17.1 Bidders are advised in their own interest to ensure that their bids are uploaded in system before the closing date and time of the bid. **The documents in physical form mainly the Original Bid Security if received by the Company after the deadline for submission prescribed by the Company shall be rejected and shall be returned to the Bidders in unopened condition immediately.**

**18.0 MODIFICATION AND WITHDRAWAL OF BIDS:**

18.1 The Bidder after submission of Bid may modify or withdraw its Bid by written notice prior to Bid Closing Date & Time.

18.2 The Bidder's modification or withdrawal notice may also be sent by fax/e-mail but followed by a signed confirmation copy, postmarked not later than the deadline for submission of Bids.

18.3 No Bid can be modified or withdrawn subsequent to the deadline for submission of Bids.

18.4 Once a withdrawal letter is received from any bidder, the offer will be treated as withdrawn and no further claim/correspondences will be entertained in this regard.

18.5 No Bid can be withdrawn in the interval between the deadline for submission of Bids and the expiry of the period of Bid Validity specified by the Bidder on the Bid Form. Withdrawal of a Bid during this interval shall result in the Bidder's forfeiture of its Bid Security and bidder shall also be debarred from participation in future tenders of OIL.

**19.0 EXTENSION OF BID SUBMISSION DATE:**

19.1 Normally no request for extension of Bid Closing Date & Time will be entertained. However, OIL at its discretion, may extend the Bid Closing Date and/or Time due to any reasons. In case of receipt of only one Bid on the Bid Closing Date and Time, OIL may extend the Bid Closing/Opening Date by 2(two) weeks. However, the bidder whose bid has been received within the bid closing date and time, will not be allowed to revise their Bid/prices. Withdrawal of such Bid is also not permitted.

**20.0 BID OPENING AND EVALUATION:**

20.1 The Company will open the Technical Bids, including submission made pursuant to clause 18.0, in presence of Bidder's representatives who choose to attend at the date, time and place mentioned in the Forwarding Letter. However, an authorisation letter (as per **Part 4, Proforma-VII**) from the Bidder must be produced by the Bidder's representative at the time of Bid Opening. Unless this Letter is presented, the representative will not be allowed to attend the Bid Opening. The Bidder's representatives who are allowed to attend the Bid Opening shall sign a register evidencing their attendance. Only one representative against each Bid will be allowed to attend. In technical bid opening, only "Technical RFx Response" will be opened. Bidders therefore should ensure that technical bid is uploaded in the "Technical RFx Response" Tab Page only in the E-portal.

20.2 In case of any unscheduled holiday or Bandh on the Bid Opening Date, the Bids will be opened on the next full working day. Accordingly, Bid Closing Date / time will get extended up to the next working day and time.

20.3 Bid for which an acceptable notice of withdrawal has been received pursuant to clause 18.0 shall not be opened. Company will examine bids to determine whether they are complete, whether requisite Bid Securities have been furnished, whether documents have been digitally signed and whether the bids are generally in order.

20.4 At bid opening, Company will announce the Bidder's names, written notifications of bid modifications or withdrawal, if any, the presence of requisite Bid Security, and such other details as the Company may consider appropriate.

20.5 Company shall prepare, for its own records, minutes of bid opening including the information disclosed to those present in accordance with the sub-clause 20.3.

20.6 Normally no clarifications shall be sought from the Bidders. However, for assisting in the evaluation of the bids especially on the issues where the Bidder confirms compliance in the evaluation and contradiction exists on the same issues due to lack of required supporting documents in the Bid (i.e. document is deficient or missing), or due to some statement at other place of the Bid (i.e. reconfirmation of confirmation) or vice versa, clarifications may be sought by OIL. In all the above situations, the Bidder will not be allowed to change the basic structure of the Bid already submitted by them and no change in the price or substance of the Bid shall be sought, offered or permitted.

20.7 Prior to the detailed evaluation, Company will determine the substantial responsiveness of each bid to the requirement of the Bid Documents. For purpose of these paragraphs, a substantially responsive bid is one, which conforms to all the terms and conditions of the Bid Document without material deviations or reservation. A material deviation or reservation is one which affects in any way substantial way the scope, quality, or performance of work, or which limits in any substantial way, in-consistent way with the Bid Documents, the Company's right or the bidder's obligations under the contract, and the rectification of which deviation or reservation would affect unfairly the competitive position of other bidders presenting substantial responsive bids. The Company's determination of Bid's responsiveness is to be based on the contents of the Bid itself without recourse to extrinsic evidence.

20.8 A Bid determined as not substantially responsive will be rejected by the Company and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

20.9 The Company may waive minor informality or nonconformity or irregularity in a Bid, which does not constitute a material deviation, provided such waiver, does not prejudice or affect the relative ranking of any Bidder.

**21.0 OPENING OF PRICED BIDS:**

21.1 The Company will open the Priced Bids of the technically qualified Bidders on a specific date in presence of representatives of the qualified bidders. The technically qualified Bidders will be intimated about the Priced Bid Opening Date & Time in advance. In case of any unscheduled holiday or Bandh on the Priced Bid Opening Date, the Bids will be opened on the next working day.

21.2 The Priced bids of the unsuccessful bidders which remain unopened with OIL, may be returned to the concerned bidders on request only after receipt of Performance Security from the successful bidder after issue of Letter of Award (LOA) by OIL.

21.3 The Company will examine the Price quoted by Bidders to determine whether they are complete, any computational errors have been made, the documents have been properly signed, and the bids are generally in order.

21.4 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price (that is obtained by multiplying the unit price and quantity) the unit price shall prevail and the total price shall be corrected accordingly. If there is a discrepancy between words, and figures, the amount in words will prevail. If any Bidder does not accept the correction of the errors, their Bid will be rejected.

**22.0 EVALUATION AND COMPARISON OF BIDS:**

The Company will evaluate and compare the bids as per **BID REJECTION CRITERIA (BRC) / BID EVALUATION CRITERIA (BEC), PART-2** of the Bid Documents.

**23.1 DISCOUNTS / REBATES:**

Unconditional discounts/rebates, if any, given in the bid will be considered for evaluation.

23.2 Post bid or conditional discounts/rebates offered by any bidder shall not be considered for evaluation of bids. However, if the lowest bidder happens to be the final acceptable bidder for award of contract, and if they have offered any discounts/rebates, the contract shall be awarded after taking into account such discounts/rebates.

**24.0 CONTACTING THE COMPANY:**

24.1 Except as otherwise provided in **Clause 20.0** above, no Bidder shall contact the Company on any matter relating to its bid, from the time of the bid opening to the time the Contract is awarded except as required by Company vide **sub-clause 20.6**.

24.2 An effort by a Bidder to influence the Company in the Company's bid evaluation, bid comparison or Contract award decisions may result in the rejection of their bid.

**D. AWARD OF CONTRACT**

**25.0 AWARD CRITERIA:**

The Company will award the Contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined as the lowest

evaluated bid, provided further that the Bidder is determined to be qualified to perform the Contract satisfactorily.

**26.0 COMPANY'S RIGHT TO ACCEPT OR REJECT ANY BID:**

Company reserves the right to accept or reject any or all bids and to annul the bidding process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected bidder, or bidders or any obligation to inform the affected bidder of the grounds for Company's action.

**27.0 NOTIFICATION OF AWARD:**

27.1 Prior to the expiry of the period of bid validity or extended validity, Company will notify the successful Bidder in writing by registered letter or by fax or E-mail (to be confirmed in writing by registered / couriered letter) that its Bid has been accepted.

27.2 The notification of award will constitute the formation of the Contract.

27.3 Upon the successful Bidder's furnishing of Performance Security pursuant to **Clause 28.0** below, the Company will promptly notify each un-successful Bidder and will discharge their Bid Security, pursuant to **Clause 11.0** hereinabove.

**28.0 PERFORMANCE SECURITY:**

28.1 Within 2(two) weeks of receipt of notification of award from the Company, the successful Bidder shall furnish to the Company the Performance Security for an amount specified in the Forwarding Letter (and Letter of Award (LOA) issued by the Company to the Contractor awarding the contract) as per **Part 4, Proforma-IIB** or in any other format acceptable to the Company and must be in the form of Bank Guarantee (BG) or an irrevocable Letter of Credit (L/C) from any of the following Banks:

- i) Any scheduled Indian Bank or any branch of an International Bank situated in India and registered with Reserve Bank of India as scheduled Foreign Bank OR
- ii) Any International Bank having its branch in India and registered with Reserve Bank of India OR
- iii) Any Foreign Bank which is not a Scheduled Bank in India, provided the Bank Guarantee issued by such Bank is counter-guaranteed by any Branch situated in India of any Scheduled Bank incorporated in India.

28.2 The successful bidder will have to submit the Bank Guarantee from any of the scheduled Banks and on non-judicial stamp paper of requisite value as per the Indian Stamp Act, purchased in the name of the issuing banker.

28.3 The Performance Security specified above must be valid for 3(three) months beyond the contract period. The Performance Security will be discharged by Company not later than 30 days following its expiry. In the event of any extension of the Contract period, Bank Guarantee should be extended by Contractor by the period equivalent to the extended period.

28.4 The Performance Security shall be payable to the Company as compensation for any loss resulting from Contractor's failure to fulfil its obligations under the Contract.

28.5 The Performance Security will not accrue any interest during its period of validity or extended validity.

28.6 Failure of the successful Bidder to comply with the requirements of **clause 28.0 and/or 29.0** shall constitute sufficient grounds for annulment of the award and forfeiture of the Bid Security or Performance Security. In such an eventuality, the party shall be debarred for a period of 2(two) years from the date of default.

**29.0 SIGNING OF CONTRACT:**

29.1 At the same time as the Company notifies the successful Bidder that its Bid has been accepted, the Company will either call the successful Bidder for signing of the agreement or send the Contract Form provided in the Bid Documents, along with the General Conditions of Contract, Technical Specifications, Schedule of Rates incorporating all agreements agreed between the two parties.

29.2 Within 30 days of issue of LOA, the successful Bidder shall sign and date the contract and return it to the Company. Till the contract is signed, the LOA issued to the successful bidder shall remain binding amongst the two parties.

29.3 In the event of failure on the part of the successful Bidder to sign the contract within the period specified above or any other time period specified by the Company, OIL reserves the right to terminate the LOA issued to the successful Bidder and invoke the Bid Security or the Performance Security if submitted by the successful Bidder. The party shall also be debarred for a period of 2(two) years from the date of default.

**30.0 FURNISHING FRAUDULENT INFORMATION/DOCUMENTS :**

30.1 If it is found that a bidder/contractor has furnished fraudulent information / documents, the Bid Security/Performance Security shall be forfeited and the party shall be debarred for a period of 3(three) years from the date of detection of such fraudulent act besides the legal action.

**31.0 MOBILISATION ADVANCE PAYMENT:**

31.1 Request for advance payment shall not be normally considered. However, depending on the merit and at the discretion of the Company, advance against mobilisation charge may be given at an interest rate of 1% above the prevailing Bank rate (CC rate) of SBI from the date of payment of the advance till recovery/refund.

31.2 Advance payment agreed to by the Company shall be paid only against submission of an acceptable bank guarantee whose value should be equivalent to the amount of advance plus the amount of interest covering the period of advance. Bank guarantee shall be valid for 2 months beyond completion of mobilisation and the same may be invoked in the event of Contractor's failure to mobilise as per agreement.

31.3 In the event of any extension to the mobilisation period, Contractor shall have to enhance the value of the bank guarantee to cover the interest for the extended period and also to extend the validity of bank guarantee accordingly.

