

ADDENDUM

ADDENDUM Dated 13.06.2018 for "REGISTRATION OF NEW CONTRACTORS (FIRMS) FOR CIVIL WORKS" in OIL

This Addendum is issued to all concerned with reference to the aforesaid advertisement and online application form to notify the following:-

1. In the online application form, a system problem was observed since 05.06.2018 due to which applicants could not submit applications if "No Land Acquired" option was selected in the land affected criterion. This problem has been rectified now. Any applicant who submitted online application during this period, i.e. from 05.06.2018 to 11.06.2018 and selected wrong option of "land acquired criterion" due to this system problem are requested to kindly correct the same using the user ID and password provided with the application number in the email.
2. It has been observed that many applicants have submitted the application with 'number of family involved' much higher than the 'number of member' in the firm. We would like to clarify that the 'number of family involved' is not the number of family members present in applicants' family. The 'number of family involved' means the number of different family units constituting the partnership/co-operative firm. For example, if from one family, the father and son participate and from another family, only one person participates, then total number of participants is three and 'number of family involved' is two. The applicants who have committed such mistakes are requested to correct the same by editing the online application using the user ID and password provided with the application number in the email.

For any further clarification, kindly contact 0374-280-8668 or 0374-280-8671 or you may visit the office of CGM-Contracts, Oil India Ltd. Duliajan.

All other terms and conditions of the firm registration procedure shall remain unchanged.
