independent diesel engine or coupled with P.T.O (Power take off) of the truck.		
9	2.7	The Contractor shall agree and undertake to carry out the service by deploying the required no. of bowsers brand new truck chassis with brand new tanker and all other brand new accessories in the area of operations of the Company as per the instructions of the Company Engineer during the tenure of the contract including extension.		
10	2.14	The Contractor hereby undertakes that irrespective of his/her/their quoted rates, he/she/they will pay the wages and overtime (if any) of Drivers and Helpers as per MOS dated 24.01.2014, a copy of which is available at Head- Contracts, OIL, Duliajan's office. Any increase in wages and overtime rates of drivers/helpers during the tenure of the contract (including extension) will be borne by the Company. The mode of calculation for the payment for enhanced wages and overtime, if any, when the same arises will be decided by the Company. The Company's decision regarding this shall be final and binding on the Contractor.		
11	2.15	The Helpers, Drivers will avail a weekly day of rest after working for 6 consecutive days. The Contractor engaging them shall have to provide reliever driver/operator/helper to run the services of the hired vehicles during rest day.		
12	2.19	The concerned contractors will provide reliever helpers and drivers to run the services of the hired vehicles and in all transport service contracts on account of the above mentioned		

Technical Evaluation Sheets

		holidays, casual leave and annual leave. The reliever helpers, drivers and operators engaged by the contractors during holidays and leaves will be entitled to the applicable daily rate of wages.		
13	2.20	All concerned contractors shall deposit the PF and EPF with the PF authority positively on or before the 15th day of the subsequent month and will submit the PF and EPF deposit challan to the company. On production of the challan, the amount will be reimbursed to the contractor. For compliance to the provision of the EPF & MP Act, the contractor will approach the concerned PF authority.		
14	2.21	The helper/driver will be provided uniform and shoes by the concerned contractors and the expenditure towards the same will be reimbursed to them by the company on submission of documents/proof of receipt as given under: a) 02 sets of uniform per year {@Rs.1500 x 2}; Rs. 3000.00 b) 01 pair of shoe per year {@Rs.500}; Rs. 500.00 Total: Rs.3500.00 per year.		
15	2.22	The rates accepted by the contractor are inclusive of all expenses mentioned hereof and such other similar charges as may be required including payment to his/her drivers , crew and other staff as per the provision of the Motor tanker (s)/browsers act ,1988 and other statutory Acts. The rates shall be fixed and firm for entire tenure/currency of this service agreement under or during its extension period except in respect of the following: i. In the event of any change of price of HSD by Govt of India from the present price as Rs 54.28 per litre (16.09.16) by 5% (Five percentage) or more, the running charge per kilometer change will be increased or decreased i.e. considering 2.5(Two point five) kilometer per ltr of HSD. ii. In event of changes of wages of driver & helper during the currency of the contract as per MOS 24.01.14, the enhance amount of monthly wage will be included in the revised fix charge as applicable. Revised rates of the OT will be included in a separate service line as applicable. These revised rates will be calculated considering the monthly wages/OT rates of driver and helper as on bid closing date as base price. iii. During extension period as per SCC clause no. 16.		
4.0 OBLIGATIONS OF THE CONTRACTOR:				
16	4.3	The Company shall not be liable for any dues, statutory or otherwise claimed by the employees/workmen employed by the Contractor for the services rendered under this Agreement and all such claims, statutory or otherwise or operation of any settlement or award in favour of the employees/workmen employed by the Contractor will be solely against the Contractor and not against the Company. Any demand by the employees deployed by the Contractor against the services envisaged under this Agreement shall have to be settled and satisfied by the Contractor solely and in the event of any loss or inconvenience or disruption that may result because of any non-settlement of such demands which may lead to a disruption of service envisaged under this Agreement shall also be deemed as a default.		
17	4.4	The Company shall neither entertain any demands from the employees of the Contractor nor deal directly or indirectly with any recognized or un-recognized unions of such		