**32.0 INTEGRITY PACT:**

32.1 OIL shall be entering into an Integrity Pact with the Bidders as per format enclosed vide **Proforma IV** of the Bid Document. The Integrity Pact has been duly signed digitally by OIL's competent signatory and uploaded in the OIL's e-portal. The Integrity Pact shall be returned by the bidder (along with the technical Bid) duly signed by the same signatory

who signed the Bid i.e. who is duly authorized to sign the Bid. Uploading the Integrity Pact in the OIL's E-portal with digital signature will be construed that all pages of the Integrity Pact has been signed by the bidder's authorized signatory who has signed the bid. If any bidder refuses to sign Integrity Pact or declined to submit the Integrity Pact, their bid shall be rejected straightway

5.4 The Contractor's key personnel shall be fluent in English language (both writing and speaking).

**6.0 GUARANTEE, WARRANTY AND REMEDY OF DEFECTS:**

6.1 The Contractor warrants that it shall perform the work in a professional manner and in accordance with the highest degree of quality, efficiency, and with the state of the art technology/inspection services and in conformity with all specifications, standards and drawings set forth or referred to in the Technical Specifications. They should comply with the instructions and guidance which the Company may give to the Contractor from time to time.

6.2 Should the Company discover at any time during the Phase I, II & III of the Contract that the work carried out by the Contractor does not conform to the foregoing warranty, the Contractor shall after receipt of notice from the Company, promptly perform all corrective work required to make the services conform to the Warranty. Such corrective work shall be performed entirely at the Contractor's own expenses. If such corrective work is not performed within a reasonable time, the Company, at its option, may have such remedial work carried out by others and charge the cost thereof to the Contractor which the Contractor must pay promptly. In case the Contractor fails to perform remedial work, the Performance Security shall be forfeited.

**7.0 CONFIDENTIALITY, USE OF CONTRACT DOCUMENTS AND INFORMATION:**

7.1 The Contractor shall not, without the Company's prior written consent, disclose the Contract, or any provision thereof, or any specification, plan, drawing pattern, sample or information furnished by or on behalf of the Company in connection therewith, to any person other than a person employed by the Contractor in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far, as may be necessary for purposes of such performance with prior permission from the Company. However, nothing hereinabove contained shall deprive the Contractor of the right to use or disclose any information:

- (a) which is possessed by the Contractor, as evidenced by the Contractor's written records, before receipt thereof from the Company which however the Contractor shall immediately inform to the Company ; or
- (b) which is required to be disclosed by the Contractor pursuant to an order of a court of competent jurisdiction or other governmental agency having the power to order such disclosure, provided the Contractor uses its best efforts to provide timely notice to the Company of such order to permit the Company an opportunity to contest such order subject to prior permission from the Company.

7.2 The Contractor shall not, without the Company's prior written consent, make use of any document or information except for purposes of performing the Contract.

7.3 Any document supplied to the Contractor in relation to the Contract other than the Contract itself remains the property of the Company and shall be returned (in all copies) to

the Company on completion of Contractor's performance under the Contract if so required by Company. However, the above obligation shall not extend to information which:

- i) is, at the time of disclosure, known to the public which Contractor shall immediately inform Company ;

- iv) is developed by the Contractor independently of the information disclosed by the Company which should be shared with the Company;
- v) the Contractor is required to produce before the competent authorities or by court order subject to prior permission from the Company;

**8.0 TAXES, DUTIES & LEVIES :**

8.1 Tax levied as per the provisions of Indian Income Tax Act and any other enactment/rules on income derived/payments received under the contract will be on the Contractor's account.

8.2 The Contractor shall be responsible for payment of personal taxes, if any, for all the personnel deployed in India.

8.3 The Contractor shall furnish to the Company, if and when called upon to do so, relevant statement of accounts or any other information pertaining to work done under the contract for submitting the same to the Tax authorities, on specific request from them. The Contractor shall be responsible for preparing and filing the return of income etc. within the prescribed time limit to the appropriate authority.

8.4 Prior to start of operations under the Contract, the Contractor shall furnish the Company with the necessary documents, as asked for by the Company and/or any other information pertaining to the Contract, which may be required to be submitted to the Income Tax authorities at the time of obtaining "No Objection Certificate" for releasing payments to the Contractor.

8.5 Tax Clearance Certificate for personnel and Corporate Taxes shall be obtained by the Contractor from the appropriate Indian Tax authorities and furnished to the Company within 6 months of the expiry of the tenure of the Contract or such extended time as the Company may allow in this regard.

8.6 Corporate Income Tax will be deducted at source from the invoice at the specified rate of income tax as per the provisions of Indian Income Tax Act as may be in force from time to time and the Company will issue TDS Certificate to the Contractor as per the provisions of Income Tax Act.

8.7 Corporate and personnel taxes on the Contractor shall be the liability of the Contractor and the Company shall not assume any responsibility on this account.

8.8 All local taxes, levies and duties, sales tax, octroi, etc. on purchases and sales made by contractor shall be borne by the Contractor.

8.9 **Service Tax:** The price excludes Services Tax and the Service Tax as applicable shall be to the Company account. The Service tax amount on the taxable part of the services provided by the Contractor shall be paid by the Company as per provisions of the Service Tax Act.

9.0 **INSURANCE:**

9.1 The Contractor shall arrange insurance to cover all risks in respect of their personnel, materials and equipment (except when tools/equipment are below Rotary Table or in the well bore) belonging to the Contractor or its sub-contractor (if applicable) during the currency of the contract including the third party items/consumables. For materials/equipment belonging to the Contractor or its sub-contractor, the Contractor may self-insure the same.

9.2 The Contractor shall at all times during the currency of the contract provide, pay for and maintain the following insurances amongst others except when tools/equipment are below Rotary Table or in the well bore:

- a) Workmen compensation insurance as required by the laws of the country of origin of the employee.
- b) Employer's Liability Insurance as required by law in the country of origin of employee.
- c) General Public Liability Insurance covering liabilities including contractual liability for bodily injury, including death of persons, and liabilities for damage of property. This insurance must cover all operations of the Contractor required to fulfil the provisions under this contract.
- d) The Contractor's equipment used for execution of the work hereunder, if any, shall have an insurance cover with a suitable limit (as per international standards).
- e) Automobile Public Liability Insurance covering owned, non-owned and hired automobiles used in the performance of the work hereunder, with bodily injury limits and property damage limits shall be governed by Indian Insurance regulations.
- f) Public Liability Insurance as required under Public Liability Insurance Act 1991.

9.3 The Contractor shall obtain additional insurance or revise the limits of existing insurance as per the Company's request in which case additional cost shall be to the Contractor's account.

9.4 Any deductible set forth in any of the above insurance shall be borne by the Contractor.

9.5 The Contractor shall furnish to the Company prior to commencement date, certificates of all its insurance policies covering the risks mentioned above.

9.6 If any of the above policies expire or are cancelled during the term of this contract and the Contractor fails for any reason to renew such policies, then the Company will renew/replace same and charge the cost thereof to the Contractor. Should there be a lapse in any insurance required to be carried by the Contractor for any reason whatsoever, loss/damage claims resulting there from shall be to the sole account of the Contractor.

9.7 The Contractor shall require all of their sub-contractors to provide such of the foregoing insurance coverage as the Contractor is obliged to provide under this Contract and inform the Company about the coverage prior to the commencement of agreements with its sub-contractors.

9.8 All insurance taken out by the Contractor or their sub-contractor shall be endorsed to provide that the underwriters waive their rights of recourse on the Company and to the extent of the liabilities assumed by Contractor under this Contract.

**10.0 CHANGES:**

10.1 During the performance of the work, the Company may make a change in the work to take care of any supplementary in the work within the general scope of this Contract including, but not limited to, changes in methodology, and minor additions to or deletions from the work to be performed. The Contractor shall perform the work as changed. Changes of this nature will be affected by written order by the Company.

10.2 If any changes result in an increase in compensation due to the Contractor or in a credit due to the Company, the Contractor shall submit to the Company an estimate of the amount of such compensation or credit in a form prescribed by the Company. Upon review of the Contractor's estimate, the Company shall establish and set forth in the Change Order the amount of the compensation or credit for the change or a basis for determining a reasonable compensation or credit for the change. If the Contractor disagrees with compensation or credit set forth in the Change Order, the Contractor shall nevertheless perform the work as changed, and the parties will resolve the dispute in accordance with Clause 13.0 hereunder. The Contractor's performance of the work as changed will not prejudice the Contractor's request for additional compensation for work performed under the Change Order.

**11.0 FORCE MAJEURE:**

11.1 In the event of either party being rendered unable by 'Force Majeure' to perform any obligation required to be performed by them under the contract, the relative obligation of the party affected by such 'Force Majeure' will stand suspended as provided herein. The word 'Force Majeure' as employed herein shall mean acts of God, war, revolt, agitation, strikes, riot, fire, flood, sabotage, civil commotion, road barricade (but not due to interference of employment problem of the Contractor) and any other cause, whether of kind herein enumerated or otherwise which are not within the control of the party to the contract and which renders performance of the contract by the said party impossible.

11.2 Upon occurrence of such cause and upon its termination, the party alleging that it has been rendered unable as aforesaid thereby, shall notify the other party in writing within Seventy Two (72) hours of the alleged beginning and ending thereof, giving full particulars and satisfactory evidence in support of its claim.

11.3 Should "Force Majeure" condition as stated above occurs and should the same be notified within 72 (Seventy two) hours after its occurrence, both the parties shall have no obligation. Either party will have the right to terminate the contract if such 'force majeure'

condition, continue beyond fifteen (15) days with prior written notice. Should either party decide not to terminate the contract even under such condition, no payment would apply after expiry of fifteen (15) days period unless otherwise agreed to. Time for performance of the relative obligation suspended by the 'Force Majeure' shall then stand extended by the period for which such cause lasts.

**12.0 TERMINATION :**

**12.1 TERMINATION ON EXPIRY OF THE TERMS (DURATION)** : The contract shall be deemed to have been automatically terminated on expiry of the duration of the Contract or the extension period, if exercised by the Company under the provision of the Contract.

**12.2 TERMINATION ON ACCOUNT OF FORCE MAJEURE** - Either party shall have the right to terminate the Contract on account of Force Majeure as set forth in Para 11.0 above.

**12.3 TERMINATION ON ACCOUNT OF INSOLVENCY**- In the event that the Contractor at any time during the term of the Contract, becomes insolvent or makes a voluntary assignment of its assets for the benefit of creditors or is adjudged bankrupt, then the Company shall, by a notice in writing have the right to terminate the Contract and all the Contractor's rights and privileges hereunder, shall stand terminated forthwith.

**12.4 TERMINATION FOR UNSATISFACTORY PERFORMANCE**- If the Company considers that, the performance of the Contractor is unsatisfactory, or not up to the expected standard, the Company shall notify the Contractor in writing and specify in details the cause of the dissatisfaction. The Company shall have the option to terminate the Contract by giving 15 days notice in writing to the Contractor, if Contractor fails to comply with the requisitions contained in the said written notice issued by the Company,

**12.5 TERMINATION DUE TO CHANGE OF OWNERSHIP & ASSIGNMENT**- In case the Contractor's rights and/or obligations under the Contract and/or the Contractor's rights, title and interest to the equipment/material, are transferred or assigned without the Company's consent, the Company may at its absolute discretion, terminate the Contract.

**12.6** If at any time during the term of the Contract, breakdown of Contractor's equipment results in Contractor being unable to perform their obligations hereunder for a period of 15 successive days, Company at its option may terminate this Contract in its entirety without any further right or obligation on the part of the Company except for the payment of money then due. No notice shall be served by the Company under the condition stated above.

**12.7** Notwithstanding any provisions herein to the contrary, the Contract may be terminated at any time by the Company on giving 15 (fifteen) days written notice to the Contractor due to any other reason not covered under the above clauses from 12.1 to 12.6 and in the event of such termination the Company shall not be liable to pay any cost or damage to the Contractor except for payment for services as per the Contract up to the date of termination.

**12.8 CONSEQUENCES OF TERMINATION** - In all cases of termination herein set forth, the obligation of the Company to pay for Services as per the Contract shall be limited to the period up to the date of termination. Notwithstanding the termination of the Contract, the parties shall continue to be bound by the provisions of the Contract that reasonably require some action or forbearance after such termination.

