OIL INDIA LIMITED
DULIAJAN
Rules for Draw of Lots (Lottery) to be held on 08.12.2016 (8:30am onwards)
Venue: Contracts Department, Duliajan, Assam
(Ref.: Tender No. DCT0124P16 - Hiring services of brand new 44/48 buses)

This is for general information to all concerned that the following rules will be applicable for the above noted Draw of Lots (lottery):

1.0 Lottery number has been allotted to each eligible bidder from “**001**” to “**326**”.

The list of bidders eligible for the lottery with lottery number (the number to be considered in the lottery against each eligible bidder) allotted to each eligible bidder are available & may be seen at the Notice Board & in OIL’s website **www.oil-india.com**.

2.0 The allotted lottery numbers consists of **03 (three)** digits.

3.0 There will be **03 (three)** tombola cages:

3.1 “**Cage-A**” will contain digits from “**0**” to “**9**” (**total ten tombola balls**) for drawing out the digit for the “**unit**” place.

3.2 “**Cage-B**” will contain digits from “**0**” to “**9**” (**total ten tombola balls**) for drawing out the digit for the “**tenth**” place.

3.3 “**Cage-C**” will contain three numbers of digits “0”, three numbers of digits “1”, three numbers of digits “2” & three numbers of digits “3” for drawing out the digit for the “**hundredth**” place.

4.0 **Procedure for Draw:**

4.1 First the digit in the “**unit**” place will be drawn from the “**Cage-A**”. The digit coming out will be for the **unit place (within 0 to 9)** which after recording will be put back into the cage.

For illustration, the digit coming out, say “**9**”, means the digit in the **unit place** is “**9**”.

4.2 For the digit in the “**tenth**” place, draw will be done from the “**Cage-B**” in a similar manner and after recording the number (**within 0 to 9**) will be put back into the cage.

For illustration, the digit coming out, say “**1**”, means the digit in the **tenth place** is “**1**”.

4.3 For the digit in the “**hundredth**” place, draw will be done from the “**Cage-C**”. The digit coming out will be for the **hundredth place (within 0 to 3)**, which after recording will be put back into the cage.

For illustration, the digit coming out, say “**0**”, means the digit in the **hundredth place** is “**0**”

4.4 After drawing numbers from Cage-A, B & C, a three digit number will be found. From the above illustration, the number found is “**019**”. The number thus found will be recorded & assigned a “**Priority Number**” to the corresponding eligible bidder as per list of bidders eligible for the draw of lots (lottery) as mentioned in **Para-1.0**.

4.5 The eligible bidder thus shortlisted first will be assigned as Priority No. “**1**”. Draw shall be continued similarly for selecting Priority Number “**1**” to “**29**”.

5.0 **Redraw:** Redraw for all the digits for a particular priority number will be done in case of following instances:

(i) If the number found is “**000**”.

(ii) If the number is found to be greater than “**326**”.

(iii) If the number found is a repeat number.

In all the above cases, draw will be repeated for that priority number.

6.0 The numbers drawn, priority number & the name of the bidder thus prioritized shall only be announced during the lottery.

7.0 Draw of Lots (Lottery) will be done by a member from the public/bidder present at the time of Lottery and the person drawing the same will be required to put his/her signature against the numbers drawn by him/her.

8.0 Audio and video recording of the proceedings of the lottery shall be done depending on availability of such system.

9.0 Subsequent processing & award of contract for hiring of the required service shall be guided as per terms & conditions of the tender.