Technical Evaluation Sheets

		employees. It shall be primarily and solely the responsibility of the Contractor to deal, interact and settle any demands or disputes of his/her employees individually or through any unions or otherwise and the Company shall not mediate in this matter at all.		
18	4.5	Any unsettled disputes between the Contractor and his/her employees leading to a legal or illegal strike by them would have to be settled by the Contractor expeditiously. Any failure on the part of the Contractor to settle the disputes expeditiously which results in interruption of the services envisaged under this Agreement would be considered as a default under this Agreement and the Agreement would be terminated at the discretion of the Company. The Contractor shall, however, be given reasonable opportunity by the Company to explain that the cause of the dispute was not due to delay on his/her part or due to failure to implement the statutory obligations under the Statutory Acts as stipulated hereof. In the event if it is proved that the Contractor was in default as mentioned here above, the Company shall have the option to terminate the Agreement forthwith and the Contractor shall not be entitled to any damages or compensation whatsoever on account of such termination.		
19	4.6	If the tanker/bowser is not available for duty due to driver's and helper's strike, the tanker/bowser will be treated as shut-down for the period of strike.		
20	4.8	In case of bowser accident, the contractor or his representative shall lodge FIR with the nearest Police Station immediately and inform the company in writing about the accident as soon as possible but not later than 24 hours. The contractor shall arrange for guarding the vehicle as well as the product. If there is any spillage of Liquid Mud/Drilling fluids at the site of the accident, the contractor shall take immediate action towards collection and transportation of the spilled product to the respective Unloading Point and arrange for proper cleaning of the site for environment protection at their own cost.		
21	4.10	The Contractor shall ensure that the tanker(s)/bowser(s) deployed under this service Agreement do not cause any damage to the Company's properties. In the event of any such damages, the cost of repair in respect thereof as determined by the Company Engineer shall be deducted from the Contractors outstanding bills. The Company's decision in this regard shall be final.		
22	4.15	The contractor will ensure good conduct of their bowser crews, while on duty. The contractor will be held fully responsible for any unruly behaviour of bowser crews or any mishap created by bowser crews. Company reserves the right to ask the contractor to remove any unruly bowser crew and in such event contractor shall remove the crew immediately from the service and arrange suitable replacement in terms of the contract without any disruption of the service. In the event to failure to do so, the tanker/bowser will be treated as shutdown till such time a suitable replacement is made, in such case the penalty shall be deducted for the contractors bill(s).		
23	4.20	Contractors will be required to arrange entry passes for the drivers/helpers/Supervisor(s) employed by him and for himself from CISF for entering into OIL Operational Areas.		
24	4.22	The contractor shall ensure use of Safety shoes, Safety hand gloves and uniforms by the bowser crews while on duty. These safety items and the uniform for the bowser crews shall be provided by the contractor. In the event of non-compliance of the clause by any contractor, the company will deduct at a rate of Rs.100.00 per day per bowser from his/her		

Technical Evaluation Sheets

		monthly bill. Contractor should submit documentary evidence in support of purchase of PPE for his/her crew at the time of placement of bowser.		
25	5.11	At the time of placement of the tanker(s)/bowser(s), the Contractor must furnish to the Company the name(s) of the Driver(s), Helper(s), crew as may be applicable together with particulars of their driving license(s), Petroleum product carrying licence (if applicable) etc. In case any changes are made in the crew deployed under this Agreement at any time during the tenure of this contract, the Contractor must notify the Company in writing detailing the reasons for replacement and furnish similar particulars as required hereof in respect of the replacement(s). However the replacement crew shall be subjected to approval of the Company. For reliever driver/helper, when the actual driver/helper is absent on account of leave, sick etc. prior permission must be taken from the company submitting all the documents regarding driving licence (including petroleum product carrying licence, if applicable).		
26	5.12	The contractor will be responsible for supervision of the entire job of transportation from loading point to the unloading point during the tenure of the contract.		
6.0 RIGHTS OF COMPANY ENGINEER:				
27	6.2	The Company Engineer shall arrange for allocation of the tanker(s)/ bowser(s) duty to the various loading & unloading points.		
28	6.3	The Company Engineer shall have power amongst others as follows:		
29	6.3(i)	Fix the normal duty hours/timings of the Contractor and regularly monitor the same.		
30	6.3(ii)	Instruct the Contractor from time to time for such further inspection as may be necessary for the proper and adequate supply of services and for keeping such records as are deemed necessary.		
31	6.3(iii)	Instruct the Contractor to replace by another suitable person(s) if any of his/her crew engaged for running/operating the tanker(s)/bowser(s) or for general management of the service is found unsuitable for the job. Company shall not be responsible or liable in the event of any action by the Contractor against his/her employees or workmen in any manner whatsoever arising out of their removal or replacement.		
32	6.2(v)	Refuse the services of any tanker(s)/bowser(s) found in deteriorated conditions and advice the Contractor to rectify the defects or arrange for replacement till such default is remedied.		
33	6.2(vi)	Instruct the Contractor to utilize the services beyond the stipulated hours of service.		
34	6.2(vii)	Instruct the contractor to undertake authorised journeys to specified destination(s).		
35	6.2(xi)	Check the speedometer and kilometer readings and notify any defects and determine any correction factor on the kilometreage statement-cum-bill in case the speedometer and kilometer readings are found to be defective.		
36	6.2(xii)	Company Engineer shall clearly indicate the total shut down hours in a month due to shut down with reason in the monthly statement which will be treated as final for determining penalty, if any.		