12.9 Upon termination of the Contract, the Contractor shall return to the Company all of the Company's items, which are at the time in the Contractor's possession.

12.10 In the event of termination of contract, the Company will issue Notice of Termination of the contract with date or event after which the contract will be terminated. The contract shall then stand terminated and the Contractor shall demobilize their personnel & materials.

**13.0 SETTLEMENT OF DISPUTES AND ARBITRATION:**

**13.1 Arbitration(Applicable for Suppliers/Contractors other than PSU) :**

Except as otherwise provided elsewhere in the Contract, if any dispute, difference, question or disagreement arises between the parties hereto or their respective representatives or assignees, in connection with construction, meaning, operation, effect, interpretation of the contract or breach thereof which parties are unable to settle mutually, the same shall be referred to Arbitration as provided hereunder:

1. A party wishing to commence arbitration proceeding shall invoke Arbitration Clause by giving 30 days notice to the other party. The notice invoking arbitration shall specify all the points of dispute with details of the amount claimed to be referred to arbitration at the time of invocation of arbitration and not thereafter. If the claim is in foreign currency, the claimant shall indicate its value in Indian Rupee for the purpose of constitution of the arbitral tribunal.
2. The number of arbitrators and the appointing authority will be as under:

<b>Claim amount (excluding claim for interest and counter claim, if any)</b>	<b>Number of Arbitrator</b>	<b>Appointing Authority</b>
Upto Rs. 5 Crore	Sole Arbitrator	OIL
Above Rs. 5 Crore	3 Arbitrators	One Arbitrator by each party and the 3 <sup>rd</sup> Arbitrator, who shall be the presiding Arbitrator, by the two Arbitrators.

3. The parties agree that they shall appoint only those persons as arbitrators who accept the conditions of the arbitration clause. No person shall be appointed as Arbitrator or Presiding Arbitrator who does not accept the conditions of the arbitration clause.
4. Parties agree that there will be no objection if the Arbitrator appointed holds equity shares of OIL and/or is a retired officer of OIL/any PSU. However, neither party shall appoint its serving employees as arbitrator.
5. If any of the Arbitrators so appointed dies, resigns, becomes incapacitated or withdraws for any reason from the proceedings, it shall be lawful for the concerned party/arbitrators to appoint another person in his place in the same manner as aforesaid. Such person shall proceed with the reference

from the stage where his predecessor had left if both parties consent for the same; otherwise, he shall proceed de novo.

6. Parties agree that neither shall be entitled for any pre-reference or pendent-lite interest on its claims. Parties agree that any claim for such interest made by any party shall be void.
7. The arbitral tribunal shall make and publish the award within time stipulated as under :

Amount of Claims and counter claims(excluding interest)	Period for making and publishing of the award(counted from the date of first meeting of the Arbitrators)
Upto Rs. 5 Crore	Within 8 months
Above Rs. 5 Crore	Within 12 months

The above time limit can be extended by Arbitrator, for reasons to be recorded in writing, with the consent of the other parties.

8. If after commencement of the arbitration proceedings, the parties agree to settle the dispute mutually or refer the dispute to conciliation, the arbitrators shall put the proceedings in abeyance until such period as requested by the parties.
9. Each party shall be responsible to make arrangements for the travel and stay etc. of the arbitrator pointed by it. Claimant shall also be responsible for making arrangements for travel/stay arrangements of the Presiding Arbitrator and the expenses incurred shall be shared equally by the parties. In case of sole arbitrator, OIL shall make all necessary arrangements for his travel, stay and the expenses incurred shall be shared equally by the parties.
10. The Arbitration shall be held at the place from where the contract has been awarded. However, parties to the contract can agree for a different place for the convenience of all concerned.
11. The Arbitrator(s) shall give reasoned and speaking award and it shall be final and binding on the parties.
12. Subject to aforesaid, provisions of the Arbitration and Conciliation Act, 1996 and any statutory modifications or re-enactment thereof shall apply to the arbitration proceedings under this clause.

**13.2 Arbitration (applicable in case of Contract awarded on Public Sector Enterprise):**

In the event of any dispute or difference relating to, arising from or connected with the Contract, such dispute or difference shall be referred by either party to the arbitration of one of the Arbitrators in the Department of Public Enterprises, to be nominated by the Secretary to the Government of India, In-Charge of the Bureau of Public Enterprises. The Arbitration and Conciliation Act 1996 shall not be applicable to the Arbitration under this

clause. The award of the Arbitrator shall be binding upon the parties to the dispute, provided however, any party aggrieved by such award may make a further reference for setting aside or revision of the award to the Law Secretary, Deptt. of Legal Affairs, Ministry of Law and Justice, Government of India. Upon such reference, the dispute shall be decided by the Law Secretary or the Special Secretary/Additional Secretary, whose decision shall bind the parties finally and conclusively. The parties in the dispute will share equally the cost of the arbitration as intimated by the Arbitrator.

The venue of all arbitrations under both 13.1 & 13.2 will be Duliajan, Assam. The award made in pursuance thereof shall be binding on the parties.

**24.0 INDEMNITY AGREEMENT:**

24.1 Except as provided hereof the Contractor agrees to protect, defend, indemnify and hold the Company harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, cost, liens and judgments of every kind and character, without limit, which may arise in favour of the Contractor's employees, agents, contractors and sub-contractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations contemplated hereby, regardless of whether or not said claims, demands or causes of action arise out of the negligence or otherwise, in whole or in part or other faults.

24.2 Except as provided hereof the Company agrees to protect, defend, indemnify and hold the Contractor harmless from and against all claims, suits, demands and causes of action, liabilities, expenses, cost, liens and judgments of every kind and character, without limit, which may arise in favour of the Company's employees, agents, contractors and sub-contractors or their employees on account of bodily injury or death, or damage to personnel/property as a result of the operations contemplated hereby, regardless of whether or not said claims, demands or causes of action arise out of the negligence or otherwise, in whole or in part or other faults.

**25.0 INDEMNITY APPLICATION:** The indemnities given herein above, whether given by the Company or the Contractor shall be without regard to fault or to the negligence of either party even though said loss, damage, liability, claim, demand, expense, cost or cause of action may be caused, occasioned by or contributed to by the negligence, either sole or concurrent of either party.

**26.0 PAYMENT, MANNER OF PAYMENT, RATES OF PAYMENT & INVOICING PROCEDURE:**

26.1 The Company shall pay to the Contractor, during the term of the Contract, the amount due calculated according to the schedule of rates and schedule of payment set and in accordance with other provisions hereof. No other payments shall be due from the Company unless specifically provided for in this Contract. All payments will be made in accordance with the terms hereinafter described.

26.1.1 Request for payment/part payment to third party i.e. other than the party on whom the Contract has been awarded will not be entertained by the Company under any circumstances. *The offers stipulating payment/part payment to such third party will be considered as non-responsive and such offers will be rejected.*

**26.2 MANNER OF PAYMENT** : All payments due by the Company to the Contractor shall be made at the Contractor's designated bank. All bank charges will be to the Contractor's account.

26.3 Payment of any invoices shall not prejudice the right of the Company to question the validity of any charges therein, provided the Company within one year after the date of payment shall make and deliver to the Contractor written notice of objection to any item or items the validity of which the Company questions.

26.4 The Contractor will submit 6(six) sets of all invoices to the Company address given under **para 14.1 (a)** duly super scribed 'Original' and 'copy' as applicable for processing of payment.

26.5 The Contractor shall submit invoices to the Company on the day following the end of each month for all daily or monthly charges due to the Contractor.

26.6 Invoice for reimbursable charges related to the contract will be accompanied by documents supporting the cost incurred.

26.7 Payment of monthly invoices, if undisputed, shall be made within 30 days following the date of receipt of invoice by the Company.

26.8 The Company shall within 20 days of receipt of the invoice notify the Contractor of any item under dispute, specifying the reasons thereof, in which event, payment of the disputed amount may be withheld until settlement of the dispute, but payment shall be made of any undisputed portion. This will not prejudice the Company's right to question the validity of the payment at a later date as envisaged in sub-clause **26.3** above.

26.9 The acceptance by the Contractor of part payment on any billing not paid on or before the due date shall not be deemed a waiver of the Contractor's rights in respect of any other billing, the payment of which may then or thereafter be due.

26.10 Payment of the last Invoice after successful commissioning of the Plant shall be made within 45 days following receipt of invoice by the Company accompanied by the following documents from the Contractor :

- a) Audited account up to completion of the Contract.
- b) Tax audit report for the above period as required under the Indian Tax Laws.
- c) Documentary evidence regarding the submission of returns and payment to taxes for the expatriate personnel, if any, engaged by the Contractor or by its sub-contractor.
- d) Any other documents as required by applicable Indian Laws.

26.11 The Contractor shall maintain complete and correct records of all information on which the Contractor's invoices are based upto 2(two) years from the date of last invoice. Such records shall be required for making appropriate adjustments or payments by either party in case of subsequent audit query/objection. Any audit conducted by the Company of the Contractor's records, as provided herein, shall be limited to the Company's verification (i) of the accuracy of all charges made by the Contractor to the Company and (ii) that the Contractor is otherwise in compliance with the terms and conditions of this Agreement.

27.0 **WITHHOLDING:** The Company may withhold the whole or any part of the amount due to the Contractor, after informing the Contractor of the reasons in writing, on account of subsequently discovered evidence in order to protect the Company from loss on account of :-

- a) For non-completion of jobs assigned as per Section-II.
- b) Contractor's indebtedness arising out of execution of this Contract.
- c) Defective work not remedied by the Contractor.
- d) Claims by sub-contractor of the Contractor or others filed or on the basis of reasonable evidence indicating probable filing of such claims against Contractor.

- e) Failure of the Contractor to pay or provide for the payment of salaries/ wages, contributions, taxes or enforced savings with-held from wages etc.
- f) Failure of the Contractor to pay the cost of removal of unnecessary materials, tools, or machinery from the work site.
- g) Damage to another contractor's man and materials working for the Company.
- h) All claims against the Contractor for damages and injuries, and/or for non-payment of bills etc.
- i) Any failure by the Contractor to fully reimburse the Company under any of the indemnification provisions of this Contract.

If, during the progress of the work the Contractor shall allow any indebtedness to accrue for which the Company, under any circumstances in the opinion of the Company may be primarily or contingently liable or ultimately responsible and the Contractor shall, within five days after demand is made by the Company, fail to pay and discharge such indebtedness, then the Company may during the period for which such indebtedness shall remain unpaid, withhold from the amounts due to the Contractor, a sum equal to the amount of such unpaid indebtedness.

Withholding will also be effected on account of the following:-

- i) Order issued by a Court of Law in India.
- ii) Income-tax deductible at source according to law prevalent from time to time in the country.
- iii) Any obligation of the Contractor which by any law prevalent from time to time to be discharged by the Company in the event of the Contractor's failure to adhere to such laws.
- iv) Any payment due from the Contractor in respect of unauthorized imports.

When all the above grounds for withholding payments shall be removed, payment shall thereafter be made for amounts so withheld.

Notwithstanding the foregoing, the right of Company to withhold shall be limited to damages, claims and failure on the part of Contractor, which is directly/indirectly related to some negligent act or omission on the part of the Contractor.

## **28.0 APPLICABLE LAW:**

28.1 The Contract shall be deemed to be a Contract made under, governed by and construed in accordance with the laws of India for the time being in force and shall be subject to the exclusive jurisdiction of Courts situated in Dibrugarh/ Guwahati.

