Sl. No	Department	Name of Work and Location	Tender Cost Rs. (In Lakhs)	Agreement / PO no. and Date of award	Name of Agency to whom contract awarded	Date/Letter no. to Board for scrutiny and vetting	Approval Reference	Remarks of Department (condition which necessitated nomination)
1	Engineering Services	Hiring of Manpower Services for Renewable Plants of Rajasthan Field	36.59	6118827 Dated 31.10.2023	M/s Power And Energy Consultants India Pvt. Ltd.	NA	RF/N/7021 Dated 31.10.2023	<p>OIL owns six Renewable Energy Plants across three states - Rajasthan, Gujarat, and Madhya Pradesh. OIL lacks dedicated resources for its Renewable Energy department in the Rajasthan Field to monitor all the plants and also depute site engineers at each plant. Considering this limitation, Contract No. 6113163 was awarded to M/s Power And Energy Consultants India Pvt. Ltd. (M/s PEC) to provide site supervision services for overseeing the Operation &amp; Maintenance of OIL's Renewable Energy plants.</p> <p>Anticipating continued requirement of services rendered vide referred contract, necessary action has been initiated to formulate a replacement contract in February'2023. However, around February'2023, myriad of challenges started cropping up in many commercial RE plants of OIL, most of which have either surpassed or are approaching their 10-year operation milestone. The issues were diverse, ranging from troubleshooting to ensuring machine availability to resolving Right of Way (ROW) issues.</p> <p>The emerging challenges in OIL's RE plants have prompted a review of the scope of the replacement contract for Contract No. 6113163, which was already in advance stage of scope finalization. This resulted in slight delay in finalizing the Purchase</p>

							<p>Requisition (PR) for the replacement contract. The replacement Tender no. GEM/2023/B/4049336 dated 07.10.2023 for Contract no. 6113163 for Hiring of Operation and Maintenance Supervision and Allied Services for Renewable Energy Plants in Rajasthan Gujarat Madhya Pradesh is yet to be finalized.</p> <p>As the completion date of the existing Contract 6113163 is approaching, and finalization of the new tender may take some time, it is felt prudent to award an interim contract to M/s PEC on nomination basis to ensure the uninterrupted provision of site services and avoid discontinuation of site operations.</p> <p>Under the circumstances, this contract has been awarded on nomination basis.</p>