Technical Evaluation Sheets

37	6.2(xiii)	Instruct the contractor to remove any crew member, whom in his opinion is behaving in unruly manner or committing any misconduct while on duty.		
20.0 SPECIAL CONDITIONS OF CONTRACT:				
38	20.1.2	Neither the Company nor its servants, agents, nominees, assignees, shall have any liability or responsibility whatsoever from injury to, illness, or death of any employee of the Contractor irrespective how such injury. Illness or death is caused by will full or gross negligence. The Contractor shall protect, defend, indemnify and hold harmless the Company from and against such loss or damage and any suit, claim or expense resulting there from.		
20.8 COMMENCEMENT DURATION AND MOBILISATION:				
39	20.8.1	Contractor shall place the bowsers/tankers within 120 days of notification of award, for inspection and placement.		
40	20.8.2	The duration of the contract will initially be for 48 months, which may be extended for another 12 months at revised fixed rates and at the same terms and conditions. However, the wages of driver and helpers will be applicable as per the MOS in force during the extension period. The revised fixed rate will be calculated as under Revised fixed rate = (fixed charge - wage component) x 0.9 + applicable wage component). The extension period will be governed with same terms and conditions of the original contract.		
41	20.8.3	The contractor shall have to provide the company the required nos. of bowsers/tankers every day during the contractual period.		
42	20.8.4	All the bowsers/tankers for the service must be covered with the valid license from the appropriate Govt. authority.		
43	20.8.5	Before commencement of the service the contractor must submit to Company full particulars of drivers, other work persons including valid licenses for the drivers. The company will facilitate arranging necessary permits/passes for the drivers and other personnel to enable to enter into the Company's protected area.		
44	20.8.6	All the bowsers/tankers to be provided for the service must be the same tanker(s)/ bowser(s) offered at the time of bidding for the contract and shall be road worthy.		
45	20.8.7	Before the commencement of the service, the contractor shall produce the tankers/bowsers to the company for thorough check up. Defects in the bowsers/tankers, if any, pointed out by the company's representative shall forthwith be rectified by the contractor at his/her own cost, before commencement of the service.		
46	20.8.8	Inspection of the bowsers/tankers will also be made during the tenure of the contract as per programs furnished by the Company's representative. Rectification of defects, if any, revealed from such inspection must be carried out at the contractor's cost and without affecting the operations.		
47	20.8.9	The contractor is deemed to be fully conversant with the current rules and regulations from the Govt. authority regarding handling and transportation of Liquid Mud/Drilling fluids and shall declare in writing to this effect.		
48	20.8.10	All bowsers/tankers for the service must be provided with suitable earthing arrangements/spark arrestor, fire extinguishers in working conditions while carrying out		

Technical Evaluation Sheets

		the contractual obligations. In built First Aid Box in the driver's cabin with all requisite items must be provided. All the flange connections of the tank must be properly secured by welding metal strips on all the nuts on both sides.		
49	20.8.11	All the bowsters/tankers must have valid documents from the appropriate authority for Vehicle ownership, Road Permits, Registration, Road Tax, Fitness, Comprehensive insurance, Tank capacity certificate, Pollution Certificate which is to be submitted to OIL at the time of placement of the Bowsters for services. Owner, Contractor's name and address with telephone number(s) shall be inscribed on the right side of the bowser/tanker.		
50	20.8.12	The inscription "ON OIL INDIA DUTY" must be displayed with signal red paint prominently at the center portion of the tank body on either side of each & every bowsters/tankers deployed. The size of each letter should be 30 cm x 30 cm (approx).		
51	20.8.13	The bowsters/tankers engaged for transportation of Liquid Mud/ Drilling fluids under this agreement shall not be engaged by the contractors for other works.		
52	20.8.14	During the entire tenure of the contract including the period of extension, if any, the contractor have to deploy the same bowsters/tankers offered in the bid, except otherwise provided under clause-9.4 hereinabove. The ownership of the bowser(s)/tanker(s) shall not be transferred during the said period, except in the event of death of the owner. The contract shall be liable for termination, fully or partially, at the discretion of the company, in the event of such transfer of ownership.		
53	20.8.15	To monitor the movement of bowsters, the company may, at its discretion, install "Vehicle Tracking System" on all/any of the bowsters in which case the contractor shall have to take due care of the equipment of the above system. The above Vehicle Tracking System will be procured and installed by the company and the bowser movement data as recorded in the system will have to be accepted by the contractor. For any loss, pilferage or damage of the equipment of the aforesaid tracking equipment of any of the bowsters, the cost of the same will be recovered from the concerned contractor.		
23.0 GENERAL CONDITION OF THE CONTRACT:				
54		The bidder shall submit PAN, Service Tax Regd. no., Bank Account number, VAT Regd. number, Provident Fund Code number (Direct Code)/or a declaration by the applicant that provisions of Provident Fund Act is not applicable to them. In case the P.F. is required to be deposited later on, the same will be deposited by the bidder (applicant).		
24.0 SAFETY MEASURES: The following safety guide lines/measures will be strictly followed by the contractor.				
55	i.	"Work Permit" shall be obtained from the concerned Section Engineer of the section before starting of the work and will be renewed from time to time as required.		
56	ii.	Any other safety measures that might require to be adopted during the work will be intimated and shall be strictly followed by the contractor.		
57	iv.	It will be solely the Contractor's responsibility to fulfil all the legal formalities with respect to the Health, Safety and Environmental aspects of the entire job (namely; the person employed by him, the equipment, the environment, etc.) under the jurisdiction of the district of that state where it is operating. Ensure that all sub-contractors hired by him comply with the same requirement as the contractor himself and shall be liable for		