28.2 The Contractor shall ensure full compliance of various Indian Laws and Statutory Regulations, to the extent applicable, as stated below, but not limited to, in force from time to time and obtain necessary permits/licenses etc. from appropriate authorities for conducting operations under the Contract:

- a) The Mines Act - as applicable to safety and employment conditions
- b) The Minimum Wages Act, 1948
- c) The Oil Mines Regulations Act, 1984
- d) The Workmen's Compensation Act, 1923
- e) The Payment of Wages Act, 1963
- f) The Payment of Bonus Act., 1965

- g) The Contract Labour (Regulation & Abolition) Act, 1970 and the rules framed there under
- h) The Employees Pension Scheme, 1995
- i) The Interstate Migrant Workmen Act., 1979 (Regulation of employment and conditions of service)
- j) The Employees Provident Fund and Miscellaneous Provisions Act, 1952
- k) Assam, WB & Bihar Tax Act including VAT & Entry Tax Act
- l) Service Tax Act
- m) Customs & Excise Act & Rules
- n) Environment Protection Act
- o) Public Liability Act

28.3 The Contractor shall not make the Company liable to reimburse the Contractor to the statutory increase in the wage rates of the contract labour appointed by the Contractor. Such statutory or any other increase in the wage rates of the contract labour shall be borne by the Contractor.

29.0 **SUBSEQUENTLY ENACTED LAWS**: Subsequent to the date of submission of bid by the Contractors, if there is a change in or enactment of any law or interpretation of existing law, which results in additional cost/reduction in cost to the Contractor/Company on account of the operation under the Contract, the Company/Contractor shall reimburse/pay the Contractor/Company for such additional/reduced costs actually incurred.

30.0 **ROYALTY AND PATENTS**: Each party shall hold harmless and indemnify the other from and against all claim and proceedings for or on account of any patent rights, design, trade mark or other protected rights arising from any use of materials, equipment, processes, inventions and methods which have not been imposed on the attending party by the terms of the contract or the specifications or drawings forming part thereof.

31.0 **WAIVER & AMENDMENTS**: It is fully understood and agreed that none of the terms and conditions of the contract shall be deemed waived or amended by either party unless such waiver or amendment is executed in writing by the duly authorized agents or representatives of such party. The failure of either party to execute any right of termination shall not act as a waiver or amendment of any right of such party provided hereunder.

**END OF SECTION – I**

**PART – 3**  
**SECTION – II**  
**SCOPE OF WORK / TERMS OF REFERENCE**

**1.0 INTRODUCTION:**

1.1 OIL INDIA LIMITED (OIL) a Government of India Enterprise, is a premier Oil & Gas Company engaged in Exploration, Production and Transportation of crude oil & natural gas with its Headquarters at Duliajan, Assam. The Company has operating interests across the country as well as in several foreign countries. The major Oil & Gas producing assets of the Company are located in Upper Assam Basin of North East India. The Operational area is spread over a radius of 60 km from head quarters at Duliajan. Duliajan is connected by Air with nearest Airport at Dibrugarh, 50 km away

1.2 OIL proposes to construct a Gas Compressor Station (GCS) at Makum (Tinsukia District) in Assam. The location is around 40 KMs from Duliajan. The installation will be constructed on Modular basis with standard sizes of modules as per Functional Specifications.

1.3 OIL is in the process of engaging LSTK/EPC Contractor for Construction of the said GCS(s) on the basis of specifications provided by OIL.

2.0 **OBJECTIVE** : OIL plans to hire Project Management Consultancy (PMC) services for assistance during execution of the construction job by verification of Detail design/documents of LSTK/EPC Contractor and overall Project monitoring and supervision.

2.1 **BASIC PROCESS PHILOSOPHY** : Inlet gas stream coming at low pressure coming from the nearest available source viz. Oil Collecting Station at  $1\text{kg/cm}^2$  to  $2\text{kg/cm}^2$  is connected with the inlet manifold within the battery limit of the compressor station. The gas after processing from low pressure to medium pressure from  $1.5\pm 0.5\text{kg/cm}^2$  to  $20\pm 5.0\text{kg/cm}^2$  is delivered at medium pressure manifold within the battery limit of the compressor station.

The medium pressure manifold is shared with the distribution gas grid of company. The distribution gas grid is designed for supply of gas to various consumers of OIL located at different locations. The pressure of the distribution gas grid is maintained at around  $20\pm 5.0\text{kg/cm}^2$ . The entire distribution grid functions in ring network. All low pressure compressed gas from various installations at different locations is fed to the distribution network.

The gas from the medium pressure manifold is shared with the inlet of high pressure compressor and the distribution system.

The high pressure compressor's suction is connected to the medium pressure manifold (distribution manifold) operating at  $20\pm 5.0\text{kg/cm}^2$ . The delivery of the high pressure compressors is connected with the high pressure manifold operating at  $100\pm 20.0\text{kg/cm}^2$ .

The released flammable and toxic gas from PSV, purging of equipment others shall be safely disposed keeping balance of the environment preferably by flare system arrangement.

Released flammable and toxic liquid from CBD, OWS, CRWS shall be treated and separated keeping balancing with the environment using preferably Effluent treatment plant.

## 2.2 **PROCESS AND UTILITY SYSTEM ENVISAGED FOR THE PROJECT :**

**Refer to attached LSTK Tender Document for understanding the Process Philosophy.**

## 2.3 **SCOPE OF LSTK CONTRACTOR:** As per the attached LSTK Tender Document.

3.0 **DETAILED SCOPE OF WORK OF PMC** : The scope of the PMC shall include scrutiny, review and approval of all drawings, documents, reports, manuals etc. related to Process, Mechanical, Piping, Instrumentation, Electrical, Civil & architectural, Fire Protection system, Safety, Equipment Engineering, Purchasing and all related disciplines involved in the project which shall be generated by the LSTK contractor or its vendors or suppliers or 3<sup>rd</sup> parties.

The PMC scope shall also consist of providing Project Management services, Project monitoring, site supervision activities, reporting etc. during the construction phase of the Project.

A brief of activities envisaged against different area of services is provided for reference only. However, PMC shall provide any other services other than those mentioned below which is necessary for completion of the project. It is the responsibility of the PMC to assess the amount of involvement based on the attached LSTK tender.

### 3.1 **PROCESS** : It will include but not limited to the following:

- (a) To examine and approve Process Flow Diagram prepared by LSTK showing operating conditions, Material Balance, Composition of streams etc. PMC shall suggest changes for increasing efficiency of the system, if applicable.
- (b) To examine and approve P&ID, PFD, Plot Plan, BOM, MTO etc., utility requirement and fire protection & fighting system as per statutory requirements, disaster management plan, guaranteed plant performance, turned down conditions etc., Equipment Layout, Line Schedule, Instrument Schedule etc. prepared by LSTK Contractor.
- (c) Review and approve the different studies carried out by the LSTK Contractor viz. HAZOP, SIL, EERA, QRA etc.

### 3.2 **EQUIPMENT ENGINEERING** : It will include but not limited to the following:

- (a) To examine and approve LSTK/Vendor specifications for individual equipments, approve GA drawings, and ensuring that all equipment are as per OIL's requirement conforming to industry practices and statutory norms.
- (b) To examine and approve scope and finalize engineering specifications, mechanical datasheets based on process data sheets/process inputs for all static and rotary equipment.
- (c) To ensure that all equipment and machinery proposed by LSTK are as per specifications/standards of the LSTK Tender requirements and prevalent in the upstream Oil industry.
- (d) To ensure that equipments to be used in Hazardous area are as per OMR and DGMS norms and all statutory approvals are obtained as per statutory norms.

- (e) To ensure that all equipments are being ordered as per approvals and timely arrival of the same.
- (f) To certify the different tests carried out by the vendor/manufacturer/3<sup>rd</sup> party for individual equipments.

3.3 **MECHANICAL AND PIPING SCOPE OF WORK:** It will include but not limited to the following:

- (a) Provide information to LSTK/EPC Contractor on applicable codes / standards for pipe classification and to ensure that piping is carried out as per relevant standards.
- (b) To examine and approve line sizing, Pipe Adequacy sizing and Stress analysis for critical piping to be done by LSTK/EPC Contractor.
- (c) To examine and approve Design of the piping system of the installation including design of necessary pipe supports prepared by LSTK, witnessing and certifying Hydro tests of piping system, tanks etc. carried out by LSTK as per relevant OISD, ASME, API standards and validation of test reports for onward submission to OIL.
- (d) To examine and approve Design of all equipment like Tanks, Pumps and engines, Compressors, Heat Exchangers, Pressure Vessels, Cranes, etc. proposed by LSTK that are required for the proposed system.
- (e) To examine and approve General Layout Plan prepared by LSTK including Plot Plan for the plant with position dimensions of the major equipment/systems as per provisions of the Mines Act and OISD and DGMS guidelines.
- (f) To Liaise with the LSTK Contractor in Detail Design, selection, procurement, inspection, installation, hookup, testing, Hydrotesting, pre-commissioning, commissioning, performance guarantee tests for all the mechanical equipments, line pipes, valves, pumps, pipe fittings etc. as per requirement of the Project. The same has to be certified by the PMC.
- (g) Providing inputs, assist and validate the LSTK Contractor in Preparation of technical data sheet, drawings, Safe Operation Procedures for all static and rotary equipments and various packaged items based on the requirements for operation of the plant. It will be the responsibility of the PMC Contractor to submit the validated SOP to OIL.
- (h) To ensure that the vibration and noise limits are within the acceptable limits as per relevant standards / LSTK Contract.
- (i) To ensure safe material handling at site without causing any damage to machinery and equipment and proper installation and erection of equipment for alignment, workmanship etc.
- (j) PMC shall validate and certify radiography reports, hydrotest reports etc carried out by LSTK Contractor or Third party engaged by LSTK and submit to OIL.
- (k) PMC shall ensure that all materials, equipments, machinery, electrical fittings, instrumentation items, pipe fittings etc. are new and of good quality. PMC shall report any observations to OIL.

**3.4 INSTRUMENTATION SCOPE OF WORK :** Review and approval of, but not limited to the following :

Complete design basis & engineering consisting of all engineering documents necessary for proper design, selection, procurement including sizing and selection of Instrumentation and Control system/equipment's/cabling/earthing /installation, testing and commissioning of the complete system for the plant proposed by LSTK Contractor. The PMC shall ensure and validate all design data of the LSTK to carry out engineering for a fully automated DCS & PLC based control system based on latest technology and as per prevalent industry standards.

**PMC to ensure that the following minimum detail engineering documents are submitted by contractor and the same must be reviewed and approved by PMC:**

<b>Sl. No.</b>	<b>DESCRIPTION</b>	<b>REMARKS</b>
1.	Sizing calculations for flow elements, control valves etc.	A
2.	Sizing calculations of power supply requirements for complete FF Networks.	A

27.	Any other drawing / document not mentioned in the above list but required during erection, commissioning, or for reconfiguration of system, shall also be supplied by the vendor & reviewed by PMC	-

**NOTE:**

1. OIL's review/approval does not absolve the responsibility of the Contractor (PMC/EPC). In any case PMC & EPC contractor are fully responsible for guaranteed operation of DCS/PLC system including all instruments and instrument systems.
2. All the above documents, as applicable, are also required for the package units sub-ordered by the Contractor.
3. The Contractor shall prepare and submit the as built drawings/documents after commissioning.

Apart from above, the scope will primarily include:

- (a) Review and approval of Hazard and Operability (HAZOP) study on the plant design and the updated P & IDs of the main process and different units, utility and support systems of the plant considered critical from operating view point should be undertaken with the aim to freeze/firm up the instrumentation and the control system design/specifications, requirement of added safety provisions/protection layers and to identify other operation related problems / hazards.
- (b) Review and approval of Detail SIL (Safety Integrity Level) study based on the above HAZOP study results/data carried out by LSTK. PMC to ensure that SIL study by LSTK is carried out through certified “Functional Safety Professional/Experts”.
- (c) Review and approval of controls & instrumentation system design philosophy and ensure that the same are as per statutory requirements of OMR, DGMS, OISD and other Govt. laws and by-laws.
- (d) Review and approval of interlocks and protection specs.
- (e) Review and approval of control system scheme.
- (f) Review and approval of measurement loop diagrams.
- (g) Review and approval of instruments index and specifications for control room equipment's/systems, field instruments and accessories and Examine, validate and approve the same.
- (h) Review and approval of control room layout and control panel GA drawings etc.
- (i) Review and approval of electronic mimic panel, surveillance camera and monitoring system.
- (j) Review and approval of Calculation of total electrical load for Instrumentation systems and design of suitable UPS with back up facility for continuous operation.
- (k) Review and approval of the MR/MTO/Datasheets prepared by the LSTK contractor.
- (l) Review and approval of instrument layout drawings, cable schedule, and inter-connection diagrams and review/approval of the same prepared by the LSTK contractor.
- (m) Review and approval of instrument installation standards and erection specifications.
- (n) Review and approval of all drawings/documents submitted by LSTK Contractor during execution as necessary with respect to system design philosophy.

