<b>Sl. No</b>	<b>Department</b>	<b>Name of Work and Location</b>	<b>Tender Cost Rs. (In Lakhs)</b>	<b>Agreement / PO no. and Date of award</b>	<b>Name of Agency to whom contract awarded</b>	<b>Date/Letter no. to Board for scrutiny and vetting</b>	<b>Approval Reference</b>	<b>Remarks of Department (condition which necessitated nomination)</b>
<b>1</b>	ES (RE)	Hiring Operation and Maintenance of only Balance of Plant (BoP) for OIL's 13.6 MW Wind Energy Power Plant at Luderva, Rajasthan	11.50	6120639 Dated 16.10.2024	M/s Kintech Global Services Private Limited	RF/C&P/NO MIN. P/7269	RF/C&P/NO MIN. P/7269	<p>With M/s. NALCO pausing the tendering process and instead opting only to negotiate with M/s. SGRPPL for extension of O&amp;M contract, Oil must now take the initiative to secure its own O&amp;M services. To ensure continuity of operations at the Luderva Wind Energy Plant, Oil needs to float a tender for its capacity and place the necessary orders for a new vendor. In the meantime, OIL, needs to extend its contract with M/s. Kintech Global Services Private Limited for an additional 12 months, extending up to September 2025.</p> <p>This extension is crucial to maintaining uninterrupted operations and preventing further disruptions and revenue losses caused by the ongoing Row issues. By continuing with M/s. Kintech Global Services Private Limited, Oil ensures that the plant's BOP management remains stable during this transitional period.</p> <p>Furthermore, the new contract with M/s. Kintech Global Services Private Limited would include a provision for pre-closure (with a period of 30 Days), allowing OIL the flexibility to terminate the contract before September 2025 if a new Comprehensive O&amp;M vendor is secured earlier. This flexibility ensures that Oil can seamlessly</p>

								<p>transition to a new provider without being locked into the extended M/s. Kintech Global Services Private Limited agreement, thus aligning with Oil's long-term operational strategy and financial interests. The proposed extension not only addresses immediate operational needs but also positions OIL to manage the transition to a new O&amp;M arrangement effectively.</p> <p>Under the circumstances, this contract has been awarded on nomination basis.</p>