Technical Evaluation Sheets

		ensuring compliance all HSE laws by the sub or sub- contractors.		
58	v.	Every person deployed by the contractor in a mine must wear safety gadgets to be provided by the contractor. The Contractor shall provide proper Personnel Protective Equipment as per the hazard identified and risk assessed for the job and conforming to statutory requirement and company PPE schedule. Safety appliances like protective footwear, Safety Helmet and Full Body harness has to be DGMS approved. Necessary supportive document shall have to be submitted as proof. If the Contractor fails to provide the safety items as mentioned above to the working personnel, the Contractor may apply to the Company (OIL) for providing the same. OIL will provide the safety items, if available. But in turn, OIL will recover the actual cost of the items by deducting from Contractor's Bill. However, it will be the Contractor's sole responsibility to ensure that the persons engaged by him in the mines use the proper PPE while at work.		
59	vi.	All the safety gears mentioned above are to be provided to the working personnel before commencement of the work.		
60	vii.	All persons deployed by the contractor for working in a mine must undergo Mines Vocational Training, initial medical examination, PME. They should be issued cards stating the name of the contractor and the work and its validity period, indicating status of MVT, IME & PME. Rs.2460.00 (Rupees two thousand four hundred and sixty only) will be reimbursed against each contractor personnel to the contractor as cost incurred towards the PME on submission of the required documents.		
61	viii.	It will be entirely the responsibility of the Contractor/his Supervisor/representative to ensure strict adherence to all HSE measures and statutory rules during operation in OIL's installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Installation Manager/Safety Officer/Engineer/Official/Supervisor/Junior Engineer for safe operation.		
62	ix.	Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.		
63	x.	Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor.		
64	xi.	The contractor shall have to report all incidents including near miss to Installation Manager/departmental representative of the concerned department of OIL.		
65	xii.	If the company arranges any safety class/training for the working personnel at site (company employee, contractor worker, etc.) the contractor will not have any objection to any such training.		
66	xiii.	The health check-up of contractor's personnel is to be done by the contractor in authorized Health Centers as per OIL's requirement & proof of such test(s) is to be submitted to OIL. The frequency of periodic medical examinations should be once in five years for the employees below 50 years of age and once in three years for employees of 50 years of age and above.		
67	xiv.	To arrange daily tool box meeting and regular site safety meetings and maintain records.		

Technical Evaluation Sheets

68	xv.	Records of daily attendance, accident report etc. are to be maintained in Form B, E, J (as per Mines Rules 1955) by the contractor.		
69	xvi.	A contractor employee must, while at work, take reasonable care for the health and safety of people who are at the employee's place of work and who may be affected by the employee's act or omissions at work.		
70	xvii.	A contractor employee must, while at work, cooperate with his or her employer or other persons so far as is necessary to enable compliance with any requirement under the act or the regulations that is imposed in the interest of health, safety and welfare of the employee or any other person.		
71	xviii.	Contractor's arrangements for health and safety management shall be consistent with those for the mine owner.		
72	xix.	In case Contractor is found non-compliant of HSE laws as required company will have the right for directing the contractor to take action to comply with the requirements, and for further non-compliance, the contractor will be penalized prevailing relevant Acts/Rules/Regulations.		
73	xx.	When there is a significant risk to health, environment or safety of a person or place arising because of a non-compliance of HSE measures company will have the right to direct the contractor to cease work until the non-compliance is corrected.		
74	xxi.	For any HSE matters not specified in the contract document, the contractor will abide the relevant and prevailing Acts/rules/regulations/pertaining to Health, Safety and Environment.