- (o) To ensure that the LSTK contractor implements the plant as an manual/fully automated unit consisting of electronic micro-processor based field instruments, analyzers, flow meters, etc as applicable, and to be controlled from a dedicated control room with a dedicated Basic process control system (BPCS) for automatic process control and a dedicated SIS (Safety Instrumented System) as per applicable standards.
- (p) PMC to ensure that the Materials of construction (MOC) for instrument equipment shall be compatible to the corrosion resistance, pressure and temperature conditions of the process fluids handled.
- (q) PMC should ensure that, all pneumatic system of the plant will be powered by dry compressed air.
- (r) Validation of suitable communication system for Voice, Data communication and ERP system connectivity, SCADA etc. The system shall be compatible with OIL's existing communication systems.

3.5 **ELECTRICAL SCOPE OF WORK:** It will include but not limited to the following:

1. PMC shall ensure that the basic requirement of electrical system together with project design criteria and data sheets are followed by the LSTK contractor. The design, installation, testing & commissioning shall be as per established codes, standards, statutory regulations and sound engineering practices. The latest edition of these shall be followed.
2. PMC shall Examine, validate and approve the Total load requirement calculated by the LSTK.
3. PMC shall ensure that All electrical system components sized by the LSTK are as per process requirement.
4. To ensure that the amount of electrical power consumed by each process unit is calculated for its operation at the design capacity.
5. PMC shall review and approve the hazardous area classification carried out by the LSTK Contractor and ensure that for hazardous area suitable type of electrical equipments are used as mentioned in the LSTK Tender.
6. The PMC shall ensure that the applicable codes and standards viz. Indian Electricity Act-2003, Central Electricity Authority (Measures Relating to Safety and Electric Supply) Regulations, 2010 , The Mines Act (DGMS) / Oil Mines Regulations, 2014, Fire Insurance Regulations, The Petroleum Rules, State Electricity Rules / Regulations laid down by Chief Electrical Inspector of State and any other applicable rules / regulations of central / state / local statutory body are followed by the LSTK Contractor.
7. Approval of Gen Set Sizing for Captive Power Plant carried out by LSTK.
8. Review/approval of drawings/documents of LSTK Contractor and equipment supplier during execution as necessary with respect to engineering performed.
9. Approval of technical specifications/data sheets for all electrical equipments prepared by LSTK Contractor.
10. Approval of AC system, Cathodic Protection system and ensuring that M.B Lal committee recommendations are implemented in the GCS.
11. Approval of single line diagrams and typical control schematic drives through prepared by LSTK Contractor.

12. Scrutiny and approval of all vendor supplied drawings and documents.
13. The PMC shall review the plant lighting and luminaires selected by the LSTK Contractor and ensure it meets the LSTK Tender requirements.
14. Approval of illumination layout drawings prepared by LSTK Contractor.
15. Approval of cable tray/trench and earthing layouts prepared by LSTK Contractor. Monitoring of entire electrical works carried out by the LSTK for quality, workmanship and conformance to standards.
16. Approval of typical installation drawings for installation, earthing and lighting fixtures prepared by LSTK Contractor.
17. Review/ approval of lightning protection system schematics, design data, drawings, methodology etc. submitted by LSTK contractor or their vendors/third party consultant.
18. Approval of applicable codes/standards for electrical supplies and erection.
19. **DGMS Approval:** - PMC will ensure that no electrical equipment shall be installed in any Zone 0 area. Any electrical equipment to be placed in Hazardous areas shall be suitable for Zone 1 area regardless of whether it is installed in Zone 1 or Zone 2. PMC will ensure that all Electrical Equipments & luminaries have DGMS logo embossed on their body.
20. **Certification of Flameproof equipment :-** PMC to ensure that all equipment to be used in classified areas must have type test certificates from testing agency as mentioned below.
  - CIMFR: Central Institute of Mining and Fuel Research or any other NABL (National Accreditation Board for Testing Laboratories, India) accredited Government approved testing laboratory.
  - UL: Underwriters Laboratories Inc. (USA)
  - FM: Factory Mutual Research Corporation (USA)
  - BASEEFA: British Approvals Service for Electrical Equipment in Flameproof Atmospheres
  - PTB: Physikalisch Technische Bundesanstalt (Germany)
  - RIIS: Research Institute of Industrial Safety (JAPAN)
21. **Conformity to IS:** - All Electrical Flameproof Equipments & luminaries must conform to IS – 2148 and area classification IS 5572.
22. **Cement Concrete House:** - PMC will ensure that all electrical Panels, Switchgears & equipments be accommodated in a cement concrete house (with proper Exhaust Fan System) /sheds.
23. **ELCB/ELR:** - PMC will ensure that all motors and lighting circuits be protected by suitably rated ELCB/ELRs as per Central Electricity Authority Rule No. 42.
24. **Remote Control Circuit:** - PMC will ensure that Intrinsically safe (within Zone-1 Hazardous area) Remote Control Circuits are provided for all electrical equipments/system and the supply voltage shall not exceed 30 Volt as per Central Electricity Authority Rule Nos. 102 (iv) & 110 (4) (i).
25. **Neutral Grounding Resistance** - PMC will ensure that Resistance Grounding system for Generator Neutral are provided with NGR to limit the ground fault current to 750 mA as per Central Electricity Authority Rule No. 100.

26. **Lighting Transformer:** - PMC will ensure that the lighting system conform to relevant IS Codes and practices. They will ensure that suitably Rated Lighting Transformers and related Switchgears be provided for Lighting system and the Voltage shall not exceed 250 V between phases as per Central Electricity Authority Rule No. 102 (ii) (b).
27. **Lightning Protection System:** - PMC will ensure that Lightning Protection System be generally provided for all the equipment/process area, structures and buildings of the installation.

3.6 **CIVIL & STRUCTURAL SCOPE OF WORK:** It will include but not limited to the following:

- (a) Examination and approval of detail soil investigation including contour mapping, soil characteristics, ground water table level, safe bearing capacity and recommend type of foundations for various types of structures proposed for the project by LSTK Contractor considering the relevant BIS codes.
- (b) Validation and approval of design criteria for all civil, structural and architectural works, carried out and, review and approval of all specifications etc. prepared by LSTK;
- (c) Analysis, checking, and approval of design of all the structures, facilities, various foundations including offices, sheds and control room, Overhead water tanks, Watch towers, Roads, approaches, footpaths, drains, roads crossings, pipe racks, cable trenches, RCC pavements, etc. made by LSTK contractor as per relevant BIS Codes and National Building Code which should be economical considering serviceability, utility and safety. This design should be submitted both as hard and soft copies to OIL for record.
- (d) Review and approval of Industrial and Potable water supply system and efficient drainage system.
- (e) Review and validation of the static and dynamic loads for design of foundations for various equipment. The final design and drawings prepared by LSTK contractor are to be checked by PMC and approved by PMC before adoption of the same.
- (f) The PMC shall maintain an up to date drawing & document register and monitor drawing & document issued. This register shall list all drawings & documents used in the design and construction for civil and structural works. The drawing register shall be a controlled document and shall be kept updated/revised.
- (g) During execution of the work, quality control of workmanship and materials including necessary tests to be carried out for quality assurance as per relevant BIS code and safety measures shall be reviewed and approved by PMC before submission to OIL. These are to be in line with standard norms, APWD/CPWD/CVC Guide lines. Submission of test certificates for quality assurance for all building materials, block testing etc. utilized from appropriate authorities shall be ensured and validated by PMC.
- (h) PMC shall ensure that the architectural finish, doors, windows, surface finish, paintings etc. of various sheds, buildings etc. are met as per the requirements and are of highest standards of workmanship. PMC shall also approve the materials used for construction for quality and ensure that the same are as per LSTK Tender

requirements.

- (i) PMC shall ensure that the works are carried out with highest degree of quality control and shall be responsible for any poor quality works carried out by the LSTK Contractor. PMC shall also be responsible for certifying the works of LSTK for making payments by OIL.
- (j) Approve “As Built Drawings” submitted by LSTK and submission of the same to OIL.
- (k) Any other civil jobs for successful completion of the project to be provisioned by the PMC.

**3.7 FIRE PROTECTION & SAFETY:** It will include but not limited to the following:

**3.7.1 FIRE PROTECTION:**

- (a) To ensure that Design of fire protection and fire fighting facilities conform to
  - i. Design Codes:
    - 1) Fire Protection Manual issued by Tariff Advisory Committee.
    - 2) BIS-Codes
  - ii. Reference Codes: National Fire Codes by NFPA.
  - iii. Reference Standards: 1) OISD- STD -189 2) OISD- STD-118 3) OISD-STD-163
  - iv. Act & Regulation : 1) The Mines Act-1952 2) The Oil Mines Regulation-2014
- (b) To validate and approve Design of Fire water storage, flow rate, pump, distribution network, fire water network diagram, fire water drenching pump and jockey pumps, Portable Fire Extinguisher arrangement, Fire water ring main with hydrants & monitors, Fixed fire water sprays system, Clean Agent Fire protection system etc. as applicable as per the LSTK Contract.
- (c) To ensure that P&ID & Layout drawings are prepared for all Fire Fighting network & Foam System and Fire alarm & Detection system etc. as applicable.
- (d) To ensure that technical specifications/data sheet of all fire-fighting equipment are prepared by LSTK and approve the same for submission to OIL.
- (e) Approval of drawings/documents/materials/equipment of LSTK Contractor or its vendors during execution as necessary with respect to engineering performed by the contractor and supply of items.
- (f) To ensure the erection, testing & commissioning of all fire protection systems fulfilling all requirements of the LSTK Contract with conformance to standards and certify the same.

**3.7.2 SAFETY & ENVIRONMENT:**

- (a) PMC shall ensure that DGMS approvals are obtained by the LSTK Contractor for those equipments requiring approvals.
- (b) All LSTK Contractor personnel will have to undergo Mines Vocational Training, IME, PME prior to deployment in the mine. PMC to ensure and report. PMC shall

ensure that the LSTK personnel are insured as per insurance conditions appearing in the LSTK Tender.

- (c) To ensure Digitization of drawings, (P&I) diagrams are done.
- (d) Ensure all piping including Fire water lines should be above ground and should have single point support.
- (e) To ensure that Standards for emissions from storage of volatile liquids are considered.
- (f) To evaluate and approve the Disaster Management Plan prepared by LSTK Contractor.
- (g) To ensure that the LSTK Contractor adheres to the OIL HSE Policy.
- (h) To ensure that adequate safety measures are taken by LSTK Contractor during the construction phase. PMC shall depute a professionally qualified safety officer for the Project.
- (i) To ensure that tool box meeting, site safety meetings etc. are conducted on regular basis.
- (j) To ensure that the Contractor's workers are equipped with adequate PPE as per job requirements.
- (k) PMC shall maintain a safety register for recording job site safety lapses by the LSTK Contractor. PMC shall also report to OIL any near miss occurring during the project in proper format.
- (l) PMC to ensure that DGMS returns are submitted by the LSTK Contractor from time to time.
- (m) PMC shall ensure that all its personnel are provided with required PPEs and shall take all necessary measures to protect its man, machinery and equipment. PMC and PMC alone shall be responsible for any incident, injury to its personnel or any other individual or equipment occurring due to non-use of PPEs, lapse of safety measures by PMC personnel, unsafe practices by PMC personnel etc.
- (n) PMC shall approve the safety policy of the LSTK Contractor.
- (o) PMC shall ensure that the work is well maintained and free from any hazards. PMC shall also ensure that proper sanitation facilities are arranged by the LSTK Contractor for protection of the surrounding environment.
- (p) PMC shall ensure that a job specific SOP for the construction activities (viz, welding, work at height, loading, unloading etc.) covering all activities is prepared by the LSTK and submit to PMC/ OIL for approval.
- (q) In absence of a stipulated provision, sound industry practices shall guide the project execution works both by LSTK and PMC.

