EXPRESSION OF INTEREST (EOI)
EOI NO. EOI/DRLG/E.9/0334/2024-25

FOR

CHARTER HIRE OF MIN. 2000HP CAPACITY DRILLING
RIG OF LOW HEIGHT MAST.

1.0 PREAMBLE:

OIL INDIA LIMITED (OIL), a premier National Oil Company, is engaged in the business of exploration, production and transportation of crude oil and natural gas for over five decades. It is a Navratna Company under Ministry of Petroleum and Natural Gas, Government of India and the second largest National Oil Company in the country.

As part of its strategy to strengthen its position as a leading operator, OIL is continuously carrying out seismic data acquisition, exploratory and development drilling in its operated acreages. OIL is currently carrying out domestic E&P activities in a total of 59 nos. of operated acreages. These include 25 nomination Petroleum Mining Leases (PML) (21 in Assam, 2 in Arunachal Pradesh and 2 in Rajasthan), 3 nomination Petroleum Exploration Licenses (PEL) in Arunachal Pradesh, 4 NELP blocks (2 in Assam, 1 in Mizoram and 1 in Andhra Pradesh), 29 OALP Blocks (12 in Assam & AP, 1 in Nagaland, 3 in Tripura, 5 in Rajasthan, 5 in Odisha, 2 in Andaman shallow offshore and 1 in Kerala Konkan shallow offshore) and 2 Discovered Small field (DSF) blocks (1 each in Tripura and in KG Shallow Offshore). The total operating acreages cover an area of 63,045 sq. km.

In connection with its ongoing exploration activities, OIL has planned to carry out extensive exploration activity across the country by drilling more than 200 no. of wells and 3500 sq. Km of 3D Seismic survey by next 3 years. To achieve this target OIL would be hiring multiple Drilling Rigs of minimum capacity in the range of 1400HP to 3000HP on charter basis which are readily available in the country and to be deployed anywhere in India.

Amidst our stiff target of drilling 200 no. of wells in the next 3 years and beyond, OIL is facing a challenge of drilling in some of its fields i.e. Dikom, Nadua & Chabua that falls within the periphery of 4 km radius from Nadua Airport that

requires low height mast as the maximum permissible height within this area is limited to 45 m as per Gazette Notification 2015.

Owing to restriction on height, OIL invites Expression of Interest (EOI) from reputed and established Drilling Service providers for mapping availability of similar **DRILLING RIGS** of minimum **2000HP** capacity having low height mast of **maximum 45 m** and OIL intends to hire the rig on **'Charter Hire' basis**.
