1	Corporate PR	Designing and Printing of ESG report	6.4	6120965	M/s. SANKET COMMUNICATIONS PVT.LTD.	4362 dated 07.02.2025	<p>a) Reasons and justification for award on nomination basis instead of competitive bidding: The ESG report is a compilation of all efforts by OIL towards preservation of Environment and protection of people and their livelihood since outbreak of blowout till complete restoration of the site and surrounding in the form of book containing the written and pictorial presentation of the efforts to bring finality to the case: Bonani Kakkar vs OIL. The email notification regarding this report was received on 8 January 2025 and the tentative timeline for release of the book was during IEW 2025 to be held in the month of February 2025 (11th -14th). Considering the limited time was available to go through the routine tendering process and looking at the importance of the report for the organization's reputation and corporate image, instead of following the regular route of competitive bidding, it was proposed to engage a professional agency on nomination basis to complete the designing and printing job without any compromise in the quality of the report within a time-bound deadline to ensure the report is released as per the planned schedule.</p> <p>b) Reasons and justification for recommending a particular vendor/service provider for nomination contract: M/s Sanket Communications Pvt Ltd had demonstrated consistent quality, reliability, and timely delivery in previous engagements with OIL, making them a dependable choice. They have the right amount of expertise and capabilities in taking up assignments and ensures continuity in branding and minimizes risks of errors or mismatches. The agency had previously handled designing and printing of OIL Annual Report 2023-24 and OIL E&P Saga Book (Deep Dive) and has a proven track record of maintaining consistency in design, quality, and brand guidelines. The aforesaid agency also offered competitive pricing that provides favourable terms.</p>