Contractor to comply with all the applicable statutory norms.

**3.8 PROJECT MANAGEMENT :** The Project Manager/RCM of PMC shall be prime contact between the OIL and PMC contractor. He shall be assisted by appropriate staff to control and coordinate all aspects of engineering and other related activities. In order

to control the project the Project Manager shall develop an overall project schedule and S curves for physical progress and financial budgeting to ensure that the project is completed within the stipulated time frame and cost. The project schedule shall be used as a basis of reporting the progress of the work on a monthly basis.

The major responsibilities of the Project Manager and his team shall be:

- (a) Project Manager shall be engaged as soon as LOA is issued to PMC.
- (b) Liaison with OIL.
- (c) Carryout overall project management and administration of the project works covering planning, review, co-ordination and reporting.
- (d) Responsible for all acts and omissions of the LSTK contractor in regard to successful execution and commissioning of the project.
- (e) Overall management of the project including assisting OIL in cost control reporting in mutually agreed format using modern management tools.
- (f) The PM (Project Manager) will not use the project data for any purpose other than this project and will ensure complete secrecy of the data.
- (g) Holding periodical review meetings with LSTK contractor to monitor the progress, identify constraints, slippages and suggest remedial measures.
- (h) Preparation of reports.
- (i) Prepare Procurement Status Report as and when required by OIL.
- (j) In the event LSTK decides to engage some engineering firm other than that mentioned in the LSTK tender, the PMC has to ensure the suitability of the firm as per the LSTK tender specifications and submit its report to OIL.
- (k) PMC shall carry out delay analysis of the project from time to time on advice from OIL.
- (l) PMC shall ensure that all Handing over documents during Project closure are in order and complete in all respects and certify the same.
- (m) During the progress of the project, if certain changes in the scope of the LSTK are envisaged, PMC shall provide estimates for such changes and also examine and validate the estimate provided for such changes by the LSTK. PMC shall also provide technical and financial justifications for such changes and assist OIL in preparation and approval of Change Orders from Competent authority. PMC shall also provide justifications for any audit queries arising out of such acts raised within one year of plant commissioning.
- (n) The PMC shall be **present at the Kick-Off-Meeting** to be held with the LSTK Contractor at Duliajan at its own cost.

**Carrying out Final Project Delay analysis if any on advice from OIL, carrying out LSTK Contract Closure activities etc. :** PMC shall submit a Project Close Out report to OIL either based on LSTK Contractor's report (if applicable) or on its own.

- (o) The Project Manager (if not deputed at site) shall visit actual job site, attend

meeting with OIL Project team, and LSTK Contractor at least once in 2 months. He shall also visit OIL for specific Project requirements, meeting with OIL's authorities etc. as and when intimated by OIL.

**3.9 PURCHASE MANAGEMENT :** It will include but not limited to the following :

PMC shall refer to the relevant clauses of LSTK Tender attached herewith to ascertain their degree of involvement in line with the scope of this tender.

- (a) Review all technical specifications for LSTK contractor for the purchase, supply, installation, construction and commissioning of project. PMC to ensure the equipments and parts are of national/international standard as per prevailing industry practice and new in make.
- (b) To ensure that the vendor selection for all items and equipment is as per the vendor selection criteria provided in the LSTK Tender. PMC shall approve the RFQs of the LSTK Contractor and ensure the completeness and compliance of the same in all respects. PMS shall also be responsible for approval of the selected vendors/suppliers with intimation to OIL.
- (c) Providing inputs to get Secrecy Agreement executed by LSTK contractor with process licensor, wherever necessary.
- (d) PMC shall cross check the P.O copies placed by the LSTK Contractor on the equipment/material suppliers for their genuineness. On advice from OIL, PMC shall liaise with the suppliers and vendors to ensure that the orders are actually placed and payments made to the supplier/vendor by the LSTK Contractor against the items for which the LSTK Contractor has raised invoice or LSTK payment has been released.
- (e) To ensure and check the validity, applicability and correctness of the equipment guarantee/warranty certificates submitted by the LSTK Contractor from the equipment suppliers and to ensure that the same protects the interest of OIL.
- (f) Assist LSTK Contractor/OIL in obtaining clearance from Empowered Committee.
- (g) The PMC would assist OIL in replying all audit queries raised within one year of plant commissioning.
- (h) The PMC shall liaise with equipment/material suppliers to expedite delivery.
- (i) To ensure that all spare parts required are supplied by the vendors/LSTK Contractor and certify the same for accuracy of fit, quality and quantity.

**3.10 INSPECTION/EXPEDITING SERVICES:**

- (a) Reviewing essential documents, Supplier's TPI certificates, MOC certificates etc. and overall checks on quality for supplies.
- (b) Ensuring that the TPI engaged for equipment inspection and site inspection are as per the approved TPI list.
- (c) Inspection of critical equipment at identified stages for supplies.
- (d) Review and approval of QA/QC/QAP programme of the LSTK Contractor.

- (e) Witnessing field performance test of critical equipment.
- (f) Certifying site based 3<sup>rd</sup> Party inspection reports for all engineering disciplines.
- (g) Ensuring that the inspection activities are carried out as per approved QAP.
- (h) Expediting vendor's work on case to case basis, required from time to time at the discretion of OIL.
- (i) Ensuring that all materials mechanical, electrical, instrumentation etc. required for the project are delivered as per approved BOM/MTO. The individual BOM/ MTO for each discipline, item etc. shall be reviewed and approved by the PMC.
- (j) It is the overall responsibility of the PMC to ensure that all the equipments/ materials/machineries etc. required for the project are of sound quality as per the industry standards/LSTK tender requirements and meet the requirements/ specifications for successful commissioning and operation of the project. **Any delay in the Project due to faulty inspection shall be attributable to the PMC.**
- (k) The PMC shall depute its personnel at Vendor's location within India for carrying out inspection services viz. witnessing and certifying of the following: Raw Materials used, Surface preparations, Paintings, conformance to drawings & standards, NDT, Hydrotests etc. of various equipment on intimation by OIL. The PMC is required to quote its rate against such services which shall be inclusive of all expenses for a maximum number of 2 days for 1 person.

**3.11 DOCUMENTATION & SUBMISSION OF REPORTS :** PMC shall prepare and submit reports as follows and as mentioned in various clauses and annexure. The format of the report shall be discussed and mutually agreed between OIL & PMC. Daily, weekly and monthly reports shall be generated from the LSTK submitted reports with opinion/remarks of PMC. In case LSTK fails to submit the report, PMC shall generate on its own. In general reports shall be submitted in Soft form. However, on advice from OIL based on the requirements, PMC shall submit the Monthly reports and quarterly reports in Hard copies 2 Nos. also. However, it is the responsibility of the PMC to ensure the timely submission of reports by the LSTK. Reports should include the followings:

**1) Project Progress Reports** shall include -

- i. **Daily Report:** Daily report should include day to day progress report of site work as well as engineering activities.
- ii. **Weekly report :** Weekly reports will include the works completed at the end of the week and also the target jobs of the next week. It should also include material or equipment procurement status report, if any.
- iii. **Monthly Report :** Monthly progress reports shall include the historical background of the Project; a brief description of actual versus planned progress; problems encountered and resolutions; and comments on the quality of work and LSTK Contractor's performance. The reports shall include graphs or charts showing physical progress of works. The reports shall also include colour photographs showing completed work and construction activities undertaken during the relevant reporting period.

Monthly report should also indicate item wise detail status of various procurement and status of statutory approvals. Monthly report will contain a section devoted entirely to an assessment of the impact of accumulated delays, if any, in the execution of works and a projected date for completing the delayed jobs without affecting the Project schedule. The progress report shall highlight the specific delays, impact of accumulated delays, reason for such delays, action plans proposed to bring back to original schedule, major bottlenecks and holdups. The format of the progress report shall be discussed and mutually agreed between OIL and PMC.

Each report shall contain a section devoted to reporting the status of Emergency Works and Work Orders issued to the LSTK Contractor, detailing the dates of notification and subsequent actions and the time and cost effects as assessed, where appropriate.

**iv. QUARTERLY REPORT** : The PMC shall prepare quarterly reports that summarise the content of the monthly reports, giving an overview of progress on the contract and the main issues that have arisen during the period. Each quarterly report shall contain an introduction presenting historical project background to set the current report in context. The report should contain an analysis of the LSTK Contractor's performance.

**2) Accident Reports** - A report of the circumstances of any significant accidents occurring during execution of the project shall be forwarded to OIL.

**3) OTHER DOCUMENTATION** : The PMC shall keep record as mentioned below, but not limited to the followings :

- (i) Maintain at the project site orderly files for correspondence, reports of site meetings, product and material submissions, site instructions, information and drawings issued subsequent to the start of works contract, as well as Consultant's clarifications and interpretations of the contract documents, progress reports and other related documents.
- (ii) Keep a diary or log, recording daily activities, decisions, observations in general, and specific observations in more detail as in the case of observing test procedures.
- (iii) Records and Minutes of the Meetings held with the PMC and with the LSTK and OIL.

### **3.12 PROJECT MONITORING & CONSTRUCTION SUPERVISION :**

Project Monitoring, Overall Construction Supervision shall be in line with but not limited to the points mentioned below. OIL shall have the right to verify, cross check the same from time to time.

- i. The PMC to facilitate Guiding/supervising/monitoring in the preparation of 3D Computer modelling with simulation of the GCS by LSTK contractor. Guiding/monitoring for updating of construction sequences in the 3D computer animated model with simulation & Life Cycle Data sheet by LSTK Contractor. It is the responsibility of the PMC to ensure that 3D model is complete in all respects.

- ii. The PMC shall ensure the mobilization by the LSTK Contractor as per the LSTK Contract and certify the mobilization carried out by the LSTK Contractor.
- iii. Construction supervision and assistance in project management.
- iv. Adherence by the LSTK Contractor to the SOW requirements and control.
- v. Monitor and control the project schedule.
- vi. Ensure quality control and safety of operation and certify the jobs executed by LSTK contractor.
- vii. Ensure adherence by the LSTK Contractor to statutory guidelines followed in upstream oil & gas industry.
- viii. Liaise with the LSTK Contractor in documentation, review and validation of equipment log book, review and validation of Safe Operating Procedure for all equipment and various facilities including and not limited to civil, mechanical, electrical, instrumentation.
- ix. The PMC to ensure Finalization & completion of as built live 3D Computer animated walkthrough model of the LSTK Contractor and submission to OIL.
- x. Review and validation of list of BOM (Bill of materials) in soft and hard form of all materials & equipments installed at the plant along with quantities, manufacturer details, technical specifications etc and submission to OIL.
- xi. Monitor Pre-commissioning of individual process blocks and equipments along with LSTK contractor and submit commission report to OIL.
- xii. Provide necessary competent supervisory staff in the related discipline at the construction site to review/supervise construction, erection of plant and equipment, civil and structural engineering works and others, approve the materials and workmanship.
- xiii. Supervise site development works like site grading, construction of roads, culverts, storm water drains, etc.
- xiv. Carry out Technical audit review for supervision of civil/structural/mechanical erection of equipment and machinery and piping.
- xv. Carry out Technical audit review for supervision of erection and installation of all electrical and instruments as necessary.
- xvi. Supervision and verification of the final tests carried out after erection/installation of equipment and machinery, electrical, instruments and piping for turnkey package plants.
- xvii. Organize periodic site management meeting with the LSTK contractor to ensure that work is carried out in safe manner in accordance with the specifications and to the regulations.
- xviii. Organize Project Review Meeting with OIL and the LSTK Contractor.
- xix. The PMC will assist OIL for maintaining record and enforcement of labour laws

and other statutory requirements applicable in the state including insurance of workmen.

