.....

Annexure-I to Corrigendum-2

Following additional instructions/information have been notified in this annexure:

1) ENTRY GATE:

1.1) Design of Entry Gate: The gate should be completely covered so that the plant is not visible. There shall be peep hole for the security personnel (Required for WIS#21 and WIS#208 only).

1.2) Wall near the gate: The wall on both sides of the gate should be finished with black granite on which the name of the installation shall be in golden alphabets with Oil logo (required for all the three installations WIS#21, WIS#208 & WIS#GCS6).

The details of exact design will have to be provided for approval by OIL at a later stage after award of contract.
