NOTICE INVITING EXPRESSION OF INTEREST (EOI)

EOI NO. OIL/MBP/CHEM/TSDF / 389/2025 Dated 23/07/2025

Last Date for Submission of Eoi: 13-08-2025; 15:00 hours IST

1.BACKGROUND OF THE PROJECT

Oil India Limited (OIL), a Maharatna Public Sector Enterprise of the Government of India under the Ministry of Petroleum & Natural Gas would like to hire a service for Collection, transport and utilization of drill cuttings generated from our drilling locations during drilling and production testing in Mahanadi Basin Project(MBP),Odisha at free of cost for a period of 01 (one) year with provision of extension by another 1 (one) year or part thereof without any cost implications to Oil India Limited at the same terms and conditions.

1.0 Description of Services Hiring of service for “Collection, transport and utilization of 5000MT drill cuttings collected from Oil India Ltd locations at contractor’s own cost and arrangements. All associated activities, services and material/equipment necessary to complete the work shall be in the scope of Contractor (Post Award of Contract). These drill cuttings shall be evacuated from drilling sites located at Bhadrak, Jagatsinghpur, Salepur and Konark areas.

The location wise tentative drill cuttings generation details are tabulated below.

Sl. no	Name of Location	Unit	Estimated Quantity
1	OBKB(Basudevpur), Bhadrak	MT	1200
2	OBRA, Jagatsinghpur	MT	1000
3	OCUD, Salepur	MT	500
4	OCUH, salepur	MT	1500
5	OPUH(Chitra), Konark	MT	800

Notes to the vendors: 1.1 The contractor shall have all applicable regulatory permits from State or Central Pollution Control Board/ any other appropriate regulatory authority like Consent for Establishment (CFE), Consent for Operation (CFO) & Hazardous Waste Authorization and any other applicable statutory permits to transport the non-hazardous/hazardous drill waste generated during drilling & production testing locations.

1.2 The above-mentioned estimated quantities are tentative only which may increase or decrease during operations.

1.3 The contractor has to mobilize the service as per operational requirement during drilling and production testing operations.

1.4 The contractor shall deploy an experienced supervisor and suitable working hands to coordinate logistics / collection and transfer including the transportation of waste materials to the contractor's site. The supervisor is required to closely coordinate / liaise with OIL towards collection of waste materials & its transportation on full truck load basis.

1.5 The contractor is required to deploy all necessary equipment in connection with waste handling like JCB excavators, dumpers and pumps etc as per requirement for evacuating drill cuttings from locations.

1.6 The contractor shall deploy trained and skilled manpower with HSE focus for this work. All necessary PPE like helmets/ safety shoes / gum boots / gloves etc shall be provided by the contractor to its workers for carrying out the jobs at OIL locations.

1.7 The Contractor shall be solely responsible throughout the period of the Contract for providing all requirements of their personnel including but not limited to, their transportation to & fro from field site, enroute /local boarding, lodging, personal protective gear & medical attention etc. Company shall have no responsibility or liability in this regard.

2.0 MOBILISATION TIME: The contractor has to mobilize the services with crew within 10 (Ten) days from the issuance of Mobilization notice issued by the Company. Offers without confirmation of stipulated mobilization time or with mobilization time more than above period shall not be accepted.

3.0 GENERAL HEALTH, SAFETY & ENVIRONMENT (HSE) GUIDELINES:

3.1 It will be solely the Contractor's responsibility to fulfil all the legal formalities with respect to the Health, Safety and Environmental aspects of the entire job namely, the person employed by him, the equipment, the environment, etc.) under the jurisdiction of the district of that state where it is operating. Ensure that all Sub-contractors hired by Contractor comply with the same requirement as the Contractor himself and shall be liable for ensuring compliance all HSE laws.

3.2 It will be entirely the responsibility of the Contractor/his supervisor /representative to ensure strict adherence to all HSE measures and statutory rules during operation in OIL's installations and safety of workers engaged by him. The crew members will not refuse to follow any instruction given by company's Official for safe operation.

3.3 Any compensation arising out of the job carried out by the Contractor whether related to pollution, Safety or Health will be paid by the contractor only.

3.4 Any compensation arising due to accident of the Contractor's personnel while carrying out the job, will be payable by the contractor.

3.5 When there is a significant risk to health, environment or safety of a person or place arising because of a non-compliance of HSE Measures Company shall have the right to direct the contractor to cease work until the non-compliance is corrected.

3.6 POLLUTION AND CONTAMINATION:

The Contractor shall be liable for all surface pollution caused by Contractor during collection, loading, unloading and disposal of drill waste like spillage of drill waste or dumping of effluents to be performed under this Contract.