- xx. Measurement of works carried out by the LSTK Contractor and certify the invoices submitted thereof by the LSTK Contractor for the works completed and submit to OIL.
- xxi. The PMC shall ensure that all necessary construction equipment, tools and tackles required for the project are mobilized by the LSTK Contractor. Such machinery shall be of good health and proper condition.
- xxii. The PMC shall ensure that all equipments, measuring tools etc. used are calibrated (wherever applicable) and shall check for validity of the calibration certificates.
- xxiii. The PMC shall ensure that all the activities carried out by the LSTK Contractor are within the provisions of the LSTK Contract and laws and regulations prevailing at the time.
- xxiv. The PMC shall ensure that the personnel/workers/labours employed by the LSTK Contractor undergo PME medical examinations and MVT training.
- xxv. The PMC shall also ensure that all the insurance clauses for man, materials and equipments appearing in the LSTK Contract are followed by the LSTK Contractor and shall check and verify such documents thereto.

**3.13 TRIAL RUN & COMMISSIONING OF THE PLANT ALONG WITH OIL'S PERSONNEL AND THE LSTK CONTRACTOR :** After testing and mechanical completion of project, the PMC shall ensure successful commissioning of the plant by the LSTK Contractor to the satisfaction of OIL and also ensure training of personnel from OIL by the Contractor LSTK during the period of trial. Activities shall include:

- i. Assisting the LSTK Contractor for Successful continuous Trouble free Trial run of the Plant along with all installed equipments by the Contractor LSTK with supervision and monitoring by the PMC. The PMC shall submit final certificate of successful trouble free running of the whole plant with acceptable parameters. Review of P&IDs, approval of all as-built drawings.
- ii. Liasoning with LSTK Contractor in Preparation of Standard Operation & Maintenance Manual (SOP). SOP shall be prepared by the LSTK Contractor and reviewed & approved by the PMC. Plant Operating manual will outline process sequence, instrument control, start up and shutdown procedures, etc. Review of operating manual prepared by the LSTK Contractor.
- iii. Review of plot plan, unit layouts, control room and panel layouts, instrument logics etc. as necessary.
- iv. Review of start up shutdown and emergency provisions and procedures.
- v. Participate in planning and scheduling of plant start up activities, wherever necessary.
- vi. Liaise with the LSTK Contractor in preparation of pre-commissioning program and to assign priorities during final stages of construction

work.

- vii. Check plant units for mechanical completion and pre-commissioning at site.
- viii. The PMC shall ensure that all statutory approvals for the installed instrument/facility have been obtained by the LSTK Contractor prior to commissioning of the Plant and submit all the documents and certificates to OIL.
- ix. The process units shall be considered to be commissioned successfully when all the units, with instrumentation / control systems, process, utilities and support systems have been on uninterrupted stable operation for not less than 72 hours. Whether the 72 hours operation has been successful or not, shall be decided jointly by the PMC and OIL based on observations recorded during 72 hours. The countdown for 72 hours operation shall start only after unit has been on stable operation with all controls and safety system in normal operation for a period of not less than 48 hours. The unit shall be considered to be commissioned successfully when the entire unit, equipment, with instrumentation/control systems, process, utilities and support systems have been commissioned. If, after successful completion of PGTR any equipment/parts/machinery/vessel/tank etc. Malfunctions/fails during the time period stipulated for commissioning i.e. during the last 3 months of the Project, the LSTK Contractor shall replace/modify the same within warranty conditions. In such a situation the LSTK contractor shall undertake PGTR once again after replacement/ repairing of the equipment or part as applicable. The extent of repair i.e. replacement of part or replacement of the equipment or minor repair shall be jointly agreed by the LSTK and PMC/OIL.
- x. Monitoring of training activities provided by LSTK to OIL personnel, if applicable.
- xi. Assistance in preparation and review and approval of draft commissioning report by LSTK Contractor, Safe Operating Procedure (SOP), O & M manual and maintenance schedule for the installation.
- xii. Final handing over to OIL/Concerned authority.
- xiii. Ensure that all statutory clearance certificates for operation of the GCS are available.

#### **4.0 PMC OFFICE & MANPOWER REQUIREMENT :**

**i) OFFICE SET-UP:** PMC will have to set up an office at Duliajan / Makum with all infrastructure for report generation, project monitoring etc. at its own cost for day-to-day Project co-ordination.

The PMC can carry out the drawing and document approval activities from their permanent office set-up.

**ii) PROJECT MANAGER:** There shall be a professionally qualified Project Manager with Engineering Degree qualification background to lead the Project Team. The Project Manager must have experience of at least **20 years** in the field of design (FEED), Project execution and overall Project Management. He must be well versed with all aspects of, including but not limited to data

acquisitions, installation in Oil & Gas industry and system designing, knowledge of different field proven technologies, comparison and evaluation thereof to identify appropriate and latest proven technology, FEED, detailed design, preparation of tender document specific to the job requirement, material selection, operations, result analysis and trouble shooting, co-ordination and supervision of all kind of activities related to the construction of complete system and commissioning. He shall have the ability and authority required for performance of the consultant's job. He shall liaise with OIL's representative for the proper co-ordination and timely completion of the job.

**iii) RESIDENT CONSTRUCTION MANAGER (RCM):**

The RCM shall be professionally qualified with Engineering Degree qualification in either Mechanical or Civil Engineering having at least **15 years** of experience in Construction activities with at least one project in the capacity of RCM in Oil & Gas sector.

**iv) TEAM MEMBERS / DOMAIN EXPERTS / ENGINEERS:** The Project Team (both Engineering team and Construction team) must comprise of professionally qualified members each having **5 (five) years** experience in the respective domain/professional fields of (i) Mechanical Engineering, (ii) Piping, (iii) Electrical, (iv) Instrumentation, (v) Civil, (vi) Process Engineering, (vii) Safety (viii) Project Planning & Administration (ix) QA/QC etc. Moreover, each of them must have work experience as a team member in at least in one successfully completed surface facility project in Oil & Gas / Petrochemical / Refinery industry.

**v) ENGAGEMENT OF MANPOWER :**

1. The disciplines of tentative Manpower requirement are as below. The number of disciplines and the number of personnel per discipline may vary based on the Project requirement and PMC shall agree to depute any other required discipline or personnel on intimation by OIL.

- i. RCM
- ii. Safety
- iii. Mechanical / Piping
- iv. Civil
- v. Electrical
- vi. Instrumentation
- vii. Planning / Document Controller
- viii. QA / QC
- ix. Commissioning Engineers

4. The manpower required to be deployed at any point of time during the Project shall be intimated to PMC by OIL atleast 7 days in advance from the required date of deputation. Failure to depute any personnel within 7 days from required date of deputation shall attract penalty @Mandays rate quoted by the PMC until the required personnel is deputed.

*The penalty shall be calculated as follows:*

(No. of person failed to be deputed) X (No. of days) X (Quoted Mandays rate).  
The Penalty shall be deducted from Monthly Bills of the PMC.

5. PMC shall maintain a daily register of attendance of their personnel which

may be inspected by OIL at any time.

6. PMC shall be eligible for payment on actual working days but not on off days, holidays etc.

7. During any closure of site activities due to unforeseen reasons or reasons not attributable to the PMC, PMC personnel shall report to OIL's office.

8. OIL may ask the PMC to disengage and re-engage their site personnel based on project requirements, temporary closure of site works for a prolonged period etc. as felt necessary by OIL. PMC shall not be eligible for Mandays payment against the disengaged personnel during that period. Intimation for disengagement shall be given by OIL at least 3 days in advance from the date of disengaging.

Upon resumption of work PMC shall re-depute their personnel on intimation by OIL within 7 days from such intimation. Failure to depute will attract penalty as stated in Sl. 4 above. Payment for the To-Fro cycle trips for such disengage-reengage shall be made on the number of actual trips as per the rate quoted by the PMC. Payment shall be made only after the disengaged discipline Engineer is re-engaged to work upon intimation by OIL. PMC shall not be eligible for payment if the discipline Engineer is disengaged but not re-engaged again. PMC shall also not be eligible for payment on replacement of the discipline Engineer due to PMC's internal reasons, personnel going on leave, or on intimation by OIL due to non-performance of the personnel.

9. PMC shall not be paid for the number of days any of their personnel going on leave. If required by OIL, PMC shall agree to suitably replace any personnel going on leave.

10. The PMC shall take necessary action for their office set-up / accommodation of their personnel during their visit for Kick-Off-Meeting.

11. For calculating the Number of days of intimation Sundays and holidays shall also be calculated.

**Note:**

- (i) PMC shall submit the profiles of their personnel for OIL's approval.
- (ii) Electrical personnel (domain expert) engaged at site shall have Electrical supervisor's Certificate of Competency issued/vetted/recognized by State Electricity Board, Assam or Equivalent State Board.

**5.0 PROJECT SCHEDULE :**

The PMC shall work within the indicated time schedule as given under:

- i. **21 (Twenty one) Months** for Project Monitoring, Over all Construction Supervision. Project Management and execution including Supervision of LSTK contractor's works on Drawing approvals, Residual Engineering, supply, Constructions and Erection of various equipment/ materials etc under guidelines from OIL

- ii. **3 (Three) Months** for Trial run and commissioning of the plant. Commissioning of facilities after due testing and arrangement of statutory permission and licenses as applicable. Handing over operation and maintenance manual for the major equipment to OIL.
- iii. **3 (Three) Months** for delay analysis (as applicable), Documentation and Project Close out.

**6.0 PLANT BATTERY LIMITS:** The battery limit of LSTK shall be within the Boundary wall of the project site.

**7.0 TIME SCHEDULE:** The project shall be executed and completed in all respects within the quoted project completion period from the **date of issue of Letter of Award (L.O.A.)** to the successful PMC. The successful PMC upon issuance of L.O.A. shall submit to OIL an implementation schedule and be obliged for its strict adherence.

**8.0 PMC DELIVERABLES :** A tentative guideline for the PMC deliverables against the SOR line items is provided below. However, the same shall not be considered as exhaustive and final. The PMC shall agree to carry out all activities required for completion of the project.

#### **8.1 Line Item 10 of SOR: Overall Project management**

This item covers Day to day activities required for Management of the Project other than site supervision.

A broad guideline of jobs involved are as follows.

- i. Liaison with OIL, PMC and its vendors on day to day basis.
- ii. Purchase Management
- iii. Various report generations
- iv. Holding meetings with PMC or its vendors
- v. Project Planning & Scheduling
- vi. Delay Analysis
- vii. Project Close out etc.

PMC to note that the above is only a guideline. Any activity appearing anywhere in the Tender and also any activity not appearing in the tender but forms a part of Project Management Philosophy required for completion of the Project other than site supervision, Document approval and inspection services shall be a part of this item.

#### **8.2 Line Item 20 of SOR: Document approval**

This item covers all Document approvals as detailed in Clause 3.0 - Detailed scope of Work of PMC. A brief outline is provided below for reference only. The list below is not exhaustive and PMC shall carry out any other approvals required over and above those appearing below and appearing under Clause 3.0 as per requirement of the Project:

- (i) Approval of all Engineering drawings submitted by the LSTK, or its vendors or suppliers during the entire course of the project upto project handing over to OIL.
- (ii) Approval of all datasheets, PFDs, P&IDs etc.
- (iii) Approval of all manuals, reports etc, vendor specs, MR, PR etc.
- (iv) Approval of all safety studies carried out by LSTK viz, HAZOP/HAZID, QRA, EERA, SIL

etc.,

(v) Approval of 3D model.

(vi) Approval of As-built drawings

(vi) Approval of any other document submitted by the LSTK Contractor.

(vii) Payment to the PMC will be based on the DCI submitted by the LSTK by assigning proper weightage against each document. If required a PMC Billing schedule against line item 20 shall be generated based on the DCI. The weightage shall be reviewed by OIL. On subsequent inclusion of any additional drawing, document etc. in the DCI, the weightage shall be reviewed and revised during the course of the project execution. It is the responsibility of the PMC to ensure timely submission of the DCI by the LSTK Contractor and to ensure its completeness and correctness.

### **8.3 Line Item 30 of SOR: Construction Supervision**

This item shall cover all activities related to but not limited to Project Monitoring, Overall Construction Supervision, site works quality assurance, conformance to standards and Engineering drawings, Certifying of works carried out, Trial run & commissioning activities, site based Review / Approval of As-built drawings etc. as Detailed under Clause 3.0 - Detailed scope of Work of PMC. All other activities which forms a part of Construction Supervision but not appearing in the tender shall be carried out by the PMC. The manpower deployment shall be as mentioned under clause 4.0 ("Engagement of Manpower").

### **8.4 Line Item 40 of SOR: Disengagement-reengagement of PMC Personnel**

This item covers disengagement-reengagement of PMC Personnel by OIL as detailed in Clause 4.0- V of SOW/TOR.

### **8.5 Line Item 50 of SOR: Inspection Services**

This item covers the inspection services to be carried out for equipment inspection at vendor's location in India for a maximum number of 2 days for 1 person. Refer to Clause 3.10 (k) for details.

## **9.0 SPECIAL CLAUSES:**

9.1 The PMC shall replace any of their personnel(s) at any point of time during the contractual period if, in the opinion of OIL, the said personnel(s) is/are not suitable to be member(s) of the Service team for sufficient reasons.

9.2 The PMC shall refer to the LSTK Tender for detailed understanding of their involvement. OIL may request the PMC for changes, modifications, deletions and/or additions to the PMC's Scope of work over and above to those appearing in the LSTK Tender or the PMC Tender and the PMC shall carry out such changes etc. after mutual agreement with consideration of cost implications arising from such changes, if any.

9.3 All PMC personnel will have to undergo Mines Vocational Training (MVT) prior to deployment in the mine.

9.4 All PMC personnel engaged at site will have to undergo IME/PME.

9.5 The PMC to adhere to OIL's HSE Management System and HSE Policy.

9.6 For protecting the interest of Oil India Limited, The PMC or any of its personnel shall

not be involved or engaged as the Engineering Consultant or perform any such duties on behalf of the LSTK Contractor.

**10.0 GUARANTEES :**

**10.1 GENERAL:** The PMC shall guarantee that the design and engineering works and services shall be as specified and technical documentation to be developed shall be in accordance with sound and established engineering practices, using International standards and Indian Codes and Regulations, wherever applicable, for the purpose specified, free from defects and suitable for respective uses intended.

**10.2 ENGINEERING:** In the event of faulty engineering i.e. error or omission in the technical studies, work performed by the PMC; in respect of work described herein, for which the PMC will be solely responsible, the PMC must agree to provide services to furnish corrective technical studies and engineering as may be required without any additional cost to OIL.

**11.0 LIQUIDATED DAMAGES FOR DELAYS :** In the event of the project getting delayed beyond the stipulated completion time solely due to acts or omissions to act by the PMC, OIL shall be entitled to recover liquidated damages as per Terms & Conditions of the this Tender Document.

**PROFORMA -IV**

**INTEGRITY PACT**

Between

Oil India Limited (OIL) hereinafter referred to as "The Principal"

And

(Name of the bidder )..... hereinafter referred to as "The Bidder/Contractor"

**Preamble :**

The Principal intends to award, under laid down organizational procedures, contract/s for **“HIRING OF SERVICES OF EPMC FOR CREATION OF GGS AT BAGHJAN IN UPPER ASSAM”**.

The Principal values full compliance with all relevant laws and regulations, and the principles of economic use of resources, and of fairness and transparency in its relations with its Bidder/s and Contractor/s.

In order to achieve these goals, the Principal cooperates with the renowned international Non-Governmental Organisation "Transparency International" (TI). Following TI's national and international experience, the Principal will appoint an external independent Monitor who will monitor the tender process and the execution of the contract for compliance with the principles mentioned above.

**Section 1 - Commitments of the Principal**

(1) The Principal commits itself to take all measures necessary to prevent corruption and to observe the following principles:-

1. No employee of the Principal, personally or through family members, will in connection with the tender for, or the execution of a contract, demand, take a promise for or accept, for him/herself or third person, any material or immaterial benefit which he/she is not legally entitled to.
  2. The Principal will, during the tender process treat all Bidders with equity and reason. The Principal will in particular, before and during the tender process, provide to all Bidders the same information and will not provide to any Bidder confidential/additional information through which the Bidder could obtain an advantage in relation to the tender process or the contract execution.
  3. The Principal will exclude from the process all known prejudiced persons.
- (2) If the Principal obtains information on the conduct of any of its employees which is a criminal offence under the relevant Anti-Corruption Laws of India, or if there be a substantive suspicion in this regard, the Principal will inform its Vigilance Office and in addition can initiate disciplinary actions.

## **Section 2 - Commitments of the Bidder/Contractor**

- (1) The Bidder/Contractor commits itself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the tender process and during the contract execution.
1. The Bidder/Contractor will not, directly or through any other person or firm, offer, promise or give to any of the Principal's employees involved in the tender process or the execution of the contract or to any third person any material or immaterial benefit which he/she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the tender process or during the execution of the contract.
  2. The Bidder/Contractor will not enter with other Bidders into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, Subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to introduce cartelisation in the bidding process.
  3. The Bidder/Contractor will not commit any offence under the relevant Anticorruption Laws of India; further the Bidder/Contractor will not use improperly, for purposes of competition or personal gain, or pass on to others, any information or document provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.
  4. The Bidder/Contractor will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the Contract.
- (2) The Bidder/Contractor will not instigate third persons to commit offences outlined above or be an accessory to such offences.

## **Section 3- Disqualification from tender process and exclusion from future Contracts**

If the Bidder, before contract award has committed a transgression through a violation of Section 2 or in any other form such as to put his reliability or risibility as Bidder into question, the Principal is entitled to disqualify the Bidder from the tender process or to terminate the contract, if already signed, for such reason.

1. If the Bidder/Contractor has committed a transgression through a violation of Section 2 such as to put his reliability or credibility into question, the Principal is entitled also to exclude the Bidder/Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, in particular the number of transgressions, the position of the transgressions within the company hierarchy of the Bidder and the amount of the damage. The exclusion will be imposed for a minimum of 6 months and maximum of 3 years.
2. The Bidder accepts and undertakes to respect and uphold the Principal's Absolute right to resort to and impose such exclusion and further accepts and undertakes not to challenge or question such exclusion on any ground, including the lack of any hearing before the decision to resort to such exclusion is taken. This undertaking is given freely and after obtaining independent legal advice.
3. If the Bidder/Contractor can prove that he has restored/recouped the Damage caused by him and has installed a suitable corruption prevention system, the Principal may revoke the exclusion prematurely.
4. A transgression is considered to have occurred if in light of available evidence no reasonable doubt is possible.

#### **Section 4 - Compensation for Damages**

1. If the Principal has disqualified the Bidder from the tender process prior to the award according to Section 3, the Principal is entitled to demand and recover from the Bidder liquidated damages equivalent to 3 % of the value of the offer or the amount equivalent to Earnest Money Deposit/Bid Security, whichever is higher.
2. If the Principal has terminated the contract according to Section 3, or if the Principal is entitled to terminate the contract according to section 3, the Principal shall be entitled to demand and recover from the Contractor liquidated damages equivalent to 5% of the contract value or the amount equivalent to Security Deposit/Performance Bank Guarantee, whichever is higher.
3. The bidder agrees and undertakes to pay the said amounts without protest or demur subject only to condition that if the Bidder/Contractor can prove and establish that the exclusion of the Bidder from the tender process or the termination of the contract after the contract award has caused no damage or less damage than the amount or the liquidated damages, the Bidder/Contractor shall compensate the Principal only to the extent of the damage in the amount proved.

**Section 5 - Previous transgression**

1. The Bidder declares that no previous transgression occurred in the last 3 years with any other Company in any country conforming to the TI approach or with any other Public Sector Enterprise in India that could justify his exclusion from the tender process.
2. If the Bidder makes incorrect statement on this subject, he can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

**Section 6 - Equal treatment of all Bidders/Contractor/Subcontractors**

1. The Bidder/Contractor undertakes to demand from all subcontractors a commitment in conformity with this Integrity Pact, and to submit it to the Principal before contract signing.
2. The Principal will enter into agreements with identical conditions as this one with all Bidders, Contractors and Subcontractors.
3. The Principal will disqualify from the tender process all bidders who do not sign this Pact or violate its provisions.

**Section 7 - Criminal charges against violating Bidders/Contractors/Subcontractors**

If the Principal obtains knowledge of conduct of a Bidder, Contractor or Subcontractor, or of an employee or a representative or an associate of a Bidder, Contractor or Subcontractor, which constitutes corruption, or if the Principal has substantive suspicion in this regard, the Principal will inform the Vigilance Office.

**Section 8 - External Independent Monitor/Monitors**

**(three in number depending on the size of the contract)**

**(to be decided by the Chairperson of the Principal)**

1. The Principal appoints competent and credible external independent Monitor for this Pact. The task of the Monitor is to review independently and objectively, whether and to what extent the parties comply with the obligations under this agreement.
2. The Monitor is not subject to instructions by the representatives of the parties and performs his functions neutrally and independently. He reports to the Chairperson of the Board of the Principal.

3. The Contractor accepts that the Monitor has the right to access without restriction to all Project documentation of the Principal including that provided by the Contractor. The Contractor will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor is under contractual obligation to treat the information and documents of the Bidder/Contractor/Subcontractor with confidentiality.
4. The Principal will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the Principal and the Contractor. The parties offer to the Monitor the option to participate in such meetings.
5. As soon as the Monitor notices, or believes to notice, a violation of this agreement, he will so inform the Management of the Principal and request the Management to discontinue or heal the violation, or to take other relevant action. The monitor can in this regard submit non-binding recommendations. Beyond this, the Monitor has no right to demand from the parties that they act in a specific manner, refrain from action or tolerate action.
6. The Monitor will submit a written report to the Chairperson of the Board of the Principal within 8 to 10 weeks from the date of reference or intimation to him by the 'Principal' and, should the occasion arise, submit proposals for correcting problematic situations.
7. If the Monitor has reported to the Chairperson of the Board a substantiated suspicion of an offence under relevant Anti-Corruption Laws of India, and the Chairperson has not, within reasonable time, taken visible action to proceed against such offence or reported it to the Vigilance Office, the Monitor may also transmit this information directly to the Central Vigilance Commissioner, Government of India.
8. The word 'Monitor' would include both singular and plural.

#### **Section 9 - Pact Duration**

This Pact begins when both parties have legally signed it. It expires for the Contractor 12 months after the last payment under the respective contract, and for all other Bidders 6 months after the contract has been awarded.

If any claim is made/ lodged during this time, the same shall be binding and continue to be valid despite the lapse of this pact as specified above, unless it is discharged/determined by Chairperson of the Principal.

page 6 of 6

**Section 10 - Other provisions**

1. This agreement is subject to Indian Law. Place of performance and jurisdiction is the Registered Office of the Principal, i.e. New Delhi.
2. Changes and supplements as well as termination notices need to be made in writing. Side agreements have not been made.
3. If the Contractor is a partnership or a consortium, this agreement must be, signed by all partners or consortium members.
4. Should one or several provisions of this agreement turn out to be invalid, the remainder of this agreement remains valid. In this case, the parties will strive to come to an agreement to their original intentions.
